PITTSBURGH CHEMICAL AND VARNISH WORKS.

FINCH & CO.,
RESPECTFULLY inform Druggists and Dealers in Varnishes generally that they have for some time been engaged in the preparation of all descriptions of Copal and other VARNISHES, and are now prepared to supply their friends and the public generally with articles of the very best manufacture, made of the best material, and selected with the greatest care and on the most favorable terms.

FINCH & CO. intend to devote themselves to cultivating a first class trade, and have no doubt that their effort in this trail, will prove satisfactory. Their tariff of prices will be found equally low with any of the extreme market rates, and, being determined that no article shall leave their works but of approved and tested quality, they only ask for a trial and a share of public patronage.

To our fine body COACH VARNISH we would call particular attention. This article is equal to any Coach Coach Varnish of the very best brand, being made exactly after the process of the first class English houses, by Mr. Thomas Douglass, who for many years was engaged in some of the most extensive establishments in England and Scotland.

Our Anti-Corrosive BLACK VARNISH we would particularly recommend to Founders, Boilerbuilders, and Manufacturers of Iron generally, its peculiar qualities present oxydation entirely, which is a great desideratum to those using varnish for iron, and preferable to asphaltum and other compounds.

All orders left at Messrs. JOHN IRWIN & SONS' Front street, will be punctually attended to, or addressed, FINCH & CO. 122 Third st. m20d3mdwlyr

The Adams Express Company,
Pittsburgh, Rochester and New Brighton Express.

FOR the especial accommodation of the large population along the line of the Ohio and Pennsylvania Railroad, between Pittsburgh and New Brighton, whose intimate business and social relations require such a connection, the Adams Express Company have made such arrangement with the Railroad as to enable them to put a trusty messenger on the accommodation Train, who will take charge of all property and business properly entrusted to him. This arrangement has been effected at a reduced rate of Express Car, for the deposit and be the security of Money, Jewelry and other valuables. He will leave New Brighton for Pittsburgh and Allegheny City, and Beaver, Rochester and Allegheny City during the day to attend to such commissions as may be entrusted to him, and return by the Evening Train, with his Goods and Commissions executed. It will be his duty to receive on his trip all packages, Parcels, orders, money, &c., which will be delivered to the proper party, soon after the arrival of the train at the Allegheny City Depot. He will also receive written or verbal messages to be delivered in the city—communicate intelligence—obtain receipts, and return polite—order goods, and return them—make purchases, large or small, from a range of the best stores in the city, and deliver them, if required or called for in the two cities, within reasonable distances, at the usual charge, but in future much shorter, the direction on packages, especially for private houses, should be explicit.

At Way Stations, all matter will be left with the Station Agent of the Railroad Company, when the proper party is not at his place of business, declaring the federal administration an upholder of oppression and outrages in Kansas; that the attempt to force slavery into Kansas must, at whatever cost, be defeated; that the bill just passed by the Senate is deceptive and fraudulent, redressing no wrongs, and only designed to make Kansas a Slave State.—They pledge increased exertion to make the State Free, and declare that many precedents warrant the admission of Kansas under the Topeka Constitution.

The Resolutions were adopted.

After some debate, Eli Thayer was appointed General Agent to superintend the formation of State committees.

A collection was then taken up, Gerrit Smith giving $1500 a month during the war, and handing in his check for the first instalment.

A resolution was adopted recommending capitalists to loan settlers sufficient to enable them to secure pre-emption claims.

After debate touching the material aid for carrying on operations against the United States troops, and indemnity to individual sufferers, a National Central Committee was appointed, and the Convention then adjourned *sine die.*

The following is the National Central Committee:—

NORTHERN EMIGRATION TO TEXAS.—In a late Texas paper we find a report of the results of Col. A. B. Gray's survey of a line for a Southern Pacific railway through that State, in the course of which, it is said that emigration from Indiana, Illinois and the Western States continues to pour into the State. The region through which he passed, and where he saw this, was Northern and Western Texas. From the Louisiana boundary to beyond the Brazos river, a distance of some three hundred miles, he did not see one acre of waste land, every foot of it being susceptible of a high state of cultivation, and farmers planting and producing the most abundant crops in the open praries. Water is found everywhere, by wells from sixteen to thirty feet below the surface of the ground. A great deal has been heretofore said by Southern journals of the likelihood of Western Texas becoming a free State in case of a division being made.—This was based on the anti-slavery predilections of the German settlers, who are said to number ten thousand. But this northern emigration has never been mentioned before. The phrase used by the Texas paper in alluding to it indicates that it is numerous, and had been long going on. What is the meaning of it we are unable to say. Its effect cannot be doubtful, as there are but few slaves in Western and Northern Texas, and, in a large part of the State, the soil is not at all adapted to the staple productions of the slaveholding States.
