You Deserve Credit for Your Discovery.

PROFESSOR WOOD'S HAIR RESTORATIVE, no doubt, the most wonderful discovery of this age of progress, for it will restore permanently gray hair to its original color; cure the head of the ball with a most luxuriant growth, remove at once all dandruff and itching, cure all scrofula and other diseases or eruptions, such as scald-head, etc. It will cure, as if by magic, inveterate pimples, blotches, scurf, the hair soft, glossy and very, and preserve the color perfectly and that to from turning, to extreme old age.

The following is from a distinguished member of the medical profession:

ST. PAUL, January 1, 1855.

PROFESSOR O. J. WOOD—Dear Sir: Unsolicited, I send you this certificate, after being fairly in use for some time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff brush and the Restorative then applied and well rubbed in till the skin was sallow. This I repeated every morning, and in three weeks the young hair commenced and grew rapidly from August last till the present time and is now thick, black and strong—yet and pleasant to the touch; the nerves before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall have a good and perfect crop of hair. Now I had read of these things—and who has not?—but have not seen hitherto any case where any person's hair was really benefitted by any of the hair tonics, &c., of the day, and I should glory in pleasure to record the result. In my experience I have recommended your preparation to others and it already has a large and special sale throughout the territory. The people here know its effects and have confidence in it. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted, and daily enquiries are made for it. You deserve credit for your discovery, and I, for one, return you my thanks for the benefit has done me, for I certainly had decorated long ago of ever affecting any such result. I am, Dear Sir, Truly, J. W. BOND.

Brookfield, January 12, 1855.

PROFESSOR WOOD—Dear Sir: Having made a trial of your HAIR RESTORATIVE in all its varying phases I say it is its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from my childhood and has also restored my hair, which was becoming gray to its original color. I have used no other article, with anything like the same pleasure or profit. Yours truly, J. K. BRAGG.

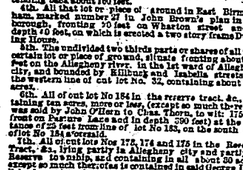
A MARVELLOUS REMEDY!
FOR A MARVELLOUS AGE!!



HOLLOWAY'S OINTMENT!

THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope we see millions of little openings on the surface of our bodies. Thro' these this Ointment when rubbed on the skin, penetrates to any organ or internal part. Diseases of the Kidneys, disorders of the liver, affections of the bowels, inflammation of the lungs, Asthmas, Coughs and Colds, are by it means effectually cured. Every housewife knows that oil passes freely through bone or meat of any thickness, and this Ointment by more readily penetrates thro' any bone or fleshy part of the living body, carrying the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, SALT RHEUM & SCORBUTIC HUMORS.

No remedy has ever done so much for the cure of diseases of the skin whatever form they may assume, as this Ointment. Cases of Salt Rheum, Scurvy, Tetter, Head, Scrofula or Erysipelas, can long withstand its influence.—The ingredients have travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving relief to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS.

Some of the most astonishing cures were only solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, worst ulcers, glandular swellings and tumors. Professor Holloway has, by one trial, convinced Governors, Hospitals, Institutions to the benefits of the Ointment, to be the most healing ointment, stiff joints, even of 30 years stand.

PILES AND FISTULAS.

These and other similar distressing complaints, can be effectually cured if the Ointment be well rubbed in, on the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions	Lumbago	Sore Legs	Swelled Gland
Burns	Mercurial Erup-tions	Sore Nipples	Stiff Joints

CONGRESSIONAL.

WASHINGTON CITY, July 12.—HOUSE.—Mr. Grow gave notice that he would soon call the motion to reconsider the vote by which the Postmaster General entered into contract with Christian Hauser of Brooklyn to carry the U. S. Mail in a line of steamers between New York and Glodstadt via some port in England.

The House resumed the consideration of the report of the Sumner assault.

Mr. Cutler, who was entitled to the floor, yielded to Mr. English, who wished to offer an amendment to the pending resolution, that the House declares its disapprobation of the assault, and deems this a fit occasion to express its disapprobation of the use of language in debate personally offensive to individual members or States of this Union.

Mr. Campbell, of Ohio, wished to know whether offering this would prevent him amending the original resolution.

The Speaker replied that it would not prevent Mr. Campbell from perfecting the original proposition.

Messrs. Dean and Matteson objected to Mr. English offering an amendment.

Mr. Campbell, of Ohio, said he should move the previous question so as to take the vote on Monday morning with the understanding that if the House manifested desire to be heard, he will withdraw his motion for the previous question for reopening a general debate. (Voices, "that's right.") He trusted that if Mr. Brooks desired to address the House, he would be allowed to speak on Monday morning.

NEW ORLEANS, July 12.—The Daniel Webster arrived with San Francisco dates to the 28th.

The Geo. Law takes $700,000 and despatches from the Commissioner in relation to the Isthmus difficulty.

There was no decrease in the excitement at San Francisco. Very few had responded to the Governor's proclamation of June 8th, the Committee of Vigilience opened books for recruits and had received thousands. The Committee have 6000 stand of arms, 30 pieces of cannon; their force is divided into ten regiments. Strong breast-works have been erected in front of the Committee Rooms, which have an alarm bell on the top. Several pieces of cannon are also placed on the adjacent roofs. The Governor gathered a few hundred together and went to Benecia to get arms and ammunition from the arsenal. Gen. Wool refused to give them. The Governor's forces are camped near the city.

Six more rogues have been banished by the Committee and hanged or arresting. On the receipt of the Governor's proclamation nearly all the towns of the Interior held enthusiastic meetings endorsing the Committee and formed organizations to assist the Committee in carrying out their measures.

Crimes and casualties are numerous, but there is no intense interest whatever in politics.

The reports from the mines are favorable and agricultural pursuits are prosperous. There were no arrivals from the Atlantic ports.

In Oregen, hostilities continued. Smith's command were attacked near Meadows; the loss of the whites was 12 killed and 25 wounded; the Indian loss was considerable. Col. Wright had one-third of his command killed by Yakima Indians.

The news from Nicaragua is important. General Walker was elected President on the 24th. Rivas and his Minister of War left Leon on the 12th, and afterwards appeared at Chinenango, where he collected 600 natives, called in the outposts and ordered the American troops to evacuate Leon. The order was obeyed, and Rivas took possession of Leon with 120 men. Walker has declared the Rivas party traitors. The last officer of the former cabinet stands by Walker.
