Grand Turner Festival.

THIRD DAY.

The Turners assembled at head-quarters yesterday morning. They then formed in procession and paraded the streets for an hour, preparatory to going to Denny's Grove.

The remainder of the day was spent at the Grove. Several able speeches were made, in which the Republican sentiment was strong.—Gymnastics, and the German social customs occupied the attention of the company during the day. The consumption of wine and beer was large.

In the evening there was a grand concert at the City Hall. Part of the programme consisted of declamatory exercises and prize compositions.

To-day, the Turners, and their guests will spend the day at Denny's Grove, and at five o'clock the prizes and awards will be announced.

CENTRAL BOARD OF EDUCATION.—A meeting of the Board was held last evening.

The applications for the vacancy caused by the resignation of Miss Maitland were laid before the Board.

Professor Thompson, the gentleman who conducted the examinations, reported the result.

There were two ballots, on the second of which Miss D. E. Kean received the majority of votes, and was declared elected. With all deference to the successful applicant, we may take occasion to say that the examination was a perfect farce, for Miss M. A. J. Dixon answered ninety-two questions, while the successful candidate answered but forty-five out of the same number. Though the impression was given that the Board would be governed by the examination, no attention was paid to it.

The following elections were also made:

Bookkeeping—A. T. Howden.
Writing—John D. Williams.
Drawing—A. Haddason.
Music—D. Critchlow.
French.—Prof. Danse.
German.—Prof. Schaad.

A vote of thanks was tendered Prof. Thompson for his services in conducting the examination alluded to above.

THE SCHOOLS OF PITTSBURGH.—The Central High School will be opened for the fall term on Monday next. The Ward Schools will commence at the same time.

The High School Faculty consists of the following:

Principal—PROF. D. H. A. MCLEAN, late of Washington, Pa.
Natural Sciences—Prof. Philotus Dean.
Mathematics—W. W. Dixon.
Assistant—D. E. Kean.
Book-Keeping—A. T. Howden.
Penmanship—J. D. Williams.
German—J. C. Schaad.
French—Prof. Danse.
Music—D. Critchlow.

PIONEER CLUB, ALLEGHENY.—The regular meeting of this club will be held this evening in Excelsior Hall. Every meeting yet held by this, the first Fremont Club in the county, has been largely attended. And to-night its reputation will be sustained.

J. M. Kirkpatrick, Esq., will be present to deliver one of his able speeches. Several glee clubs will also probably be on hand.

Ladies are invited, and it is hoped they will turn out in large numbers.

THE attention of the ladies is respectfully directed to the large and beautiful assortment of English chintz prints, embracing all the new styles, to be opened this morning at A. M'Tighe's, corner of Grant and Fifth streets. A. M'Tighe is now receiving his fall stock, and we must say, should the goods yet to arrive, be as handsome as those he has received, they certainly will be hard to beat in style, quality and price.

A TALL POLE.—The Fremont men of the First Ward have determined to "knock the persimmon" by having the largest pole erected in the district. It will be two hundred feet above ground. A grand time will be had on the day upon which it will be erected, some day next week.

A flag thirty-three feet long, is now being made to float from this pole.

LARGE MEETING.—About fifteen hundred Fremont men were in attendance at the Ward Meeting held in the Sixth, on Wednesday evening. The feeling was enthusiastic.

The speakers were Messrs. Howard, Stevenson, Eaton, Collier and Nichols, from Kansas. The speeches were all excellent.

POLE RAISING.—A Fremont pole, sixty-feet long, will be raised from the roof of the Niagara Engine House, 5th-Ward, on Friday afternoon between four and five o'clock. A flag twenty-one feet long, made by the ladies of the ward, will be raised. A ball will be given in the evening. The majority of the Niagara boys are for Fremont.

FREMONT MEETING AT M'KEESPORT.—The Fremonters of M'Keesport held a large meeting in that borough in the Market Square on Tuesday evening the 26th inst. John F. Dravo, Wm. E. Stevenson, J. K. Scott and others made speeches, and the Fremont Glee Club of that town discoursed very excellent music.

THE GERMAN TURNERS.—By a resolution of the County Committee the German Turners now in the city were tendered free use of the Headquarters of the club. The flag of the club was also loaned to the Association during the remainder of the Festival.

FREMONT IN ALLEGHENY.—On last Tuesday night, a large Fremont meeting was held on East-st., Allegheny, at which Jas. Parke, Esq., presided. Messrs. C. W. Robb, and John H. Hampton made able speeches on the occasion.

DISCHARGED.—Frederick Sylvie, the young man committed for the abduction of Miss Patterson, was released yesterday, it appearing that his assertion that he was married to the young woman was correct.

RAILROAD TELEGRAPH.—We observe that telegraph poles are being erected on Liberty street, for the purpose of connecting the Duquesne depot by telegraph.

WHISKEY—we note sales of 100 bbls raw at 31; sales of city rectified were made at 32@34.

MONETARY AND COMMERCIAL.

In relation to Land Warrants Thompson's Bank Note Reporter says:

Land warrants are rather active at present quotations, holders submitting to the decline rather than take the risk of a rise, and buyers are willing for immediate use.

We are now (August 23) buying and selling:

	Buying.	Selling.
160 acre warrants at	93	93
120 acre warrants at	90	93
80 acre warrants at	93	96
40 acre warrants at	$1 10	$1 15

The New York Tribune says:

The Exchange market closed dull at previous rates. There was an attempt yesterday to stiffen the market, but the transactions for this cause have been at the same rates for bankers' signatures as for the last. 9¾@9¾ ⅝ cent, with a few sales at 9¾ ⅝ cent. Very favorite commercial signatures are about ⅛ ⅝ cent higher. Some good bills of lading sold at 9¾@9¾ ⅝ cent. Francs, 5.17½@5.15 and quiet.

The Times says:

Money affairs wear a more encouraging aspect this week. The Bank statement and the Sub-Treasury movement concur in a easier adjustment of the specie reserve through September, than in the month now approaching its close. There is about $27,000 gold in Bank and Sub-Treasury, with advices from Washington of large disbursing drafts upon the latter, most of which will pass through Bank. To-day there is more demand for Money among the Stock people, and less with the Discount Brokers than last week. Call loans are full 8 cent. The rates on mercantile paper, without having actually declined, are not so readily met on first class bills within 90 days' date. The operations at the Sub-Treasury for the day are light.

The Boston Post of yesterday, thus notices the money market of that city:—

Money is in good supply in State street, at an advance of one half of 1 ⅝ cent to 1 ⅝ cent above the prices ruling last week. The lowest rate is No 1 paper, except in very rare instances, is 8 ⅝ cent, and on the best of paper, on a direct close loan by a bank, that is usually up to the market. With this moderate rise of rates, however, there is a lack of prime paper, and a stagnant condition of monetary affairs in general. Our views of the future are unchanged, and with the remark that money is likely to be tighter and higher, as the autumn goes on, we may dismiss this part of the subject. On Friday and Saturday Exchange ruled heavy, with a more active demand. Arrangements have been made whereby the banks, during autumn, to visit the country once a week.

The limits of the Boston Clearing House, and a full explanation of the mode of instruction pursued in this institution, seem to us to say, that the advantages will not be long in coming.

The next Session will commence on MONDAY, the 1st of September, 1856. Application must be made few weeks before.

ADMISSION, &c.

It is desirable, when possible, that application for admission should be made by the parents or guardians of the pupils, that information be furnished in regard to the age and general habits of the applicant, as progress in any study, and the length of time the pupil will probably remain. Those who do not contemplate finishing the course, will find it more advantageous for them to select such studies most profitable to them; but none will be admitted for a less period than one Session, unless by special arrangements.

☞ General experience has proved, that where from school, the pupils are more injurious, not only to those who are absent, but also to those who remain; and prejudicial to the interests of the school. Pupils will be expected, especially requested of parents, not to favor absence, except in cases of necessity. Visitors admitted on Saturday.

Though all pupils will be required to unite in family worship, their parents will designate the church they wish to attend on Sundays. Some of the teachers will accompany them, and the clergyman will be requested to visit the school in Allegheny.

Each young lady boarding in the family is expected to furnish herself with towels and bedding, such as she may use, and is required to have every article of clothing distinctly marked with her name.

It is desirable that pupils on leaving home, should be supplied with whatever wearing apparel they will need for the Session, and from the distance it is impossible, necessary articles will be purchased, if requested, and if the money accompanies the request. Pay for all articles.

A few gentlemen have, by invitation, promised to act as Visitors, and advise with the Principal in regard to the general interests of the institution. aug26wdawtf

THIS INSTITUTION (formerly a Day and Boarding School), is situated in one of the most healthy and beautiful locations in the city, commanding a fine view of Allegheny City and surrounding country. It adjoins the public park, which will be improved, which will give ample room for recreation, and afford an opportunity for each young lady to cultivate a flower garden for the ornament and use of Ladies. The building has been newly refitted, and the rooms are large and well ventilated.

Only select Scholars (including Boarders) will be admitted, who will find in this Institution the comforts of home, with all the advantages for a thorough and superior education.

The Principal's intention in taking a limited number, is to be able to give a mother's superintendence to those committed to her charge, and at their request, to become to them the place of a mother.
