ROBT. C. WALKER, Sec'

LAWRENCEVILLE FREMONT MEETING.—All those opposed to the election of James Buchanan and who sympathize with the mechanics and laboring men who have recently been discharged from public employ at the Arsenal, will meet at the Fremont stand in Lawrenceville on this (Monday) evening at 7 o'clock.

THE THIRD WARD INJUNCTION CASE.—The application upon the part of the Directors of the Third Ward School to the District Court, before noticed, for a preliminary injunction to restrain Messrs. Hammer & Dasler from the further prosecution of the building of their cabinet factory upon the lot adjoining the school house came on to be heard on Saturday. J. M. Kirkpatrick, appearing for the complainants and J. H. Brady, for the respondents. Judges Hampton and Williams on the Bench.

Judge Hampton said the respondents have the right to build any building upon their property which will not injure or impair the value of the adjoining buildings, or endanger life. The bill alleges that the foundation is insufficient for a four story house and that there was danger of its falling and injuring the pupils of the school. The complainants have taken no testimony, and the respondents upon oath deny the allegation. A preliminary injunction is granted where danger exists or a present injury is sustained. If it was proven that the foundation was insecure, the Court would compel the respondents to desist operations. The building when completed may not be used or may turn out not as injurious as anticipated. There was not a proper case made out. His Honor would not express an opinion as to what course would be pursued by the Court when the case comes up on the evidence for final hearing. He only decided at present that a sufficient case has not been made out to warrant the granting of a preliminary injunction. The respondents are permitted to go on and build; but if they do so, it is at their own risk.

A POLICE OFFICER NEARLY KILLED.—Officer Hobaugh, of Alderman Parkinson's independent police, was cruelly beaten on Friday night by three or four colored men at a notorious place called Marble Hall, corner of Smithfield-st. and Stawberry Alley. How Hobaugh got into this place is not known; a passer-by heard his voice and went in. Three or four were then beating him brutally, and our informant, the gentleman who entered the place, interfered, only to be knocked down with a loaded cane, by a blow back of the ear, after recovering himself he got the cane from his assailant. Hobaugh took off his handy-billy to defend himself against the odds who were assailing him, when a negro named Butler struck him on the head with a hammer, felling him to the ground. All supposed him to be dead. Our informant arrested one of the party and handed him over to the night-watch.

Hobaugh was carried to Dr. Kerns' office where his injuries were dressed. On Saturday his life was considered out of danger. We would recommend to the Mayor the propriety of having Marble Hall cleared out generally. Butler has contented himself, and the others of the crowd that congregates there might be easily dispersed.

EAST BIRMINGHAM AROUSED.—A tremendous meeting of the friends of Fremont and Freedom was held in the borough of East Birmingham, on Friday evening, Aug. 29. The meeting was held on the Common and comprised about an acre of freemen. Never before was there such an outpouring of the masses in that borough. The meeting was first addressed by Dr. Gazzam in a very able speech, which was loudly received. The next speaker was Mr. Niles, of Cleveland, who made an eloquent address in German. Wm. Bothaker, of Cincinnati, the great German orator, followed, and for more than an hour held the attention of the Germans, who were there in large numbers. From the manner in which he was cheered, through the whole of his speech, we infer that he left nothing of the sham democracy. John H. Hampton, Esq., closed in an inimitable speech, abounding in argument, wit and ridicule. This speech was much applauded. The 4th ward Olive Club sang excellent songs and in very good style, and at 11 o'clock the meeting adjourned with three loud and hearty cheers for Fremont and Freedom.

A SONNET BY HAZLITT.—We give below what we are authorized to believe is a Sonnet by the great reasoner and essayist, the friend of Charles Lamb and his friends, William Hazlett, said never to have been before published. It was contained in manuscript in a book of selections of English poetry edited by Hazlitt which was ordered by a gentleman of this city from London from an old catalogue:

Eternal, and Omnipotent Unseen!
Who dwelst the world with all its lives complete,
Start from the void, and thrill beneath thy feet
The—I adore, with reverence serene.
Heir of the fields, Thy own enthroned inner,
Built by Thyself, blue roofed, and hung with green,
Wherein all breathing things in concert meet,
Organ's by winds, perpetual hymns repeat,
Thy ear hath heard—proud thing! every one,
Whose tongue, and truth, all, all shall read and prove;
In where, three blessed leaves, Earth, Ocean, Sky,
The—right hallowed, Night, Justice, Love,
Free Trinity, which binds in one dear tie
God, man and brute, in mutual unity. HAZLITT.

THE BOGUS COIN BUSINESS.—Alderman Parkinson having received his decision in the case of U. S. vs. Robt. Weddell, charged with making bogus coin, until he could examine as to the amount of testimony corroboratory of Crossmeier's statement there was, on Saturday gave his decision. He decided that there was not sufficient evidence to warrant Weddell's further detention on the charge, and he accordingly discharged him.

This affair has been rather unfortunate for Crossmeier, as he made his statement with a view to certain fees as witness, &c. He alone to hold over for trial.

ALLOTMENT OF THE STEUBENVILLE ROAD.—The following allotment of work on the Steubenville Railroad was made by John S. King & Co., the lessees of the road, on Saturday:

Sections A and B—Blanchard & M'Cann.
Sections No. 1 to No. 20, inclusive, except Nos. 22 and 23—Manfall, Nicholson & Co.
Sections No. 22 and 23—M'Gover & Howley.
Masonry in Sec. 6, 7, 8 and 9—Holliday.
Panhandle reserved.

POLE RAISING IN ALLEGHENY.—A large crowd witnessed the raising of the Fremont Pole on Saturday evening in the 1st ward, Allegheny. The location of the Pole is very commanding, being at the junction of Beaver street and South Common.

Messrs. Kirkpatrick, Stevenson and C. W. Robb, were the orators of the evening.

RE COMMITTED.—Enoch Howell and John O'Neil were committed on Saturday by the Mayor for another hearing to-day on the charge of pocket-picking.

A commitment was lodged against O'Neil for keeping a disorderly house. The charge was brought by M. Hodkinson.

ELECTION OF TRUSTEES.—There will be an election held to-day for two Trustees of the Pittsburgh Gas Company. The hours of the election are between 2 o'clock and 5 o'clock, P. M.

NATURALIZED.—A foreigner named William Davis took out his last papers and subscribed to the required oath of fealty in the District Court, on Saturday, and became a citizen of the United States.

TEACHERS ELECTED.—The Third Ward School Board met on Friday evening, and elected Miss Lizzie M. Haslett, Ellen Mason and Ellen Gregg, teachers in that school.

COMMENCED WORK.—Mr. Mackin, contractor on Section one of the Chartiers Road, has recommenced operations.

Election of Trustees.

OFFICE OF THE PITTSBURGH GAS COMPANY, 16th August, 1856.

THE Stockholders of "The Pittsburgh Gas Company" are hereby notified, that an election for two persons, to serve as Trustees of the said Company, for the term of three years, will be held at the office of the Company, on Smithfield street, in the city of Pittsburgh, on the FIRST MONDAY (1st day) of September next, between the hours of 2 and 5 o'clock, P. MONETARY.

The Tribune says:

The features of the Stock market continue as before noticed without any Money pressure to force Stock on the market, the top, every of prices is still downward, and the bears are free sellers. In a state of things like this, when nearly all the operators are bears, it is generally considered by shrewd men in Wall street that it is time for them to buy. The street under such circumstances becomes very short and a reaction is very natural. At present the drift of the street is almost entirely bear and precedent teaches that a turn should one hour be looked for. It is not unlikely that prices may go lower before such turn, but a 5 to 8 ⅌ cent fall cannot well take place without a reaction. Low prices usually result in new and strong buyers which checks the fall and no doubt they would do then the shorts rush to cover themselves, and the charge of the bears is then complete. Such seems to be the course of course gives the market a strong upward movement.

The New York Times says:

Our own Money Market to-day was active with the Discount Brokers, and there was a fair inquiry among the Stock people, though borrowers were readily accommodated at the usual collateral at the Brokers' Board is not sufficient for on this score at least, nor by the absence of encouraging news from the Southern Gulf States, nor by the business doing on the great Railway lines. These continue to loof the most satisfactory character. The disbursements of the Sub-Treasury were large, but of the $744,591 paid out half a million was in lieu to the seat of Government in Gold Coin for distribution."

And the parents of her present pupils.

THIS INSTITUTION (formerly a Day and Boarding School) is situated in one of the most fashionable and healthy locations in the city, and commands a fine view of Allegheny City and surrounding country. A lady will be in charge of the boarding department, who will give ample room for recreation, and afford as much comfort as possible, under the circumstances, to her charges. The principal is determined to spare no pains to merit the patronage of her friends. Her terms are reasonable. Those who know her professionally will not doubt her worth.

Since its first introduction, no medicine has attained such wonderful popularity and its sales have increased beyond the most sanguine hopes of its friends. Night sweats, Coughs, Asthma, Spitting of Blood, Consumption, Bronchitis, Throat Ailments, Weak Lungs, Scrofula, Liver Complaint, Jaundice, Kidney Complaints, Nervous Debility, Female Weakness, Leucorrhœa or Whites, Gravel, Stone and Gravel, Diabetes, Dropsy, Dyspepsia, Sick Headache, Costiveness, Blind and Bleeding Piles, in all Nervous, Rheumatic and Scrofulous Affections, it has in numerous instances proved highly beneficial and in others effected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, and the cure is permanent. It cannot be so violent shock to the system, and by arousing its vital energies to normal action, enables it to throw off the enemy, and thus permanently restore the invalid.

When its medicinal virtues are so universally acknowledged, and particularly as it has been introduced to popular family medicine, that it is and by many of the highest, to offer further evidence, yet as there are doubtless some who have not read advertisements in the newspapers, or suffer from hypocrisy in the source of its dreadful forms, we subjoin the following, testifying to the authenticity of which cannot be questioned, coming as they do from persons so well known.

What it is doing for the Sick.
