A BEAUTIFUL PLACE.—Those of our readers who have a spare afternoon should employ it, if they have not already done so, in visiting Troy Hill, as it is decidedly the most pleasant place in the vicinity of the two cities. When you reach the top of the hill, you command a fine view overlooking the cities, the Allegheny, Lawrenceville, the Arsenal, and the country beyond. A most rural road conducts you farther over the hill. Beautiful country residences abound, and fine gardens are on every hand.—There are several German pleasure grounds, nicely laid out, which are the resort of our German citizens during the summer season. A beautiful valley, known as Voegtlley's Hollow, on the other side of the hills, contains a little city, which is known as Spring Garden. The gardens are all under the highest cultivation, and seen from the hills are charming. Quite a number of elegant private residences adorn the "hollow." We have not seen any scenery for some time so charming; in every direction are vineyards, and every break in the hills beyond discovers elegant residences. Dr. Hardtmaier, of Allegheny, has laid out, at a large expense, an extensive vineyard, on the side of the hill overlooking the plankroad which runs through Spring Garden. The terraces are of stone and the grounds are laid out with much taste. Many Germans reside in that vicinity, and they have paid much attention to the cultivation of that most delicious of all fruits, the grape. A considerable quantity of wine is also manufactured.

We presume there are many who like us, were unaware of this beautiful spot so near the city, and to them we would recommend an early trip to Troy Hill.

BARRY'S MATHEMATICAL COLLEGE.—We spent a few moments, yesterday, in Prof. Barry's Mathematical College, Wylie st., and while there had an opportunity of seeing the progress made by his pupils. One little lad, who was scarcely nine years of age, evinced a wonderful knowledge of book-keeping, answering without hesitation a series of questions that might well puzzle a practical book-keeper. Intuitive questions in interest, with fractional parts of months were also readily answered. Several other pupils also answered different problems readily. This, as will be acknowledged, is very creditable to the pupils, but it is much more so to the ability of Professor Barry, not only as a mathematician, but as a successful preceptor of youth. Indeed Prof. B. has long enjoyed in our midst an unsurpassed reputation as a teacher, being one of the few old-time class of teachers who *really* know what they pretend to teach, still remaining. We commend this institution to our readers who wish for their children a sound mathematical and business education.

GENERAL BOARD OF EDUCATION.—The Board met last evening. The final report of the ex-Principal, Mr. M'Keown, was received, read and ordered to be filed. He says: "The first term of last year, I entered upon my time roll the names of 117 pupils. Out of this number 7 left immediately and 4 others by the middle of the term. The average attendance for the first term was 71. I entered upon my time roll in February, the names of 152 pupils, of which number 8 left immediately, and 6 others by the middle of the term. The average attendance during the last term was 110. The average attendance during the year 92?

Nos. 40 and 52, who were ordered to be re-examined, were admitted to the High School, No. 40 having received 88⅔ and No. 52, 44½.

Prof. Howden, teacher of Book-keeping, having sent in his resignation, it was accepted.

DUFF'S MERCANTILE COLLEGE STEREOTYPES.—The superior qualifications of the above Institution is known in all directions. The following extract from a letter from one of them in an extensive house in Philadelphia speaks for itself: * * * I recommend all who desire to be thorough Book Keepers or your institution. I have been in Crittenden's, Roach's, Wilson's and several others in this city, but prefer your work and plan of instruction to any of them. I have had no trouble in keeping our books, and account vacuity I would say I have a system.

FAMUS WILSON.

To Mr P. Duff Merchant's College, Pittsburgh.

MARBLE HALL.—Officer Hobaugh, who was so badly beaten a few evenings since at this notorious place, has recovered himself sufficiently to feel like paying back by law the beating he received. Yesterday, he accordingly brought two charges against Cole, the keeper of Marble Hall, one of which is for selling liquor without license, and the other for keeping a gambling house.

Three policemen with Alderman Parkinson's warrant in their hands, visited the house, and surprised a party of negroes gambling and drinking. There was a general scatter, some jumping out of the window. Cole and several others were arrested, but they were all afterwards discharged but Cole, who is held to appear at Court.

HIGHWAY ROBBERY.—The *Chronicle* of yesterday contains a long account of a highway robbery committed on Saturday night near Brinton's station, by a man dressed as a laborer upon a man named Sack. The latter was badly beaten with a slung shot, and robbed of what money was upon him. The man and a woman saw the occurrence, but did not interfere through fear. The injured man was taken to the house of his sister which is in the neighborhood.

RAILROAD ACCIDENT.—A woman, supposed to be Mrs. Nagle, was knocked off the track of the A. V. R. R., yesterday, about fourteen miles from this city, at Nagle's shanty, between Hulton and Logan's Station. She was walking across the track, when the train overtook her, and she was thrown off violently by the cow-catcher. As another train was close behind, the conductor had not time to stop to ascertain the extent of her injuries.

PASSING COUNTERFEIT MONEY.—John Obits, was arrested yesterday, and taken before the Mayor, to answer for passing a counterfeit five dollar bill a counterfeit of those issued by the Bank of Commerce, Va., Parkersburgh branch, on the event of the Turner's Festival. When arrested other bills of the same kind were found in his possession. He was held to bail.

DISCHARGED ON BAIL.—Peter Ackerman was discharged in $500 bail by Judge McClure, before whom he was brought yesterday, on a writ of habeas corpus. Ackerman is the young man who was found in the house of George Myers, Birmingham, one morning at four o'clock, and was arrested and committed for Burglary.

BURGLARY.—About three o'clock yesterday morning, a man named Mason, residing on the bank of the Allegheny, below the Old Bridge, Allegheny, discovered burglars in his house. He immediately attacked them, and in the course of the struggle had one of his fingers nearly bitten off. The thieves decamped without plunder.

THE ALLEGHENY VALLEY RAILROAD.—Since the passage of the famous Pike street fight of way bill, the Company have been actively at work extending their track. The depot has been extended into the city nearly a mile further than that late station. Workmen are actively engaged upon the rest of the route.

HABEAS CORPUS.—Enoch Howell, the individual committed several days ago by Mayor Bingham for pocket-picking at Denny's Grove, was taken before Judge McClure, yesterday, on a writ of *habeas corpus* sued out by his counsel. His Honor fixed his bail at a certain amount, which he gave, and he was thereupon discharged.

FREMONT SONGSTER.—Gildenfenny has received a quantity of Fremont Songsters, containing the music and the words of all the best songs used in the East. We examined it hastily, and found many excellent pieces in it. Clubs should supply themselves.

BOARD OF TRADE.—The annual election for Directors of the Board of Trade will take place this afternoon, between 1 and 4 o'clock, P. M. We understand that there will be several tickets brought forward, and some excitement is expected.

A PRIVATE LIBRARY, comprising choice volumes of elegant literature, and works of rarity and value, is to be sold this evening by catalogue at Davis' Sales Rooms, and can be examined during the day. Also a few select French and German Books.

HORTICULTURAL SOCIETY.—The regular monthly meeting of the Horticultural Society will be held to-day at two o'clock in the Society rooms. A full attendance is requested.

ARRESTED FOR DRUNKENNESS.—A collector of tolls on the canal, Allegheny, was thrown into the tombs of Allegheny, last evening, for drunkenness.

REVIEW OF THE PITTSBURGH MARKET.

For the Week ending Sept. 2, 1856.

Business during the week has been dull and languid, with but little present prospect of improvement. The arrivals of produce are so light as to leave but little room for activity.

Prices of produce are pretty well maintained, and there has been but little change in any article throughout the week.

The lowness of the river has thrown a large amount of freight on the Pittsburgh, Fort Wayne & Chicago Road, and we learn that that road is promptly forwarding it as fast as it arrives. Its capacity has been considerably enlarged, and very frequently it receives and sends off an average of one thousand tons a day. The receipts of dry goods from the East for western merchants being large, just now, this facility for the prompt dispatch of goods westward must add materially to the value of the Pittsburgh route.

The Cincinnati Commercial of Monday says:

The arrivals of flour during the last 24 hours were very large, reaching fully 4000 bb's, and holders, in order to effect sales had to submit to a decline of 25c ⅌ bb', but at the decline the demand was good. The advices from New York are unfavorable, the receipts being large.

Rye, which has been very scarce, and in demand at high figures, is dull and heavy. We understand several parcels are now in transit to this market from Cleveland, where it has been purchased at 60c.

Wheat is firm at full prices. One was offered for prime Barley today. The tendency in the sell to any extent below 90c.

There is no movement in the Provision market, whatever, and prices of bacon and bulk meats are entirely nominal, with a large stock for the season. There is very little variation in the Money market, the demand continues limited as usual at this season. Rates of Exchange are without alteration.

The imports of Dry Goods at New York last week show a slight falling off, but of general merchandise there is an aggregate increase. The exports show a slight increase.

THE WOOL TRADE OF CLEVELAND.—The Commercial Gazette gives the amount of wool exported from this place by Lake and railroad in 1855 at 3,000,383 lbs., and in 1856 to 1st at 2,456,229 lbs. The amount estimated to come from the interior yet to be received and exported is 2,000,000 lbs.—leaving a deficiency as follows:—

Shipments in 1855	3,000,383 lbs.
1856	2,229,998 "
Deficiency in 1856	1,760,401 "

COFFEE.—The Baltimore American, of Saturday, says:—The market this week has been comparatively quiet, the total sales of Rio reaching 6,000 bags, of which 3,000 bags were sold at 10@11¼c, 1000 bags at 10⅝@11¼c, and the balance at prices not publishable. Java is firmly held. We quote fair to good Rio at 10¼@11c, and choice at 11¼. The market also is firm, with an improving tendency. We quote Laguayra at 1 ¼c for prime, of which quality the sale of the week consists. Cuba of 500 packets Java at 14½. We quote also at 16¼@17c. The stock of Rio is about 19,000 bags. The import, this week is 1055 bags, Rio brig Adventure from Rio, and 67 bags from New York.

AND the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Dyspepsia, Loss of Appetite, Dependency, Costiveness, Blind and Bleeding Piles. In all Nervous Affections such as Neuralgia Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are truly marvellous. It cleanses the system, but by stimulating its solid matter to normal action, enables it to throw off the cause, and thus effectually eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular a family medicine, that it is sold to every many of the grocers, as well as all the druggists, it would seem needless, to offer further testimony, and yet, as there are some who have tried many advertised remedies, and still suffer from the effects of a bilious or dyspeptic nature, and are subjects the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

What is doing for the Sick.

Wm. Schuchman, Esq., of the well known firm, Schuchman, says: "I have frequently used Boerhave's Holland Bitters, and find it to be a very fine tonic, and a good family medicine." Samuel Babcock, Esq., says: "I have found the Holland Bitters to be a very fine tonic, and recommend it to our friends." Jonathan Reid, of Lewis & Reid, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

James M. Murphy says: "After several physicians had failed, Mr. Rockwell gave me a bottle of your bitters, and my heart and side, arising from indigestion."

The following testimony from the Press speaks: "After one of the best physicians in this city had failed, I was induced to try Boerhave's Holland Bitters, and most happy am I that I did so, for I was soon cured." Sold by all Druggists.

Prepared by the manufacturer of the original Extract of Buchu, says: "I know the Bitters to be equal to any in the market." Sold by all druggists in the world for a disordered stomach or liver.

Dr. Ludwig, editor of the "Packet," Baltimore, pronounces it a medicine deserving the confidence of the public.

Dr. Eberhart, the leading German physician of Pennsylvania, has prescribed it frequently during the last year, with marked success, in debilitated states of the digestive organs, and in cases of the nervous kind.

The manager of Sigloch's Vinegar Factory says: I used it myself, and was therefore induced to try the effect upon my wife, (upwards of 60 years of age,) who suffered from a kind of a consumptive habit, and really it is doing her more good than anything she has taken before.

NOTICE—Whoever expects to find in this a beverage will be disappointed; but to a sickly, weak and low spirited, it will prove a greatest aromatic cordial, possessed of the medicinal properties.

CAUTION—The great popularity of this delightful Bitters has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

Sold at $1.50 per bottle, or 6 bottles for $8.00, by the sole Proprietors.
