

FOR CONGRESS. HON. GLENNI W. SCOFFIELD. FOR ASSEMBLY. WILLIAM E. LATHEY. FOR PRESIDENT JUDGE. L. D. WETMORE. REPUBLICAN COUNTY TICKET. For County Commissioner, A. W. GRAY, of Jay township. For Jury Commissioner, CHARLES MEAD, of Ridgway. For County Surveyor, J. L. BROWN, of Jones township. For County Auditor, CHARLES M'VEAN, of St. Marys.

Erie County vs. Warren County.

"There is not a true Republican in Erie county who does not sincerely desire the success of the party; there is not an honest Republican in the County who does not desire its success by honorable and fair means. And we do not believe that there is a single honest Republican in the county who does not regret the present unfortunate judicial imbroglio. The success of our ticket is jeopardized by the factious action of a few who regard the success of their candidate of greater importance than that of the party. Already the Democracy is of the alert, ready to take advantage of the discord and division in our ranks. Already it is becoming matter of common talk among them that the Republicans of Erie are so thoroughly disgusted with the tricks of Warren county politicians that they will not only oppose Mr. Wetmore, but also Mr. Scofield. It becomes us all, therefore, to exert ourselves to the utmost that the evil effect produced shall be counteracted, and the party strength concentrated upon our ticket."

We clip the above from the Erie Gazette, a paper professing to be the Republican organ of Erie county. Every word of it is true, and yet that paper reads itself out of the Republican party, because it is doing what a "true Republican" ought not to do, supporting and trying to make S. E. Woodruff a candidate for President Judge when so far as any declaration of Mr. Woodruff he is not in the field or a candidate, and is not before the people for that office. To support a bolter when he is before the people as a bolting candidate is bad enough, for a "true Republican" to do so, but to mislead the people by declaring a man to be a candidate when he is not, is trifling with the confidence of the people, and destroying the future prospects of the alleged candidate. The success of the ticket is jeopardized by the factious action of a few who regard the success of their candidate of greater importance than that of the party and when the Gazette said that it was looking at its own looking glass. Let it take its own medicine and quit saying that S. E. Woodruff, Esq., is a candidate for President Judge, or else tell when he was nominated and when he accepted, and quit indirectly supporting Hon. Seden Marvin for congress.

DEMOCRATIC JUDICIAL NOMINATION.

The Democratic Judicial Convention met at Warren on Wednesday the 21st. inst. B. Grant, Esq., of Erie, Hon. R. Brown, of Warren, and Hon. John G. Hall, of this county were the candidates before the convention. Each would do credit to the position, and are every way qualified for it. Judge Brown was the nominee, and we think that he is better known personally throughout the district than either of the other gentlemen who were candidates, he having filled the position for a year after the death of Judge Galbreath, and was well liked for the satisfactory manner with which he discharged the duties of the office. Both the candidates for the office of President Judge live in Warren; location then cannot effect them; they are both good men for the place, and in the ordinary course of things one or the other of them will be the next President Judge of the District. We have always felt sorry that no man in Erie county could be induced to take the position, or could consent to be a candidate, but such being so, we will have to put up with what Warren county can do for us in the way of furnishing us with a Judge. The modesty of Erie county in not wishing both Judges is very commendable. She will be honored we hope in the future.

OLD SETTLERS GONE.

The Fredonia Censor of last week has rather a remarkable list of deaths for a single week. There are six persons, Mrs. Cornelia Stiles, aged 87, Mrs. Cynthia M. Starr aged 62, Mr. Jere Shepard aged 69, Mrs. Elizabeth Stockton aged 82, James Haywood aged 80, Mrs. Eliza A. Jackson aged 52, six persons aggregating 432 years.

The Censor of the 14th records the death of Israel Lewis, aged 101 years, 7 months and 20 days. He came to that place about seventy years ago.

The War Between France and Prussia.

While nothing definite is known concerning the progress of negotiations, rumors came from London that the prospects of a Speedy cessation of war are regarded brighter than during any previous days. Lord Lyons is said to have gone to the prussian head-quarters, and Julius Favre is to meet Bismarck with specific propositions. The latest dispatches tell us that Lord Lyons is conducting negotiations between Favre and Bismarck, and a brief armistice has been arranged.

Paris is invested by German troops, who occupy the heights of Villeneuve and Brunoy, and cannonading commenced on the south and south-east of the city.

During the latter part of last week, the French Secretary of the Interior and other members of the Republican government with the Corps Diplomatique removed their offices from Paris to the city of Tours.

Three or four well known Paris journals changed their place of publication to Tours on Sunday and Monday. That city is now the actual seat of the Government of the French Republic.

A correspondent telegraphs to the New York Herald that he has had pretty fair opportunities of judging of the tone and temper of public opinion in France, and he represents it as being adverse to the continuance of war. He says that the French people are downcast; that outside of Paris there is no military organization, no chief, no controlling mind, no political confidence. The desire for peace is universal, but there is a very general belief that no treaty of Peace will be signed until after the German army is in the military occupation of Paris.

A woful picture is given of the condition of the 10,000 working people at Rheims, King William's head-quarters, thrown out of employment by the war. They are starving. Their only hope is in emigration. Many are preparing to leave, and are looking toward the United States.

Paris is represented as quiet and dull. Trouble is feared from the Red Republicans. They continue to placard the walls with bills announcing a new Government. No symptoms of disturbance, however, were observable Monday evening. The Parisians are said to be still enthusiastic and confident. The soldiers march out jauntily, bravely to encounter the overwhelming force approaching the city; and men exhibit a chivalric determination to fight even to death. There is a wretched want of discipline in the French military organization, and trouble, consequently, is apprehended.—Gazette.

BOSTON, September 20.—Maynard's machine shop, formerly McKay & Alder's locomotive works at East Boston, were burned this morning. McKay's wharf and two barns lying alongside, were nearly destroyed together with the machine shop of George M. Bird and the rigging loft of A. B. Low. An explosion of naphtha during the fire tended to spread the flames. The vessels burned were the St. Cloud and Nova Scotia. The Atlantic Company lost largely, in machinery Total loss, \$150,000; insured for about half. THE WEST.

CHICAGO, September 20.—At Molina, Ill., yesterday noon, as the Western Union passenger train was running through town, a young lady aged twenty-three years, named given, after waiting until the train had

passed, with the exception of the last car, threw her shawl over her head and sprang headfirst under the car. The wheels of which passed over her, killing her instantly. The non-fulfillment of an engagement to marry, by a man residing in another part of the State was the cause.

James Richardson, of Beverly, Adams county, Ill., living with his father, on Saturday morning complained of feeling unwell, and went into the parlor and shot himself through the head. He was a young gentleman of the highest respectability, and his parents were quite wealthy.

TERRE HAUTE, September 20.—James McNairy, an unmarried man, formerly residing in Harrisburg, Pa., but for some time employed on the construction train of the Indianapolis & St. Louis Railroad, was run over and cut to pieces by a train on the track of that road in this city last night. The remains were found this morning, and the indications are that he was intoxicated and laid down on the track.

St. Louis, September 20.—A match was made yesterday between Tom Allen and James C. Gallagher, to fight November 1st, within fifty miles of St. Louis, for fifteen hundred dollars. Allen staking one thousand dollars and Gallagher five hundred.

Vice President Colfax.

The Brooklyn Eagle published a letter from Mr. Colfax relative to his renomination. The following is an extract:

I thank you for your good wishes in my behalf, but I intend with this term to close my public life absolutely. I will then have had eighteen years continuous service at Washington, mostly on a stormy sea, long enough for any one, and my ambition is all gratified and satisfied.

General Grant will doubtless be renominated and I think he should be. My articles and speeches show my faith in him and my regard for him. But the people will want some Eastern or Southern Vice President and should have one.

I shall leave public life voluntarily and without regret, and expect to go into active business. My friends here all know of this and I assure you it is no pretense but a reality, as you will see. This is the last campaign in which I shall participate, and I feel as happy at prospective release from the exactions, care, misrepresentations and excitements of political life as the student who is about to graduate and go from the walls in which he has been for years, free from professors and critics. When you think it all over you will concede it is a wise determination.

NEWS IN BRIEF.

The cities of Binghamton and Elmira are rivals. The inhabitants of both places live in expectation that in five years hence the latter will have a population of 20,000 and the former 19,000.

Their floating draperies and gay ribbons fluttered in the September breeze the plumage of birds while the hum of their merry voices was like twittering of the "songsters of the grove in early spring," is what the Providence Journal says of the returning school girls.

One of the results of the war says the N. Y. Standard, now being waged in Europe will undoubtedly be the settlement of the Roman question. The Eternal City has placed the Papal dominions completely at the mercy of the Italian King and people. Victor Emmanuel has given pledges to Napoleon that the Pope will not be disturbed in the possession of Rome, and he will certainly fulfil those obligations as long as the

Emperor has it in his power to compel obedience.—But Napoleon is a prisoner, and leaves the Italian King free to act as he pleases.

Victor Emmanuel will respect the Pope's authority only so long as he finds it convenient to do so. The fall of the Napoleonic dynasty would leave him perfectly free to act, and there is not much probability that the new government of France, whether a monarchy or republic, will send a French garrison to guard the Castle of St. Angelo.

THE CENSUS MUSTER ROLLS.—The Leavenworth Bulletin has an amusing "take off" on the pretensions to vast populations by Missouri River cities previous to the census, and sums up the actual condition of things, after the marshal's books have been made up as follows:

Table with census data for Omaha, St. Joseph, Leavenworth, Kansas City, and Council Bluffs, showing population before and after the census, and deaths.

THE GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS. MORE THAN 500,000 PERSONS Bear testimony to the wonderful Cure effected by them.

WHAT ARE THEY? They are a good Purifier as well as a tonic, possess the greatest power of acting on the system, and are the most powerful agents in restoring the blood, and inducing the liver, and all the internal organs.

THEY ARE NOT A VILE FANCY DRINK, Made of Pure Rum, Whiskey, Proof Spirits, and P. Liqueurs, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Poins and Herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and Life-Giving Principle, a perfect Reinvigorator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair. For Inflammation, Chronic Rheumatism, Biliousness, and Gout, Dyspepsia, or Indigestion, Bilious Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by vitiated Blood, which is generally produced by derangement of the Digestive Organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
