GAZETTE—CITY DEPARTMENT.

PITTSBURGH:

WEDNESDAY MORNING, NOV. 26, 1856.

SUPREME COURT OF PENNSYLVANIA.—Present all the Judges.

Bailey vs Miltenberger; error to the District Court of Allegheny county; death of defendant in error suggested, and Samuel Gormly and Josiah King, executors, substituted. The case was then argued by Williams for plaintiff in error, and by Stanton and Shaler for defendant in error.

Jenkins & Sons vs Chadwick's admrs; error to the District Court of Allegheny county; cause continued and proceedings stayed, until the costs of a former writ of error in the same case shall be paid.

Lefevre vs Carr and Carr vs Lefevre. Two writs of error in the same case to the District Court of Allegheny county. Argued by G. P. Hamilton for Lefevre, and by Stanton for Carr. Court adjourned.

FASHION.—This season seems to be very busy in getting up something to please the fancy of almost every person. In dress goods the styles are really beautiful, and in shawls almost every taste can be suited. But in no department of fashion do we observe such a variety of designs as in Velvet, Moire Antique and Cloth Cloaks. Here fashion seems to have exhausted her treasure, and in one season has given her stock of inventions for twenty years to come. Any person wishing to become acquainted with all the newest styles in Velvet and Cloth Cloaks may do so by spending a short time at A. M'Tighe's Cloak establishment, corner of Grant and Fifth sts., where we can assure our readers the cheapest stock of cloaks in Pittsburgh may be found.

RAIN.—Rain fell during the greater part of the day yesterday, and hopes, which had been almost crushed out, of a resumption of river navigation, were revived. Nobody complained of the smoky atmosphere, falling soot and general desolate appearance of the city; indeed such a day was more welcome than the balmiest day of the year. The Ohio river below Sewickley is in a very deplorable condition, indeed, the bed being exposed nearly the entire breadth of the river. The prayer of every Pittsburgher is that the wet term will continue until a coal boat rise floods our rivers.

The Pittsburgh & Chicago road is crowded with business, and Federal st., from the depot to the bridge is monopolised daily by a double line of drays awaiting an opportunity to unload their freight.

REBECCA STREET, ALLEGHENY.—The miserable condition of this thoroughfare has awakened the ire of the inhabitants of Allegheny who are obliged to pass it. At the schoolhouse especially, the condition of the street is very bad. The repairs to that building during the summer caused the accumulation of a large quantity of mortar, lumber and bricks, which have never been removed. We are requested to call the attention of the very efficient street commissioner, Mr. Hobson, to this matter.

We are glad to see that the street commissioner is having the bridge on Robinson street rebuilt. We can hardly blame Mr. Hobson for his delay in making this much needed repair, as he is thronged with business, and his attention to it now will certainly maintain his popularity.

A NEW ENTERPRISE.—The wealthy and enterprising firm of Park, McCurdy & Co., have purchased five hundred feet square of ground in the Ninth Ward, upon which it is their intention to erect a first class Copper Rolling and Stamping Mill. The property is bounded by Smith, Taylor and Butler streets and the Allegheny river. The erection of such works is what makes the wealth and importance of the city, and the manufacturer may justly be regarded as a public benefactor in the largest sense of the word. In the present instance, the Ninth Ward will be especially benefitted.

THE MUSEUM.—The play for this evening is the popular piece called "Adrienne the Actress." It affords a fine opportunity for the display of theatrical power, and Mrs. Plunkett will avail herself of every point presented. The Museum is such a neat and charming place that we have no doubt it will become very popular with the ladies and gentlemen of the town. The management will certainly do everything in their power to place upon the stage amusements of an unexceptionable character.

THE THEATRE.—Mr. Proctor will appear this evening in the "Warrior Captive." The evening's entertainment will conclude with Dred.—This piece has been put upon the stage admirably, and is deserving of the immense success it has realized. The closing tableaux, representing a happy state of society in anticipation only we are sorry to say, is brilliant. Go and see Dred.

CRIM. CON.—A German woman named Eberle, residing at Shoustown, appeared before the Mayor, yesterday, and made oath against a wealthy farmer of that neighborhood for adulterous connexion with her. The accused was arrested and gave bail for his appearance at the next term of the Court for trial. We withhold his name.

SELLING LIQUOR ON SUNDAY.—Bridget Murphy was committed to jail yesterday by Alderman Johns for selling liquor on Sunday in default of a fine of $50 and costs. Her husband is already in jail on a similar charge. The two keep a doggery at the point.

MARRIED.—Our friend Harry Kleber has struck a new note that will doubtless be forever a harmonious one, and taken unto himself a wife. The affair was consummated in a very quiet manner, and took his numerous friends by surprise. He is starring it in the East.

THE fine Furniture and superior Piano Forte of A. J. Hopper Esq. at Lawrenceville will be sold this morning at 10 o'clock by P. M. Davis, Auctioneer.

WE would direct the attention of Readers to the choice collection of Books from a Private Library to be sold by catalogue this evening at Davis' Auction Rooms.

THE FINANCES OF THE CITY.—Most of the appropriations are nearly if not entirely exhausted, and some of them have been overdrawn.

SHERIFF'S SALES.—The Sheriff commenced his sales yesterday at the Court House. There was a fair attendance.

A Card to the Ladies.

DR. J. DUPONCO'S GOLDEN, PERIODICAL PILLS FOR FEMALES, infallible in correcting irregularities, and removing obstructions of the Monthly Turns, from whatever cause.

All Medical Men Know

As well as many others, that no female can enjoy good health unless she is Regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food and disturbed sleep most always arises from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils.

Full and explicit Directions accompany each box, which must be strictly followed, and all diseases peculiar to females may be speedily cured.

Price $1.00 per Box, and sold by all the Druggists and by SAMPLE & REED, Agents for Allegheny; FULTON'S Drug Store, Birmingham; JOHN P. SCOTT, 2d Liberty st.; and by W. A. GILDENFENNEY & CO. 45 Fifth st., Pittsburgh. They will supply the trade at proprietor's prices, and send the Pills by mail on receipt of $1.00 through Pittsburgh P. O. [illegible]

Age and Debility—As old age comes creeping on us, it brings many attendant infirmities,—Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until BOERHAVE'S HOLLAND BITTERS were known and used. In every case where they have been employed they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many people who are suffering from loss of appetite and general debility. In cases of long standing chronic disease, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries.

CAUTION.—Guard against purchasing an imitation. To prevent imposition, be careful to ask for Boerhave's Holland Bitters.

REVIEW OF THE PITTSBURGH MARKET.
For the Week ending Nov. 25, 1856.

Business affairs have not changed since our last; but at the moment of writing this (Tuesday,) there is a heavy, steady rain falling, with some prospect of continuing. Nothing more cheering than this could possibly befal us; and although the weather looks gloomy and miserable, our business men never appeared more cheerful than under this timely visitation. A rise in the river, now, sufficient to let out our coal and manufactured articles would restore animation to every department of trade, put money into abundant circulation, increase the supplies of breadstuffs, give employment to the many working men now idle, and work an effectual change in the general aspect of the city.

During the week the prices of breadstuffs have experienced a marked decline; and it is not improbable that the opening of the rivers would so increase the supplies as, at first would still further depress prices. There must be an immense amount of produce at all points waiting an opportunity to get to market.

Money continues in active demand, owing to causes before noted. The banks have their balances fully employed, and the first class paper on the street is not placed at less than 12 per cent. Other paper ranges from 15@24 per cent.

The eastern money market is firm but not stringent.—The New York Tribune of Monday says:

The banks, appear to entertain no fears of any drain of gold sufficient to render necessary any further contraction of loans. They are accommodating their dealers liberally. Money on call was as easy to-day as at any time in three months past. Nearly all the large stock houses and bankers had more money than they had call for.—Paper was easier to sell to-day, and first class signatures went at 8½@9 per cent. There is an active demand at the discount houses, and the quantity on sale is quite moderate although the supply has had an accession from Boston and Philadelphia.

The value of general merchandise imported into New York during the week ending Friday, November 21, 1856, amounted to ...$1,199,134
Dry goods ...1,045,506
Total importations ...$2,244,640

The Exports of Produce during the week were very large, reaching $2,570,760, of which over $1,500,000 was in Wheat and Flour.

Including the Fulton's, which should have sailed last week, the outward gold movement has been $950,709 not including $214,000 sent to Boston. The shipment of the week is:

Total for the week ...$950,709 42
Previously reported ...33,829,275 52
Total, 1856 ...$33,779,984 94

The shipping season at Chicago has nearly closed, and the year's business has been enormous. The receipts of grain at that port alone have been 24,000,000 bushels, forming of itself an immense business for the railroads terminating at that point.

The shipments of Grain have been ...19,757,988
Last season ...15,665,882
Increase bushels ...4,092,106

The shipments of Lumber show an enormous figure:
Being, feet ...456,003,554
Last season ...299,492,429
Increase ...156,531,127

By the Niagara Messrs Stoltertoht & Co of London, write

The general requirements of our extended commerce coupled with the high price of nearly every article, precludes the idea of a speedy relaxation of the present high rate of discount, especially as the state of the French money market is again somewhat less favorable. At the same time there is a general feeling of confidence, and money though dear is not likely to become scarce. The rate of discount at Hamburg has again fallen.

From Wilmer & Smith's Liverpool Times.

Notwithstanding the heavy engagements of the 4th of the month, and which are known to be unusually large, the money market has assumed a decidedly easier tone. No alteration, however, has taken place in the rates of discounts, either at the Bank of England or in Lombard street. Indeed, the great activity in the trade of the country and the high prices of all articles of raw material seem to forbid the expectation of any rapid return to a condition of ease, even apart from the peculiar influences in operation on the continent. Although the drain of gold to the continent has considerably diminished, there is evidently a wide spread opinion that the monetary disturbance in France is not yet at an end, and that the speculative excesses which have committed her to such large monetary engagements with foreign countries will yet tell upon her resources.

Apart from the exhausting expenditure connected with the late war, it must not be overlooked that the resources of the nation have been diminished through the partial failure of the grain, silk and wine crops, and that five and a half millions sterling of the last loan remain to be paid monthly, including the instalment falling due this month. The arrivals of specie have been considerable, and the exports moderate. The James Baines, now at 84 days, from Melbourne, with £700,000 in gold, is anxiously looked for.

The Cincinnati papers quote Hogs dull at 5¼@5¾ net. The Commercial of Monday says:

The Hog market was very dull; holders, however, were not offering their droves, but there seemed to be an anxiety on the part of buyers, who were confident of a further decline. We hear of some sales being made in Covington, as low as $4, to $4,25 per cwt gross, equal to $5@5,25 net. This must be considered, however, rather below the market. The receipts, as yet, cannot be considered large.

The Louisville Courier of Saturday says:

Hogs—The market is quite dull and inanimate at 6¼ cts net for hogs, at the pens, with no transactions of magnitude reported. The pens are well filled, but owing to the warm weather slaughtering was suspended yesterday.

ASHES—nothing doing; Pearls are dull, and quotations are nominal at 7¼@8¾ lots; pressed on the market would have to go at lower figures. Pots are also nominal at 5¾@6. Soda Ash 3¼@3½.

BEANS—are scarce and in request. Prime small white would command, in the present bare state of the market, $2,50@2,75 per bus.

BUTTER & EGGS—Butter is in tolerable supply; packed is quoted at 13@14 for prime; good roll 18@20; and choice roll is held at a shade higher. Eggs are in demand; one or two sales at 22, but the ruling rates are 20@21.

BUCKWHEAT FLOUR—the market is pretty well supplied, and the local demand is only moderate. From store, in the small way, holders are generally obtaining $3,00 per 100 lbs and from first hands there are some transactions at $2,74.

BACON—very dull, and supply abundant. Shoulders are quoted at 8, Sides at 9, and plain Hams at 11; the sales are confined almost altogether to small lots.

BRICK—a fair and regular demand for Bolivar Fire Brick at $22@$30, common and extra.

BUCKETS & TUBS—we quote as factory prices at New Brighton and Fallston, Buckets, common 1,63@1,75 extra do $1,33; extra large tubs, 2, 3 and hoops, $7,25@$8,50; common sizes from $5,50 down to $4,25; keelers $5@$8,00; half bushels 1,50.

Important to Those Using STAR AND ADAMANTINE CANDLES.
THE attention of the public is invited to the fact, that most of the Star and Adamantine Candles offered for sale are
Deficient in Weight,
So that what is sold for a pound actually weighs but 14 or 15 ounces, and packages marked "40 lbs." fall short two, three, and even five pounds per box. This loss does not fall upon the Wholesale Dealers, who sell packages at the Marked Weight, nor upon the Retailers, who sell by count, but upon the consumers, who thus pay for about one-tenth more than they receive.
The subscribers have always made their Candles full 16 ounces to the pound, and marked packages at the real weight, which may be ascertained by testing them. As their experience in the business enables them to offer all articles equal in quality to any in the market, they solicit the patronage of purchasers who desire to study their own interest, and, at the same time, encourage correct dealing. nole:dlm PROCTER & GAMBLE, Cincinnati.
