TERRIBLE ACCIDENT AT BRIDGEWATER.—A very painful accident occurred at Bridgewater, Beaver county, on Tuesday evening, by which two boys were killed, and several others severely injured. It appears that Wesley Smith and another boy, sons of Dr. Samuel Smith, two sons of J. S. Darragh, Newton Reynolds, son of Nicholas Reynolds, a son of Mrs. Brown and a son of Mr. Funk, were engaged in excavating a cave on the bank of the Beaver, when the earth gave way covering the children. A son of Mr. Darragh managed to work his head through, and give the alarm to an Irish laborer on the opposite side of the creek, who immediately waded over, and extricated Darragh. He then procured assistance, and in twenty minutes got all the others out. They appeared to be lifeless, but after restoratives were used, all except two recovered. Newton Reynolds and Wesley Smith were dead. It may be readily imagined that this direful accident caused the deepest distress, parents whose children were absent from home supposing them to have been in the cave at the time.

THE FAKIR OF AVA.—Our readers will bear in mind that the first grand Soiree Magique of this world-renowned Magician takes place at the City Hall this evening. The Hall has been handsomely decorated and fitted up expressly for the occasion, and the stage has been greatly enlarged in order to display his magnificent Temple of Enchantment, which we are assured is the largest that has ever been imported to this country. The Fakir has been received with delighted audiences wherever he has appeared, and he no doubt will create quite a sensation here. We advise "everybody and his wife" to attend.

WE call attention to the sale of those fine pieces of land advertised to be sold at auction, on the premises, this afternoon, by Blakely & Richey. These lots contain about an acre each and are very eligible for residences for persons doing business in the city, being near the Millvile Station of the Pennsylvania Railroad, about 10 minutes ride from the city. The sale will not take place until the arrival of the cars, which leave the Liberty st. Station at half past 2 o'clock. See advertisement.

TO POLICEMAN.—We commend the example of a Chicago policeman to the fraternity of this city. It would doubtless be followed, if our city fathers were as benevolent as the Chicago Councilmen appear to be. It seems one of the policemen of that city had his pocket picked of $50. He immediately forwarded a note to Councils informing them of that fact, and requesting them to pass an ordinance giving him $50 to make up the loss. They did so.

LARCENY OF A TRUNK.—Alderman Wilson had before him yesterday a colored man named Jacob Rice charged by Arthur Anderson, also colored, with the larceny of a trunk and clothing valued at $30. Both parties boarded at the St. Nicholas Hotel, and the larceny is alleged to have been committed on Thursday night last.

STEALING A HOG.—A man named Geo. Wear, of Allegheny, was arrested by the Mayor's police yesterday, charged with stealing a hog about four o'clock in the morning in the Market House. The information was made by the watchman, Jas. Dobbs. Wear is said to be the owner of considerable property. He was committed finally for trial.

SINKING OF THE STEAMER EMMA.—A despatch was received in the city yesterday, announcing that the steamer Emma sunk at Goose Island on Thursday.

The Emma is insured for a large amount, of which $25,000,00 is distributed among offices in this city. The cause of the disaster was the total loss sustained by the owners of the boat, has not been made known.

THE GLEN HOTEL.—This fine building, which was sold by the Sheriff a few days ago for the small sum of $6,500, is, about to pass into the hands of Bishop O'Connor, who purpor ses converting it into a seminary for the education of such Catholics as desire instruction in the higher branches of literature.

RELEASED ON BAIL.—William L. Dehaven, who has been lying in jail on the charge of assaulting officer Chess, of Allegheny, with intent to kill, was taken before Judge Adams, in chambers, yesterday, on a suit of habeas corpus.—Bail in $1000 was offered and accepted, and the prisoner was released.

THE GREYS IN THEIR NEW ARMORY.—The Greys will take possession of their new armory in Wilkin's Hall on Friday evening. It is being fixed temporarily for their accommodation, but it is the intention of the company to have their permanent arrangements on a fine scale.

OUR friends Morris & Patton advertise a choice stock of Teas, Groceries, &c., in another column. We have to acknowledge the receipt of a bundle of fragrant 'regalias' from the same house. It will be observed that they have also a house on Federal st., Allegheny, near the Diamond.

THE MUSEUM.—*Retribution* will be repeated this evening by the Plunkets. The after piece will be *The Whites and Browns*. The bill as will be seen is very good, and should attract a crowded house.

FIRE.—Hobart's seamless bag factory, old Brighton, Beaver county, took fire on Tuesday evening, between seven and eight o'clock. The factory was owned by a company. The fire originated in the attic. Loss not ascertained.

DEATH OF MR. SOLOMON STONER.—Mr. Solomon Stoner, one of our oldest and most respected citizens, died at his residence on Penn st., about noon yesterday. He had been lying ill for some time past.

EXPIRED.—The Daily *Clevelander* a penny paper of the Forest city, has ceased its existence. Cause—want of support.

THE MUSTANG LINIMENT cures Rheumatism; The Mustang Liniment cures Stiff Joints; The Mustang Liniment cures Burns and Wounds; The Mustang Liniment cures Sores and Ulcers; The Mustang Liniment cures Caked Breasts and Sore Nipples; The Mustang Liniment cures Neuralgia; The Mustang Liniment cures Corns and Warts; The Mustang Liniment is worth 1,000,000 *dollars per annum* to the United States, as the preserver and restorer of valuable Horses and Cattle. It cures all Sprains, Galds, Wounds, Stiff Joints, &c.

Will you answer this question? Did you ever hear of any ordinary Sore, Swelling, Sprain or Stiffness, either on man or beast, which the Mustang Liniment would not cure? Did you ever visit any respectable Druggist in any part of the world—in Europe, Asia, or America—who did not say "it was the greatest discovery of the age?" Sold everywhere. Every family should have it. 3 sizes. BARNES & PARK, Proprietors, New York.

WE would direct attention to the extensive sales of stocks, bonds, ground rent, real estate and steam boat interest, to take place at the Merchants' Exchange this evening, commencing at 7 o'clock, by P. M. Davis, auctioneer.

THE THEATRE.—The plays for this evening are "Wallace, the Hero of Scotland," and "Dred." This is a very excellent bill, and will attract another crowded house.

THEATRICAL.—Miss Devenport, one of the greatest, if not the leading actress of the day, is playing a successful engagement in Cincinnati.

[From the Boston Saturday Evening Gazette.]

A Perfumed Breath.—What lady or gentleman would remain under the curse of a disagreeable breath when by using the "*Balm of a Thousand Flowers*" as a dentrifice would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is so delicate their friends will never mention it. Put a single drop of the "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A BEAUTIFUL COMPLEXION may easily be acquired by using the "*Balm of a Thousand Flowers*." It will remove *tan, pimples, and freckles* from the skin, leaving it of a soft and roseate hue. Wet a towel, pour on two or three drops, and wash the face night and morning.

SHAVING MADE EASY.—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the beard well and it will make a beautiful soft lather much facilitating the operation of shaving. Price only Fifty Cents.

All Medical Men Know

As well as many others, *that no female can enjoy good health unless she is Regular*; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food and disturbed sleep most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils.

Full and explicit Directions accompany each box, which must be strictly followed, and all diseases peculiar to females may be speedily cured.

PRICE $1.00 PER BOX, and sold by all the Druggists and by SAMPLE & REED, Agents for Allegheny; SULTON'S Drug Store, Birmingham; JOHN P SCOTT, 222 Liberty st., and by W. A. COLUMBIA, S. C., Nov. 26.—The Legislature of South Carolina met on Monday. The Governor's Message regards the recent election as merely establishing a truce between the North and the South. It advocates the revival of the slave trade and thinks that every branch of labor should be in the hands of slaves. He refuses to lay before the Legislature the resolutions of the New Hampshire Legislature transmitted through the Governor. The balance of the Message is devoted to state affairs.

MONETARY AND COMMERCIAL.

The Bank Statement to-day shows a general expansion in loans, specie and deposits, and establishes the fact that the Bank contraction has for the time ceased, and the usual expansion of the close of the year commenced.—The continued increase of the deposit line, with the growth of the specie reserve, which seems likely to continue, has revived the confidence of the bank managers in their ability to carry a larger line of loans, and consequently for the past fortnight they have accommodated their dealers more liberally, and in some cases taken outside parcels of paper. They have also been more disposed to make call loans on stocks, which has not been without its effect upon the stock market. The interior balances are increasing, and the demand for discount by correspondent banks at the South and West has decreased. The comparison with last week is as follows:

	Loans & Dis.	Specie.	Circulation.	Deposits.
Nov 15	$103,554,450	$12,253,787	$8,856,977	$87,520,000
Nov 22	104,504,919	12,971,868	8,818,323	91,405,610
Increase	$950,469	$718,181		$3,883,610
Decrease			$38,654	

—N. Y. Tribune.

SALES OF TOBACCO.—The receipts of this staple have somewhat increased, with sales yesterday of 40 hogsheads at the warehouses at prices ranging from $8,65 to $15,25 per hundred pounds. This at an average of $200 per hogshead is equal to $8,000 paid out in one day by our manufacturers for leaf tobacco.

The sales at the Pickett warehouse amounted to 22 hogsheads at the highest range of prices we have ever known. The lowest hogshead sold at $12,75 per 100 pounds, and the highest at $15,70. This is equal to $4,500 paid out in a day for tobacco.—Lou Cour.

THE HOG MARKET.—The number of hogs killed up to last evening was a little over 19,000. Of this number Hamilton, Ricketts & Co killed 5,400 head; Atkinson, Thomas & Co. 6,200; Hunt, Hunt & Co 4,100; Owsley & Co 2,100; A S White & Co and Huffman, Hamilton & Co about 1,000. Jarvis & Co have not yet commenced killing. The market is quiet. Good hogs will command readily $5,75. We hear of the sale of the product of 2,500 hogs at 5¼c for shoulders and 7¼c for hams from the block and 10c for lard.

Hogs have commenced coming in fast. The Nashville railroad brought in a thousand on Saturday, and several large trains have come in on the Frankfort road.

—Lou Journal.

The Quincy (Ill.) Whig of Wednesday, says:

Up to the present time there has been engaged at this point about 10,000 hogs, at prices ranging from $4,50 to $5. The latter figure is not generally offered, except for the earliest delivery. About 3,600 have been slaughtered. The hog market cannot be said to be brisk. General intelligence of the hog market is not much to induce an advance in rates.

Hogs sold to the extent of 3,000 to day, prices ranging from $5,60 to $5,70 for average size. The market is easier, with a moderate demand. There is a good demand at $5,50, but this seems to be below the views of drovers, who sell with reluctance at any thing below $5,75.

Cin Commercial.

A few days since we had a rumor by way of New York of the failure of the Bank of East Tennessee, and a contraction from Louisville. To-day the paper was thrown out by the Banks of Nashville and Louisville, which may be regarded as equivalent to a failure on the part of the Bank. The paper has never been bankable here, and the circulation in this section is consequently limited. Its condition on the 1st of January last, showed a nominal capital of $500,000, loans and discounts $1,037,091, and a circulation of $689,630. The parent bank is located at Knoxville, with branches at Chattanooga and Jonesboro.

—Cin Gazette.

The Bank Statement is usually looked for as one of the indications of the condition of the Money Market. The statement for the past week will serve to confirm the opinions recently expressed that the market had reached its worst phases and had taken a favorable turn. The loans will increase, very gradually however, and aid a large number of customers who are at present suffering for the want of facilities.

Money is represented as being rather more abundant than for some weeks past. There is, however, a pressure of business paper on the market and the rates of discount are very high.—N. Y. Cour & Enq.

SUGAR.—The demand has continued fair, and prices have continued to rule in favor of holders, the sales during the past three days comprising some 850 hhds, within the range of the following quotations: Inferior—@—; Common 8¾@9¼c. Fair 9¾@10c. Prime 10¾@10½c, and Choice 10½@10¾c. Clarified has been sold at 10¾@11¼c. This includes some small lots new crop at 9¼@10¼c. Received since the 14th instant 278 hhds.

MOLASSES.—The new crop is coming forward rather more freely, and the sales on the Levee [illegible] comprise 700 bbls, mostly new crop, at 75c for Ordinary and 68@68c for Fair to Choice. Half bbls have commanded 68@68½c. Received since the 4th inst 605 bbls and 294 half bbls.—N O Bulletin.

Prof. Wood's Hair Restorative.

IT HAS WORKED MIRACLES!

THAT all the bald and gray can be restored perfectly to original growth and color so far as their locks are concerned does not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching or in the shape of cutaneous eruptions—every such head of hair is secured, and if it fall or curing as if by magic, persons or periodic headache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling, to any imaginable age. Read and judge.

LOGANSPORT, IA., June, 1855.

MESSRS O. J. WOOD & CO—Gents: Yours of the 13th came duly to hand. Enclosed please find $36, being the amount for Hair Restorative. I have sold it all. * * * If you choose you may send six dozen bottles Hair Restorative; I think I can sell it. It has worked miracles in this place. I sold a man six $1 bottles, that was bald, and it fetched new hair out all over his head.

Yours, respectfully, M. H. GRIDLEY.

C. R. R. OFFICE, VANDALIA, June 21, 1854.

PROF. WOOD—Dear Sir: I take pleasure in bearing voluntary testimony to the excellence of your Hair Restorative. Three months ago my hair was very gray. It is now a dark brown (the original color) smooth and glossy. The only application I have made to it has been the Hair Restorative, prepared by you, and which, from the result in my own case, I can most cordially recommend to others.

Respectfully, yours, EDWARD WOLCOTT.

VINCENNES, IA., June 21, 1853.

PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it, and known others to use it—that I have, for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture to the hair.

Respectfully, yours, WILSON KING.

ST. LOUIS, June 29, 1852.

PROF. WOOD: As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state, that my hair was, three months ago, very gray and after using two bottles of your Hair Restorative, it resumed its original color; and from its application, all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it, will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair. I am, sir, yours, &c., H. L. STEWART.

WATERTOWN, Mass, May 1, 1854.

PROF. O. J. WOOD—Allow me to attest the virtues and magic powers of your Hair Restorative. Three months since, being exceedingly gray I purchased and soon commenced to use two bottles; and it soon began to tell in restoring the silver locks to their native color, and the hair which was before dry and harsh and falling off, now became soft and glossy, and it ceased falling; the dandruff disappeared and the scalp lost all the disagreeable itching, so annoying before, and now, I not only look but feel young again. Respectfully, yours, etc.

Important to Those Using STAR AND ADAMANTINE CANDLES.

THE attention of the public is invited to the fact, that most of the Star and Adamantine Candles offered for sale are

Deficient in Weight,

So that what is sold for a pound actually weighs but 14 or 15 ounces, and packages marked "40 lbs." fall short two, three, and even five pounds per box. This loss does not fall upon the Wholesale Dealers, who sell packages at the *Marked Weight*, nor upon the Retailers, who sell by count, but upon the consumers, who thus pay for about one-eighth more than they receive.

The subscribers have always made their Candles full 16 ounces to the pound, and marked packages at the real weight, which may be ascertained by testing them. As their experience in the business enables them to offer all articles equal in quality to any in the market, they solicit the patronage of purchasers who desire to study their own interest, and, at the same time, encourage correct dealing.
