2d. Dry Goods.
3d. Hardware, to include agricultural implements, &c.
4th. Northwest guns.

The lowest competent responsible bidder will receive the whole or any of the contracts according to the above scale, the Department reserving to itself the right to determine whether the bidder is competent and responsible, or not.

The whole amount in money to be applied to the purchase of goods will be about $90,000, but the Department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof, if required, at similar prices, such as may be wanted for present or other purposes, in the administration of the affairs of the Department—Goods of American manufacture, all other things being equal, will be preferred; but as all the samples of blankets and cloths are of foreign manufacture, it will be necessary where a similar article is bid for, that a sample of it should accompany the bid, to enable the Department to decide whether it is of equal quality with the samples so exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the price, in dollars and cents, at which he or they will furnish them, deliverable in New York, (or if the contractor prefers it, about one-half of the quantity may be delivered in St. Louis, Missouri, free of expense to the Government,) on or before the 15th day of May next, assuming the quantity of each article as specified in this advertisement and extending the cost, making an aggregate of the whole invoice constituting the bid. The goods will be inspected in New York, (and in St. Louis, if any portion of them should be delivered there,) by an agent of the United States, who will be appointed by the Department for the purpose, and no articles in conformity of the articles purchased with the samples exhibited, when so contracted for shall be made, with the terms of the contract itself, which shall contain a clause that if the articles are not furnished within the time prescribed, or if any are of inferior quality in the opinion of the agent aforesaid, and if within five days after notice of such insufficiency the party shall not furnish articles in lieu thereof of the required quality, the United States shall be authorized to purchase them elsewhere, and to charge any increase of price they may be compelled to pay thereby to the contractor, who shall pay the said difference to the United States.

Bonds will be required, in the amount of the bids, with two sureties in each case, conditioned, if same be certified by a United States Judge or District Attorney, for the faithful performance of the contracts.

Payment will be made when the contract is completed and the delivery of the goods as aforesaid to an agent of the Department, upon a duplicate invoice certified by him.

Communications to be marked "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be received that are not made in the form and terms here prescribed:

"I (or we) propose to furnish for the service of the Indian Department the following goods, at the prices affixed to them respectively, viz:

(Here insert the list of goods.)

Deliverable in the city of New York (or St. Louis) on or before the — day of — next, and in case of the acceptance of his proposals, the quantity being prescribed by the Department, I (or we) will execute a contract according to the statutes, and give satisfactory security to the Department within ten days after the acceptance of this bid; and in case of failure to enter into such contract, and give such security, I (or we) will pay to the United States the difference between the sums bidden by me (or us,) and the sum for which the United States may be obliged to pay for the same articles."

Each and every bid must also be accompanied with a guaranty in the following form, to be signed by one or more responsible persons, whose sufficiency must be certified by some one who is known to the Department, either personally or by his official position.

"I (or we) hereby guaranty that —, the above bidder, will comply with the terms of the advertisement for "proposals for Indian goods," dated 29th September, 1849, if the contract should be awarded to him, and enter into bond for the execution of the same within the time prescribed." DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of a cure performed other by **Dr. Jayne's Alterative**, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with discharges and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femoris, bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been agonizing and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, alleviating all pain and swellings, and causing the objects to heal, while at the same time her general health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sat. Eve. Post.

BY READING THE FOLLOWING AFFIDAVIT the Public will learn the origin, or rather where the recipe for making the stuff they call Old Dr Jacob Townsend's Sarsaparilla came from—and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. He manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. We now more Sarsaparilla and Yellow Dock in our establishment each day, than all the other Sarsaparilla Manufacturers in the world. Principal Office, 126 Fulton-st.

READ THE AFFIDAVIT.

City and County of New-York, ss.

William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that if Sarsaparilla under the name of Town send could be well sold, so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare the recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital—said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not. WILLIAM ARMSTRONG.

Sworn to before me, this 24th day of May, 1849.
C. S. WOODHULL,
Mayor of the City of New York.

PROOF!! PROOF!!!

Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE
Albany Evening Journal.
Dr. Townsend's Sarsaparilla.

There probably never has been so popular a remedy, or patent medicine, as Dr. Townsend's Sarsaparilla, which was originally, and continues to be manufactured in this city, at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Clapp—here all the medicine is manufactured.

Few of our citizens have any idea of the amount of this medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India islands, South America, and events Europe, in considerable quantities. At the manufactory, they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c., and turn out, ready for shipment, over 400 dozen per day, or nearly 5000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time, other medicines for sale, that are called "Dr. Townsend's Sarsaparilla." One in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sarsaparilla," and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labor. Dr. S. P. Townsend, formerly of this city, is a well known here, is the inventor and original proprietor of the medicine known as "Dr. Townsend's Sarsaparilla," and we think those persons who are attempting to sell their article as the genuine, should be exposed.

FROM THE
New York Daily Tribune.

☞ We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the well known medicine of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in the *Tribune* as the original, &c. This advertisement also contained matter derogatory to the character of Dr. S. P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this explanation.

FROM THE
New York Daily Sun.

Dr. Townsend's extraordinary advertisement, which occupies an entire page of the Sun, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaparilla, and whose fortune is near four to ours, where he has been for several years, carrying on a lucrative business. He expends no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanac for 1849 exceeds 250,000, and has paid the New York Sun for advertising, in the last four years, over $10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any fraud or crime—and no Druggist of common intelligence but knows that ours is the only genuine.

Also, Dr. Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because there was an advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to imitate Dr. Townsend's medicine. They are seen in the market over ten years.

This Old Jacob Townsend,

who are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the express purpose. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the latter to deceive the public, and induce them to believe and assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish to be informed, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

False Pretences.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No. 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proprietors and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend.

A VERY WONDERFUL CURE—SELLERS' VERMIFUGE!

MERCER, Mercer co., Pa., Sept. 28, 1849.

R. E. Sellers: Dear sir: I bought one bottle of your Vermifuge at our Iron City Furnace store, at this place, and has performed what we consider quite a wonderful cure on one of my boys eight years old: he had been unwell for some time, so much so that I had given up all hope of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge—and I am happy to inform you of it having the desired effect of relieving my son. It passed, in the short space of 24 hours, 164 worms, some of them measuring as much as 14 and 15 inches long. I feel bound in justice to give you the above statement, so as you may make any use of my name that you think proper

Yours, very respectfully,

Passenger and Remittance Office.

HARNDEN & CO. continue to bring persons from any part of England, Ireland Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emigrants. We do not allow our passengers to be robbed by the swindling wramps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ship.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

Drafts drawn at Pittsburgh for any sum from £1 to £1000, payable at any of the provincial Banks in Ireland, England, Scotland and Wales.
