MISCELLANEOUS.

TO THE PUBLIC.

ABOUT four years since, I was traveling through the State of Ohio; while spending a few days in Sharon, I discovered a singular Metallic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from its uniformity of texture and singular appearance. I was led to believe it might be made useful, but for what purpose I had not the leasaiden. I commenced my experiments by burning it, boiling it, and pulverising it, and compounding it with various substances; and so strong was my confidence that it ever was valuable in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil, to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or slate; so that the substance when applied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become, and as the coating (after it turns to slate) is of (self) insoluble by Gre, consequently it protects the wood covered with it from the air, and where there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, fondly hoping that I would now be remunerated for all my outlay in time and money. The government, without any hesitation, granted me Letters Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

August 14, 1849. WM. BLAKE.

WE, the inhabitants of Sharon, have read the above statement of Mr. Blake, and believe it to be substantially correct, as we are knowing to most of the statements therein contained; and we will farther state, that we do not believe that there ever was a patent more honestly and laboriously earned, or more deservedly granted; as he pursued his experiments with the most indomitable perseverance under the most discouraging circumstances, as the public had not the least confidence that there could be any thing valuable made from the substance. He therefore had to encounter for years the jeers and sneers of nearly the whole community. Notwithstanding all this, he was indefatigable in the prosecution of his experiments, and we do not believe that there is one man in a thousand who would have persevered under all the circumstances. But he has at last triumphed over all obstacles, and we believe there is now but one opinion in awarding him the merit of this valuable discovery.

GEO. W. CRANE, HORACE GIBB, JONATHAN EVERHARD, LEWIS CHATFIELD, R. W. MILLER, BENJAMIN JONES, } Justices of the Peace.
} Trustees of Sharon.
WM. EVERITT, Township Clerk.
ALLEN HOWE, Treasurer.

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Mineral, to be mixed with oil, and used precisely as I use my patented article. I have been to those persons and warned them my patent. They say they do not intend to infringe or trespass upon my rights; that they have a right to do, grind, and sell; power, if they can find purchasers, that they are not bound to know what they are to do with it; that it is no infringement to sell it mixed with the oil to make the compound; and that those who buy, mix and use it, must take the responsibility. Most of them say that they believe it to be a good article, and prefer those that mix and use the compound, and some have said that what they wanted to use they should certainly purchase of me, as they did not intend to make themselves liable in any way. Now I feel myself in duty bound to expose this barefaced fraud upon the public, as I can call it by no milder name, where a man sells and receives pay for an article, the use of which he well knows subjects the purchaser and user to a prosecution and fine. Some of those who are engaged in the nefarious traffic, will unquestionably contend to the public that my patent will not stand, and that I dare not prosecute. Now, to such arguments I turn away from them, I want to some of those who were proclaiming that my patent was of no value, and made the following proposition; that they might select a judge and two lawyers who have had some practice in patent cases, and we would submit the patent to them, and if they decided that the patent was good, that they should stop all farther proceedings in the business; but if they should decide it would not, in their opinion, hold, I would agree to let them go on and sell all they could, without saying any thing to the public about them. This proposition they would not accede to. So far as the validity of my patent is concerned, I do not depend entirely upon my own judgment, although I have the fullest confidence in it, but I have submitted it to many of the judges, and several of the most eminent patent lawyers, who have, without exception, decided that a patent should issue, and would protect me in my discovery.

I grind the article to a fine power, and put it up in kegs, the which I call "SLATE PAINT FIRE AND WEATHER PROOF ARTIFICIAL SLATE."

I therefore give notice to all who buy and use the above mentioned compound for the purpose set forth in my patent, except from me or my authorized agent, that I shall hold them to a strict accountability, and shall commence suits at law against those who thus infringe upon my right. WM. BLAKE.

SHARON, Medina Co., Ohio, Aug. 14, 1849.

☞ TWO years trial of the above Fire and Weather Proof Artificial Slate on hands and for sale. The above we can recommend, for we have been using it in Buffalo and Rochester for the purpose set forth in our patent, except from me or my authorized agent, that I shall hold them to a strict accountability, and shall commence suits at law against those who thus infringe upon my right. WM. BLAKE.

SHARON, Medina Co., Ohio, Aug. 14, 1849.

☞ TWO years trial of the above Fire and Weather Proof Artificial Slate on hands and for sale. The above we can recommend, for we have been using it in Buffalo and Rochester for the purpose set forth in every particular. J. & H. PHILLIPS, Agt.

Wholesale Rooms up stairs, where a large assortment of New Goods has lately been received. [nov20

DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of a cure performed by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with ulcerations and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left thorax, bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—leaving most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health had become completely restored, so that she now weighs 20 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sat Evening Post.

For further information, inquire of Mrs Rose, No 146 Filbert st, Philadelphia.

For sale in Pittsburgh, at the PEARL TEA STORE, 72 Fourth st. nov27 Wood.

MEDICAL.

DR. TOWNSEND'S

Dr. S. P. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

The most Wonderful Medicine of the Age.

1,500,000 BOTTLES

MANUFACTURED YEARLY.

This Medicine is put up in Quart Bottles, and has cured more than

100,000 Cases of Chronic Disease,

within the last Ten Years—None is Genuine unless signed by S. P. TOWNSEND.

EXPOSE.

BY READING THE FOLLOWING AFFIDAVIT the Public will learn the origin, or rather where the recipe for making the stuff they call Dr. Jacob Townsend's Sarsaparilla, came from—and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. Its manufacture over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. We use more Sarsaparilla and Yellow Dock in our establishment each day, than all the other Sarsaparilla Manufacturers in the world. Principal Office, 156 Fulton st.

READ THE AFFIDAVIT.

City and County of New-York, ss.

William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1849, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 42 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Town send sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital—said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr S P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not.

WILLIAM ARMSTRONG

Sworn to before me, this 24th day of May, 1849.

C. S. WOODFALL,
Mayor of the City of New York

PROOF!! PROOF!!!

Here is proof conclusive that Dr S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE
Albany Evening Journal.

Dr. Townsend's Sarsaparilla.

There probably never has been so popular a remedy, or patent medicine, as Dr. Townsend's Sarsaparilla, which was originally, and continues to be manufactured in this city, at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business which accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Clapp—here all the medicine is manufactured.

Few of our citizens have any idea of the amount of this medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India islands, South America, and even to Europe, in considerable quantities. The establishment here they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c. and turn out, ready for shipment, over 400 dozen per day, or nearly 5000 bottles. This is an enormous quantity

The great sale the medicine has required, has indeed a number of men to get up imitations, and there is at the present time, other medicines for sale, that are called "Dr. Townsend's Sarsaparilla." One in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sarsaparilla," and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labors. Dr. S. P. Townsend, formerly of this city, is is well known here, is the inventor and original proprietor of the medicine known as "Dr Townsend's Sarsaparilla," and we think those persons who are attempting to sell their article as the genuine, should be exposed.

FROM THE
New York Daily Tribune.

☞ We published an advertisement inadvertently some time since, that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in the *Tribune* as the original, &c. This advertisement also contained matter derogatory to the character of Dr. S. P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this explanation.

FROM THE
New York Daily Sun.

Dr. Townsend's extraordinary advertisement which occupies an entire page of the Sun, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaparilla, and whose fame is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for last year exceeded, and has paid the New York Sun for advertising, in the last four years, over $10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customer. Men have been and is guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have read the papers, and not seen or heard of a short time, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine—it has been in the market over ten years.

Wm Old Jacob Townsend

are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that theirs is the Old Dr Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and has thus gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish many egregious falsehoods respecting Dr Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proprietors and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend.

AGENTS—Redding & Co., No. 8 State st; Mrs E. Fidler, No. 100 Court-street, Albany; Kidder, Jr., Lowell; Henry Pratt, Boston; Samuel Green, Worcester; Allison & Company, Lancaster; Balch & Son, Providence; and by druggists and merchants throughout the United States, West Indies and the Canadas.

For sale by R. E. SELLERS, Sole Agent for Pittsburgh; D. M. CURRY, Allegheny; A. PATTERSON, Birmingham. nov23-d3m

A VERY WONDERFUL CURE—SELLERS'

R E SELLERS: Dear Sir, I bought one bottle of your Vermifuge at the Iron City Furnace store, this place, and it has performed what we consider almost a wonderful cure on one of my boys eight years old; he had been ailing for some years, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge, and I am happy to inform you of its having the desired effect in relieving my son. He passed, on the short space of 24 hours, 104 worms, some of them measuring as much as 12 and 14 inches. You feel bound in justice to give you the above testimonial, as you may make any use of my name that you think proper

Yours, very respectfully, JONATHAN S. LITTLE.

☞ Prepared and sold by R E SELLERS, 57 Wood street; and sold by Druggists generally in the two cities. nov15

This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customer. Men have been and is guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have read the papers, and not seen or heard of a short time, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine—it has been in the market over ten years.

Wm Old Jacob Townsend

are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that theirs is the Old Dr Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and has thus gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish many egregious falsehoods respecting Dr Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proprietors and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend.

AGENTS—Redding & Co., No. 8 State st; Mrs E. Fidler, No. 100 Court-street, Albany; Kidder, Jr., Lowell; Henry Pratt, Boston; Samuel Green, Worcester; Allison & Company, Lancaster; Balch & Son, Providence; and by druggists and merchants throughout the United States, West Indies and the Canadas.

For sale by R. E. SELLERS, Sole Agent for Pittsburgh; D. M. CURRY, Allegheny; A. PATTERSON, Birmingham. nov23-d3m

A VERY WONDERFUL CURE—SELLERS'

R E SELLERS: Dear Sir, I bought one bottle of your Vermifuge at the Iron City Furnace store, this place, and it has performed what we consider almost a wonderful cure on one of my boys eight years old; he had been ailing for some years, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge, and I am happy to inform you of its having the desired effect in relieving my son. He passed, on the short space of 24 hours, 104 worms, some of them measuring as much as 12 and 14 inches. You feel bound in justice to give you the above testimonial, as you may make any use of my name that you think proper

Yours, very respectfully, JONATHAN S. LITTLE.

☞ Prepared and sold by R E SELLERS, 57 Wood street; and sold by Druggists generally in the two cities. nov15

TRANSPORTATION LINES.

HARDEN & CO'S

Passenger and Remittance Office.

HARDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and dispatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers, who either performed not all, or when it suited their convenience.

Drafts drawn at Pittsburgh for any sum from £1 to £1000, payable at any of the Provincial Banks in Ireland, England, Scotland and Wales.
