MISCELLANEOUS.

TO THE PUBLIC.

ABOUT four years since, I was traveling through the State of Ohio; while spending a few days in Aharon, I discovered a singular Metallic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from its uniformity of texture and singular appearance, I was led to believe it might be made useful, but for what purpose I had not the least idea. I commenced my experiments by burning it, boiling it, and pulverizing it, and compounding it with various substances, and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or slate; so that the substance when applied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become, and as the coating (after it turns to a slate) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and where there is no air, there is no blaze or combustion, therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for the invention of discovery, finally hoping that I would now be remunerated for all my outlay in time and money. The government, without any hesitation, granted me a Letter Patent for the sole right in manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years. WM. BLAKE

August 14, 1849.

WE, the inhabitants of Aharon, have read the above statement of Mr. Blake, and believe it to be substantially correct, as we are knowing to most of the statements therein contained; and we will farther state, that we do not believe that there ever was a patent more honestly and laboriously earned, or more deservedly granted; as he pursued his experiments with the most indomitable perseverance under the most discouraging circumstances, as the public had not the least confidence that there could be any thing valuable made from the substance. He therefore had to encounter the years the jeers and scoffs of nearly the whole community. Notwithstanding all this, he was unfaltering in his prosecution of his experiments, and we do not believe that there is one man in a thousand who would have persevered under all the circumstances. But he has at last triumphed over all obstacles, and we believe there is now but one opinion in awarding him the merit of this valuable discovery

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Mineral, to be mixed with oil, and used precisely as I use my patented article. I have been careful as I have my patents, that they are not infringed on by trespass upon my property, and I feel myself in duty bound to make the public aware that they have a right to dig, grind, and sell the powder, if they can find purchasers, but they are not bound to know what they are to do with it that it is an infringement until it is mixed with the oil to make the compound; and that those who buy, and use it, must take the responsibility. Most of them say that they believe that the patent is good against those that mix and use the compound, and some have said that what they wanted to obtain they should certainly purchase of me, as they did not intend to make themselves liable in any way. Now I feel myself in duty bound to expose the barefaced fraud upon the public, as I can call it by no milder name, where a man sells and receives pay for an article, the use of which he well knows subjects the purchaser and user to a prosecution and fine. Some of those who are engaged in the nefarious traffic, will unquestionably contend to the public that the patent will not stand, and that I dare not prosecute. Now, to take the argument away from them, I wish to inform some of those who were proclaiming that my patent was of no value, and made the following proposition: that they might select a judge and two lawyers who have had some practice in patent cases, and we would submit the patent to them, and if they decided that the patent was good, that they should stop all farther proceedings in the business, but if they should decide that it would not, in their opinion, hold, I would agree to let them go on and sell all they found without saying any thing to the public about them. This proposition they would not accede to. So far as the validity of my patent is concerned, I do not depend entirely upon my own judgment, although I have the fullest confidence in it; but I have submitted it to many of the judges, and several of the most eminent patent lawyers, who have, without exception, decided that in their opinion it was good, and would protect me in my discovery.

I send the article to a fine power, and put it up in barrels, the which are marked. "BLAKE'S PATENT FIRE AND WEATHER PROOF ARTIFICIAL SLATE."

I therefore give notice to all who buy and use the above mentioned mineral for the purpose set forth in my patent, except from me or my authorized agents, that I shall hold them to a strict accountability, and that I shall hold them to a law against those who thus infringe upon my rights.

STANTON Medina Co., O., Aug. 14, 1849. WM. BLAKE

☞ TWO TONS of the above Fire and Weather Proof Artificial Slate on hand and for sale. The Proof Artificial Slate can be made and for sale at the above we can recommend, for we have been using it for some 4 years, and know it to be what it is set forth in every particular. J. & H. PHILLIPS, Agt.

NEW AND VALUABLE INVENTION.

GLYNN'S WINDOW LOCK AND SPRING.

PATENTED, DECEMBER 19, 1849.

THIS is an article at great value to all persons engaged in building, or to those who have already built, and are without window fastening. While it furnishes a perfect substitute for pullies and weights, it is a saving of at least $2 to each window, it affords the safest fastening that has ever been brought into use.

The utility and convenience of this Spring over all others, is, that by one thumb piece, hasts each of the window can be raised or lowered. It requires only to be known to be appreciated.

Persons wishing to buy the article, or to have it put into their windows, or the right of selling it for counties in this State, may apply to the subscribers at the FERRY HOUSE, on the Allegheny river, Pittsburgh, Pa. J. S. TURNER,
G. P. MAYO

A large assortment, including a few pieces very wide and superior. Buyers are invited to look at them, at North East corner of Fourth and Market sts.

Wholesale Rooms up stairs, where a large assortment of New Goods has lately been received. (nov20

DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of a cure performed on her by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with RECROSES or WHITE SWELLINGS, attended with ulcerations and exfoliation of various bones, during which time many pieces have been discharged from the internal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the femores, bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishing happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sun, Eve Post.

For further information, inquire of Mrs. Rose, No. 126 Filbert st, Philadelphia.

For sale in Pittsburgh, at the PEKIN TEA STORE, 73 Fourth st. near Wood. jy2

MEDICAL.

DR TOWNSEND'S

OFFICE. MANUFACTORY

Dr. S. P. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

The most Wonderful Medicine of the Age.

1,500,000 BOTTLES

MANUFACTURED YEARLY.

This Medicine is put up in Quart Bottles, and has cured more than

100,000 Cases of Chronic Disease,

within the last Ten Years.—None is Genuine unless signed by S. P. TOWNSEND.

EXPOSE.

BY READING THE FOLLOWING AFFIDAVIT the Public will learn the origin, or rather where the recipe for making the stuff they call Old Dr. Jacob Townsend's Sarsaparilla, came from—and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has obtained a reputation that no other remedy ever gained. He manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. We use more Sarsaparilla and Yellow Dock in our establishment each day, than all the other Sarsaparilla Manufacturers in the world. Principal Office, 183 Fulton-st.

READ THE AFFIDAVIT.

City and County of New-York, ss.

William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 63 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Poste, Esq., Book Publisher, with whom said Townsend had frequent conversations. That said Townsend had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not able to hire easy in his old days some money. In order to live easy in his old days and that if Sarsaparilla made the name of Townsend, and so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (in the same being Townsend.) If he could get a capable person to prepare, a recipe, and manufacture it for him. Deponent in one of the conversations stated said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him whenever he should commence. But that he did not care for he should commence. But that he did not care for he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he was wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen for exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital. Said Townsend further stated that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not.

WILLIAM ARMSTRONG

Sworn to before me, this 24th day of May, 1849.

C. S. WOODHULL,
Mayor of the City of New York.

PROOF!! PROOF!!

Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE
Albany Evening Journal.

Dr. Townsend's Sarsaparilla.

There probably never has been so popular a remedy, or patent medicine so far in advance of all others in its estimation, and continues to be manufactured in this city, at first by the Doctor himself, afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr Clapp—have all the medicine is manufactured here.

Few of our citizens have any idea of the amount of the medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India Islands, South America, and even to Europe, in considerable quantities. At the manufactory they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c., and turn out, ready for shipment, over 500 dozen per day, or nearly 6000 bottles. This is an enormous quantity

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time, other medicines for sale, that is at the present time, other medicines for sale, that are called "Dr. Townsend's Sarsaparilla." One in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sarsaparilla," and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labors. Dr. S. P. Townsend, formerly of this city, as is well known here, is the inventor and original proprietor of the medicine known as "Dr Townsend's Sarsaparilla" and we think those persons who are attempting to sell their article as the genuine, should be exposed.

FROM THE
New York Daily Tribune.

☞ We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months stepped or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in The Tribune as the original, &c. This advertisement also contained matter derogatory to the character of Dr. S. P. Townsend and that of his agents. We regret it appeared, and in justice to the Dr. make this explanation.

FROM THE
New York Daily Sun.

Dr. Townsend's extraordinary advertisement, which occupies an entire page of the Sun, will not attract notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaparilla, and whose fortune is next door to ours, where he has been for several years, is driving an immense business. He receives of late than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not meet the demand. No medicine ever gained so great popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost $2,000, and he has paid the New York Sun for advertising, in the last four years, over $10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customer. Any person who is guilty of such an act, would commit any other fraud and so Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It was less than one year since they commenced to make their medicine and it has been in the market over ten years.

This Old Jacob Townsend.

are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same thing the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original, and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years and has gained such a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suit against them for the damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the patients and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend

AGENTS.—Redding & Co., No 8 State street, and Mrs. E. Ridder, No. 100 Court-street, Boston; Samuel Ridder, Jr., Lowell; Henry Pratt, Salem; James B Kidder, Jr., Lowell; Allison & Cavill, Concord, J Green, Worcester; Allison & Cavill, Concord, J Selch & Son, Providence, and by druggists and merchants generally throughout the United States, West Indies and the Canadas

A VERY WONDERFUL CURE—SELLERS'

VERMIFUGE.

MARION, Marion co., Pa. Sept 29, 1849

R E Sellers: Dear Sir: I bought one bottle of your Vermifuge at the Iron City Furnace store, at this place, and it has performed what we consider a most wonderful cure on one of my boys eight years old he had been unwell for some years, so much so that I had given up all hope of his recovery. I was advised by a number of my neighbors to try a bottle of your Vermifuge, and I am happy to inform you of it having the desired effect of relieving my son. He passed, in the short space of 24 hours, 101 worms, some of them measuring as much as 9 and 11 inches long. I feel bound in justice to give you this above certificate, so as you may make any use of it you think proper

Yours, very respectfully,

☞ Prepared and sold by R E SELLERS, 57 Wood street, and sold by Druggists generally in the two cities. nov15

TRANSPORTATION LINES.

HARNDEN & CO'S

Passenger and Remittance Office.

HARNDEN & CO. continue to bring persons from any part of England, Ireland Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and dispatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their sudion.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, when at some offices,—who either performed not all, or when it suited their convenience.

Drafts drawn at Pittsburgh for any sum from £1 to £1000, payable at any of the provincial Banks in Ireland, England, Scotland and Wales.

NEW ARRANGEMENT.

SPEED INCREASED.

EXPRESS FAST PACKET LINE,

(Exclusively for Passengers)

VIA THE GREAT CENTRAL RAIL ROAD, *VIA PHILADELPHIA AND BALTIMORE.*

THE public are informed that on and after Saturday the 1st of September, the passengers by this Line will be carried over the Central Rail Road from Lewistown to Harrisburgh, and from thence to Philadelphia by the Harrisburgh and Columbia Rail Roads. By this new arrangement passengers will go through in one day less time than heretofore.

The Packets of this Line are new and of the best class. This route for safety, speed and comfort, is the most preferable now in use to the Eastern cities.

Rail Roads are all passed in day light. Time, 3 days. Fare, Ten Dollars. For information apply to

W SUTCH, Monongahela House.
or DR LEECH & CO, Canal Basin.

NEW ROUTE

TO BALTIMORE AND PHILADELPHIA.

THE SHORTEST ROUTE BY TWENTY-SIX MILES

Via Youghiogheny River.

THE splendid new and fast running U. S. Mail steam packet,

JAMES A. BARNES,

Capt. A. B. FUNS, Master, will run as a daily packet (Sundays excepted) between PITTSBURGH and WEST NEWTON, on the Pittsburgh and Youghiogheny river. Leaves West Newton from the upper Wharf Boat, every morning at 9 o'clock, returning, leaves Pittsburgh at 2 o'clock, P. M. passing the Monongahela bridge, every evening at 4 o'clock.

GOODS received by Agents on board the Wharf Boats.

☞ The Farmer has been built expressly for the Youghiogheny river, and the public may rely on her remaining permanently in this trade.

Particular attention paid to all way freight and passengers. JAMES MORGAN,
Agent.

Youngstown and New Castle Canal Packets.

THE packet BEAVER, Capt. Stanley, will leave Beaver regularly on Monday, Wednesday and Friday evenings at 6 P. M., and arrive at Youngstown next morning at 9 o'clock—returning, leaves Youngstown every Tuesday, Thursday and Saturday evenings at 6 P. M., and reach Beaver in time for the morning boat, ALLEGHENY CLIPPER, arriving at Pittsburgh at 12 o'clock.

The packet HARKAWAY, Capt. Downing, will leave Beaver Tuesday, Thursday and Saturday evenings at 6 P. M., returning, will leave New Castle, Monday, Wednesday and Friday evenings at 6 P. M. also connecting with the morning packet Beaver.

Neither boat will be allowed to pass the other.

These packets are filled up in complete order, have fine accommodations for passengers, and shipper's freight will be promptly and greatly expedited by the opening of Canal navigation, and the shortest route, by Canals and the Lakes.

☞ Liberal advances made by either of the above on Flour, Wool and other merchandise consigned to them for sale. mar13

TRANSPORTATION.

NEW EXPRESS ARRANGEMENT.

1849.

ADAMS & CO'S LINE.

THE citizens of PITTSBURGH and its vicinity are respectfully informed that we have no connection with any other Western Express, and are now prepared to forward PACKAGES, MERCHANDISE, &c., from Boston, New York, Philadelphia and Baltimore, to Pittsburgh and other Western Cities, with extraordinary expedition and REASONABLE CHARGES.

At Baltimore we have associated with us Dr. W. S. WOODSIDE, who was for fifteen years superintendent of the Baltimore and Ohio Rail Road Company, HOWARD KENNEDY, Esq., for many years principal confidential agent of the Post Office; and G. W. Case, Esq., of Brownsville, Pa. These gentlemen will give personal supervision to the Line from Baltimore to Pittsburgh.

From Philadelphia we shall run THREE Daily Express Lines, arriving at Pittsburgh respectively in Two, Three and Four Days. One Two Day Line will run at usual speed, and is principally intended for small and valuable Packages. We shall invariably receipt for TIME and PRICE.

We have an arrangement with Messrs. EDWARDS, HAIS & CO'S TRANSATLANTIC EXPRESS, by which we can forward Packages to, or transact Commissions in, Great Britain, France, and most of the Continental Cities. Messrs. Edwards Hais & Co unite in England with the well known great forwarding house of Messrs. CHAPLIN & HORN, and in France with the "Messageries Nationale."

We shall spare no expense or exertion to get our goods through with the utmost despatch, and endeavor to furnish the public with a really well conducted Express. Small parcels and packages will be carried by us at extremely low rates.

Persons wishing to use our Lines are respectfully requested to particularly order their correspondents to ship by "ADAMS & CO'S EXPRESS."

ADAMS & CO.

Philadelphia, Nov 10. 1 S DILWORTH,
The Agency of the above Express Line will be conducted at this city by Water street.

MONONGAHELA ROUTE.

Only 73 Miles Staging.

Via Brownsville and Cumberland to Baltimore and Philadelphia.

THE morning boat leaves the wharf, above the bridge, daily, at 8 o'clock precisely. Time to Philadelphia, 40 hours.

The evening boat leaves daily, (except Sunday evenings) at 4 o'clock. Passengers by this evening boat, will cross the mountains in stages next day, and thus avoid night travel.

Secure your tickets at the Office, Monongahela House, or St. Charles Hotel.

MEDICAL.

SELLERS' FAMILY MEDICINES.—They are the Medicines of the day.

HANOVER STATION, Ohio, May 7th, 1849.

R. E. Sellers: I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, and respectfully answering for capellingi (or nightly, one visit frequently answering for two children) quantities (say 1 to 300
