

MISCELLANEOUS.

TO THE PUBLIC.

ABOUT four years since, I was traveling through the State of Ohio, while spending a few days in Sharon, I discovered a singular Metalic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from its uniformity of texture and singular appearance, I was led to believe it might be made useful, but for what purpose I had not the least idea. I commenced my experiments by burning it, boiling it, and pulverizing it, and compounding it with various substances; and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or slate; so that the substance when applied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become, and as the coating (after it turns to slate) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and where there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, fondly hoping that I should now be remunerated for all my outlay in time and money. The government, without any hesitation, granted to me *Letters Patent* for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

August 14, 1849. WM. BLAKE.

WE, the inhabitants of Sharon, have read the above statement of Mr. Blake, and believe it to be substantially correct, as we are knowing to most of the statements therein contained; and we will farther state, that we do not believe that there ever was a patent more honestly and laboriously earned, or more deservedly granted; as he pursued his experiments with the most indomitable perseverance under the most discouraging circumstances, as the public had not the least confidence that there could be any thing valuable made from the substance. He therefore had to encounter for years the jeers and scoffs of nearly the whole community. Notwithstanding all this, he was indefatigable in the prosecution of his experiments, and we do not believe that there is one man in a thousand who would have persevered under all the circumstances. But he has at last triumphed over all obstacles, and we believe there is now but one opinion in awarding him the merit of this valuable discovery.

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Mineral, to be mixed with oil, and used precisely as I use my patented article. I have been to those persons and shown them my patent. They say they do not intend to infringe or trespass upon my rights; that they have a right to dig, grind, and sell the powder, if they can find purchasers; that they are not bound to know what they are to do with it; that it is no infringement until it is mixed with the oil to make the compound; and that those who buy, mix and use it, must take the responsibility. Most of them say that they believe that the patent is good against those that mix and use the compound, and some have said that what they wanted to use they should certainly purchase of me, as they did not intend to make themselves liable in any way. Now I feel myself in duty bound to expose this barefaced fraud upon the public; as I can call it by no milder name, where a man sells and receives pay for an article, the use of which he well knows subjects the purchaser and user to a prosecution and fine. Some of those who are engaged in this nefarious traffic, will unquestionably contend to the public that my patent will not stand, and that I dare not prosecute. Now, to take this argument away from them, I went to some of those who were proclaiming that my patent was of no value, and made the following proposition: that they might select a judge and two lawyers who have had some practice in patent cases, and we would submit the patent to them, and if they decided that the patent was good, that they should stop all farther proceedings in the business; but if they should decide that it would not, in their opinion, hold, I would agree to let them go on and sell all they could, without saying any thing to the public about them. This proposition they would not accede to. So far as the validity of my patent is concerned, I do not depend entirely upon my own judgment, although I have the fullest confidence in it; but I have submitted it to many of the judges, and several of the most eminent patent lawyers, who have, without exception, decided that in their opinion it was good, and would protect me in my discovery.

I grind the article to a fine power, and put it up in barrels, the which are marked: "BLAKE'S PATENT FIRE AND WEATHER PROOF ARTIFICIAL SLATE."

I therefore give notice to all who buy and use the above mentioned mineral for the purpose set forth in my patent, except from me or my authorized agents, that I shall hold them to a strict accountability, and shall commence suits at law against those who thus infringe upon my right. WM. BLAKE.

SHARON, Medina Co., O., Aug. 14, 1849.

☞ TWO TONS of the above Fire and Weather Proof Artificial Slate on hands and for sale. The above we can recommend, for we have been using it for some 4 years, and know it to be what it is set forth in every particular. J. & H. PHILLIPS, Agt.

NEW AND VALUABLE INVENTION!

GLYNN'S WINDOW LOCK AND SPRING.

PATENTED, DECEMBER 19, 1849.

THIS is an article of great value to all persons engaged in building, or to those who have already built, and are without window fastening. While it furnishes a perfect substitute for pullies and weights, at a saving of at least $2 to each window, it affords the safest fastening that has ever been brought into use.

The utility and convenience of this Spring over all others, is, that by one thumb piece, both sash of the window can be raised or lowered. It requires only to be known to be appreciated.

Persons wishing to buy the article, or to have them put into their windows, or the right of selling it for counties in this State, may apply to the subscribers at the PERRY HOUSE, on the Allegheny river, Pittsburgh, Pa.

DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of a cure performed on her by **Dr. Jayne's Alterative,** which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with ulcerations and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femora bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable prepation.—[Sat. COMPOUND EXTRACT OF

SARSAPARILLA,

The most Wonderful Medicine of the Age,

1,600,000 BOTTLES

MANUFACTURED YEARLY.

This Medicine is put up in Quart Bottles, and has cured more than

100,000 Cases of Chronic Disease,

within the last Ten Years.—None is Genuine unless signed by S. P. TOWNSEND.

EXPOSE.

BY READING THE FOLLOWING AFFIDAVIT the Public will learn the origin, or rather where the recipe for making the stuff they call Old Dr. Jacob Townsend's Sarsaparilla, came from—and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. He manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. We use more Sarsaparilla and Yellow Dock in our establishment each day, than all the other Sarsaparilla Manufacturers in the world. Principal Office, 126 Fulton-st.

READ THE AFFIDAVIT.

City and County of New-York, ss.

William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No. 43 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him.

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital—said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as Old Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not.

WILLIAM ARMSTRONG.

Sworn to before me, this 24th day of May, 1849.

C. S. WOODHULL,
Mayor of the City of New York.

PROOF!! PROOF!!!

Here is proof conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE Albany Evening Journal.

Dr. Townsend's Sarsaparilla.

There probably never has been so popular a remedy, or patent medicine, as Dr. Townsend's Sarsaparilla, which was originally, and continues to be manufactured in this city, at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Clapp—here all the medicine is manufactured.

Few of our citizens have any idea of the amount of this medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India Islands, South America, and even to Europe, in considerable quantities. At the manufactory they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c., and turn out, ready for shipment, over 400 dozen per day, or nearly 5000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time, other medicines for sale, that are called "Dr. Townsend's Sarsaparilla." One in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sarsaparilla," and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labors. Dr. S. P. Townsend, formerly of this city, as is well known here, is the inventor and original proprietor of the medicine known as "Dr. Townsend's Sarsaparilla," and we think those persons who are attempting to sell their article as the genuine, should be exposed.

FROM THE New York Daily Tribune.

☞ We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in *The Tribune* as the original, &c. This advertisement also contained matter derogatory to the character of Dr. S. P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this explanation.

FROM THE New York Daily Sun.

DR. TOWNSEND's extraordinary advertisement, which occupies an entire page of the SUN, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaparilla, and whose office is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost $22,000, and he has paid the New York Sun for advertising, in the last four years, over $10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine —ours has been in the market over ten years.

This Old Jacob Townsend

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that their's is the Old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c., &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No. 82 Nassau-street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proprietors and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend.

A VERY WONDERFUL CURE—SELLERS' VERMIFUGE.

MERCER, Mercer co , Pa., Sept. 29, 1849.

R. E. Sellers: Dear Sir, I bought one bottle of your Vermifuge at the Iron City Furnace store, at this place and it has performed what we consider out here a wonderful cure on one of my boys eight years old; he had been unwell for some years, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge—and I am happy to inform you of it having the desired effect of relieving my son. He passed, in the short space of 24 hours, 164 worms, some of them measuring as much as 12 and 14 inches long. I feel bound in justice to give you the above statement, so as you may make any use of my name that you think proper.

HARNDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emmigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

NEW EXPRESS ARRANGEMENT.

1849.

ADAMS & CO'S LINE.

THE citizens of PITTSBURGH and its vicinity are respectfully informed that we have no connection with any other Western Express, and are now prepared to forward PACKAGES, MERCHANDISE, &c., from Boston, New York, Philadelphia and Baltimore, to Pittsburgh and other Western Cities, with extraordinary expedition and REASONABLE CHARGES.

At Baltimore we have associated with us Dr. W. S. WOODSIDE, who was for fifteen years superintendent of the Baltimore and Ohio Rail Road Company; HOWARD KENNEDY, Esq., for many years principal confidential agent of the Post Office; and G. W. CASS, Esq., of Brownsville, Pa. These gentlemen will give personal supervision to the Line from Baltimore to Pittsburgh.

From Philadelphia we shall run THREE Daily Express Lines, arriving at Pittsburgh respectively in Two, Three and Four Days. One Two Day Line will run at mail speed, and is principally intended for small and valuable Packages. We shall invariably receipt for TIME and PRICE.

We have an arrangement with Messrs. EDWARDS, HALE & Co's TRANSATLANTIC EXPRESS, by which we can forward Packages to, or transact Commissions in, Great Britain, France, and most of the Continental Cities. Messrs. Edwards Hale & Co. unite in England with the well known great forwarding house of Messrs. CHAPLIN & HORN, and in France with the "Messageries Nationale."

We shall spare no expense or exertion to get our goods through with the utmost despatch, and endeavor to furnish the public with a really well conducted Express. Small parcels and packages will be carried by us at extremely low rates.

Persons wishing to use our Lines are respectfully requested to particularly order their correspondents to ship by "ADAMS & CO'S EXPRESS."

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth
Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure unadulterated article, without any chemical change, but just as flows from Nature's Great Laboratory!! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION (in its early stage,) Asthma, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarhœa, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c., &c. In cases of debility resulting from exposure, or long and protracted cases of disease this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of Life! The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it. None genuine without the signature of the proprietor.

SELLERS' FAMILY MEDICINES—"They are the Medicines of the day."

GRAHAM'S STATION, Ohio, May 25, 1849.

R. E. Sellers: I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial frequently answering for expelling large quantities (say 1 to 200) worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have in every instance produced the effect desired.

As I am engaged in merchandising, I am able to state that I have yet to hear of the first failure where your medicines have been used in my section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully,
C. H. PINNELL.

SHORT CREEK, Ohio county, Va. }
March 20th, 1849. }

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,
D H COLEMAN.

West Liberty, March 20, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP

DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church. The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with [illegible] effect was furnished with a bottle of Dr D Jayne's Carminative Balsam: This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend Dr D Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A SHINN

VALUABLE DISCOVERY!

CONSUMPTIVES, BE ON YOUR GUARD.

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs: the most effectual and speedy cure ever known for any of the above diseases is

DR. SWAYNE'S

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of its truth, and commends itself in a special manner to universal credence."—O'Hogan's Moral Maxims.

READ THE HOME CERTIFICATES.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER Co., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, still increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine: I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Grocer, West Chester, Pa., of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of emperics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at that time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudent I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much smaller number of bottles would have made me sound, but the above indiscretion. The Syrup allayed the fever, hectic habit, took away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure.

REV. J. P. JORDAN.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature: and as a further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "fictitious nostrums" by stealing the name of Wild Cherry. Remember, always bear in mind the name of Dr. Swayne and be not deceived.

GAY'S EXTRACT OF CANCHALAGUA,

A CALIFORNIA PLANT OF RARE MEDICAL VIRTUES.

A CERTAIN PREVENTIVE AND CURE FOR FEVER AND AGUE,

Consumption, Coughs, Colds, Influenza, Asthma, Bronchitis, Scrofula, Gout, Rheumatism, Neuralgia, Erysipelas, Lumbago, Paralysis, Pleurisy, Jaundice, Dyspepsia, Costiveness, Dysentery, Dropsy, Liver Complaints, Piles, Bilious Complaints, Nervous Affections, Cutaneous Disorders, Fevers in General, Hemorrhages, Fluxes, Obstructions, Increased Discharges, Depraved and Defective Appetites, Indigestion, and all Diseases originating in Constipation of the Bowels, or Impurity of the Blood, or which tend to enervate the system. It gives tone and vigor to the Digestive Organs, and is remarkable for its ANIMATING, STRENGTHENING AND RESTORATIVE POWERS, operating as a gentle stimulant, and invigorating the impaired functions, in all cases of headache, weakness, lassitude, depression of spirits and debility. It is irresistible in subduing febrile, nervous, spasmodic and cutaneous disorders, and can be relied upon as an infallible remedy for weakness, nervous debility, and most diseases peculiar to females. Taken in the spring or fall of the year, it is invaluable as a Family Medicine, in preparing the system to sustain the changes of our climate. As no mineral substance whatever enters into the composition of this medicine, it may be offered to the most delicate female or youngest child, without apprehension.

Wherever and whenever there is a tendency to those diseases which originate in vitiated blood, constipation of the bowels, diseased liver, or predisposition to affections of the lungs, it will be found highly beneficial, and will require no restraint from ordinary occupations.

An immense number of persons have used the celebrated Canchalagua of California since its recent introduction into this country by Mr. Gay; and they all concur in stating that one of its most astonishing properties is its IMMEDIATE *and* EFFECTUAL *action upon the blood.* A freer and more rapid circulation is at once produced, and the slightest wound will readily prove how liquid and pure the blood at once becomes. A single bottle of the same will be found to contain *one third* more doses than a quart bottle of Sarsaparilla, whilst from its condensed form, the freight on the same will not be *one fourth* as much; besides this, it contains no syrup or ingredient likely to ferment and sour in warm climates.

CONCLUSIVE TESTIMONY AND PROOF POSITIVE.

NORTHAMPTON, February 7, 1849.

DEAR SIR:—I have long wished to see you, that I might give you an accurate account of the remarkable cure of my only daughter, of a violent case of scrofula. She is now almost three years of age. In February last, putrid sores upon the lips, face and glands, made their appearance; and increased with fearful rapidity; and one of her eyes became so badly ulcerated, that to all appearance it could never again be restored. This continued for six weeks, the child being a most horrible sight, and the hearts of her parents almost broken. During the whole of this period we used SARSAPARILLA IN LARGE QUANTITIES, but the disease was not arrested in the least. While the disease was still at its height, I happened one day to call at the store of your very gentlemanly agent in this place, and relating the manner in which our child was afflicted, he advised me to make a trial of your Canchalagua. I took but one bottle, having no confidence in it, but commenced giving it according to your directions, stopping all other medicines at once, and in just five days the swelling visibly decreased, the ulcer began to heal, and she improved rapidly for three weeks, and to our very great joy was apparently cured—less than two bottles having been used. Naming this case to some of our incredulous friends, they seemed to think the cure must in part have been effected by the use of the SARSAPARILLA, and it was not easy, under the circumstances, to argue against that opinion: BUT NOW FOR THE PROOF. When the child appeared to be perfectly cured, we stopped giving her your extract, supposing all was safe; but in twenty-five days the same eruptions, running at the eye, and swelling began to return. We waited five days to see if it would amount to anything serious. It increased rapidly as before. We again commenced giving her your medicine, and in five days, (the same period of time as before,) she began to grow better; and in about two weeks was well again. We continued giving the extract for three or four weeks longer, and then stopped its use entirely. From that day to this the child has been perfectly well, and is now as fine a picture of health as was ever seen, not a scar or pit remaining to mar her beauty.

My father, Isaac Hodges, of North Adams, Mass., a PHYSICIAN, came to see us, with the intention of prescribing for her, but as we were using your medicine with success, and the child improving rapidly, he did not condemn it, but left his own prescription to be used in case your extract failed.

It is needless to add that we had no occasion for it, and I am sure he will now recommend your medicine in similar cases. Let me myself ask of every one who has any affliction of this kind, to make a trial of your invaluable Canchalagua, and am certain they will be rewarded tenfold.

MEDICAL.

SALTER'S
GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has tended the use of the

GINSENG PANACEA

n all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changable weather which marks our fall and winter months, is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

COSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and olds? is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers. These, with a mass of testimony from all parts of the country,—from

MEDICAL MEN OF THE FIRST STANDING,

Ministers of the Gospel, &c., together with copious notices from the

JOURNALS OF THE DAY,

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been used in this city.

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

SINGLE INSTANCE

n which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? Why resort to the miserable nostrums, gotten up by unknown individuals under the assumed name of some celebrated physician, and puffed into notoriety by certificates of persons equally unknown? Whilst a medicine of

UNPARALLELED EFFICACY

is to be had, whose vouchers are at home,—our neighbors,—many of whom it has

SNATCHED FROM THE GRAVE.

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

ONLY FIFTY CENTS,

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village over the west, who are prepared to give full information relative to it. T. SALTER, Proprietor,
Broadway, Cincinnati, Ohio.

M'ALLISTER'S OINTMENT

CONTAINING NO MERCURY, or other Mineral.—It has power to cause all EXTERNAL SORES, SCROFULOUS HUMORS, SKIN DISEASES, POISONOUS WOUNDS to discharge their putrid matters, and then heals them.

It is rightly termed ALL-HEALING, for there is scarcely a disease external or internal, that it will not benefit. I have used it for the last sixteen years for all diseases of the chest, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one case has it failed to benefit when the patient was within the reach of mortal means.

I have had physicians learned in the profession. I have ministers of the gospel, judges of the bench, aldermen, lawyers, gentlemen of the highest erudition, and multitudes of the poor use it in every variety of way, and there has been but one voice—one universal voice saying—"M'ALLISTER, YOUR OINTMENT IS GOOD!"

RHEUMATISM—It removes almost immediately the inflammation and swelling, when the pain ceases. (R the directions around the box.)

D-ACHE—The salve has cured persons of the head-ache of twelve years standing, and who had it regular every week so that vomiting took place. EAR-ACHE, TOOTH-ACHE, and AGUE IN THE FACE, are helped with like success.

SCALD HEAD—We have cured cases that actually defied every thing known, as well as the ability of fifteen to twenty doctors. One man told us he had spent [illegible] on his children withou any benefit, when a few boxes of Ointment cured them.

TETTER—There is nothing better for the cure of Tetter.

BURNS—It is one of the best things in the world for Burns.

PILES—Thousands are yearly cured by this Ointment. It NEVER fails in giving relief for the Piles.

☞ Around the box are directions, for using *M'Allister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quincy, Sore Throat, Bronchitas, Nervous Affections, Pains, Disease of the Spine, Head ache, asthma, Deafness, Ear ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, cold Feet, Croup, Swelled or Broken Breast, Tooth ache, Ague in the Face, &c. &c.*

COLD FEET—Liver Complaint, pain in the Chest and Side, falling off of the hair, or the other accompanies cold feet. (This Ointment is the true remedy.) It is a sure sign of disease to have cold feet.

CORNS—Occasional use of the Ointment will always keep corns from growing. People need never be troubled with them if they use it frequently.

☞ This Ointment is good for any part of the body or limbs when inflamed. In some cases it should be applied often.

CAUTION—No Ointment will be genuine unless the name of JAMES McALLISTER is written with a pen on every label.

Facts for the Public,
In relation to that unrivalled family Salve,

DALLEY'S MAGICAL PAIN EXTRACTOR.

TESTIMONY of a respectable Physician.—Read the following, addressed to my Agent, Mr. F. Merryweather, Cincinnati:

CINCINNATI, Feb. 12, 1849.

Sir: A sense of duty compels me to give my tribute to Dalley's Pain Extractor. Being opposed to quackery and all nostrums having for their object sinister motives—but realising much good from the "King of Pain Killers"—I am induced to tender you this certificate. I have used it in my family, in my practice, and with all the happy and wonderful effects that could possibly be imagined. H. J. BRODIE, M. D.

Dr. Brodie is the senior partner of Brodie & Levi, Druggists.

Inflammatory Rheumatism.

The following testimonial comes from a source familiar to many of those traveling on our Western waters. Mr. Glime, the well and favorably known proprietor of the Parkersburg Hotel, is husband to the lady whose letter I annex;

PARKERSBURG, Va, April 12, 1849.

To Henry Dalley, Chemist, &c.—Sir: Having formerly been long afflicted with violent inflammatory Rheumatism, which appeared so firmly seated as to defy all ordinary appliances to allay the severe pain attending it, I was induced to try your Magical Pain Extractor; and it having effected, almost as if by magic, an immediate relief, and also, to all appearances an entire and perfect cure, I am induced for the benefit of others who may be afflicted with pain, caused by any kind of inflammation, to write to you, declaring that in my opinion, founded on actual experience your Magical Pain Extractor is the most valuable discovery of the present age for the immediate extraction of bodily pain. It is an almost immediate and a perfect cure for Burns and Scalds, and all external inflammation.

Having many acquaintances formed by their visits at my husband's hotel in this place, I have supposed by your showing them these few lines, it may possibly be of benefit both to them and yourself.

ELIZABETH GLIME.

[I entertain the hope that Mrs. Glime will pardon the publicity I give to her letter, as well on the score of humanity as of its being the surest mode of bringing it to the notice of her friends.—H. DALLEY.]

Felon Cured.

Extract of a letter, dated

BELMONT, Ky. Nov. 29, 1848.

Mr. H. Dalley: "I have tried your Pain Extractor in a case of felon, in my own family, which it relieved and cured in a very short time." In haste, yours respectfully, JAS. M. YOUNG.

☞ Burns and Scalds, Piles, Sore Nipples, Broken Breast, Eruptions, Sores, Cuts, Wounds, and all inflammation, yields readily to the wonderful properties of this unrivalled family salve. But, in the same proportion that you will receive benefit from the genuine, you will be injured by the deleterious effects of the counterfeit salves.

CAUTION—Be sure and apply *only* to the inventor, H. DALLEY, 415 Broadway, New York, or to his authorized agents. JOHN D MORGAN,
General Depot, Pittsburgh.

Henry P. Schwartz, Allegheny, Agent; J. Baker, Wheeling, Va.; James W Johnston, Maysville, Ky.; F. Merryweather, Cincinnati, O., General Depot.

SELLERS' COUGH SYRUP.—From W. K. Boden, Esq., Clerk of the Court of Quarter Sessions of Beaver County:

Mr. R. E. Sellers—Sir, Some time in the winter my wife was afflicted with a severe and distressing cough, and hearing of your invaluable Cough Syrup, I purchased a bottle from S. T. Trimble, of Bridgewater, and after taking a portion of it two or three evenings on going to bed, she found immediate relief; as also several friends have been relieved in severe cases. I am therefore satisfied that it is a safe and valuable medicine, and would recommend it to those who may be afflicted with severe Coughs and Colds.

CURE FOR WORMS.
B. A. FAHNESTOCK'S VERMIFUGE.
CHANGE OF EXTERNAL WRAPPER.

IN order to afford all possible security to the public, as well as to themselves, against fraud and imposition from counterfeiting, the proprietors have made a change in the exterior wrapper or lable of their Vermifuge. The new label, which is a steel engraving of the most exquisite design and workmanship, has been introduced at a very great expense, and is from the brain of an artist of the first talent. The design is new, and the execution elaborate. Several figures and a portrait are most prominent, but the word "VERMIFUGE," printed in white letters on a red and finely engraved ground, should be particularly examined.—When held up to the light the letters, shading of the letters and every line, however minute, throughout the whole of this part of the engraving match as exactly as if the impression had been made upon one side only, although it is actually printed on both sides of the paper. This should in all cases be observed. A label upon each dozen is also printed in red upon both sides, and should be examined in the same manner.

This preparation has now stood the test of many years trial, and is confidently recommended as a safe and effectual medicine for expelling worms from the system. The unexampled success that has attended its administration in every case where the patient was really afflicted with worms, certainly renders it worthy the attention of physicians.

The proprietor has made it a point to ascertain the result of its use in such cases as came within his knowledge and observation—and he invariably found it to produce the most salutary effects—not unfrequently after nearly all the ordinary preparations recommended for worms had been previously resorted to without any permanent advantage. This fact is attested by the certificates and statements of hundreds of respectable persons in different parts of the country, and should induce families always to keep a vial of the preparation in their possession. It is mild in its operation, and may be administered with perfect safety to the most delicate infant.

The only genuine is prepared by

Great English Remedy.

FOR Coughs, Colds, Asthma and Consumption! The GREAT AND ONLY REMEDY for the cure of the above diseases, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, brochitis, difficulty of breating, hectic fever, night sweats, emaciation and general debility, asthma, influenza, whooping cough and croup.

Sold in large bottles, at $1 per bottle, with full directions for the restoration of health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this great English Remedy, may be obtained of the Agents, gratuitously.
