TO THE PUBLIC.

ABOUT four years since, I was traveling through the State of Ohio; while spending a few days in Sharon, I discovered a singular Metallic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from its similarity of texture and singular appearance, I was led to believe it might be made useful, but for what purpose I had not the least idea. I commenced my experiments by burning it, boiling it, and pulverizing it, and compounding it with various substances, and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that by reducing it to a fine powder and mixing it with linseed oil so about the consistency of thick paint, and applying this compound with a brush, that the coating in a few months would become a perfect stone or slate; so that the substance when applied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become, and as the coating (after it turns to slate) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and where there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, fondly hoping that I should now be remunerated for all my outlay in time and money. The government, without any hesitation, granted to me Letters Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

August 14, 1849. WM. BLAKE.

WE, the inhabitants of Sharon, have read the above statement of Mr. Blake, and believe it to be substantially correct, as we are knowing to most of the statements therein contained; and we will farther state, that we do not believe that there ever was a patent more honestly and laboriously earned, or more deservedly granted; as he pursued his experiments with the most indomitable perseverance under the most discouraging circumstances, as the public had not the least confidence that there could be any thing valuable made from the substance. He therefore had to encounter for years the jeers and scoffs of nearly the whole community. Notwithstanding all this, he was indefatigable in the prosecution of his experiments, and we do not believe that there is one man in a thousand who would have persevered under all the circumstances. But he has at last triumphed over all obstacles, and we believe there is now but one opinion in awarding him the merit of this valuable discovery.

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Mineral, to be mixed with oil, and used precisely as I use my patented article. I have been to those persons and shown them my patent. They say they do not intend to infringe or trespass upon my rights; that they have a right to dig, grind, and sell the powder, if they can find purchasers; that they are not bound to know what they are to do with it; that it is no infringement until it is mixed with the oil to make the compound; and that those who buy, mix and use it, must take the responsibility. Most of them say that they believe that the patent is good against those that mix and use the compound, and some have said that what they wanted to use they should certainly purchase of me, as they did not intend to make themselves liable in any way. Now I feel myself in duty bound to expose this barefaced fraud upon the public; as I can call it by no milder name, where a man sells and receives pay for an article, the use of which he well knows subjects the purchaser and user to a prosecution and fine. Some of those who are engaged in this nefarious traffic, will unquestionably contend to the public that my patent will not stand, and that I dare not prosecute. Now, to take this argument away from them, I went to some of those who were proclaiming that my patent was of no value, and made the following proposition: that they might select a judge and two lawyers who have had some practice in patent cases, and we would submit the patent to them, and if they decided that the patent was good, that they should stop all farther proceedings in the business; but if they should decide that it would not, in their opinion, hold, I would agree to let them go on and sell all they could, without saying any thing to the public about them. This proposition they would not accede to. So far as the validity of my patent is concerned. I do not depend entirely upon my own judgment, although I have the fullest confidence in it; but I have submitted it to many of the judges, and several of the most eminent patent lawyers, who have, without exception, decided that in their opinion it was good, and would protect me in my discovery.

I grind the article to a fine power, and put it up in barrels, the which are marked: "BLAKE'S PATENT FIRE AND WEATHER PROOF ARTIFICIAL SLATE."

I therefore give notice to all who buy and use the above mentioned mineral for the purpose set forth in my patent, except from me or my authorized agents, that I shall hold them to a strict accountability, and shall commence suits at law against those who thus infringe upon my right. WM. BLAKE.

Sharon, Medina Co., O., Aug. 14, 1849.

TWO TONS of the above Fire and Weather Proof Artificial Slate on hands and for sale. The above we can recommend, for we have been using it for some 4 years, and know it to be what it is set forth in every particular. J. & H. PHILLIPS, Agt., nov27-d3m No 5 Wood st

DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Rose of a cure performed on her, by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NECROSES or WHITE SWELLINGS, attended with ulcerations and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femoral bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health has become completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sat. SLOAN'S OINTMENT AND CONDITION POWDER.

Have earned a great name. For Purity, Mildness, Safety, and Thoroughness, SLOAN'S OINTMENT *Excels* And is rapidly superseding all other Ointments and Liniments now in use for the cure of the following diseases:

Fresh wounds, galls of all kinds, sprains, bruises, cracked heels, ringbone, windbone, windgalls, pol evil, callus, spavins, sweeney, fistula, sitfast, strains, lameness, sand crack, foundered feet, scratches or grease mange or horse distemper.

The Powder will remove all inflammation and fever purify the blood, loosen the skin, cleanse the water and strengthen every part of the body; and has proved a sovereign remedy for the following diseases:

Distemper, hide bound, loss of appetite, inward strain, yellow water, inflammation of the eyes, fatigue from hard exercise; also, rheumatism, (commonly called stiff complaint,) which proves so fatal to many valuable horses in this country. It is also a safe and certain remedy for coughs and colds which generate so many fatal diseases. W. B. SLOAN, Grand Depot, 40 Lake st, Chicago, Illinois.

THE PROOF.

Extract from the "Galena North Western Gazette."

By the use of Sloan's Ointment and Condition Powder, I have entirely cured a fistula on my horse and otherwise improved his condition more than 500 per cent. on the cost of the medicine. And a cow which was so feeble as to be considered worthless by myself and neighbors, was restored to good health and strength by the use of less than half a package of the powder, and is now doing better than any other cow I have. Small Pox, May 13, 1848. WM. VINCENT.

THE SUFFERING CHILD.

I hereby certify that one of my children, when naked, fell into a large fire of live coals, and was burned severely from head to feet. The best of medical aid and attention was given to the child for four or five days without any relief—each day's sufferings increased till his groans could be heard at a great distance, at which critical period one of my neighbors recommended and presented to me a box of Sloan's Ointment, and in less than fifteen minutes after the application of the ointment to the aggravated sores of the suffering child, the pain ceased entirely, and he speedily began to recover. My residence is in Helt township, Vermillion county, and State of Indiana.

THEODORE L. TAYLOR.

Chicago, August 24, 1848.

EXTRAORDINARY CURE.

April 13, 1848. Four miles north of Chicago (on the road to Milwaukie,) Cook county, Illinois.

Mr. Sloan—Dear Sir: One of my horses had a large bony tumor on his breast bone, immediately under the collar, which lamed him and rendered his services of very little value. I faithfully applied several bottles of Dr. Taylor's Nerve and Bone Liniment, without the least benefit. I then procured Wilder's Celebrated Horse Ointment, and used that until I became fully satisfied that it would never relieve the animal. Finally I obtained a box of your truly valuable Ointment, and in less than 60 days from the first application the tumor entirely disappeared, and the horse was well. Yours, EDWARD ARMSTRONG.

POPULAR OPINION.

If popular opinion is any criterion of the worth of an article, we invite the incredulous to read at least a few of the many voluntary certificates that appear in our columns respecting the great variety of remarkable cures effected by the use of "Sloan's Celebrated Ointment and Condition Powders."

These remedies no longer remain among those of doubtful utility, they have passed from the tide of experiment, and now stand higher in reputation and are becoming more extensively used than all other articles of the kind.—Mich. City News.

THE HALF HAS NOT BEEN TOLD.

FOX RIVER, June 12, 1848.

Dear Sloan—Sir: Please send by the bearer a new supply of your Horse Medicines. They are the best articles of the kind that I have ever used, never having been disappointed in their effect, as I have been in the use of others, even the most celebrated Ointments, Liniments, &c., of the day. I like very much this feature in them, viz: that they do all that is promised, and upon a thorough trial one is constrained to add, that "half has not been told."

Respectfully, M. DUDLEY.

THE DIFFERENCE.

The ordinary ointments and liniments it is well known are severe and partial in their operation. Sloan's Ointment is mild yet thorough—it reaches and removes the cause, hence it gives real and permanent relief. For purity, mildness, safety, certainty, and thoroughness, SLOAN'S Ointment excels, and is rapidly surperceding all other Ointments and Liniments now in use.

WE CAN'T GET ALONG WITHOUT IT.

BEEBE'S GROVE, Ill., Oct. 24, 1848.

Mr. Sloan—Sir: I have tested the virtue of your Ointment in the cure of rattlesnake bites, sore throat, burns, and many other injuries, and in every case it has surpassed our expectations. As a family Ointment, I have never seen its equal, and for beasts we can't get along without it.

Yours, &c., MILES M. JOHNSON.

EXCELLENT OINTMENT.

Mr. Sloan—Dear Sir: For a considerable length of time I was seriously afflicted with the rheumatic complaint, and applied freely the various liniments, pain killers, &c., without obtaining any relief. After which your agent at this place induced me to try your Ointment, and within two weeks from the time I commenced using it, the pain ceased, and I was effectually cured, and shall recommend all who are similarly afflicted with the distressing complaint, to procure your excellent ointment without delay.

Resp'y yours, OSCAR F. MOTT.

Princeville, Peoria co., May 1, 1843.

From the Hon. H. V. S. Brooks, Agent of the Illinois and Michigan Canal Packet Boat Company.

CHICAGO, June 26, 1842.

Dr. W. B. Sloan—Dear Sir: For the last 30 years I have had occasion to use many horses, and have used the great variety of liniments and ointments in use, but have never found any thing equal to your ointment for injuries on horses. Within the last two months I have applied your ointment to some 80 horses, for various injuries, and in every instance it has proved a sovereign remedy.

A FINGER BITTEN ENTIRELY OFF.

Two miles south of Chicago, Sept. 14, 1848.

Dr. Sloan—Sir: On the 8th instant my son had a finger bitten entirely off by a horse. We immediately applied your celebrated ointment, which relieved him of pain in a few minutes, and prevented the finger from swelling the least particle, and the wound is healing rapidly. Resp'y yours, S. BROCKWAY.

DOCTORING IN GALENA.

Mr. Sloan—Dear Sir: About three years ago I was severely injured in one of my legs by the falling of a pile of wood which occasioned large running ulcers. Nearly every doctor in Galena tried to cure them; but tried in vain, until from sympathy and improper treatment my leg was twice as bad as the one originally wounded. I despaired of ever being well again—but in order that I might neglect no means within my reach, I purchased of your agent in Galena some of your ointment, and you can judge of my surprise and gratitude better than I can express it, to find myself entirely well before I had finished using the second box.

These facts I make known that others afflicted may believe and not delay using so valuable an ointment as yours has proved to be. Resp'y your grateful fr'd, Galena, Ill., Dec. 19, 1843. EVAN DAVIS.

ONLY 20 DAYS.

Before the following order, Messrs. Vaughn & Co. purchased a large supply of Sloan's preparations.

JACKSON, Mich. Feb. 24, 1849.

S. K. Hibbard—Dear Sir: I am out of Sloan's Condition Powder and Horse Ointment. The sale far exceeds my expectation. If you can manage to send me 4 dozen Ointment, I will pay for them the first time that you are here, and presume I shall be able to sell a large quantity in the course of the year. It will be an object to you, as well as to myself, to keep me constantly supplied. Very resp'y yours, S. S. VAUGHN & CO.

MISSISSIPPI RIVER.

ST. LOUIS, Feb. 22, 1849.

Dr. Sloan—Sir: About two years ago, while rafting on the Mississippi river, in passing over the rapids, I was plunged into the water, and by the raft dashing against a rock, crushing my left leg and otherwise seriously injuring me, so much that I lost all sensibility. When consciousness returned I found myself in St. Louis, surrounded by my weeping family. Good nursing and medical aid, enabled me in about two months to hobble around with the assistance of a crutch. The wounds only partially healed, leaving large running sores at the knee, which for many months discharged blood and matter of the most offensive character. My pains were inexpressible, at times my suffering was so great that death would have received a hearty welcome. Fortunately Mr. Wilson, (one of my neighbors) advised me to try your Ointment. I obtained a box applied it according to direction—the sores soon began to assume a healthy appearance, and in three months I was entirely cured, and enabled to do hard labor.

Your obedient servant, HIRAM W. THOMAS.

We, the undersigned, neighbors of H. W. Thomas, were acquainted with the case above stated, and knowing the circumstances, most cheerfully confirm said Thomas' statement. REV. J. DOUGLASS, JAMES WILSON, PETER LAMB.

GOOD NEWS.

CHICAGO, Jan. 8th, 1849.

W. B. Sloan—Sir: One of my horses was hoof bound and also wounded in the stifle, in which he took cold, and became so crippled that he could scarcely travel. By the free application of your valuable ointment, his hoofs were soon softened and the stifle permanently cured. I have also used the Ointment in the case of Poll-Evil and on severe galls with equal success.

On a mashed finger that was very painful, it operated like a charm. Yours, &c, A. VAN ORDEN.

TESTIMONY FROM LITTLE FORT.

Sloan's Ointment and Condition Powder are acknowledged by all who have used them to be the best remedy for horses and cattle that has been discovered. Fresh wounds, galls, spavins, bruises, ringbone, poll evil, and in short every outward disorder or injury can be cured by this wonderful remedy. The Powder is designed for inward strains, distemper, hide bound, fatigue from hard exercise, diseased eyes, &c.—Lake County Chronicle.

'RATHER DOUBTINGLY, BUT I THOUGHT I WOULD TRY IT.'

WICKLIFFE, Cook Co. Feb. 13, 1848.

Mr. Sloan—Sir: I have a fine young horse that was taken with the scratches last fall. I paid out about three dollars for medicine to cure him, but he grew worse. I then bought a box of your ointment at your office when in Chicago last, rather doubtingly, but I thought I would try it. Judge of my surprise and my opinion of its beneficial qualities, when I found my horse's legs smooth and well in four days from the time I commenced applying it. Your obedient, E. F. COLBY.

FACTS FOR THE PEOPLE.

More than fifteen years of unrivalled success in the cure of every variety of external diseases and injuries such as sprains, bruises, cuts, burns, cutaneous eruptions, sore lips, sore breasts, chapped hands, chilblains, biles, ulcers, corns, pains in the back, sides, or other parts of the system, rattlesnake bites, &c., bears ample testimony that Sloan's Ointment is just the thing for the hour. Certificates without number have been received by the Proprietor from disinterested individuals, giving details of remarkable cures by its use.

A WISCONSIN WITNESS.

Granville, Milwaukie co. Wis., Oct. 13, 1848.

Mr. Sloan—Dear Sir: Recently my horses ran away with a log chain attached, which cut and otherwise injured them seriously, so much so that I considered my team ruined for business. Fortunately a friend recommended the use of your Ointment. I went to Milwaukie and purchased a box. It soon removed the inflammation, and in a few days the wounds healed. The great benefit derived from the use of your Ointment, on my horses, induced me to acquaint you with the fact, believing its publicity would benefit you and the public. Respectfully yours, GEORGE COMSTOCK.

IT IS A POSITIVE FACT,

And has become a common saying, that Sloan's Ointment and Condition Powder are rapidly superseding all other remedies for all diseases of horses and cattle. The beauty of the medicines consists in their purity and safety, to wit: they may be used ever so freely without any danger of taking cold, or any other injury resulting from their frequent use, and never fail to cure if the directions are followed. jy1-lwly8

SELLERS' LIVER PILLS WAS MY DOCTOR—

BUTLER, Pa., Sept. 25, 1849.

Mr. R. E. Sellers—Dear Sir: I feel it is a duty I owe to the public, as well as to the credit of your Liver Pills, to state the good effects produced by their use in my own case. During the month of June, 1845, I took very unwell, my appetite failed, and my strength was entirely prostrated, with severe pain in my side and shoulders. I was told by medical men that my disease was a severe attack of liver complaint. I took several boxes of M'Lane's Liver Pills, and some syrups, which I was told was good for that disease, but after all I was getting worse. I finally concluded to place myself under the care of a physician for better or worse; but, fortunately, just at this time, I was told by the Rev. I. Niblock, of this place, that a friend had sent him a box of Sellers' Liver Pills from Pittsburgh, which had benefitted him very much. I forthwith sent for a box of your Liver Pills, and by the time I was done using them, I was satisfied that it was just the medicine that suited my case. I sent for more, and took five or six boxes, and found myself almost entirely cured; but in March last I caught a severe cold, which brought back the disease, and in a short time I was as bad as ever. I again had recourse to your Liver Pills, and took them every other night for six weeks, and occasionally since, and I can now say, that I can now say, that I feel little if any symptoms of the Liver Complaint, and my general health is as good now as it has been for the last 10 years.

My neighbors ask me who was my doctor. I tell them that Sellers' Liver Pills was my doctor, and by the blessing of Divine Providence the means of curing me. I am confident that when the public become acquainted with the value of your Liver Pills, the demand for them will increase. Many of my neighbors, to whom I have recommended the pills, can testify to their value, as well as to the facts above stated.

Respectfully yours, GEORGE MILLER.

Jaynes' Expectorant.

SALEM, Columbiana co., O., Apr. 24, 1841.

DR. D. JAYNES: DEAR SIR.—I feel bound to you and the afflicted public, to avail myself of this opportunity of giving publicity to the extraordinary effects of your Expectorant on myself. Having been afflicted for several years with a severe cough, hectic fever and its concomitant diseases, and seemed only doomed to linger out a short but miserable existence, until the fall of 1839, when, being more severely attacked, and having resorted to all my former remedies, and the prescriptions of two of the most respectable physicians in the neighborhood without deriving any benefit, or the consolation of surviving but a few days or weeks at farthest—when the last gleam of hope was about to vanish, I had recommended to me your Expectorant—and blessed by that Being who does all things in the use of the means—and contrary to the expectations of my physicians and friends, I was in a few days raised from my bed, and was enabled by the use of a bottle, to attend to my business, enjoying since better health than I had for ten years previous.

Respectfully yours, &c., JAS. W. ESTILL.

MR. ELIJAH EATON'S CERTIFICATE TO DR JAYNE.—This certifies, that immediately after having attended my brother, who died of consumption in March, 1842, I was taken sick with the Consumption or Liver Complaint, and was reduced so low with the disease, that for four years I was unable to attend to my business, either at home or abroad, being for the most time confined to my bed. During the above period of time, I had expended for medical attendance or regular Physicians and medicines, to the amount of $300, without receiving any benefit therefrom. In July, 1845, I commenced taking Dr. Jayne's Medicines, and have taken them more or less ever since, and believe that it was by persevering in their use, that I can now truly say that I have completely recovered my health. I believe that Jayne's Sanative Pills and Expectorant are the best family medicines now in use.

I reside in Springfield, Otsego county, N. Y., and carry on a furnace and machine shop in that place, and am not interested in any manner in the sale of the above medicines, and make this certificate for the benefit of those afflicted. ELIJAH EATON.

A VERY WONDERFUL CURE!—SELLERS' VERMIFUGE!

MERCER, Mercer co., Pa., Sept. 29, 1849.

R. E. Sellers: Dear Sir, I bought one bottle of your Vermifuge at the Iron City Furnace store, at this place, and it has performed what we consider out here a wonderful cure. on one of my boys eight years old; he had been unwell for some years, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge—and I am happy to inform you of it having the desired effect of relieving my son. He passed, in the short space of 24 hours, 164 worms, some of them measuring as much as 13 and 14 inches long. I feel bound in justice to give you the above statement, so as you may make any use of my name that you think proper.

Yours, very respectfully, JONATHAN S. LYTLE.

READ! READ!—SELLERS' COUGH SYRUP.—From W. K. Boden, Esq., Clerk of the Court of Quarter Sessions of Beaver County:

Mr. R. E. Sellers: Sir, Some time in the winter my wife was afflicted with a severe and distressing cough, and hearing of your invaluable Cough Syrup, I purchased a bottle from S. T. Trimble, of Bridgewater, and after taking a portion of it two or three evenings on going to bed, she found immediate relief; as also several friends have been relieved in severe cases. I am therefore satisfied that it is a safe and valuable medicine, and would recommend it to those who may be afflicted with severe coughs and colds.

TRANSPORTATION LINES.

HARNDEN & CO's Passenger and Remittance Office.

HARNDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emmigrants We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships. We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins. We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure unadulterated article, without any chemical change, but just as flows from Nature's Great Labratory!! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION (in its early stages,) Asthma, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhea, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c., &c. In cases of debility resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it. None genuine without the signature of the proprietor.

SELLERS' FAMILY MEDICINES—"They are the Medicines of the day."

GRAHAM'S STATION, Ohio, May 8, 1849.

R. E. Sellers: I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial frequently answering for expelling large quantities (say 1 to 200) worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have in every instance produced the effect desired.

As I am engaged in merchandizing, I am able to state that I have yet to hear of the first failure where your medicines have been used in my section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully, W. H. PINNELL.

GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.

SHORT CREEK, Ohio county, Va., March 29th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D H COLEMAN.

West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP

DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr D Jayne's Carminative Balsam. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend D D Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A SHINN

CONSUMPTIVES, BE ON YOUR GUARD.

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases, is

DR. SWAYNE'S

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of its truth, and commends itself in a special manner to universal credence."—O'Hegan's Moral Maxims.

READ THE HOME CERTIFICATES.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER Co., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, still increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly, that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine: I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Grocer, West Chester, Pa., of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at this time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much small number of bottles would have made me sound, but for the above indiscretion. The Syrup allayed the fever, took away the distressing cough, put an end to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. REV. J. P. JORDAN.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature; and as a further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "fictitious nostrums" by stealing the name of Wild Cherry. Remember, always bear in mind the name of Dr. Swayne, and be not deceived.

BOOK TRADE.

SPECIAL NOTICE TO TEACHERS.

PROFESSOR CHARLES DAVIES has just prepared a new arithmetical work, a copy of which will be presented to each and every Teacher in the United States, without charge, upon their application to A. H. English & Co., 79 Wood street, Pittsburgh, (post paid.) The work is entitled,

GRAMMAR OF ARITHMETIC;

Or, An Analysis of the Language of figures and Science of Numbers.

The following notice is copied from the New York Tribune of Jan. 22d, 1850:—

"GRAMMAR OF ARITHMETIC, BY CHAS. DAVIES, L. L. D. (18mo., pp. 144.)—In this work the language of figures, and construction of numbers, are carefully analyzed. The alphabet, composed of ten figures—the words derived from the alphabet, and the laws by which the figures are connected with each other, are clearly explained.

"The analysis shows that there are but four hundred and eighty eight elementary combinations in Arithmetic, each corresponding to a word of our common language; and that these combinations are so connected together as to be all expressed by only sixty three different words. The system proposes to commit these words to memory, and then read the results instead of spelling them, as now practised.

"In another respect the system proposes an important change, namely: to consider and treat all fractions as entire things, having a given relation to the unit ones, from which they were derived.

"We scarcely need say that the little work evinces the ingenuity and skilful analysis, for which Professor Davies' writing on this subject are justly celebrated. We commend it to the attention of practical teachers, believing that they will find it crowded with new and valuable suggestions."

From the Professors at West Point.

"MILITARY ACADEMY OF U. S. WEST POINT, Jan. 17.

"The Grammar of Arithmetic, by Professor Davies, presents the subject in a new light. It so analyzes Arithmetic as to impress the mind of the learner with the first principles of mathematical science in their right order and connection, and the new rules for the reading of figures are of great practical value."

MISCELLANEOUS.

Deafness Cured.

From the New York Tribune.

A FRIEND, whose word is most reliable, and who has no possible interest in the matter, but one of gratitude, desires us to say, that he has been cured of inveterate deafness, by the use of "Scarpa's Compound Acoustic Oil," a Philadelphia medicine, which is not for sale in this city, but which he thinks ought to be, for the good of the afflicted. He has a sister who has also been cured by it. He urgently advises all who are suffering from deafness, to try this remedy, with an assurance that, unless the case be extraordinary, the experiment will prove abundantly successful.

Great English Remedy.

FOR Coughs, Colds, Asthma and Consumption! The GREAT AND ONLY REMEDY for the cure of the above diseases, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, whooping cough and croup.

Sold in large bottles, at $1 per bottle, with full directions for the restoration of health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this great English Remedy, may be obtained of the Agents, gratuitously.

SELLERS' IMPERIAL COUGH SYRUP—TAKE'S NOTHING LIKE IT!

PITTSBURGH, March 27, 1847.

Mr. R. E. Sellers—In justice to you and your incomparable Cough Syrup, I beg leave to state, for the benefit of the community, that my wife has been several times afflicted with a most distressing cough. I purchased, in January last, a bottle of your Syrup, which cured a cough of two months' standing. About one month since, the cough returned, and was so severe that she could hardly move, from weakness in the breast; I sent for one bottle of your Cough Syrup, and a part of one bottle cured the cough. I gave the other to a journeyman who was severely afflicted, who had, to use his own words, "eaten enough cough candy to cure all the people in Pittsburgh," if the candy had been as good as represented.

Yours, respectfully, ALFRED B. KERVIL.

SALTER'S GINSENG PANACEA!

TO THOSE SUFFERING WITH DISEASED LUNGS.—The unprecedented success which has attended the use of the

GINSENG PANACEA

in all the various forms which irritation of the lungs assumes, has induced the proprietor again to call attention to this

WONDERFUL PREPARATION.

The changable weather which marks our fall and winter months, is always a fruitful source of

COLDS AND COUGHS.

These, if neglected, are but the precursors of that fell destroyer,

CONSUMPTION.

The question, then, how shall we nip the destroyer in the bud? how shall we get clear of our coughs and colds? is of vital importance to the public.

THE GREAT AND ONLY REMEDY

will be found in the Ginseng Panacea. In proof of this, we have from time to time published the certificates of dozens of our best known citizens, who have experienced its curative powers. These, with a mass of testimony from all parts of the country,—from

MEDICAL MEN OF THE FIRST STANDING,

Ministers of the Gospel, &c., together with copious notices from the

JOURNALS OF THE DAY,

we have embodied in pamphlet form, and may be had gratis of any of our agents throughout the country.

HUNDREDS OF BOTTLES

have been used in this city.

THOUSANDS AND TENS OF THOUSANDS

throughout the United States and Canada, and we challenge any man to point out a

SINGLE INSTANCE

in which, when taken according to directions, and before the lungs had become fatally disorganized, it has ever failed to

EFFECT A PERFECT CURE.

Why, then, need the afflicted hesitate? Why resort to the miserable nostrums, gotten up by unknown individuals under the assumed name of some celebrated physician, and puffed into notoriety by certificates of persons equally unknown? Whilst a medicine of

UNPARALLELED EFFICACY

is to be had, whose vouchers are at home,—our neighbors,—many of whom it has

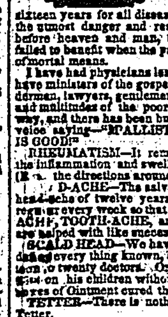
SNATCHED FROM THE GRAVE.

In order that this invaluable medicine may be placed within the reach of the poor as well the rich, we have put the price at

ONLY FIFTY CENTS,

just one half the usual cost of cough medicines. It is for sale by our agents in nearly every town and village over the west, who are prepared to give full information relative to it. T. SALTER, Proprietor, Broadway, Cincinnati, Ohio.

M'ALLISTER'S OINTMENT.



CONTAINING NO MERCURY, or other Mineral.—It has power to cause all EXTERNAL SORES, SCROFULOUS HUMORS, SKIN DISEASES, POISONOUS WOUNDS to discharge their putrid matters, and then heals them.

It is rightly termed ALL-HEALING, for there is scarcely a disease external or internal, that it will not benefit. I have used it for the last sixteen years for all diseases of the chest, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one case has it failed to benefit when the patient was within the reach of mortal means.

I have had physicians learned in the profession, I have ministers of the gospel, judges of the bench, aldermen, lawyers, gentlemen of the highest erudition, and multitudes of the poor use it in every variety of way, and there has been but one voice—one universal voice saying—"M'ALLISTER, YOUR OINTMENT IS GOOD!"

RHEUMATISM—It removes almost immediately the inflammation and swelling, when the pain ceases. (Read the directions around the box.)

HEAD-ACHE—The salve has cured persons of the head-ache of twelve years standing, and who had it regular every week so that vomiting took place. EAR-ACHE, TOOTH-ACHE, and AGUE IN THE FACE, are helped with like success.

SCALD HEAD—We have cured cases that actually defied every thing known, as well as the ability of fifteen or twenty doctors. One man told us he had spent $500 on his children without any benefit, when a few boxes of Ointment cured them.

TETTER—There is nothing better for the cure of Tetter.

BURNS—It is one of the best things in the world for Burns.

PILES—Thousands are yearly cured by this Ointment. It never fails in giving relief for the Piles.

Around the box are directions for using *M'Allister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head ache, Asthma, Deafness, Ear ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c. &c.*

COLD FEET—Liver Complaint, pain in the Chest and Side, falling off of the hair, or the other accompanies cold feet. (This Ointment is the true remedy.) It is a sure sign of disease to have cold feet.

CORNS—Occasional use of the Ointment will always keep corns from growing. People need never be troubled with them if they use it frequently.

This Ointment is good for any part of the body or limbs when inflamed. In some cases it should be applied often.

CAUTION—No Ointment will be genuine unless the name of JAMES McALLISTER is written with a pen on every label.

For sale by my Agents in all the principal cities and towns in the United States.

Facts for the Public.

In relation to that unrivalled family Salve,

DALLEY'S MAGICAL PAIN EXTRACTOR.

TESTIMONY of a respectable Physician.—Read the following, addressed to my Agent, Mr. P. Merryweather, Cincinnati:—

CINCINNATI, Feb. 15, 1848.

Sir: A sense of duty compels me to give my tribute to Dalley's Pain Extractor. Being opposed to quackery and all nostrums having for their object sinister motives—but realizing much good from "the King of Pain Killers"—I am induced to tender you this certificate. I have used it in my family in my practice, and with all the happy and wonderful effects that could possibly be imagined. H. J. HORNE, M. D.

Dr. Brodie is the senior partner of Brodie & Long, Druggists.

Inflammatory Rheumatism.

The following testimonial comes from a source familiar to many of those traveling on our Western waters. Mr. Glime, the well and favorably known proprietor of the Parkersburg Hotel, is husband to the lady whose letter I annex:

PARKERSBURG, Va., April 13, 1849.

To Henry Dalley, Chemist, &c.—Sir: Having formerly been long afflicted with violent inflammatory Rheumatism, which appeared so firmly seated as to defy all ordinary appliances to give the severe pain attending it, I was induced to try your Magical Pain Extractor; and it having effected, almost as if by magic, an immediate relief, and also, to all appearances an entire and perfect cure, I am induced for the benefit of others who may be afflicted with pain, caused by any kind of inflammation, to write to you, declaring that in my opinion, founded on actual experience your Magical Pain Extractor is the most valuable discovery of the present age for the immediate extraction of bodily pain. It is an almost immediate and a perfect cure for Burns and Scalds, and all external inflammation.

Having many acquaintances formed by their visits at my husband's hotel in this place, I have supposed by your showing them these few lines, it may possibly be of benefit both to them and yourself.

ELIZABETH GLIME.

[I entertain the hope that Mrs. Glime will pardon the publicity I give to her letter, as well on the score of humanity as of its being the surest mode of bringing it to the notice of her friends.—H. DALLEY.]

Felon Cured.

Extract of a letter, dated BELMONT, Ky. Nov. 29, 1849.

Mr. H. Dalley: "I have tried your Pain Extractor in a case of felon, in my own family, which it relieved and cured in a very short time." In haste, yours respectfully, JAS. M. YOUNG.

Burns and Scalds, Piles, Sore Nipples, Broken Breast, Eruptions, Sores, Cuts, Wounds, and all inflammation, yields readily to the wonderful properties of this unrivalled family salve. But, in this case, proportion that you will receive benefit from the genuine, you will be injured by the deleterious effects of the counterfeit salves.

CAUTION—Be sure and apply only to the inventor, H. DALLEY, 415 Broadway, New York, or to his authorized agents. JOHN D MORGAN, General Depot, Pittsburgh.

Henry P. Schwartz, Allegheny, Agent; J. Baker, Wheeling, Va.; James W Johnston, Maysville, Ky.; F. Merryweather, Cincinnati, O., General Depot.

N. B.—In the severest Burns and Scalds it extracts the pain in a few minutes—it never fails. ja14

CHANGE OF EXTERNAL WRAPPER.

IN order to afford all possible security to the public, as well as to themselves, against fraud and imposition from counterfeiting, the proprietors have made a change in the exterior wrapper or table of their Vermifuge. The new label, which is a steel engraving of the most exquisite design and workmanship, has been introduced at a very great expense, and is from the brain of an artist of the first talent. The design is new, and the execution elaborate. Several figures and a portrait are most prominent, but the word "VERMIFUGE," printed in white letters on a red and finely engraved ground, should be particularly examined.—When held up to the light the letters, shading of the letters and every line, however minute, throughout the whole of this part of the engraving match as exactly as if the impression had been made upon one side only, although it is printed on both sides of the paper. This should in all cases be observed. A label upon each dozen is also printed in red upon both sides, and should be examined in the same manner.

This preparation has now stood the test of many years trial, and is confidently recommended as a safe and effectual medicine for expelling worms from the system. The unexampled success that has attended its administration in every case where the patient was really afflicted with worms, certainly renders it worthy the attention of physicians.

The proprietor has made it a point to ascertain the result of its use in such cases as came within his knowledge and observation—and he invariably found it to produce the most salutary effects—not unfrequently after nearly all the ordinary preparations recommended for worms had been previously resorted to without any permanent advantage. This fact is attested by the certificates and statements of hundreds of respectable persons in different parts of the country, and should induce families always to keep a vial of the preparation in their possession. It is mild in its operation, and may be administered with perfect safety to the most delicate infant.

SELLERS' COUGH SYRUP.—From W. K. Boden, Esq., Clerk of the Court of Quarter Sessions of Beaver County:

Mr. R. E. Sellers—Sir: Some time in the winter my wife was afflicted with a severe and distressing cough, and hearing of your invaluable Cough Syrup, I purchased a bottle from S. T. Trimble, of Bridgewater, and after taking a portion of it two or three evenings on going to bed, she found immediate relief; as also several friends have been relieved in severe cases. I am therefore satisfied that it is a safe and valuable medicine, and would recommend it to those who may be afflicted with severe Coughs and Colds.

March 28, 1843. W. K. BODEN.

Prepared and sold by R. E. SELLERS, 57 Wood st and sold by druggists generally, in Pittsburgh and Allegheny.
