More effects of the German bitters in Dyspepsia and Liver Complaint.

The Greatest Medical Discovery OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered an entire new remedy, a positive and speedy cure for Scrofula, or Kings Evil, and all humors of the blood, whether inherited or contracted, even the worst scrofulous humors, in the worst possible form, and of the most aggravated and long standing in the country, even those that have resisted the skill of the most eminent physicians, and baffled all other medicines, and even those that have long been pronounced incurable, even after all else had failed, even when the patient was reduced to the last extremity, even when the flesh was wasted from the bones, even when the bones themselves were affected, even when the patient was pronounced by his friends and by his physicians to be in the last stage of consumption, even when the patient was so lame that he could not walk, even when the patient was so blind that he could not see, even when the patient was so deaf that he could not hear, even when the patient was so covered with sores that he was a loathsome object to behold, even when the patient was so reduced by the disease that his friends had given him up to die, even when the patient was so far gone that his friends had given up all hopes of his recovery, even when the patient was so far gone that his friends had given up all hopes of his recovery, even when the patient was so far gone that his friends had given up all hopes of his recovery
