PITTSBURGH:
TUESDAY MORNING, OCT. 6, 1857.

READING MATTER ON EACH PAGE OF THIS PAPER.

THE EXTENT OF THE BRITISH POSSESSIONS IN INDIA.—When we read of China, of Hindustan, or of any of the countries across the world, we are apt to lose sight of their vast extent and to consider all the cities in them as near each other, all the people as similar, etc. This feeling we believe is almost universal at the first thought, and it is only by taking a map and by looking over it carefully and observing the mighty rivers and vast seas and mountains that we come at last to a realizing sense of spaces and distances, where different nations with various languages, customs, complexions and habits dwell.

For example, we have hardly well defined in our minds the extent of the English possessions in India. Now that the awful doom of the missionaries, the European generals and other officers in British India has come like a thunder clap upon us, we begin to look about us and see the prospect for the future, and then the mighty work which is to be done to bring back under English sway the vast dominions which an hundred years have given them and a day has apparently snatched away, becomes manifest. Great Britain has one hundred military stations in her possessions in Asia. Those possessions extend from the mouths of the Ganges to Affghanistan, and from the Himalaya mountains to Nagpore. A better defined idea may be obtained of the extent of this country when we state on the authority of a book recently published in England by the old Indian General Briggs, a book quoted by the *London Times* and *Blackwood*, that British power had been established at the time of the late revolt over a country nearly equalling in extent and considerably exceeding in population the united possessions of France, Austria and Prussia in Europe. The comparison stands thus:

	Sq. Miles.	Population.
Bengal	412,627	59,445,299
North West Provinces	100,889	33,742,766
	513,016	93,188,065
France	201,961	35,783,170
Austria and Prussia	364,470	52,081,808
	566,431	87,864,978

Or to bring the matter nearer home, we may say that this revolt is likely to break out in a territory more than eleven times as large as the whole State of Pennsylvania, and in a population more than three times as numerous as the whole population of the United States. In fact, over the greater part of this vast territory the rebellion has extended already, and day by day its march is onward into remote provinces among other peoples, until one looks aghast as he inquires what shall the end of these things be.

LET THE PEOPLE REMEMBER that every man on the Democratic ticket unites with Mr. BUCHANAN in declaring that slavery exists in Kansas under the Constitution of the United States—and that it can be abolished there only by a State constitution endorsed by Congress.

Let the people remember that they also declare that the slaveholder may take his Human Property into any Territory of the United States under the protection of the Federal Constitution.

Let the people remember that they also declare that if the people of any free Territory shall endeavor to protect themselves from the introduction of slavery by the Southern propagandists, the U. S. army shall be brought into requisition to *silence them with powder and ball.*

Let the people remember that they further declare that there cannot be a foot of free territory belonging to the United States except at the option of the slaveholder, inasmuch as it is the doctrine of the Dred Scott decision, and President BUCHANAN'S Stillman letter, that slavery may be taken into any Territory under the protection of the Federal Constitution!

Let the people remember that they are also in favor of having the bogus laws of the bogus Legislature of Kansas, elected by Missouri votes, and in violation of all legal form and right, *enforced by the Government troops at the point of the bayonet!*

Let the people remember that the candidates on this ticket are all in favor of exacting the infamous tax levied by Missouri ruffians on the people of Kansas for the purpose of paying those ruffians for hunting to death, harassing and murdering the free State settlers of Kansas. These are pretty fellows to profess opposition to taxation here.

Let it be remembered that every vote cast for any part of the Democratic ticket *is a blow at the Freedom of the Territories, and a stab at the sovereignty of the Free States!!*

PROMISES.—The locofoco Fernando Wood, Mayor of New York City, was going to retrench and reform all matters of finance in that city when he was elected. He was a terrible fellow on "taxes," just as that promising set of fellows calling themselves "Democrats" are with us today. There was not a single ignoramus that could pronounce the name of "Wud" but could also add that free rum and no taxes were to come along with his election. Very well; the free rum is there but the report of the City Comptroller shows the following to be the correct state of the finances: The permanent debt of the city is $16,500,000, of which two-thirds is wholly unprovided for, and $8,000,000 of it to be paid on the first of January. Temporary debts swell the gross amount to $18,000,000, on which the Comptroller paid interest on the first of August. Additions to this debt are authorized for the Central Park, the new Reservoir and a new City Hall, which may increase the whole to more than twenty millions; in view of which the Comptroller says that "the property-holders have the prospect before them of an over-shadowing debt and a rapid increase of the present crushing taxation."

Now when this celebrated Wood was made Mayor the tax levy of the city was $4,841,255. He has "retrenched" and "enconomized" it up to its present amount, viz: For the year 1857, $8,066,506,52. Such are locofoco promises every where, and thus are they fulfilled; thus would they be fulfilled in this county.

THE KANSAS ELECTION took place yesterday. There is no doubt judging from the dispatches received, that the Missourians attempted to vote. Col. TITUS, the Lawrence *Republican* reports, being asked how the pro-slavery party expected to carry the election, with the present preponderance of free State voters, said:

"All the Indians, who were with them, would vote; and, besides, he knew of more than a thousand pro-slavery men in Missouri who had claims in the Shawnee reserve, who would be on the ground, and pro-slavery judges would receive their votes. The blue lodges would send hundreds, yes, thousands, into the territory—not in an army, but quietly, who would claim a residence, and would in like manner vote.—They had been organizing for this purpose since last spring."

The Lawrence *Herald of Freedom*, of Sept. 26, has the following:

INVADERS ARE COMING.

We learn that small parties are coming into the territory on all the public highways, from Missouri, and are passing to the western part of Kansas. On Thursday last, some gentlemen came down from Tecumseh. They report meeting some ten covered wagons on the route, all filled with men, and all of them going west, and none of them loaded with other than bottles of bad whiskey, a small quantity of provisions and camp fixtures.

Parties were coming for a week or ten days before the election on the 30th of March, 1855, and their appearance at this time again looks ominous. If they have come here to interfere in our franchises, come from where they may, we sincerely hope they will never be allowed to return to their homes alive. They deserve death.

LOOK TO YOUR PAPER MONEY.—Counterfeiters, like birds of evil, have come out in the storm. Late counterfeit notes on Virginia banks have been put forth as follows: 20's Bank of Virginia, Charlestown; 100's Exchange Bank of Virginia; 10's Bank of Virginia; 10's Merchants' Bank, Lynchburgh, Va. All of them are badly executed. Sizes on the Bank of the Valley are very correct, bearing the appearance of being old and genuine.

More Double-Dealing.

In the address of the Tax Committee great stress is laid upon the fact that when a resolution to levy the county tax of eight mills was before the Commissioners, Mr. Tomer, the Democratic Commissioner, put on the record his protest against it. This was last Spring—we have not the date before us, but it is immaterial.

We have just seen the precept issued by the Commissioners for the levy of this tax, to one of the Assessors and Collectors in the county, bearing date July 7, 1857—subsequent to the protest mentioned above—and appended to that precept is the name of JACOB TOMER! We have no doubt he signed all of them, in like manner.

So, then, we have Mr. Tomer, for Buncombe, putting a protest on the record against the tax, and then signing the official authority to the Assessors, authorizing and directing them to levy and collect the very tax he protested against!

Is not this locofocoism, beautifully exemplified? Mr. TOMER, like HAWKINS and M'ILHENY, takes both sides of the same question, exercising good care to make one prominent, while the other is kept as much under cover as possible. The people will be deceived if they trust such men.

Only One Working Week Left.

We appeal to the working Republicans of Allegheny County that they improve to the utmost the little remaining time that intervenes before election. If your Township Committees to bring voters to the polls and to guard the polls from illegal voting, are not yet appointed, lose no time in selecting them. If your township organizations are not thoroughly effected, proceed at once, without delay, to make them as complete as possible—so that on the morning of the election every man may be at his post.

Organize thoroughly.

See to it, that every Republican voter is at the Polls.

See that no illegal votes are admitted.

Have your teams and committees ready to bring in every delinquent voter.

In a word, WORK for the good cause, as you know how to work, and we will achieve an easy and glorious victory.

Remember that our opponents are active, day and night. Every Democratic vote in the County will be out; and to make our success complete every Republican voter must do his duty.

Once more we beg of you, one and all, to go to work vigorously, earnestly, and without ceasing, until victory crowns your efforts.

THE MEMBERS OF THE KANSAS CONSTITUTIONAL CONVENTION SWORN TO FORM A PRO-SLAVERY CONSTITUTION.—The Lecompton correspondent of the N. Y. *Times*, who was elected by the Kansas Constitutional Convention official reporter, and who, from his confidential relations with Gov. Walker, is behind the scenes, writes that "there can be no possible reason for supposing that the Constitution will be other than Pro-Slavery. The wellknown and openly avowed sentiments of the delegates, who are Pro-Slavery to a man, is sufficient guarantee for that. And I have even heard on what I deem good authority, that at a preliminary caucus of the members of the Convention an oath to support or vote for no Constitution that was not Pro-Slavery was required of every one present, and was unhesitatingly *taken by thirty-four.*"

A CAUTIOUS EDITOR.—The *National Intelligencer* says that one of its Virginia contemporaries has felt itself constrained to abstain from joining in the condemnation of the alleged "atrocities in India," on the ground that it has not yet seen "the first admission, *on the part of the Sepoys themselves*, that these excesses existed at all," and has not yet received *their* "exposition of the reasons of the revolt." This is a prudent and cautious fellow; he probably hails from Pennsylvania, where they teach Democratic editors not to believe anything that does not come endorsed with democratic authority.

IMPORTANT TO VOTERS—THINK OF IT.—If Wilmot is elected Governor of Pennsylvania on the 13th of October next, Congress will be forced to do something for the relief of the country—but if Packer is elected, it will be proclaimed by the Free Trade Party, *that Pennsylvania is satisfied with this policy, and the present destruction of business.*

It is a question of *Bread* or *Starvation* with many voters. It is also a question of Free Territory against Slave Territory.

THE financial troubles were rather increased to-day in consequence of the suspensions of two eminent commercial houses, viz: Lawrence, Stores & Co., Cheousau, Sanford & Co. These gentlemen have long been considered among the "merchant princes" of the Eastern cities, and their credit up to this date has stood as high as that of any individual's that could be named.—Their failure may be looked upon as a public calamity; the damage sustained does not affect merely their creditors. This is but a small part of the loss. It is the thousands of operatives who will suffer in the towns of Lowell, Lawrence and other manufacturing towns, where the mills must either suspend business or work on short time only. Similar effects will be felt at and near Philadelphia, Trenton, Wilmington, Baltimore, and at the North in Springfield, Providence, Hartford, Fall River, Buffalo, Rochester, Troy, Albany, and at every manufacturing place, *without exception.* The masses have ignorantly caused nearly all of this financial trouble by a foolish run upon the banks for gold, as if any bank could sustain for a day a drain upon their deposits and circulation. It will then be the masses upon whom the reaction will take place.

A few weeks will demonstrate to them that the very bank notes which they now scorn to touch, or hurry to exchange for gold, will be needed for actual subsistence. The country requires every dollar of the bank circulation now out, for the ordinary exchange or trading operations of the time; and the contraction of *ten millions* in circulation has already lessened the market values of property fully one hundred millions in this State alone. Similar results are produced in Massachusetts, Rhrode Island and New Hampshire, Pennsylvania etc.

Labor, (both male and female) hitherto so amply rewarded, will for a year or two be less in demand and less liberally paid. These results are not seen or foreseen yet by the millions of laborers in this country—but time—a very short time, will bring it about. The London *Times* in a late number alludes to the facility with which credit can be destroyed by evil-minded persons, where there is no prompt legal redress. That paper says:

"Nothing is easier than to ruin a bank, and in England, in consequence of this facility, such attempts are classed with the worst offences. At this moment two persons are lying in Newgate for endeavoring indirectly in a particular case to excite public distrust, and, although one of them was a man of respectability, who acted upon a fancy that he had been personally injured, no one has been found to utter a complaint of the severity of the sentence. In New York, on this point there is perfect freedom. Hence no institution is spared, and, indeed, the leading concerns are the first to be attacked, since if these can be broken the minor ones are sure to follow."

Mark the difference between London and New York. In the latter, a portion of the Press for weeks past has teemed with violence and libellous reports as to Banks, Railroad Companies, and other Corporations, and the latter have no remedy except through the dull process of a lawsuit. —*N. Y. Cour. & Eng.*

POPULATION LEAVING.—The laboring population are leaving this region by hundreds, principally for the West. On Monday last no less than *seventy tickets* were sold at the Rail Road Depot for Pittsburg. From Ashland, the *Gazetteer* states upwards of fifty left last week.—The great fraud practiced upon the people by the destruction of our Domestic Industry, and flooding the country with foreign products, has burst upon us like a bombshell, shutting up the mines and factories and driving the people out of employment. The same causes destroyed the business of the country before and caused the Banks to suspend specie payment in 1837. Hard times continued until prosperity was restored by the Tariff of 1842. The destruction of that law has destroyed us again. The power to remedy the evil rests with the voters. Will they apply it or will they continue to vote for designing demagogues who cry party! party!! party!!! then betray *their* dearest interests, destroy *their* chances for labor, and starve *their wives and children?* We will see.—*Pottsville Journal.*

TO THE POINT.—A laboring man, who had always voted for the Democracy, was complaining *bitterly* about the hard times and want of employment. Another laboring man, a bystander, who stood listening to the complaint, remarked: Did you not vote for "Ten Cent Jimmy," and his principles—have you not got them—and what right have you to complain?" The complainer was taken all aback, and quietly walked off. When men will permit a mere contemptible petty party feeling to control their better judgment, and vote for the destruction of their dearest interests under such influences, they deserve to be rebuked in the strongest terms.—*Pottsville Journal.*

Headache—From an Eminent Clergyman.

PITTSBURGH, July 8th, 1855.

MESSRS. BENJ. PAGE, JR., & CO.—Gentlemen: I take great pleasure in saying to you that I made use of Boerhave's Holland Bitters, which I obtained at your store and found special relief of a severe headache, from which I had long suffered, and I believe they were of service to me, in relieving my stomach and head.

Very respectfully, &c. SAM'L E. BABCOCK.

Candor compels us, when considering the wants of the afflicted, to recommend that which is best known and tried, and to recommend Dr. J. Hostetter's Celebrated Stomach Bitters, would only be adding to what has already been heralded far and wide, not only by a few isolated certificates, but by the people of the land, endorsed by the physicians and the press, that Hostetter's Bitters have no equal in restoring and imparting health to enfeebled men. Ladies and children find the medicine invaluable in many of their ills of debility, to which they are subject, especially during the summer season; in such cases it should be taken in small quantities before meals.

For sale by Druggists and dealers generally everywhere, and HOSTETTER & SMITH, 257 Broadway. ocb3dwT

Women, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. Be particular in procuring the kind mentioned, as many of the braces sold are humbug. Sold at Dr. GEO. H. KEYSER'S, Wholesale Druggist, 140 Wood rst, sign of the Golden Mortar. je20d&wR&F

AMERICAN HOUSE, BOSTON.
Re-establishment of the old Plan of management

LEWIS RICE, PROPRIETOR, respectfully announces that he has resumed the *old plan* of management, as it existed before the recent alterations. Trial of the European system in this *Hotel*, proves, that although the advantages are great, yet the plan is better adapted for the *smaller class* of hotels.
The accommodations and convenences of the house are unsurpassed, and the recent improvements and alterations for the comfort of guests, leave nothing to be desired.
