Sir James Murray's Fluid Magnesia.

PREPARED under the immediate care of the inventor, and established for upwards of thirty years. This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout, and gravel as the most safe, easy, and effectual form in which Magnesia may, and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia now in general use, without being liable like it to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their carbonates are known to do; it prevents the food of infants turning sour, in all cases it acts as a pleasing aperient, and is peculiarly adapted to females.

Sir Humphrey Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies, and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland:—

"Dear Sir—There … may be administered … of opinion that the Fluid … valuable addition to our Materia Medica. PHILIP CRAMPTON."

Sir James Clarke, Sir A. Cooper, Dr. Bright, and Messrs Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of soda or potass.

Great American Mechanical Work.

D. Appleton & Co., New York, have in course of publication, in parts, price twenty-five cents each,

A DICTIONARY

Of Machines, Mechanics, Engine Work, and Engineering; designed for Practical Working Men, and those intended for the Engineering Profession.

EDITED BY OLIVER BYRNE.

THIS WORK is of large 8vo. size, and will contain TWO THOUSAND PAGES, and upwards of SIX THOUSAND ILLUSTRATIONS. It will present working-drawings and descriptions of the most important machines in the United States. Independent of the results of American ingenuity, it will contain complete practical treaties on Mechanics, Machinery, Engine-work, and Engineering; with all that is useful in more than one thousand dollars worth of folio volumes, magazines, and other books.

The great object of this publication is, to place before practical men and students such an amount of theoretical and scientific knowledge, in a condensed form, as shall enable them to work to the best advantage, and to avoid those mistakes which they might otherwise commit. The amount of useful information thus brought together is almost beyond precedent in such works. Indeed, there is hardly any subject within its range which is not treated with such clearness and precision, that even a man of the most ordinary capacity cannot fail of understanding it, and thus learning from it much which it is important for him to know.

The publishers are, in short, determined, regardless of cost, to make the work as complete as possible; and it is hoped every one desirous to obtain the work will procure it as issued in numbers, and thus encourage the enterprise.

The work will be issued in semi-monthly numbers, commencing in January, 1850, and will progress with great regularity.

The whole work will be published in 40 numbers, at 25 cents per number, and completed within the current year, 1850. A liberal discount will be made to agents.

Any one remitting the publishers $10 in advance, shall receive the work through the post office free of expense.

Opinions of the Press.

"To our numerous Manufacturers, Mechanics, Engineers, and Artisans, it will be a mine of wealth."—Providence, (R. I.) Journal.

"Young men, arm yourselves with its knowledge.—We can with confidence recommend our readers to possess themselves of its numbers as fast as they appear."—American Artisan.

"We unhesitatingly commend the work to those engaged in or interested in mechanical or scientific pursuits, as eminently worthy of their examination and study."—Troy, (N. Y.) Budget.

"It is truly a great work, and the publishers deserve the thanks of inventors, machinists, and manufacturers, and indeed of the public generally."—N. Y. Independent.

"This Dictionary will be highly useful to practical mechanics, and valuable to all who wish to acquaint themselves with the progress of invention in the mechanic arts."—New Bedford Daily Mercury.

"Young mechanics ought to keep posted up in the practical as well as practical knowledge, and this work will show them just how they stand."—Roxbury (Mass.) Advertiser.

"We take it to be just the work that scores and hundreds of our intelligent mechanics have desired to possess. So ample are its descriptions, and so full and minute its specifications, that it seems to us that any mechanic might construct any machine it describes, on the strength of its engravings and instructions."—N. Y. Commercial Advertiser.

"All interested in mechanics should avail themselves of its advantages."—Schuylkill, (Penn.) Journal.

"A work of extensive practical utility and great importance to all who wish to … of the … We regard the work as eminently calculated to promote the cause of science and the mechanic arts, and to disseminate valuable information on those subjects."—Farmer and Mechanic.

"Practical men in all the varied walks of mechanical and manufacturing industry, engineering, &c., will find in this work a treasure which it will be to their profit to possess."—Troy Daily Whig.

"We have carefully perused the numbers, and have no hesitation in saying that it is the best work for mechanics … language intelligible to any reader of ordinary capacity."—Gloucester, (Mass.) News.

"We are sure we are doing the mechanics of Norwich and other parts of Connecticut a service by bringing the work to their attention."—Norwich, (Conn.) Courier.

"It is just such a work as every mechanic should possess."—Freeman's Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Newark, (N. J.) Commercial Courier.

"Of all the various publications having for their object the elucidation and advancement of the mechanical arts and sciences, none that we have seen, is so full of promise as this."—Buffalo Com. Adv.

"It is the best and cheapest work ever offered to the scientific and practical engineer and mechanic. The plates are beautifully executed."—Washington Globe.

"This great Dictionary is one of the most useful works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

"We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Advertiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Boston Courier.

"It is designed after the principle of Ure's Dictionary, only that it is more devoted to the mechanical and engineering professions, and above all, it's valuable … England, viz: describing American machinery and works of art."—Scientific American.

"It is published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such matters, need be deterred from procuring it; and every one who does so, will find that he has in a condensed form an amount of instruction which would otherwise be obtained, if at all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, conspire to make this one of the most desirable works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspirations to excel in their respective businesses. We have carefully examined it. To them we would say in the strong language of the Bible: 'It is good.'"—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment.

M'ALLISTER'S OINTMENT,
Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the great medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment and having prescribed and tested it in several cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and which is adapted to the cure of a great variety of cases. Though I have never either recommended or engaged in the sale of secret medicines, regard for the truth, honest, conscientious, humane character of the Proprietor of this Ointment, and the value of his discovery, oblige me to say thus much regarding it. W. BEACH, D. D."
New York, April 22d, 1846.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumers, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses knew its value in cases of Swollen or Sore Breast, they would always apply it. In such cases, if used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co:—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOLDINBACH.

Sole Proprietor of the above medicine.

JULES HAUEL'S MEDICATED NYMPH SOAP.

—The skin of many persons is disfigured with slight eruptions, as pimples, morphew, &c., and when this is merely a disease of the skin, as it is in ninety nine cases out of every hundred, it is very easily removed. Jules Hauel's Nymph Soap is expressly adapted to diseases of the skin, as it acts directly upon the minute pores which cover its surface, cleansing them from impurities, and by its balsamic properties healing and eradicating all eruptions, and rendering the darkest and roughest skin soft, fair, and blooming.

Persons who have been in the habit of using ordinary soap, will be astonished at the beautiful effect produced by the Nymph Soap, in imparting a delicate bloom, preventing the neck, face, or hands from chapping, allaying all irritation, and removing all cutaneous eruptions. It possesses an exquisite perfume, and is entirely devoid of all alkaline properties, rendering it the only article which can be used with safety and comfort in the nursery.

All those whose faces or necks are disfigured with pimples, blotches, tan, morphew, &c., should make trial of Jules Hauel's Nymph Soap, as the proprietor positively assures them, that its use will render the most discolored skin white, the roughest skin smooth, and the most diseased skin healthy, pure, and blooming.

Jules Hauel's Nymph Soap is the only article which will effectually produce the above effects in so short a time, and the only one which is at the same time all powerful and entirely harmless. Prepared only by

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth
Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory!! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION (in its early stage,) Asthma, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhoea, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c., &c. In cases of debility resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it. None genuine without the signature of the proprietor.

BIDWELL'S
SANDY AND BEAVER LINE,

From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin.

The completion of the Sandy and Beaver Canal opens up to our city through this great natural central route a direct communication to the above as well as the adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20, and 50 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Ohio in ordering their goods by BIDWELL'S SANDY AND BEAVER LINE, an equal interest in this advantage. HARNDEN & CO. continue to bring persons from any part of England, Ireland, Scotland of Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emmigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

A CAUTION—About the ONLY ORIGINAL AND GENUINE … CONSUMPTION!

And the best medicine known to man for Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, Pains and Weakness in the Side Breast, &c., and all other diseases of the PULMONARY ORGANS.

A very important disease over which this Balsam exerts a very powerful influence, is that of a DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures, after every well known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the disease above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been extensively used with decided success, even in cases of years' standing. With the increase of intelligence has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the increase of science have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, is

DR. WISTAR'S BALSAM OF WILD CHERRY.

Wistar's Balsam of Wild Cherry is a fine Herbal Medicine, composed chiefly of Wild Cherry Bark and the genuine Iceland Moss, (the latter imported expressly for this purpose,) the rare medicinal virtues of which are also combined by a new chemical process, with the extract of Tar, thus rendering the whole compound the most certain and efficacious remedy ever discovered for

CONSUMPTION OF THE LUNGS.

Still further evidences of the remarkable curative properties of this inestimable preparation:

RUSSELLVILLE, Brown co., O., Aug. 21, 1849.

Messrs. Sandford & Park: Gentlemen,—About six weeks ago I received the agency of Wistar's Balsam of Wild Cherry, but with some reluctance on my part, for the reason that I had been the agent of so many pills and other nostrums, which were cracked up to be something wonderful, but which turned out in the end to be of no account whatever, except to the manufacturer. But I candidly admit that this time I have been deceived, for the extraordinary cures effected by Wistar's Balsam have convinced me that "good can come out of Nazareth." Your agent left me one dozen bottles, which are all gone—having been the means of curing several obstinate cases of Consumption—and no mistake; for what I see and know I am bound to believe. One case in particular: A young gentleman in Winchester, Adams county, O., 10 miles from this place, was cured of Consumption when the doctors has given him up, or at least could do nothing for him, and it was the intention of his friends to convey him to your city, and place him under the care of some eminent physician there. But a friend told him of Wistar's Balsam, and that he could obtain it of me. He sent for it, and before the second bottle was gone he was sound and well, and attending to his every day business. As there are several inquiries for the medicine, it would be well to forward an additional supply without delay. Very respectfully, yours,
LAMBERT NEWLAND.

The above, from L. Newland, Esq., a highly respectable country merchant, commends itself forcibly to the candid attention of all those who have doubted the great merit of Wistar's Wild Cherry Balsam.

Remember the original and only genuine Wistar's Balsam of Wild Cherry, was introduced in the year 1833, and has been well tested in all complaints for which it is recommended. For 17 years it has proved more efficacious as a remedy for Coughs, Colds, Influenza, Bronchitis, Asthma, and Consumption in its incipient stages, than any other medicine.

LOST VOICE, &c., RESTORED!
NEW BEDFORD, Aug. 10, 1849.

Mr. S. W. Fowle: Having seen many certificates published in relation to Dr. Wistar's Balsam of Wild Cherry, I take this opportunity of offering a word in its favor, which you are also at liberty to publish. A few months since my wife's lungs became so much affected with a sudden cold, that she lost her voice, and suffered severely from pains in the breast. Her situation caused her friends much alarm. Having heard your Balsam strongly recommended by those who used it, I purchased a bottle from your agent in this place. She took it according to directions, and it produced a wonderful effect. Before using one bottle she had completely recovered her voice, the pains subsided, and her health was soon fully re-established.
Yours, truly, HENRY G. BRIGHTMAN.

TO DRUGGISTS AND DEALERS IN MEDICINE.—This celebrated and infallible remedy for the cure of Consumption, Asthma and Liver Complaint, has by its own merits, been rapidly, sure and safely working its way through the opposition of quacks and counterfeiters, until, by its true value and intrinsic excellence, it has gained for itself a most enviable popularity, and established itself in the confidence of an intelligent and enlightened public, from one end of the continent to the other. This testimony of thousands who have been relieved and cured by this valuable article, will show that it stands unrivalled—at the head of all other medicines, for the cure of diseases for which it is recommended. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed Agents, and all respectable dealers in medicines, in all large cities and all important towns throughout the United States.

SELLERS' FAMILY MEDICINES—"They are the medicines of the day."
Graham Station, Ohio, May 25, 1849.

R. E. Sellers—I think it right, for the benefit of others, to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial frequently expelling large quantities (say 100 to 200 worms) from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have, in every instance, produced the effect desired.

As I am engaged in merchandising, I am able to state, that I have yet to hear of the first failure where your medicines have been used in any section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully,
W. H. PINNELL.

GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.
SHORT CREEK, Ohio county, Va. March 20th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, leaving me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,
D H COLEMAN.
West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP.

The genuine Liver Pills are prepared and sold by R E SELLERS, No 57 Wood street, and by druggists in the two cities.

TO THE PUBLIC.—The original, only true and genuine Liver Pills are prepared by R E Sellers, and have his name stamped in black wax upon the lid of each box, and his signature on the outside wrapper—all others are counterfeits, or base imitations.

DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr D Jayne's Carminative Balsam. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend D D Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A SHINN

VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD.
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.
THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases, is

DR. SWAYNE'S
Compound Syrup of Wild Cherry.

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"Wise men, acting from conscientious impulses, … particular fact, … the truth of a thing, or … worldly interests and purposes, coerce conviction … its truth and … special manner to … universal credence."—O'Hogan's Moral Maxims.

READ THE HOME CERTIFICATES.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER Co., April 25th, 1849.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, still increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine: I did so with the most happy results. The first bottle had the effect to loosen the cough, causing me to expectorate freely; and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Grocer, West Chester, Pa., of whom I purchased the medicine.
Respectfully yours, JAMES MORRIS.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very considerable discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded by a dear friend in Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the saying of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at this time of 20 or 25 months' standing, consequently it was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudent I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much small number of bottles would have made me sound, but for the above indiscretion. The Syrup allayed the fever, took away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. REV. J. P. JORDAN.
Dublin county, N. C.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature; and as further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "fictitious nostrums" by stealing the name of Wild Cherry. Remember, always bear in mind the name of Dr. Swayne, and be not deceived.

Great English Remedy.

FOR Coughs, Colds, Asthma and Consumption! The GREAT AND ONLY REMEDY for the cure of the above diseases, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, whooping cough and croup.

Sold in large bottles, at $1 per bottle, with full directions for the restoration of health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this great English Remedy, may be obtained of the Agents, gratuitously.

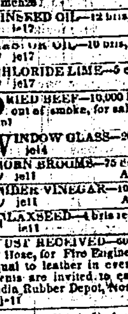
SELLERS' IMPERIAL COUGH SYRUP—THERE'S NOTHING LIKE IT!
PITTSBURGH, March 27, 1847.

Mr. R. E. Sellers—In justice to you and your incomparable Cough Syrup, I beg leave to state, for the benefit of the community, that my wife has been several times afflicted with a most distressing cough. I purchased, in January last, a bottle of your Syrup, which cured a cough of two months' standing. About one month since, the cough returned, and was so severe that she could hardly move, from weakness in the breast; I sent for one bottle of your Cough Syrup, and a part of one bottle cured the cough. I gave the other to a journeyman who was severely afflicted, who had, to use his own words, "eaten enough cough candy to cure all the people in Pittsburgh," if the candy had been as good as represented.
Yours, respectfully, ALFRED B. KREVIT.

Prepared and sold by R. E. SELLERS, 57 Wood street, and sold by Druggists generally in the two cities. de19

ALLEGHENY VENITIAN BLIND, AND CABINET WAREROOM.



J. A. BROWN would respectfully inform the public, that he keeps on hand at his stand on the west side of the Diamond, Allegheny city, a complete assortment of Venitian Blinds; also Venitian Shutters are made to order in the best style, warranted equal to any in the United States. His Blinds can be removed without the aid of a screw driver. Having purchased the stock, tools, and wood of the cabinet establishment of Ramsay & M'Clelland, I am prepared to furnish their old customers, as well as the public at large, with every thing in their line.
