HAS established a greater celebrity than the public may be assured of the fact, that it is a walk, in consequence of its superior purity, and its invariable uniformity.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established.

The production is now Twenty Tons Daily, and the demand increases daily throughout the whole United States, and foreign countries.

Working at its full capacity, and under a rigid system, they are able to secure a perfect uniformity in the quality throughout the year. *This is the great Desideratum in Starch, and is now realized now for the first time.*

The very best Starch that can be made, and no other, is always wanted by consumers, and this will be sought for and found by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his superintendence has been, beyond any question, the best in the market. For 12 years, he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of Gloss Starch.

☞ *Ask for Kingsford's Starch, as the name Oswego has been recently taken by another factory.*

It is sold by all the best grocers in nearly every part of the country.

Medical.

R. R. R.

A FALSE THEORY EXPOSED.—THE TRUE SCIENCE REVEALED.

Mankind have long been engulphed in darkness as regards the mysterious of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.

Medicine, as practiced by the regular faculty, has delusion—a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those "who have departed this life" died victims, not *to disease*, but to the injudicious application of this subtle and uncertain theory, as practiced by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great unbelievable truthfulness of the R. R. R. over and over again; for, in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators or Resolvent, as the case may have been, has restored those dying patients to new life and health.

In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainties, for these active powers, founded on principles as immutable in their power over disease, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the *whole* human system to its normal condition of health.

This is really from the marvelous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, and the most agonizing pains and uneasiness ceases, and the crippled, lame and wounded limb becomes invigorated with renewed strength. So also with the Resolvent—the most regulative Sores, Ulcers, Humors, and the most obstinate of chronic diseases quickly become extinct after a cure does is taken.

In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Palpitation of the Heart, Radway's Regulators in the form of Pills, can be relied upon as a positive and certain corrector and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they do move the temporary difficulty, do so at the expense of Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a regular action to the liver, stomach, bowels and other organs—they neither irritate, inflame, sicken or weaken the patient, and the evacuations are natural, without protruding the system or cramping the bowels.

These remedies are the only ones that have reduced the hygienic principle to the fixity of a mathematical demonstration—invariable in all cases, and proceeding on a settled routine. They, and they alone, have imparted to the Medical Science and Medical Practice of the so called regular faculty, the precision and invariability which are essential to the requirements of a science. Taking the common diseases of the effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous disease of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the sudden and dangerous attacks to which their children are so frequently exposed.

Radway's Ready Relief, Regulators and Resolvent will reinvigorate the worn out and shattered constitution, and restore to life and health, even though no hopes are entertained by your physician. Over a thousand such instances have come to our knowledge, and we therefore, feel ourselves justified in requesting the trial. Surely, after the physician have he can do no more, his prejudice to your using a remedy that may do you good, is criminal.

As one of the instances we have alluded to in the above article, we refer the public to the case reported to us by Richard Griffith, Esq., well known in Canada West as a man of high integrity, and well approved of by his countrymen for his high official capacities.

HARROWSMITH, Fontenac Co., C. W., June 30th, 1857.

In October, 1855, my wife giving birth to a child, left her bed too early and caught a severe cold, which produced an abscess in her side. The best physicians in this neighborhood and Kingston were in attendance on her—but all of no avail—*the doctors had given her up to die. For three days she was speechless, and I considered her dying.* Her friends, momentarily watching to see her breathe her last. I happened to see a copy of your paper called "*The Moving World*," and there read of your medicines. I resolved to test them as a last resort. I gave her the *Resolvent* with the Regulators—and Relief—according to directions, *and in three days she showed a wonderful improvement.* From thinshe daily recovered, and is now, thank God, better than ever she was in her life.

The child, when three months old, caught a bad cold, and *dwindled away to a mere skeleton*, nothing but *bone* and skin. The physicians said it was incurable, and prescribed Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Bloated and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others affected a decided cure.

Nature finds no new enemy to contact, with this delightful tonic in the system. Its effects are almost magical, yet perfectly harmless. It communicates no violent shock to the system, but by arousing its vital energy to normal action throughout the system, enables it to throw off the cause, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it is sold by many of the druggists, as well as by all the druggists, it would seem needless to offer further evidence; yet as there are doubtless some who have tried many advertised remedies, and still suffer, we feel impelled in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. Schaadman, Esq., the well known Lithographer, says: "I have frequently used Berhave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Berhave's Hollands and Bitters myself, and recommend it to others, knowing it to be just what it is represented."

Ald. Jonathan Neely, of Lowell St. Chair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy, says: "After several physicians had failed of the best physicians in this place had failed, Berhave's Holland Bitters cured me of the worst form of Dyspepsia."

Francis Felix, only manufacturer of the original "Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the Packet, Baltimore, pronounces it "a medicine deserving the confidence of the public."

Jacob Eichelbach, the leading German physician of Penna. has prescribed it frequently during the past three years; with marked success in debilitated states of the digestive organs or of the system generally.

The manager of Ballou's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."

NOTICE.—Whether expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singularremedial properties.

CAUTION.—The great popularity of this delightful Arcana, has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Berhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞ Sold at $1.00 per bottle, or six bottles for $5.00 by the Proprietors.
