JOHN RYLE'S SPOOL SILK,
Expressly for Sewing.

TO avoid the many inconveniences attending the use of the customary Skein, the above article has been made, and for a long time wanted. It has always been a matter of astonishment that whilst the common article of Cotton, was conveniently spooled for general use—Silk, so much more valuable, should have been supplied in Skeins, from which so much trouble, vexation and loss has arisen.

The difficulty has at last been overcome, the public is offered a good article, handsomely put up in a convenient form for domestic use.

The only objection urged against this article is the apparent small quantity on each spool. This is easily explained. Each spool is warranted to contain 20 yards of Silk; while the ordinary Skein, at the same price, has but an uncertain quantity, varying from 15 to 18 yards.

The Spool Silk is ready for use at the time of purchase, and it only needs a trial, to convince the most skeptical of its superiority in quality. Independent of the neat and convenient form in which it is furnished, it has great advantages over the Skein, as it does away with the tedium of winding, the vexation of tangling, and the loss of time in preparing it for use.

Great American Mechanical Work.

D. Appleton & Co. New York, have in course of publication, in parts, price twenty five cents each,

A DICTIONARY
Of Machines, Mechanics, Engine Work and Engineering; designed for Practical Working Men, and those intended for the Engineering Profession.
EDITED BY OLIVER BYRNE.

THIS WORK is of large 8vo. size, and will contain TWO THOUSAND PAGES, and upwards of SIX THOUSAND ILLUSTRATIONS. It will present working drawings and descriptions of the most important machines in the United States. Independent of the results of American ingenuity, it will contain complete practical treatises on Mechanics, Machinery, Engine-work, and Engineering; with all that is useful in more than one thousand dollars worth of folio volumes, magazines, and other books.

The great object of this publication is, to place before practical men and students such an amount of theoretical and scientific knowledge, in a condensed form, as shall enable them to work to the best advantage, and to avoid those mistakes which they might otherwise commit. The amount of useful information thus brought together is almost beyond precedent in such works. Indeed, there is hardly any subject within its range which is not treated with such clearness and precision, that even a man of the most ordinary capacity cannot fail of understanding it, and thus learning from it much which it is important for him to know.

The publishers are, in short, determined, regardless of cost, to make the work as complete as possible; and it is hoped every one desirous to obtain the work will procure it as issued in numbers, and thus encourage the enterprise.

The work will be issued in semi-monthly numbers, commencing in January, 1850, and will progress with great regularity.

The whole work will be published in 40 numbers, at 25 cents per number, and completed within the current year, 1850. A liberal discount will be made to agents.

Any one remitting the publishers $10 in advance, shall receive the work through the post office free of expense.

Opinions of the Press.

"To our numerous Manufacturers, Mechanics, Engineers, and Artisans, it will be a mine of wealth."—Providence, (R. I.) Journal.

"Young men, arm yourselves with its knowledge.—We can with confidence recommend our renders to possess themselves of its numbers as fast as they appear."—American Artisan.

"We unhesitatingly commend the work to those engaged or interested in mechanical or scientific pursuits, as eminently worthy of their examination and study."—Troy, (N. Y.) Budget.

"It is truly a great work, and the publishers deserve the thanks of inventors, machinists, and manufacturers, and indeed of the public generally."—N. Y. Independent.

"This Dictionary will be highly useful to practical mechanics, and valuable to all who wish to acquaint themselves with the progress of invention in the mechanic arts."—New Bedford Daily Mercury.

"Young mechanics ought to keep posted up in theoretical as well as practical knowledge, and this work will show them just how they stand."—Roxbury Mass. Advertiser.

"We take it to be just the work that scores and hundreds of our intelligent mechanics have desired to possess. So ample are its descriptions, and so full and minute its specifications, that it seems to us that any mechanic might construct any machine it describes, on the strength of its engravings and instructions."—N. Y. Commercial Advertiser.

"All interested in mechanics should avail themselves of its advantages."—Schuylkill, (Penn.) Journal.

"A work of extensive practical utility and great importance and value to the rapidly increasing interests of the country. We regard the work as eminently calculated to promote the cause of science and the mechanical arts, and to disseminate valuable information on these subjects."—Farmer and Mechanic.

"Practical men in all the varied walks of mechanical and manufacturing industry engineering, &c., will find in this work a treasure which it will be to their profit to possess."—Troy Daily Whig.

"We have carefully perused the numbers, and have no hesitation in saying that it is the best work for mechanics, tradesmen, and scientific men, ever published, for it contains minute information on every branch of the mechanical arts and sciences, expressed in a style and language intelligible to any reader of ordinary capacity."—Gloucester, (Mass.) News.

"We are sure we are doing the mechanics of Norwich and other parts of Connecticut a service by bringing the work to their attention."—Norwich, (Conn.) Courier.

"It is just such a work as every mechanic should possess."—Freeman's Journal.

"We consider it one of the most useful and important publications of the age. No mechanic can afford to be without it."—Nevada, (N. J.) Commercial Courier.

"It will be of the utmost possible advantage for their object the elucidation and advancement of the mechanical arts and sciences, none that we have seen, is so full of promise as this."—Buffalo Com. Adv.

"It is the best and cheapest work ever offered to the scientific and practical engineer and mechanic. The plates are beautifully executed."—Washington Globe.

"This great Dictionary is one of the most useful works ever published for years, and the low price at which it is sold makes it acceptable to all."—South Carolinian.

"We regard it as one of the most comprehensive and valuable, as well as cheapest works ever published."—Baltimore Advertiser.

"Ought to be taken by every one desiring to keep pace with the progress of art and science in every one of the labors of civilized life."—Rondout Courier.

"It is designed after the principle of Ure's Dictionary, only that it is more devoted to the mechanical and engineering professions, and above all, is valuable as accomplishing for America what Ure has done for England, in describing American machinery and works of art."—Scientific American.

"This published in numbers, and at a price so moderate, looking at what is contained in each number, that no one who has the least interest in such matters, need be deterred from procuring it, and every one who does so, will find that he has in a condensed form an amount of instruction which would be obtained, if at all, only by the purchase of very many volumes."—N. Y. Courier and Enquirer.

"The comprehensiveness with which the subjects are treated, the admirable manner in which they are illustrated, conspire to make this one of the most desirable works."—Democratic Review.

"This work should be in the hands of every mechanic, artisan, and manufacturer, especially those who have the least aspirations to excel in their respective business. We have carefully examined it, with a view of recommending it to inventors. To them we would say in the strong language of the Bible: 'It is good.'"—Baltimore Inventors' Journal.

Notice to the Proprietors of Newspapers throughout the United States and Canada.

If the foregoing advertisement is inserted five times during the year, and the paper containing it sent to us, a copy of the work will be sent gratis in payment. ap15-d&wlt

M'ALLISTER'S OINTMENT,
Containing no Mercury, nor other Mineral.

THE following testimonial was given by the celebrated Dr. Wooster Beach, the author of the great medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing Ointment and having prescribed and tested it in several cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients combined as they are, and used as directed by the Proprietor, are not only harmless, but of great value, being a truly scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and which is adapted to the cure of a great variety of cases. Though I have never either recommended or engaged in the sale of secret medicines, regard for the truly honest, conscientious, humane character of the Proprietor of this Ointment, and the value of his discovery, oblige me to say thus much regarding it. W. BEACH, D. D."

New York, April 22d, 1846.

BURNS.—It is one of the best things in the world for Burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumors, Ulcers, and all kinds of Sores, it has no equal.

If Mothers and Nurses knew its value in cases of Swollen or Sore Breast, they would always apply it. In such cases, if used according to directions, it gives relief in a very few hours.

Around the box are directions for using McAllister's Ointment for Scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsey, Sore Throat, Bronchites, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle.

There was never, perhaps, a Medicine brought before the public, that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every person that has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief, in every case, it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county:

Maidencreek, Berks co., March 30, 1847.

Messrs. Ritter & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about 20 years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also used the Salve since for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOLDINBACH.

JAMES McALLISTER, Sole Proprietor of the above medicine. Principal Office, No 28 North Third street, Philadelphia.

Valuable and extensive Water Power to let on favorable terms.

THE WABASH NAVIGATION COMPANY are now prepared to lease the Water Power at the Grand Rapids, to an amount sufficient to propel four hundred pairs of mill stone. The location is based upon a rock foundation, and the power can conveniently be applied on both sides of the river. The grain of the White River, as well as the Wabash, can be readily furnished at this point. While timber, iron ore, and coal, in the greatest abundance, and of superior quality, can be easily procured through the same country.

TERMS—One hundred dollars per annum for a power sufficient to propel a single run of medium sized mill stones for a period of fifteen years, with the right of renewal on the expiration of the lease, at a fair valuation of the power employed. The site of the mill or manufactory included, without farther charge from the Company. By order of the Directors.

JULES HAUEL'S MEDICATED NYMPH SOAP.—The skin of many persons is disfigured with slight eruptions, as pimples, morphew, &c., and often this is merely a disease of the skin, as it is in ninety nine cases out of every hundred, it is very easily removed. Jules Hauel's Nymph Soap is expressly adapted to diseases of the skin, as it acts directly upon the minute pores which cover its surface, cleansing them from impurities, and by its balsamic properties healing and eradicating all eruptions, and rendering the durest and roughest skin soft, fair, and blooming.

Persons who have been in the habit of using ordinary soap, will be astonished at the beautiful effect produced by the Nymph Soap, in imparting a delicate bloom, preventing the neck, face, or hands from chapping, allaying all irritation, and removing all cutaneous eruptions. It possesses an exquisite perfume, and is entirely devoid of all alkaline properties, rendering it the only article which can be used with safety and comfort in the nursery.

All those whose faces or necks are disfigured with pimples, blotches tan, morphew, &c., should make trial of Jules Hauel's Nymph Soap, as the proprietor positively assures them, that its use will render the most discolored skin white, the roughest skin smooth, and the most diseased skin healthy, pure, and blooming.

Jules Hauel's Nymph Soap is the only article which will effectually produce the above effects in so short a time, and the only one which is at the same time all powerful and entirely harmless. Prepared only by JULES HAUEL, Perfumer and Chemist, 120 Chestnut street, Phila.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth Than are dreamt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure unadulterated article, without any chemical change, but just as flows from Nature's Great Laboratory! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION (in its early stage,) Asthma, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhoea, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c., &c. In cases of debility resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it. None genuine without the signature of the proprietor.

Sold by the proprietor, S. M. KIER, Canal Basin, near Seventh st. Also by R E SELLERS, 57 Wood st; and—KEYSER & M'DOWELL, corner Wood st. and Virgin alley; who are his regularly appointed Agents. nov9-dly

BIDWELL'S
SANDY AND BEAVER LINE.
From Pittsburgh to Columbus and Cleveland, through the rich and populous counties of Columbiana, Carroll, Stark, Tuscarawas, Coshocton, Muskingum, Licking, and Franklin.

The completion of the Sandy and Beaver Canal opens up to our city through this great natural central route a direct communication to the above as well as the adjoining counties of Wayne, Holmes, Knox, and Delaware.

From this section of Ohio, the trade with Pittsburgh has been, to a great extent cut off, in consequence of the high rates of transportation, which are now reduced 10, 20 and 50 per cent.

Boats of this line will leave daily, and run through without transhipment. The Canal company have bestowed upon this line an interest in the unprecedented advantages of their charter, and thus secured to the middle portions of Ohio in ordering their goods by BIDWELL'S SANDY AND BEAVER LINE, an equal interest in this advantage. Passenger and Remittance Office.

HARNDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emmigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

Drafts drawn at Pittsburgh for any sum from £1 to £1000, payable at any of the provincial Banks in Ireland, England, Scotland and Wales.

MEDICAL.

Sir James Murray's Fluid Magnesia.

PREPARED under the immediate care of the Inventor, and established for upwards of thirty years. This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout, and gravel, as the most safe, easy, and effectual form in which Magnesia may, and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia now in general use, without being liable like it, to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their carbonates are known to do; it prevents the food of infants turning sour; in all cases it acts as a pleasing aperient, and is peculiarly adapted to females.

Sir Humphrey Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies, and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland:—

"Dear Sir—There can be no doubt that Magnesia may be administered more safely in the form of a concentrated solution than in substance; for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our Materia Medica. PHILIP CRAMPTON."

Sir James Clarke, Sir A. Cooper, Dr Bright, and Messrs Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of soda or potass.

GREAT IMPORTANT CHEMICAL DISCOVERY
CHEMICAL COMBINATION
From the Vegetable Kingdom, to repel Diseases
Dr. Guysott's Extract of Yellow Dock and Sarsaparilla.

CURES consumption, scrofula, erysipelas, rheumatism, gout, liver complaints, spinal affections, ulcers, syphilis, dropsy, asthma, piles, scurvey, affections of the bladder and kidneys, mercurial diseases, corrupt humors, rush of blood to the head, fever and ague, female complaints, general debility, dyspepsia, loss of appetite, headache, colds, costiveness, gravel, night sweats, cholic, organic affections, palpitation of the heart, biles, pains in the side, chest, back, &c.

It is infallible in all diseases arising from an impure state of the blood, or irregular action of the system.

In the Vegetable Kingdom, an All wise Being has deposited plants and herbs congenial to our constitutions, and adapted to the cure of disease; and to the vegetable kingdom does the reason of man, as well a the instinct of animals, turn for antidotes to pain.

The Syrup is a scientific compound of the most valuable plants in nature, entirely free from deleterious and enervating mineral substances, and as it expels disease from the system, imparts vigor and strength, a corresponding degree.

CERTIFICATES.

An extraordinary case of Scrofula, Erysipelas and Ulcers, cured by the sole use of Dr. Guysott's Compound Syrup, Yellow Dock and Sarsaparilla.

BROOKLYN, Nov. 17, 1848.

DR. GUYSOTT—Sir: I tender my sincere thanks for the great benefit I have derived from the use of your valuable syrup. I have been troubled very bad with a scrofulous sore, which made its appearance on my chin. I did not pay much attention to it at first, supposing it to be nothing but an eruption that appear on persons face. It finally began to increase, until spread to the back part of the head. I applied to a physician, who attended me all to no purpose. I had tried every thing that could be tried. I saw your Syrup of Yellow Dock and Sarsaparilla, and concluded to use it, for I knew that Yellow Dock was one of the most valuable articles in the world for the blood. I bought your Syrup, and from the use of one bottle I could see a great change in my system. I continued to use it until I was a well man. I now feel like a new person; my blood is perfectly cleansed and free from all impurities. There is not a question but this your newly discovered compound is far superior to any sarsaparilla syrup ever sold.

This certificate is at your disposal to publish if you like, and any one you may refer to me, I shall be happy to give them all the information I can about my case, &c. I remain your obedient servant,

GEORGE G. JOHNSON, 113 Market street.

The best female medicine known. The Extract of Yellow Dock and Sarsaparilla is a positive, speedy, and permanent cure for all complaints incident to FEMALES.

Its mild, alterative properties render it peculiarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as incipient consumption, barrenness, leucorrhoea, or whites, irregular menstruation, incontinence of urine, and general prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful. We have evidence on file which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

PROLAPSUS UTERI, or Falling of the Womb, of five years' standing, cured by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, after every other known remedy had been tried without relief.

WASHINGTON, Ohio, Feb., 1849.

This certifies that my wife, aged 37 years, has been suffering under the above complaint for five years—nearly all of that time confined to her bed. I have for four years constantly employed the best medical talent that could be procured in this section of the country, without any benefit whatever. I have also purchased every instrument recommended for the cure of such diseases, all of which proved worthless. In the spring of 1849, I was induced by my friends to try Dr. Guysott's Yellow Dock and Sarsaparilla, which was used for four months. After she had used it for about four weeks, it was evident to all that she was improving, and from that time she improved rapidly, and gained flesh and strength, until the disease was entirely removed, and she is now enjoying most excellent health. WM. MONFORT.

We being neighbors of Wm. and Julia Monfort know that the above statement, as to the sickness of Mrs. Monfort, and as to the cure being effected by Guysott's Yellow Dock and Sarsaparilla, to be strictly true. JANE EDDY. SARAH POWERS.

Great Cure of Consumption.

HAMILTON, January 2, 1847.

Mr. Bennett—Dear Sir: The great benefit which I have derived from your Extract of Yellow Dock and Sarsaparilla, induces me, as an act of justice, to make the following statement:

After wasting for two years from general debility which finally terminated in consumption, I was given up by my friends and physicians as beyond the aid of medicine. As a last resort, I was induced to try your Extract, and having used but two bottles, according to your directions, I am entirely well. [illegible] grateful your friend, M WAITE.

None genuine unless put up in large square bottles, containing a quart, and with the name of the syrup blown in the glass, with the written signature of S. F. Bennett on the outside wrapper. Price $1 per bottle, or six bottles for $5.

It is sold by J. D. Park, corner of Fourth and Walnut streets, Cincinnati, Ohio, General Agent for the South and West, to whom all orders must be addressed.

SELLERS' FAMILY MEDICINES—"They are the medicines of the day."

Graham Station, Ohio, May 25, 1849.

R E Sellers—I think it right, for the benefit of others, to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial frequently expelling large quantities (say 100 to 200 worms) from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have, in every instance, produced the effect desired.

As I am engaged in merchandising, I am able to state, that I have yet to hear of the first failure where your medicines have been used in any section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully, W H PINNELL.

Prepared and sold by R. E. SELLERS, No 75 Wood street, and sold by Druggists generally in the two cities and vicinity. je7

GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.

SHORT CREEK, Ohio county, Va. March 26th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours, D H COLEMAN.

West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP.

The genuine Liver Pills are prepared and sold by R E SELLERS, No 57 Wood street, and by druggists in the two cities.

TO THE PUBLIC.—The original, only true and genuine Liver Pills are prepared by R E Sellers, and have his name stamped in black wax upon the lid of each box, and his signature on the outside wrapper—all others are counterfeits, or base imitations. R E SELLERS, Proprietor. ap10

Great English Remedy.

FOR Coughs, Colds, Asthma and Consumption! The GREAT AND ONLY REMEDY for the cure of the above diseases, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, whooping cough and croup.

Sold in large bottles, at $1 per bottle, with full directions for the restoration of health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this great English Remedy, may be obtained of the Agents, gratuitously.

SELLERS' IMPERIAL COUGH SYRUP—THERE'S NOTHING LIKE IT!

PITTSBURGH, March 27, 1847.

Mr. R. E. Sellers—In justice to you and your incomparable Cough Syrup, I beg leave to state, for the benefit of the community, that my wife has been several times afflicted with a most distressing cough. I purchased, in January last, a bottle of your Syrup, which cured a cough of two months' standing. About one month since, the cough returned, and was so severe that she could hardly move, from weakness in the breast; I sent for one bottle of your Cough Syrup, and a part of one bottle cured the cough. I gave the other to a journeyman who was severely afflicted, who had, to use his own words, "eaten enough cough candy to cure all the people in Pittsburgh," if the candy had been as good as represented.

Yours, respectfully, ALFRED B. KEEVIL.
