ROBBED.

Lewisburg seems to be pested by thieves as we learn from the Chronicle. Among the houses robbed of late, was that of W. C. Duncan, formerly of Millheim, from which silver ware to the value of $75 was stolen, while Mr. Duncan and family lay soundly asleep.

The great question whether it was $100,000, $200,000 or $500,000 that Dulce offered Cespedes to leave Cuba, has not been determined, but one thing is sure, you can get better work, better Watches, better Clocks, Jewelry, &c., at Patton's Jewe ry store, than any where else in Bellefonte. Call and see. 1t

There is constant complaint about this and that; this is too high, that is too inferior, another is made to cheat, and still another is made to humbug, yet it is a fact that all who buy Goods at Hofer Bros., Bellefonte, never complain of prices too high, Goods inferior and made to cheat and humbug. Customers always go away, satisfied that they received the worth of their money.

SEVERE STORM.

The storm which passed through a portion of this county, on Monday evening of last week, did considerable damage, as we have since learned, tearing down fences and trees, and damaging buildings. A new b rn of Samuel Lose, about 1 mile west of Rebersburg, had the roof blown off, and the barn of Sebastian Musser, in Penn twp. was twice struck by lightning. In the lower portion of Haines twp. the hail accompanying this storm, did considerable damage to windows and grain.

From a private le ter we are informed that Mr. E. F. Gay, President of the Phil. & Erie R. R., and Mr H. J. Lombard, 2nd Vice Pres't of Penn'a R. R., will shortly pass through Union and Centre counties, on a tour of inspection over the proposed Lewisburg, Centre & Spruce Creek R. R. These gentlemen will be at Lewisburg on the 21st inst., and may be expected at Centre Hall a few days afterwards. Our fine and fertile vallies—the most beautiful in the state—will, no doubt, strike these gentlemen with the need of such a road as we desire, and we promise them a hearty reception by our people.

A meeting of the stock-holders of the L. C. & S. C. R. R. Co. will be held in Philadelphia, on 7th, inst., (last Monday), to elect a President and Directors.

FERGUSON TWP. ITEMS.

Pine Grove Mills, June 1.—On last Wednesday night, at ½ past 9, Erb's Foundry Machine & Blacksmith shops were burnt up; the fire originated through the stack, all the manufactured work was saved, by the exertions of a few neighbors. A great many patterns and dry lumber were burnt. Loss about $3000, divided between Jacob Erb, Jos. Erb and G. W. Murphy. No insurance.

On Monday evening, 31st ult., had a heavy storm here; no hail; a house and stable of Jacob Markle were blown down; the family being at a neighbor's house, saved some, at least, from being killed. It was a log house, the roof and upper story are gone—part of the roof was carried off by the storm a distance of over a mile. Fences were greatly damaged, and fruit trees torn out of the ground.

Mr. John Bailey, an old and respected citizen, died last Friday, from cancer in the bowels, age about 65 years.

Daniel Stewart, the owner of Calerain Forges, a very wealthy man, died on Saturday last, aged 73 years. K.

The Radicals, fully understanding the value of thoroughly advertising their principles, extend a hearty support to their own journals, and endeavor, in every way, to give them a wide and general circulation. The poison they thus eagerly distribute, must be met, at every point, by an antidote. This can only be done by giving prompt and liberal encouragement to the Democratic press of the country An important political campaign is approaching. Let every Democrat—every Conservative citizen—now do his whole duty, and assist in spreading the truth broadcast over the land. Circulate the documents!

TO PHYSICIANS.

New York, Aug. 15th, 1867.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo, Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement by liquor obtained from Juniper Berries, containing very little sugar, a small proportion of spirit, and more palatable than any now in use. The active properties are by this mode extracted.

Buchu, as prepared by Druggists generally, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopoea, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation. With a feeling of confidence, I am, very respectfully,

H. T. HELMBOLD,

Chemist and Druggist of 16 Year's Experience in Philadelphia, and now located at his Drug and Chemical Warehouse, 594 Broadway, New York.

(From the largest Manufacturing Chemists in the World.)

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN,

Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown sts., Philadelphia.

Helmbold's Fluid Extract Buchu, for weakness arising from indiscretion, The exhausted powers of Nature which are accompanied by so many alarming symptoms among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil, in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does If no treatment is submitted to, Consumption or Insanity ensues.

Helmbold's Fluid Extract Buchu, in affections peculiar to Females, is unequaled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, whether arsing from habits of dissipation, imprudence in, of the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

USE Helmbold's Fluid Extract Buchu in all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any other of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. Helmbold's Extract Buchu is the great Diuretic.

HELMBOLD, Druggist, 594 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—$1,25 per bottle, or 6 bottles for $6.50, delivered to any address. Sold by all Druggists everywhere.

The Latest Scientific Invention, the Calorific.

To give some idea of the peculiarities of the stove in question, me may state that by a highly scientific and patent arrangement the excessive heat on the top of the stove which causes the centre pieces to burn out, is carried around the oven, equalizing the heat of the stove, and causing the bottom of the oven to be just as hot as the top part of the stove; by this arrangement, therefore, all danger of burning out the centre pieces (usual to all cooking stoves) is effectually obviated. What is more, the fire and oven can be easily regulated to any degree of heat, by means of this patent arrangement, thus avoiding the necessity of giving the stove constant attention while baking, in order to prevent it becoming too hot or too cold; another advantage which this stove possesses to persons who use bituminous coal, is, that by the aid of the patent in question, it consumes the latter as readily as anthracite; in short, the operation of this stove, which is as beautiful as it is efficient, leaves nothing to be desired. We would also state that these stoves can be readily supplied with a patent copper-back boiler, by which all the hot water required in a family, can be heated by the waste heat from the stove. To persons residing in the country, this stove comes as a special blessing, as it affords them all the advantages of a cooking range, with none of the annoyances; a water-back can easily be attached to it at a trifling cost, which will heat water equal to a cooking range without the inconvenience or expense of having a range built in the fire place. We will take the liberty of suggesting that to persons about going to house keeping, too much importance cannot be attached to the necessity of having the best possible cooking facilities. The great feature that it does not require constant attention, that when the oven is once fixed, there is not the slightest risk from carelessness or neglect, and that the temperature of the stove is absolutely uniform at the top and bottom, are alone sufficient to eclipse all other stoves in use, we would advise all persons who think of purchasing, to call at the ware-rooms of ISAAC HAUPT, near the depot, at Bellefonte, where he keeps all of Spears' make of stoves. All of the above patents can be applied to the celebrated anti-Cust Cookstove heretofore sold by him. Prices, 10 per ct. less than market value, for cash.

Isaac Haupt, Bellefonte,

Sole Agent for Centre county, for all of Spears' make of Stoves.

☞ He also has on hand for sale, a few two-horse Wagons, both new and old; also one cart and harness, one 1-horse truck wagon, one new trotting buggy, together with the best stock and variety of plows, cultivators, and harrows ever kept for sale about Bellefonte. All will be sold at bargains, for Cash. Don't forget to call and see his stock, before purchasing elsewhere.
