CHICKERING & SONS'

NEW SCALE

PIANO FORTES,

THE subscriber has now on hand, a most splendid stock of Pianos, consisting of 6½ and 7 Octaves, in Plain and Carved Cases of the fashionable description, from the celebrated Factory of Chickering & Sons. The instruments are all provided with their latest improvements, as REPEATING ACTION, DOUBLE-DAMPERS, FELT-HAMMERS, and are of their

ENLARGED NEW SCALE,

By which a much larger sound-board is obtained, consequently the tone is rendered very powerful, yet retaining its sweet and musical quality. By the perfection of the Action, the performer is enabled to produce all grades of tone from *pianissimo* to *fortissimo*, with the greatest ease.

CHICKERING & SONS' PIANOS are thus spoken of by the best artistes and critics in our country:—

THALBERG says:—"They are beyond comparison *the best I have ever seen* in the United States, and will compare favorably with any I have *ever known*."

GUSTAVE STABTER say:—"The opinion which I expressed three years ago, has been more than confirmed to me, by the continued use of them, viz: That for *volume and pure quality of tone*, with nicety of articulation, they are unequalled."

[From the National Intelligencer, Washington.]

"They can safely bear comparison with instruments from any part of the world, in point of tone, strength and elasticity of tones."

[From the New Orleans Picayune.]

"For excellence of material, elegance of finish, and faithfulness of workmanship, and above all for volume and variety, mellow sweetness, brilliancy and permanence of tone, they are unequalled."

[From the Family Journal.]

"The peculiar musical qualities belonging to the Chickering instruments, are a full, musical, rich and powerful tone, free from any wooden, noisy, loudness of sound, so disagreeable to the sensitive musical ear. They have also an easy, even and pleasant touch, and will keep in tune better than any Pianos known.

The public are invited to call and examine these splendid instruments, which are sold at

CANNEL COAL OIL.

SOME OF THE GOOD QUALITIES OF *Well Refined* Cannel Coal Oil, are these:—

IT BURNS AS LIGHT IN BRILLIANCY;
IT IS ENTIRELY NON-EXPLOSIVE:
IT MAY BE CARELESSLY ABOUT
IT IS CONVENIENT FOR GENERAL USE:
IT BURNS WITHOUT ANY OFFENSIVE ODOR:
IT IS CLEAR AND BEAUTIFUL IN COLOR:
ITS APPEARANCE IN THE LAMP ISORNAMENTAL AND ATTRACTIVE:
IT DOES NOT PREMATURELY SOIL CARPETS, CLOTHING, &c. on which it may be spilled, a large proportion of it, being one of the best articles for cleaning soiled goods;
IT IS ETHNATICALLY THE CHEAPEST LIGHT KNOWN.

DIRECTIONS FOR ITS USE.

Go to a responsible dealer and obtain a good oval oil lamp. *Secure thin wicks*, so that they will move readily up and down in the tube. Trim the wick with sharp scissors, exactly even with the top of the wick-tube, clipping off the small projecting points at the corners. Fill your lamp with oil. Turn up the wick carefully at first, so as not to crack the chimney.

A shade will greatly enhance its excellence for reading or sewing by.

By the careful observance of these directions, you will secure a light that cannot fail to please.

Our facilities for refining are now very perfect and complete, and having devoted a great deal of laborious attention to the art, we feel no hesitancy in offering an article of the very best quality, to which we invite the personal attention of the trade.
