REASONS for buying at home in place of from Two Pedlars:
1st. We sold Cherry Trees last fall at from 31 to 40 cents that they charged 50 to 75 cents for. Apple (2d class) 12½ that they charged 17 for. Peach at 12½ that they charged 25 for, and other things in proportion.
2d. You can have them planted a few hours after they are taken up, while the pedlars' trees have weary hours to pass on canals and at railroad depots before they reach the planter.
3d. If mistakes occur a proprietor is still about to correct them, but a pedlar, where is he?

With the Screw Steamers MINERAL ROCK, and GEN. TAYLOR, making THREE BOATS leaving Cleveland every week through the season.

The "CITY OF CLEVELAND" and "ILLINOIS" have been fitted up expressly for the traveling public; being acknowledged in point of speed, accommodations, and appointments, UNSURPASSED. The "IRON CITY" comes out completely renovated; her Cabin being extended her full length, giving her first class Passenger accommodations; while her Freighting facilities—with the "MINERAL ROCK" and "GEN. TAYLOR"—are admirable.

For a Pleasure Trip, the Upper Lakes are becoming each succeeding season more popular; notes adding the charms of rivaling either business, health or pleasure, so many attractions. Leaving Cleveland, the traveller passes over Lake Erie, through the beautiful Detroit River, St. Clair and St. Hurons and over Lake St. Clair, Huron and Superior; passing the Island of Mackinac, and the Pictured Rocks, touching at Marquette, Portage Lake, Copper Harbor, Eagle River, Ontonagon, La Point, Bayfield, and Superior City, with many other localities of interest giving the traveller time for visiting the Copper and Iron Mines; the seeker of health the cool and bracing climate, and attractive scenery; and the sportsman and lover of the romantic, the most inviting facilities for fishing and exploring.

The Steamers make the round trip in eight days. Rooms for any of the trips can be secured by addressing

GAS FROM ROSIN OIL,
AND OTHER
FATTY FLUID MATERIAL.
THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and oleaginous substances have always made them a desirable material for the manufacture of Illuminating Gas. Many Gas Companies use Rosin with coal, in order to supply their customers with a Superior Quality of Gas.
ROSIN OIL is entirely free from all dross and refuse substances, and yields at once, its Brilliant Illuminating Gas.
The greater original cost of the apparatus for the manufacture of coal gas together with the attention and expense constantly required, and the difficulty, if not impossibility, of safely separating the nuisanceome, deleterious and offensive gases, generated in coal, render the ROSIN OIL APPARATUS the more desirable in every way.
S. COATES, of 276 Broadway, New York, has devoted his entire attention to the manufacture and introduction of this Apparatus, and he respectfully calls the attention of the public to his present complete and efficient Machine.
Perfect satisfaction to the purchaser guaranteed in every case. For further information address

Medical.

THE FOLLOWING REMEDIES are offered to the public in the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues unknown to any other combination of medicine hitherto known, which surpass any combination of medicine yet offered to the public. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an antidote to almost every disease beyond any thing which have been known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they remove the fountains of life and vigor, and thus cure many diseases which attack the body, and the sick man is well again. They are adapted to diseases, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is analagnistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in agonies. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these Pills, and mark the effect; see the scale fall from his body; see the new, fair skin that has grown under them; see like a leper that is clean. Give them to him whose sunny humors have plunged the world into darkness; see the moping melancholy depart; see the sufferer, who has long groaned under every muscle of his body with rheumatism, sit down and sing; see the man who has been for the last thirty or forty years a Pillsbury, and behold him leap from his bed, and walk off as a man should who has been delivered from a long and painful bondage. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See the sallow complexion fade, and the healthy blood take its place. Give them to the child of misfortune, whose blood has become vitiated and too early withering away, want of exercise or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation, or circulation, till they do their office ill. Her blood is vitiated, her health is gone. Give her these Pills to stimulate the vital principal into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately stare, only one does take hold, instead of being repelled by himself, expressly for this market. He is also prepared to build Burial Vaults, enclose Bur Lots with Marble or Stone, and to execute any other work in his line, in any of the accessories adjoining Pittsburgh.
