SATURDAY MORNING, MARCH 26, 1859.

THE Warren *Mail* of Saturday, says: "Hays Taylor, Benjamin Price, Washington White, Alonzo Walte, Amos White, George Cuappel and David Long were tried for making and passing bogus money. The jury acquitted all, but Hays Taylor and Benjamin Price. Taylor was sentenced to two years and Price to one year in the Western Penitentiary at Allegheny city. Sheriff Brown left with them a day or two ago for that place.

THE Crawford *Journal* says: "Before the middle of March the buds of nearly all trees are swelled almost to unfolding, an occurrence which has not happened here for many years. There have been bright and glorious days of velvet sward, the modest and gaudy flowers, the rich promising blossoms of fruit trees to make us think that May had come."

THE Beaver *Argus* says: "Our Commissioners were notified a week or two ago, by an agent who is supposed to have under his control Railroad bonds to the amount of about $60,000, that if some provision was not made to meet the outstanding interest by the 20th of the present month, he would commence at once suits upon a number of the bonds."

THE Washington Penna. *Reporter* says: "On Thursday, the 31st inst., the Franklin Bank will offer at public sale, in front of the Banking House, two hundred and forty bonds of $100 each, which were issued by the borough of Washington, for the use of the Hempfield Railroad Company."

THE Kittanning *Free Press* says: "We regret to learn that the Hon. Robert Woodward, Associate Judge of the several courts of this county, has been lying seriously ill at his residence in Plumcreek township, for several weeks past.

A BOY named George Sanchecks, aged about 16 years was drowned in Tionesta creek on Saturday evening last.

Michigan Six Per Cent Loan for the Benefit of the Ship Canal Around the Falls of St. Mary.

IN pursuance of an act of the State of Michigan, entitled "an act to provide for the repairing, preservation and operating of the Ship Canal, around the Falls of St. Mary, and to perform the trust respecting the same," approved February 11th, 1859, the undersigned Governor and State Treasurer of said State, hereby give notice that on MONDAY, the 25th day of April next, they will offer for sale to the highest bidder, bonds of the state of Michigan of not less than one thousand dollars each, to the amount of one hundred thousand dollars, for the purpose mentioned in said act, duly executed according to the requirements thereof, the principal redeemable in the city of New York, at the pleasure of the State, twenty years from the first day of July next, and the interest payable half yearly at six per cent per annum in said city. The tolls and income of said Canal, after paying the expense of the care and operating thereof, are by the State pledged and devoted to the redemption of the bonds and the faith of the State is pledged for their payment. Persons wishing to bid for said loan will please address proposals to the undersigned state Treasurer, at Lansing, Michigan, which will be opened by the Governor and himself, at the Ashburn Bank, in the city of New York, where the negotiation will be consummated. Persons to whom said loan or any part thereof may be awarded, will be required to deposit the amount thereof to the credit of the State Treasurer of the State of Michigan, in such bank as he may designate at the time and place the bonds are delivered. Said act is in the following words:

"An act to provide for the repairing, preservation and operation of the Ship Canal around the Falls of St. Mary, and to perform the trust respecting the same.

WHEREAS, By an act of Congress approved August 26th, 1852, the Congress of the United States granted to the State the right to locate a Ship Canal around the Falls of St Mary, and also seven hundred and fifty thousand acres of the public lands to aid in the construction of said canal, and,

WHEREAS, The said act was accepted by, and the conditions thereof made obligatory upon this State by an act approved February 5, 1855, and,

WHEREAS, Such canal having been built and accepted by the authorities of this State, is found to need repairs in order to its preservation and usefulness and the due performance of the trust created by said act of Congress, and the assent of the State thereto, therefore

Section 1. *The people of the State of Michigan enact*, That the Governor and State Treasurer, are hereby authorized and directed in the name and behalf of the people of this State to negotiate and contract for a loan or loans not exceeding in all one hundred thousand dollars, redeemable at the pleasure of the State, at any time after the expiration of twenty years, from the first day of July in the year on the usual eight hundred and fifty-nine, on the best and most favorable terms and conditions that in their judgment can be obtained, at an interest not exceeding *six per centum* per annum, payable half yearly, to be expended and applied solely in making from time to time such repairs upon the locks, gates, and walls thereof, as the Board of Control created by the act entitled "an act to provide for the collection of tolls and for the care, charge and operating of the St. Mary's Falls Ship Canal," approved February 12, 1855, may deem necessary for the preservation and efficient operation of said canal, and the full performance of the trust above recited.

SECTION 2. For the purpose of effecting the loan or loans aforesaid, the Governor and State Treasurer are hereby empowered and directed, after having first advertised for such loan in one of the daily papers in the cities of Detroit, Boston, New York and Pittsburgh, for at least thirty days prior to negotiating said loan, to cause to be made and issued, bonds in manner and form as aforesaid, signed by the Governor and countersigned by the Secretary of State and State Treasurer, with the great seal of the State affixed thereto, which said bonds shall be drawn in favor of the Auditor General and being endorsed by him shall become transferable and be delivered to the Governor and State Treasurer, and be disposed of by them in such form as they may decide, to be redeemable as aforesaid and to bear interest as aforesaid, payable the first days of July and January, in each year, in the city of New York or elsewhere in the United States, should the Governor and State Treasurer find it convenient and advantageous to contract; and it is hereby further declared that it shall be deemed a sufficient compliance of said power to borrow, that the Governor and State Treasurer have contracted to be executed and issued, provided that said bonds shall be sold to the highest bidder, but shall not be sold at less than par; and the money obtained from said loan or loans shall be paid over to the State Treasurer, and shall constitute a part of the St. Mary's Ship Canal fund, to be applied and used for the above named purposes and for no other purpose whatever, for which application of such moneys the faith of the State is hereby pledged.

SECTION 3. All the tolls and other income from the St. Mary's Falls Ship Canal, after paying the actual and necessary expenses for the care and operating of the same, are hereby pledged and devoted to the payment of said bonds, principal and interest as the same shall fall due, and the State hereby guarantees the payment of the principal and interest of said bonds and each and every of them out of such tolls and income, and pledges its faith that in default of such payment it will unconditionally pay the same without delay.

SECTION 4. All necessary contingent expenses incurred by the Governor and State Treasurer, in carrying out the provisions of this act shall be audited by the Board of State Auditors and paid out of any moneys in the treasury not otherwise appropriated, and to be charged against said canal fund, *provided however*, that the State Treasurer shall notice a member of said board vote in auditing any claim under this section.

SECTION 5. The bonds, the issue of which is authorized by this act shall be numbered and registered in a book to be prepared for the purpose by the Auditor General in his office, which register shall contain the number, amount and when each bond becomes due, the rate of interest, and when and where the interest is payable, and each bond shall contain a copy of the third section of this act.

SECTION 6. This act shall take effect immediately.

GAS FROM ROSIN OIL

OR CHEAP

FATTY FLUID MATERIAL.

THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and oleaginous substances have always made them a favorite material for the manufacture of illuminating gas. Every Gas Companion one house in with coal, in order to supply the demand, and the increased consumption of Rosin Oil, has caused the attention of Gas Manufacturers to be directed to the ROSIN OIL as certain and cheap material for the production of gas. Experiments, however, have proved that, in order to make the Rosin Oil available, it must be used in connection with other oils, or fatty matter, which, when required, and the difficulty, if not impossibility, of entirely separating the Rosin Oil from the other oils, deteriorate gases, generated in coal, render the ROSIN OIL APPARATUS cumbrous and more expensive than in every way.
