COMMON SENSE rules the mass of the people, whatever the misnamed and misnthrope philosophers may say to the contrary. Show them a good thing, let its merits be clearly demonstrated, and they will not hesitate to give it their most cordial patronage. The masses have already ratified the judgment of a physician concerning the virtues of HOSTETTER'S BITTERS, as may be seen in the immense quantities of this medicine that are annually sold in every section of the land. It is now recognized as greatly superior to all other remedies yet derived for diseases of the digestive organs, such as Diarrhoea, dysentery, dyspepsia, and for the various ayers that arise from derangement of those portions of the system. Hostetter's name is fast becoming a household word from Maine to Texas, from the shores of the Atlantic to the Pacific. Try the article and be satisfied.

Sold by druggists and dealers generally, everywhere, and by HOSTETTER & SMITH, manufacturers and proprietors 55 Water and 58 Front streets. jn23dawly

WE direct attention to the advertisement of the Great Western Insurance and Trust Co., of Philadelphia. From testimonials we have seen from Philadelphia and New York, we feel warranted in recommending this company to our community as a reliable one, and under the management of an excellent board of directors and officers. R. W. Poindexter, No. 97 Water street, is the agent of the company, and has been acting for them for some three years past.

PASSENGER RAILWAYS.—The stock in the Etna railway, which runs up the Allegheny, on the west side of the river, to Sharpsburg, has been all taken, the major part of it by five individuals. Thus we have now under way, as far at least as the preliminary steps are concerned, six railways, to wit: the Lawrenceville, East Liberty, Birmingham, Manchester, Etna and Monongahela. For the stock in most of them, there was quite a scramble, and although it commands a premium, not a share is in the market.

The Lawrenceville road is the only one advanced towards completion. The workmen are now on Butler street, laying the track, and within half a mile of the Garrison walls. Cars run, though not to carry passengers, as far as the toll house, on the borders of Lawrenceville, and over two miles from Fifth street.

A seventh road is now projected, viz: from this city to Mansfield, one of the most delightful suburbs of Pittsburgh. It will soon be erected into the borough of Allegheny, or at least so we are informed. In our advertising columns this morning may be found a notice for a meeting of the stockholders of the Temperanceville and Noblestown Turnpike and Plank Road Company, at which the proposition to lay down a railway track along their line and road will be considered. The grade of the road all the way from here to Mansfield is such that a track could be laid with small expense for grading. In fact it is we believe a well established fact that a horse railroad can be drawn anywhere an omnibus will go, and at much less expense of horseflesh. Doubtless, however, a track to Mansfield while in time it would pay, would be the most expensive of any yet projected. The meeting referred to above will be held at Hare's Hotel on the 1st of September next.

THE WRECKS.—The contractors for taking out the wrecks at the landing are getting along well. The wreck of the James Wood, which was the heaviest and perhaps the worst of the lot, has been raised bodily. Two sets of jack screws were put in place and chains passed under the bottom. Thus the whole was brought above water, the dirt removed out, and now the wreck is ready to be taken out. The J. H. Conn will not trouble much, as she lies nearly all out of water. The Cremona will give the greatest amount of labor, as she was sunk in deep water and not a vestige of her to be seen. The ten boats are to be taken out an average cost each of $126.

THROWING STONES.—Clark Hosack was before Ald. Scott, charged with disorderly conduct, on complaint of Jacob Barringer, who alleges that Hosack, while intoxicated, threw stones on the street, one of which struck one of the prosecutor's children. Hosack was committed twenty days.

Benjamin Whitney, John Green, Miles Green, Charles Harris, Fred Black and James Kerr, colored boys, were arrested for throwing stones, on complaint of Christian Weyman. One of the stones entered W.'s house, struck one of the children and inflicted a severe wound. The boys were discharged on paying the costs.

A WANDERER.—A lad aged 15 years, named John Frack, whose home was in Harrisburg, was sent to the House of Refuge on Tuesday by Mayor Morrison. He was wandering about in a destitute condition, and the Mayor considered the Refuge the best place for him. His mother died some time since, and his father having left Harrisburg without taking his children with him, the boy wandered here in search of him, in company with a brother, who, however, was not with him when found.

THE difficulty between the coal men still continues in the same unsettled state, no compromise or agreement having been as yet arrived at. The diggers are holding meetings every day and express their determination to hold out until their demands are complied with. Some of the coal dealers are still going on with their work, with a small force of hands. It is certainly to the interest of all parties that the dispute should be brought to a conclusion soon.

FIRE.—The alarm about noon yesterday was caused by the partial burning of a frame stable, on Bingham street, near Bedford Hall, Birmingham. The flames were soon extinguished, and the loss was trifling. The stable was owned by two men named Siegler and Tony Kuntzler. The Neptune was the only city engine on the ground. The Duquesne men were there with their hose carriage. The fire was extinguished by the citizens.

WARREN.—The Republican ticket in Warren county is as follows:

*Assembly*—H. R. Rouse.
*Commissioner*—Alden Marsh
*Auditor*—J. C. Thomas.
*Surveyor*—P. Loufman.
*Trustees*—H. P. Kinnear, L. L. Spencer.

DAUPHIN.—The locofocos have nominated Nimrod Buckingham and Edward Brickel for Assembly.

THREE CHARGES.—Nathaniel Hughes, committed by Ald. Rogers for three days for disorderly conduct, had two commitments lodged against him on Tuesday. Richard Splane brought a charge against Hughes, before Ald. Donaldson, for passing counterfeit money; and Nancy Swineberger preferred one against him before Ald. Rogers for committing a violent assault and battery.

FELL DEAD.—A man named John Conn, aged about 45 years, residing on the corner of Logan and Decatur streets, sixth ward, fell dead in a chair, in a fit of apoplexy, Tuesday afternoon. He was just about sitting down to dinner, when death overtook him. The occurrence is rendered sadder from the fact that a death occurred in the house on the previous day.

We have before us a neatly got up catalogue of Washington College, Pa., just issued for the year ending on 5th of September, proximo, which contains the names of 132 students who were in attendance at the institution. Of these 20 are Seniors; 27 Juniors; 26 Sophomores; 20 Freshmen and 30 members of the Preparatory Department.

DIED IN JAIL.—A man named George Page, a Marylander, confined in jail on a sentence for larceny, of which he was convicted in April last, died in jail on Tuesday. He had been suffering from chronic diarrhoea, and confinement aggravated his complaint. Coroner Bostwick held an inquest and an appropriate verdict was rendered.

ACCIDENT.—On Monday, a boy named Maloy, son of Patrick Maloy, residing at the corner of Tunnel street and Pennsylvania avenue, in jumping from a milk wagon, fell and broke his arm. Dr. McCook, Sr., set the broken limb.

W. BARR was before Ald. Scott, charged with breach of city ordinance, in keeping his hack standing on the sidewalk, on complaint of L. W. Stewart. He was discharged on paying the costs.

VERDICT.—A verdict of acquittal has been rendered in the "Prussia poisoning case," which has occupied the attention of the Crawford county court of late.

BAILED.—Jacob Poole, charged with stabbing young Irwin, on Centre Avenue, some days since, has given himself up and entered bail before Ald. Rogers for appearance at Court.

THE Freeport aqueduct, as we are informed, which has been undergoing repairs, will be finished to-day, and will be ready soon for the water to be let in the canal again.

The closing sale of dress goods, trimmings, &c., at Mrs. Hodkinson's, No. 63 Market street, will be this morning, at 10 o'clock.

See advertisement of Iron City College of this morning.

IT is now an admitted fact that the new Finkle Sewing Machine for tailors, shoe manufacturers, saddlers and families, is the best in use. They can be had at all times from J. L. Carnaghan & Co., Federal street, Allegheny.

MEXICAN MUSTANG LINIMENT.—From rich and poor, bond and free; all colors, grades and conditions of life, we hear the same meed of praise awarded this wonderful article. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged by this great medicine which are surprising to the judgment of man. What family does not require a standard Liniment. Who ever heard of the same effects produced by any other article? For cuts, bruises, sprains, rheumatism, swellings, strained horses, &c., it has no equal. *Beware of imitations.* The genuine Mustang Liniment is sold by all respectable Druggists and Livery Men in every town, parish and hamlet throughout North and South America, Europe, and the Islands of the Ocean. Buy at once.

BARNES & PARK, Proprietors, New York. Also, Lyon's celebrated Insect Powder.

THE Republican County Committee.—This Committee had a meeting yesterday, and after a free interchange of sentiment, it was determined to open the campaign with a meeting at McKeesport, on Monday evening, Sept. 12th. It was also determined to hold meetings throughout the county during the period intervening between Sept. 12th and the election, and a committee, consisting of Messrs. Kirkpatrick, Baldwin and Richardson, was appointed to arrange meetings and procure speakers. The friends throughout the county who desire meetings in their respective districts, are requested to confer with the chairman of the committee, JOHN M. KIRKPATRICK, Esq., as soon as possible, in order that suitable arrangements may be made in season. Blank handbills will be furnished and speakers designated when application is made.

NEW YORK, Aug. 23.—Stocks are less active to-day, and prices as a whole are well sustained; in some descriptions the prices were higher than yesterday. The speculative list shows considerable strength, a moderate concession in prices, bringing forward sufficient purchasers to render the weakness but temporary. This is the chief feature of the market to-day, the closing prices being better than the opening figures. The prominent item of the share list, is a reaction in Michigan guaranteed stock, which is 1½ per cent lower than the highest point. The demand for the cash stock has materially fallen off. The strongest of the Western R. R. Stocks was Michigan Central and Rock Island, both of which are ¾ per cent better; the former closes at 44½; the latter at 65. Erie shares were weaker, but the bonds are advancing; firsts brought 86; thirds 61 is bid; for fourths 44. Pacific Mail buoyant at 78, a rise of 1½. New York Central closes at 73¾ cash, after selling at the board as low as 72½, sell
