It was soon Iron City College! ascrtained that the cause of the alarm was the explosion of the water boiler of The most Complete Business te kitchen of the Orphan school of that place. A little girl who happened to be there at the time was badly scalded. setting her clothing on fire and scattering the fire all over the room setting the building ablaze, also badly scalding another young girl, a niece of Mr. Kline. The child is in a very critical condition Mrs Kline quickly wrapped the little sufferer in a blanket, thereby smothering the fire on her clothing, and then

with great presence of mind turned the water into the range and throwing it on the fire, thus saving the house.

Medical assistance was promptly rendered by Dr. L. M. Holloway but proved of no avail for the little Orphan, Clara Dellass, was so much prostrate that she expired on the following Friday evening while in a comatose condition.
