DR. R. A. WILSON'S
Tonic, Cathartic and Anti-Dyspeptic
PILLS.
WILSON'S PILLS have had a mere local existence for over twenty years, unsupported by advertising of any kind, and bid at double the price of what they are now sold at, yet with all these disadvantages, wherever used they have in no instance failed to render the utmost satisfaction in performing all the requirements of a valuable *family medicine*, and as such are recommended by some of the most worthy and respectable citizens of the land. Hear for instance what Col. William Hopkins, of Washington, Pa., says:
From Col. Wm. Hopkins, late Canal Commissioner of the State
WASHINGTON, January 8, 1858.
DR. R. A. WILSON, Pittsburgh, Pa.—I have been using your Anti-Dyspeptic Pills, when occasion required, for many years, and am truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and heart; they have never failed to relieve me from headache, and have always left my system in better condition than they found it. I must confidently commend your Pills as a safe and highly valuable medicine.
Yours, respectfully, WM. HOPKINS.
Hear Dr. Keyser.
MESSRS. B. L. FAHNESTOCK & CO.—I have had considerable experience in the use of the extraordinary Pill compounded by Dr. R. Adams Wilson, of which you are now the proprietors, and have often felt their benign influence in my own case for Nervous Headache, arising from a disordered condition of the stomach. I have likewise prescribed them for others, in cases of *hemicrania* and other forms of headache depending on a deranged and irritable condition of the stomach and digestive organs, for which they seem peculiarly adapted, being entirely free from any griping tendency. I regard them as a very valuable Pill, and one that purges, without at all debilitating.
Yours, truly, GEO. H. KEYSER.
Prepared and sold by B. L. FAHNESTOCK & CO., Wholesale Druggists, and Proprietors of B. L. FAHNESTOCK'S VERMIFUGE, No. 60, corner of Wood and Fourth streets, Pittsburgh, Pa. Sold at retail by Druggists everywhere. fa2:3m dawF

MOFFATT'S LIFE PILLS.
THE HIGH AND ENVIED celebrity which this pre-eminent medicine has acquired for its invariable efficacy in all the diseases which it professes to cure, has rendered the usual practice of ostentatious puffing not only unnecessary but unworthy of them. They are known by their fruits; their good works testify for them, and they derive more by the faith of the credulous. In all cases of costiveness, dyspepsia, bilious and liver affections, piles, rheumatism, fevers and agues, obstinate head ache, and all general derangements of health, these Pills have invariably proved a certain and speedy remedy. A single trial will place the Life Pills beyond the reach of competition in the estimation of every patient.
Moffat's Phœnix Bitters will be found equally efficacious in all cases of nervous debility, dyspepsia, heartache, the sickness incident to females in delicate health, and every kind of weakness of the digestive organs. For sale by Dr. W. B. MOFFATT, 335 Broadway, New York, and by Medicine Dealers and Druggists generally throughout the country. fe8-dawtf

NEW TERRITORIES.—Bills for the organization of five new territories have been agreed upon by the Committee on territories. The names of these new Territories are Chippewa, Arizona, Nevada, Idaho, or the Gem of the Mountains, Dacotah. The limits of these new Territories are as follows:

Chippewa is bounded by British America on the north, 46th parallel of north latitude on the south, Minnesota on the east and Washington Territory on the West, thus forming a new Territory out of the northern half of Nebraska and Dacotah, with an extent of one hundred and thirty-five thousand square miles.

By the contemplated arrangement the Territory of Arizona will have the following boundaries: Utah Territory on the north, Mexico on the south, Virgin river and California on the west, and the one hundred and eighth meridian on the east. The proportions of its area of Territory will be for New Mexico 40,000 one hundred and ten square miles, and the new Territory nearly two hundred thousand square miles.

The boundaries of Nevada will be on the north by Oregon and the forty-third parallel to Green river, and thence by Green river to the northern boundary of Utah to the one hundred and fourteenth meridian of west longitude, thence on the one hundred and fourteenth meridian and Virgin river to California, and on the south and west by California. This Territory will contain about one hundred and seventy-five thousand square miles. The boundaries on the east approach within one hundred miles of Salt Lake City and the Mormon settlements. Washington Territory is thus deprived of about fifteen thousand square miles of land; a small corner is also cut off from territory of New Mexico.

The boundaries of Idaho, or "The Gem of the Mountains," are as follows: North by the forty-third parallel of north latitude, south by the thirty-seventh parallel of north latitude; east by the one hundred and second meridian of west longitude, and west by Green river. This Territory comprises one hundred and fifty thousand square miles. One-half of this is taken from Utah, a small portion from Nebraska and New Mexico, the remainder from Kansas.

The Committee have agreed that the balance of Utah east of Green river, about 20,000 square miles, shall be attached to Nebraska. This will reduce Utah to about 90,000 square miles, which will be surrounded by the new territorial governments of Arizona, Nevada, Idaho, and that portion of the old Territory of Oregon which was attached to Washington last Congress. If this does not bring the mormons nearer to civilization and good government, it will bring civilization and good government nearer to them

Dacotah is to be composed of a part of the present Territory of that name and portion of Nebraska, and bounded as follows: The 46th meridian of north latitude on the north; Minnesota and Iowa, to the mouth of the Big Sioux, on the east; on the south, following the Missouri river, from the mouth of the Big Sioux to the mouth of the Niobrarah, and along the Niobrarah, to the one hundred and second meridian of west longitude; along the one hundred and second meridian to the forty-third parallel north latitude; thence along the forty-third parallel to the crest of the Rocky Mountains, and on the west by Washington Territory. This Territory will consist of about 135,000 square miles. This does not include or interfere with any of the settled portions of Nebraska.

REV. DANIEL WORTH.—This estimable clergyman is still in prison for the crime of selling a few copies of "Helpers impending Crisis." The correspondent of the N. Y. Evening Post says:

"I have just seen a gentleman from North Carolina who saw the Rev. Daniel Worth in his prison a few days since. The noble man is suffering very much from his confinement, and will not live long unless he is released. The better class of people in the country desire his pardon, and are endeavoring to accomplish it. They feel mortified and ashamed of the treatment bestowed upon the old man, but such is the terrorism which reigns throughout the State that they can do nothing except by petitioning the Governor for a pardon."

THE SLANG OF THE PRIZE RING.—A detailed account of the great fight, published in Bell's Life, tells us that the combatants struck each other with mawleys and bunches of fives upon the head, the nut, the conk, the canister, the noddle, the mug, the knowledge-box, the nose, the sneezer, the snorer, the snuffer, the snuff-tray, the noxzle, the mazzard; the eyes, the ogles, the optics, the peepers; the mouth, the kisser, the whistler, the oration-trap; drawing the blood, the claret, the ruby, the crimson, the home-brewed the gravy; and in several instances knocking the unfortunate knocker off his pins, his pegs, his stumps, and his foundation, to say nothing of boaring, fibbing and sending him to grass.

ADVERTISEMENT FOR A YOUNG MAN WITH A SMALL CAPITAL.—Bell's Life in London contains the following:

"The Pope has adopted a new system of advertising. A few days ago an advertisement was inserted in one of the Vienna papers, inviting young men of good health to apply for "an engagement" at a certain address in one of the suburbs. Upon application the 'young men in good health' discovered the advertiser to be the Pope, and the engagement a private's position in his army."

THE Japanese have discovered that a few seconds previous to an earthquake, the magnet temporarily loses its power, and have ingeniously constructed a light frame supporting a horse-shoe magnet, beneath which is a cup ball metal. To the armature is attached a weight; so that upon the magnet becoming paralyzed, the weight drops, and striking the cup, gives the alarm. Every one in the house then seeks the open air for safety.

ANOTHER Montara boy affair has disgraced the order of the Jesuits. They have seized upon a youth eleven years old in Rome, made him join the order, and transfer all his property, which was very large, to the fraternity, and the Pope refuses to do justice to the frantic mother.

A MISSISSIPPI OPINION OF WHAT PRYOR SHOULD HAVE DONE.—Alluding to the late "affair of honor" between Pryor and Potter, the Raymond (Miss.) *Gazette* says:

We incline to the opinion that the Southern members, when driven to the necessity of challenging the Republicans to mortal combat, should carry the game out, and *fight* them, if they do propose knives or unusual terms of combat. If Pryor can't fight with a knife, he ought to resign and let his constituents elect some one who can.

A CHINESE merchant in San Francisco tersely gave an American friend his ideas on the Japanese Embassy's reception in this country, as follows:

"Japanese great man now—Americans want more Treaty—by'n by Treaty be signed, Japanese like any body—just like Chinese—just like dam nigger."

DISINHERITED.—The will of the late John D. Boker, father of John Dean's own "Mary Ann," has been admitted to probate in New York. The report that the daughter is disinherited is all true. Neither John Dean nor his own Mary Ann gets a solitary "red," though the old gentleman is said to have left property, of one kind and another, worth a million and a half of dollars.

A number of Austrians, who had volunteered into the Papal army, lately returned to Vienna, because the promise made to them were not kept. The Papal agents, on the contrary, asserted that they had been sent back because they were mutinous.

A MUNDRESS CONVICTED.—In the De Kalb Circuit Court of Indiana, last week, a Mrs. Elizabeth Knapp was convicted of murdering her husband, and sentenced for life to the penitentiary. They had been married for a period of upward of fifty years.

TEN or twelve monster steamboats, in which is locked up capital to the amount of not less than two million of dollars, are now lying idle at the docks of Chicago, Buffalo, and other lake cities.
