MONDAY MORNING, JULY 9.

THE Good Impress at New York.—While the revenue of the country stands steadily below the current expenditure, the importation of goods, to which (every consideration of sound policy requires that at least adequate duties be levied, goes forward to an unprecedented aggregate. The total value, for the fiscal year, closing with June, show the following comparison with the last two previous years, the items embracing goods entered for warehousing, as well as for consumption.

Fiscal year 1857-8	$67,317,786
" " 1858-9	93,549,083
" " 1859-60	107,843,205

The year just closed is thus shown to be distinguished by an increase of fourteen and a half millions over the very large, and then unprecedented, importations of 1858-9. The month of June just past is, fortunately, a little better than June of last year, the comparison being:

June, 1858, total entered at the port	$2,800,678
June, 1859, " " "	8,165,037
June, 1860, " " "	5,585,042

This decline for June may or may not be temporary, and probably two or three months of such exhaustion as always follows over-importation will ensue. Thus we get all the indebtedness abroad which this enormous importation creates without getting revenue enough to pay the current expenses of the government. We reach the climax of importation at a time precisely coincident with the climax of pecuniary difficulties with the Treasury. The count of millions rises in the enumeration of debts until it has a sound quite like the quantities above given—the sixty millions of present debt being so likely to go to one hundred and seven millions in ten years, as the dry goods imports at New York in 1857-8 were likely to rise in two years to their present figure.

No doubt, the legitimate importation of dry goods will increase in the future, under all tariffs, upon the present legitimate imports, but a proper tariff will sift the present excessive aggregates of all that it is not legitimate, as its first result beyond yielding revenue. A tariff is demanded for this purpose of regulating importation, and of confining it to goods really needed and really useful, more than for any other reason, by half the country. Merchants in the importing trade demand it as urgently as manufacturers. Grievous as the management and the scourling debt of the treasury are, it is regular mercantile operations that have suffered most by the importation of one hundred and seven millions' worth at New York during the year just closed, and next to them the general industry and labor of the country which should have been employed in making about half of them. *Philadelphia North American.*

M'CORMICK'S REAPER AND MOWER.

20,000 Sold in the Last Five Years!

Being a larger Number than is Manufactured by any other single Establishment in the World.

THE MACHINE for 1860 will be found so greatly improved as fully to meet the wants of farmers, both as a Reaper and as a Mower—so modified in its construction, as now to be

THE ONLY COMPLETE MACHINE

for both purposes. While cutting a swath several inches wider than the Two Horse Machine of last season it is as whole, narrower, lighter and stronger, and will run much easier—with no material side draught. We present, therefore, for the coming season, a machine one foot wider than those of most makers, with a light draught for two horses, in Reaping or Mowing—LIGHTER YEAN IS REQUIRED BY MUCH NARROWER MACHINES. By the perfection of balancing of this machine, in connection with a patented self-jointed tongue, (with the wheel frame,) the cutting apparatus, when moving, is now easily thrown over obstructions while in motion, simply by the weight of the driver in his place, thus dispensing with all levers and complicated arrangements to effect the same object.

The machine of 1860 will be found superior as a MOWER, possessing some peculiar features *not attainable by other machines.* The Two Horse Mechine, though cutting about five and one half feet wide, is of light and easy draught, so as to enable a *greater amount of work with a less expenditure of power* than any machine made.

A warranty is given to every purchaser, and in addition, the following offer is made: Any farmer, who may desire it, is at liberty to work this machine through the harvest with any other, and PAY for the one purchased.

For further particulars, as also for patent claims under which this machine is built, we refer to our annual pamphlet, which will be furnished on application to us, at Chicago, or either of our many agents.

Our machines can be seen at all prominent points.

Price of machines delivered in Chicago, St. Louis, Indianapolis, Cincinnati, Louisville, Pittsburgh, Cleveland and Baltimore—charge following from these points:

For Four Horse, complete $155
For Two Horse, complete 140
For terms, see pamphlets and bills.

Quack Nostrums.

THE NEW YORK DAY BOOK says:

"The majority of Hair Washes, Hair Dyes, Hair Tonics, Hair Oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded in show window cards, and newspaper headings, as bald preparations, are all humbugs of the first water; their real merit, when they possess any, is that they do no harm. ROWS LARD, WELLS OIL, LARD OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and while flint glass bottles, the comliest character of tonics; and when thus costly, are baptized with some triyllable term, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high falutin" Cloqhabfustum, or any other astounding and startling catchpenny terms; he simply advertises a *Hair Restorative*—what it expresses precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, eye, your very brains, apply nothing else; for it may be that, you will get some worse substitute, once purfumed lard oil for your pains. Buy Professor Wood's Restorative for the Hair is the best article extant."

It Will, by Nature's own Process,
Restore Gray Hair to the Original Color,
Will make Hair Grow on Bald Heads,
Will restore the Natural Secretions,
Will remove at once all Itching,
Will remove all Dandruff,
Will cure all scrofulous or fever Sores on the Head,
Will make the Hair Soft and Glossy,
Will make the old appear young again,
Will preserve the Color of Hair in youth, that they may not grow old
Will always Fasten it and stop its Falling.

And is proof of the best Toilet Articles for the Hair now in use.

DR. HANBURY SMITH'S
CELEBRATED KISSINGEN WATER:
RAKOOZI BRUNNEN,
From the Carlsbad Spa, Cincinnati, Ohio.
This celebrated water very much resembles that of the Congress Spring at Saratoga, but is about one-third stronger. It presents a happy combination of gently purgative, deparative, alterative and tonic salts, and is especially indicated in all forms of dyspepsia, constipation, congestion of the liver and spleen, certain female disorders, and the sterility depending upon them.
It should be taken at the temperature of spring water and not on cold; half a bottle full at a time every 10 or 15 minutes, at least half an hour before breakfast.
For sale by JOS. FLEMING,
jel6 Corner of Market street and the Diamond.

GEN. GEO. WASHINGTON'S SPRING.—For Sale, a beautiful Country Seat in Freedom's Fields, containing two acres—a fine locality near the Railroad Station—on which is the lovely and never failing spring at which Col. Washington's troops were refreshed on the memorable 9th of July, 1758, on the battle field of Braddock's Defeat, by the French and Indians. The water from this spring can be taken all through a residence, the ground having sufficient fall for such purpose. Persons wishing to purchase this beautiful piece of ground will please apply at the office 81 Market st.
Je18 S. CUTHBERT & SON.

Ohio Land for Sale.

THE subscriber offers for sale section ten, township 13, range 10, Stark county, Ohio, commonly known as "Bowman's Section," containing 640 acres. It is situated three miles west of Massillon, on the State Road leading to Wooster, and within about two miles of the Pittsburgh, Ft. Wayne and Chicago Railroad. The south, east and north-east quarters are partly cleared and improved—the remainder is covered with superior timber—and the whole is well watered by springs and running streams—This section is considered the finest body of land in the county. It will be sold undivided or in quarters to suit purchasers. To those who desire to invest in real estate a better opportunity is rarely offered.

J. D. SWITZER,
oct26:awtf No. 161 4th street, Pittsburgh.

CLEVELAND PROPERTY FOR SALE.—A Farm of 34 acres, with a two story Brick Dwelling House, in the Italian style of architecture, with barn, well, cistern, etc. The house is new and just completed and ready for occupancy. The grounds have a large front on Kinsman avenue. A beautiful ravine and a living brook run through the rear end of the farm. Several springs of pure water. For a gentleman's residence, the above premises can be tastefully arranged. For a garden, vineyard or fruit culture, it can be made productive, being so near the city. 5 or 6 acres of woodland. For further information, apply to
S. CUTHBERT & SON, 81 Market st.
je26

We call especial attention to our new style patent Metallic Burial Cases, for the sale of which we are sole agents in this city, and of which we keep constantly on hand a large assortment. As regards security of the dead body, they are cool all others. Funerals will be supplied with Hearses, Horses and Carriages promptly, at low rates than any other establishment in the city. Guaranteeing to render satisfaction, they solicit a continuance of the patronage heretofore so liberally extended to the old firm. mf1:ly

DR. MOTT'S
CHALYBEATE
RESTORATIVE
PILLS OF IRON.

AN APERIENT AND STOMACHIC Preparation of IRON purified of Oxygen and Carbon by convention in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United states, and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, incipient Consumption, Scrofulous Tubercles, Chalk Stones, Rheumatism, Obstructions, Pain in the Bones, Inflammation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

Its Seat of General Inability, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this remedy has proved universally in an extent which no description can be written, attestation would render credible—Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just return d from protracted travel in a distant land. Some very signal instances of this kind are witnessed daily. Females suffering from complicated nervous maladies, sanguineous, exhaustion, critical changes, and that complication of persons and dyspepsia averse to aid and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Celebrated Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked Diarrhoea, even when advanced to Dysentery, confined, scanty, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and resistless hectic, which generally indicate incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tubercles, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

To attendants of families cannot be too forcibly invited to this remedy and restorative, in the cases specifically affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and the progress in the new settlements of the West, will probably be one of high renown and usefulness.

We remark in one from discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes, containing 50 pills, price 75 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders etc., should be addressed to

DOLLAR SAVINGS BANK
No. 65 Fourth Street.
CHARTERED IN 1859.
OPEN DAILY FROM 9 TO 2 O'CLOCK, also on Wednesday and Saturday evenings, from May first to November first, from 7 to 9 o'clock; and from November first to May first, from 6 to 8 o'clock.
Deposits received of all sums not less than one Dollar and a dividend of the profits declared twice a year, in April and October. Interest has been declared semi-annually, in June and December, since the Bank was organized, at the rate of six per cent a year.
Interest, if not drawn out, added to the credit of the depositor as principal, and bears the same interest from the first day of June and December, compounding, twice a year, without trembling the depositor to notify or apply for the pass book. At this rate, money will double in less than 12 years, making in the aggregate EIGHT AND ONE HALF PER CENT a year.
Books containing the Charter, By-Laws, Rules and Regulations; and also the last report of the Trustees, may be obtained at the office.

President—GEORGE ALBERT.
