U. S. DISTRICT COURT.—Judge McCandless on the bench.

Friday, Oct. 19th.—Court met at 10 o'clock.

Marshall Campbell made return that Poole, for whom a process had been issued had absconded from Westmoreland county, and was not to be found. The jury were then discharged and the Court adjourned, there being no further business to transact this term.

COURT OF QUARTER SESSIONS.—Before Judges M'Clure, Adams and Parke.

Friday, Oct. 19th.—Com. vs. Jeremiah Brieland, a hotel runner; indicted for assault and battery on oath of a police officer in the employ of the Pennsylvania R. R Co, named Robert Johnson. Continued from Thursday afternoon. The prosecutor was represented by John H. Hampton, Esq, Solicitor for the Central Railroad, and the defendant by Fred H. Collier, Esq. The court charged the jury at 12 o'clock. A brief review of the case was made, and the distinction between simple assault and an assault and battery with intent to kill, was the extent of the charge. A verdict of not guilty was returned by the jury in the case of Brieland and of guilty in the case of Johnson. The court thereupon sentenced each to pay half of the costs. This was a case of cross suits.

Com. vs. John Morrison; indicted for assault and battery, on oath of a little boy about eight years of age, named James Powers. The defendant, who is a conductor on the Citizens Passenger Railway, forcibly shoved the child off the car while it was in motion, on the 10th day of last May. He also struck him in the face at the same time. In the fall the prosecutor's head struck on the steps and considerably bruised it. The boy, after being examined by Judge McClure, was declared to be competent to testify. He was accordingly placed on the stand and testified to the above; also that the defendant did not ask him for his fare, which he was prepared to give, but did not have time to do so before he was thrown off. After receiving their charge from the court, the jury retired, but failing to agree, returned at 5 o'clock for the purpose of having some light thrown on some knotty point which they had failed to understand. The verdict will probably be rendered on Monday morning.

Com. vs. John Creeger, indicted for the larceny of a silver lever watch worth about $30, the property of a man named John M'Kelvey. It was alleged to have been stolen by the defendant from the residence of the prosecutor, corner of Washington street and Pennsylvania Avenue, in the 8th ward, on the 1st of the present month.

The evidence was insufficient to convict Creeger, and the jury accordingly rendered a verdict of not guilty.

Com. vs. Milton Donaldson, indicted for assault and battery on oath of his wife, Hannah Donaldson.

The defendant was charged with beating her in their house in Lawrenceville, on the 31st of last July. The principal witness against him was a cousin of his, a Miss McCabe, who very unwillingly gave her testimony, seeming as though she felt mortified at bringing a family quarrel before the public.

The jury, after receiving a brief charge from Judge M'Clure, retired for a few minutes, and then brought in a verdict of guilty.

The jury were then discharged after receiving the thanks of the Court. A new jury comes in Monday morning.

ATTEMPT TO RESCUE A PRISONER.—A colored boy named Samuel Hackett, employed as a servant by Frank Rahm, Esq, at his residence on the East Common, was arrested by the Allegheny police, Thursday evening, for breaking the windows in the house of a Mr. Hornick on Ohio street, while the torchlight procession was passing. Hackett was locked up until yesterday, when he had a preliminary examination before Ald. Scott, of the 4th ward. The result of the examination was, that a commitment was made out, and the boy given in charge of a police officer to take to jail, to await his trial for malicious mischief.

The officer who had the prisoner in custody had considerable difficulty in getting him to come over to jail. When near this side of the Hand Street Bridge he became very stubborn and commenced resisting the officer, by biting him on the arm, so that it was found necessary to throw him down, and in doing this the officer was compelled to use him rather roughly. At this stage of the proceedings a man, whose name is unknown, was passing along the opposite side of the street and seeing the difficulty, went across and attempted to rescue the prisoner from the officer. A third party then interfered on behalf of the officer, and seizing the would be rescuer by the collar, ran him out into the street and held him there until the policeman had got his prisoner under control. Here the matter ended, the officer taking his prisoner to jail and the man who had attempted to rescue him was permitted to go on his way. What the idea was in attempting to rescue the prisoner is not known, but is supposed to have been through sympathy towards the lad, the stranger probably being ignorant of the fact that he was in the custody of an officer.

Hackett is a notorious hard case, having spent some two years in the House of Refuge, and has been in jail on more than one occasion for various offenses. He is a resident of Brownsville, where he says his mother resides, and although but 9 years of age, he is considered one of the hardest boys about the city. He was seen to throw stones at the torchlight procession on Thursday night, and it is said attempted to cut a boy about his own age on the same evening.

RESOLUTIONS RELATIVE TO MR. CHAS. SMITH.—At a meeting of the Executive Committee of the Allegheny County Republican Club, on Friday, the following resolutions were adopted, on motion of J. W. Riddell, Esq.:

Resolved, That we have heard with much regret of the painful accident which befel Mr. Charles Smith, of the Seventh Ward, while engaged in firing a cannon on Thursday evening, under the auspices of this Committee in honor of our recent victory.

Resolved, That a committee of five be appointed to extend all possible aid to Mr. Smith and family, and to afford them such relief as may be necessary under the circumstances.

In accordance with the above resolution, the following gentlemen were appointed the committee: Messrs. John W. Riddell, C. L. Magee, John S. Stewart, William Woods, Max. K. Moorhead.

"CORK" OPERA.—A new "cork" opera company (at least to us) calling themselves the "Original New Orleans and Metropolitan Opera Troupe," will make their first appearance in this city, at Masonic Hall, the beginning of the coming week. The company, which is under the leadership of Shorey, Dupree & Green, is highly spoken of by the press in the South, which of itself is a capital recommendation, as far as negro minstrelsy is concerned.

THE OUTNOON.—This play continues to draw crowded houses at the Old Theatre, who are almost universal in their commendation of the fair actress, Miss Kimberly, and the stock company who support her. The play, as is well known, is of the sensation order; the points are exaggerated, of course, but as a general thing it is very interesting. The scenery "is got up regardless of expense," as the Foster's say.

COMMITTED FOR TRIAL.—James Miller, the individual who was arrested several days since by Alderman Lewis' police, on a charge of larceny, preferred against him by a saloon keeper on Wylie street, named Maurice Brennan, in whose employ he had been, had a hearing yesterday morning before the Alderman, which resulted in his being committed to await his trial at the next term of the criminal Court.

JUGGING from the numbers that daily visit the Continental Corn Sheller, at No. 12 St. Clair street, it must be making a sensation. Well, a man may do worse than invest one or even several hundred dollars in it, for it is an established fact that the manufacture and sale of agricultural implements pays better now-a-days than any thing else.

DISORDERLY CONDUCT.—A German named N. Frenzinger made a complaint before Alderman Taylor, of the Fifth ward, yesterday, charging two neighbors, man and wife, named Zoon, with acting in a disorderly manner, using abusive language, &c., to him. The case was dismissed upon the defendants paying the costs.

MALICIOUS MISCHIEF.—Alderman Scott, of the Fourth ward, Allegheny, yesterday committed a boy named Saml Hackett to the county prison in default of $200 bail, to answer a charge of malicious mischief, preferred against him by John P. Ross.

TWO men belonging to the workshops of the Pittsburgh, Fort Wayne & Chicago Railroad yesterday contributed $100 to the fund for the relief of the sufferers by the explosion at Walper's engine shop.

RECOVERING.—Charles Smith, the young man who was badly injured by the premature discharge of the cannon on Boyd's Hill, Thursday night, was much better last evening. He is a married man and resides in the Seventh ward.

The rammer of the gun was seen flying through the air, and finally went through a window of a room in the house of Dr. Gregory, on Grant st., near St. Peter's Church. Fortunately no person was in the room at the time, or we might have been called upon to record some shocking accident.

WIDE AWAKE BREAST PINS, representing a set of rails, and the Rail Splitter's breast pin, representing the identical axe used by old Abe. These much admired campaign trinkets, together with medals with portraits of Lincoln and Hamlin; Lives of Lincoln and Hamlin; Republican Song Books, all kinds; beautiful portraits of Lincoln and Hamlin; Republican badges, &c, can be had at Hunt & Miner's. Extra inducements are offered to agents; send for a price list.

CONTRIBUTIONS FOR THE WALLACE SUFFERERS.—The Committee for the collection and distribution of the fund for the relief of the sufferers by the late explosion on Liberty street, received two contributions yesterday, one from the John Calvin Lodge, of $10, and one from the employees in the Allegheny depot of the P. Ft. W. & C. Railroad.

OFFICERS ELECTED.—The late election for officers of the Lawrence County Agricultural Society resulted as follows: Dr. Leasure, President; Isaac Gibson, John M. Allen, Vice Presidents; Wm. McClymonds, Treasurer; Robert Simpson, Secretary; Hiram Watson, John Simpson, Managers.

TO BE ENLARGED.—The Presbyterian congregation of Monongahela city have it in contemplation to build a new church in that place during the coming summer. The officers of the church had a meeting on Monday last, and unanimously agreed to recommend the project to the congregation.

POLICE ITEMS.—There were 12 commitments to the county jail yesterday. Of these, 5 were for drunkenness, 3 for disorderly conduct, 2 for vagrancy, 1 for surety of the peace, and 1 for larceny.

DEDICATION.—The new Methodist Episcopal Church in Greenwood, Lawrence county, near W. C. Harbison's, will be dedicated on the 31st of this month.

NEW GLUE.—We advertise to-day a new style of glue, which must be needed in every house. This is *reported to be* the identical glue with which the man glued his dog together after he (the dog—not the man!) had split himself in two halves by running against a sharp post while in pursuit of a rabbit. It is related of this unfortunate dog that he was stuck together with two legs up and down, and remained so for the rest of his life; albeit he was a more durable dog after than before this slight accident, because while he was running on two legs the other two were resting, and he had only to flop over on the rested legs and go ahead, afresh. This only shows that care should be taken in sticking things together when you have a good glue to work with.—*Zanesville Aurora, Nov. 25, 1859.*

HR. H. V. JOHNSON ON FREE LABORERS!

"LOOK AT THE SLAVES IN YOUR OWN WORKSHOPS! THEY ARE DRIVEN TO THE POLLS AT THE BECK OF THEIR MASTERS, UNDER PENALTY OF BEING DISCHARGED!"—Speech of H. V. JOHNSON, (Democratic Candidate for Vice President,) at Pittsburgh, Sept. 22.

☞ TO LET.—THE FOURTH STORY of the GAZETTE BUILDING, for a term of five years or less. On reasonable terms. Apply to R. HERBERT & CO., Gazette Counting Room.

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Groggon's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Laughlin's building, Canal bank, near the city Water Works.

☞ We call the attention of our readers to an article advertised, in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is *Food for the Blood*, and is already prepared for absorption; pleasant to the taste and natural in action, and what one gains, it retains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and one of the world renowned DR. LATON'S INFANTILE CORDIAL, which every mother should have. It contains no paregoric or opiates of any kind whatever, and of course must be invaluable for Infantile complaints. It will allay all pain, and soften the gums in process of teething, and at the same time, regulate the bowels. List all mothers and nurses, who have tended sickness days and sleepless nights, procure a supply, and be at once relieved.

THE LATEST NEWS.

BY TELEGRAPH.

RECEIVED AT THE DAILY GAZETTE OFFICE.

PHILADELPHIA, Oct. 19.—This morning, about five o'clock, the large five storied structure known as the Wanklin Buildings, located immediately in the rear of Wanklin Hall, Sixth street, below Arch, was destroyed by fire. The fourth story, in which the flames originated, was occupied by Duncan White, book-binder. The entire stock of work on hand was ruined by fire and water, involving a loss of about two thousand five hundred dollars. C. & J. Biddle, Charles Desilver, and other publishers had work in the hands of Mr. White, which was destroyed or badly damaged. The fire spread to the book-bindery of Charles H. Marot, on the fifth floor, who also sustained some loss from water. The third floor was occupied by William S. Young, general job printer. Mr. Young's establishment was deluged with water. Several religious newspapers and periodicals are published here, and the fire will interfere seriously with the issue of some of these papers. The forms of the Christian Instructor and the Continental Journal were knocked into pi, and the printed sheets destroyed. A considerable portion of the edition of the Presbyterian Quarterly Review was destroyed. Mr. Young can form no estimate of his loss. Smith & Peters, stereotype printers, occupied the second floor. They had a number of valuable works on hand, which were ruined by water. They estimate their loss at $2,000 to $3,000. The buildings belong Hulings & Comperthwaite. The loss to building, stocks, machinery, &c., is roughly estimated at from $10,000 to $15,000; which is entirely covered by insurance. The fire was the result of accident.

PHILADELPHIA, Oct. 19.—Thomas Richards an old and esteemed merchant of this city, died suddenly yesterday, at the moment when his friends were about celebrating his golden wedding and marriage of his daughter. He was in his eighty-first year, and quite infirm, and somewhat excited in anticipation of the day's festivities.

The Douglas State Central Committee met in this city yesterday, and withdrew their straight ticket. They pledged themselves to the Reading electoral ticket, and endorsed Douglas and Johnson as the nominees of the party. They conceive that the action of the Welsh Committee has effected the purpose of their Committee as an antagonistic organization, and desiring to harmonize their party they unite in its support. Mr. Daniel Dougherty understood to have the Breckinridge men erased, but he was unsuccessful.

WASHINGTON CITY, Oct. 19.—Mr. Clemson, the Superintendant of the Agricultural branch of the Patent Office, is now on his way home from Europe, whither he went by direction of the Secretary of the Interior, to purchase vegetable, medicinal and economical plants and seeds generally. Many varieties have already been received. Before they are distributed among the citizens of the United States, they will be tested at the government propagating garden, in this city. Additional facilities for this purpose are in progress. Heretofore much complaint has been made as to the worthlessness of seeds, but this in some degree was owing to the ignorance of the recipients, regarding the mode of proper culture.

The receipts from the sales of public lands were less than $2,000,000. Those recently sold yielded a very small amount, owing to the scarcity of money and other causes, and in many cases no bids at all were received.

Four or five California land cases only will be argued in the Supreme Court of the United States at the next term, the great bulk of them, involving millions of dollars, having already been adjudicated.

ATCHISON, Oct. 19.—The State Railroad Convention to devise a system of Railroad grants to be presented to Congress, assembled at Topeka on Wednesday last. Gov. Nye Roberts, of Wyandotte, was President, and John A. Martin, of Atchison, Secretary. A very large number of delegates were present, nearly every county in the territories being represented. The convention adopted the following schedule of Railroad grants: One grant for a road from Wyandotte or the Kansas Valley, to Fort Riley; one for a road from Atchison westward to the gold mines; one for a road from Atchison via Topeka and Council Grove in the direction of Santa Fe; one for a road from Lawrence south in the direction of Ft. Gibson; one for a road from the Missouri State line, known as the Jefferson City and Neosho Valley Railroad. The convention was in session two days. A committee was appointed to urge these grants upon the favorable consideration of Congress.

Elections in Virginia.

RICHMOND, Oct. 18.—Elections were held in this State yesterday to fill vacancies in the State Senate. In the Eighth District, Geo. Cox, Douglasite, so far as heard from is ahead. Dickinson, Breckinridge, in Tyler's district, is elected. The Twentieth District is not heard from. For the House Delegates, Crump is elected over Campbell, from Amelia and Notaway—a Whig gain. In Patrick and Fluvana counties the Breckinridge Delegates are elected.

HARRISBURG, Oct. 19.—The excursions of the Reading, Mine Hill & Shamokin Valley Railroad, arrived here at 10 o'clock to-day by the Northern Railroad. They number over 500. The occasion of the trip was the celebration of the opening of a new line connecting Mine Hill with the Shamokin Valley Road. A majority of the Directors of the several roads were participants. The party dined at the Jones' House, and left at two o'clock p. m., by the Reading road for Philadelphia.

NEW YORK, Oct. 19.—The building, No. 32, Platt street, occupied by Goodelet & George, J. Bardessano & Co., Bailey, was badly damaged by fire this morning. The total loss is estimated at $30,000, on which there is a full insurance. The stores No. 30 and No. 34 were damaged by water.

NEW ORLEANS, Oct. 19.—Five deaths from yellow fever have occurred within ten days.

Advices from Vera Cruz state that Ampudia, commander of the eastern division of the Constitutional army on an expedition against Guadaljara had arrived before the city.

ST. LOUIS, Oct. 17.—Mr. Douglas arrived in the 7 30 packet for Alton. He was received by a large crowd, and is now speaking from the Court House steps. He leaves for Jefferson City to-morrow morning.

Increase			$57,328	$318,459

About 7,000 hogs sold to day for December delivery at $6.50, and $6.62½@6.75 for January. The contracts made during the week, so far as heard of, reach 9,000 head. For prime pork the market is very dull, there being no demand except at prices below the views of sellers. We quote for December delivery mess pork $16.50, bulk meat 5¾ to 6½c, and barrel lard 10½c. These figures are obtainable to some extent, but ¼ more is generally asked. November delivery it is held at 10¾c. Eastern meats are held at 8½ for Cumberland; 8¼ for long rib, 8¾ for short clear. Some business could be done at 8½ below the figures quoted. We publish elsewhere the amount of pork in 29 counties of Ohio, and 41 counties of Indiana, which show a decrease, as compared with last year, as follows:

Ohio	190,796
Indiana	211,867
Total	402,857

The total number, however, reported in the eighty counties of the two States, is more than half the whole number usually reported as packed in the entire West. The full returns for Indiana and Ohio will show considerably over three million hogs that were six months old on the first of June. Large supplies of corn and high prices for pork will develop enough of these between now and the first of February to make the crop look enough. A panic is not to be apprehended in this line.—Cin Price Cur.

FLAX—The stock of old crop is about exhausted, and the supply on the street is reduced to a few limited parcels of clarified which has been selling in small lots during the week at about the range of our previous quotation, say about 9½@10c ⅌ lb. A few bbls of the new crop were received on Sunday, the 7th instant, from the plantation of J. T. & W. Nolan, parish of West Baton Rouge, the first article of good sort in the season. It was made by the Hetzel process, was rather gray in color, but of good strength and choice in quality, and sold at 10¾c ⅌ lb. Since then 9 bbls have been received and all sold at a range of 9¾@10¼ ⅌ lb for prime to choice centrifugal, and one lot of 8 bbls to-day made by the old process, rather green, but closing about fair, at 8¾c ⅌ lb.

Of Cuba sugar 150 bbls have been sold during the week at prices which were not made public. Our quotations are nominal, but apply so far as sales have been made to retail parcels of old crop—

Inferior and refining	—@—
Common to fair Common	8¼@9
Fair to Fully Fair	9¼@9¾
Prime to choice	9¾@10
Centrifugal and Clarified	9¾@10
Low Clarified	9¾@10

The sales for the corresponding week last year embraced about 710 hhds, and we quote prime to fully fair at 8¾@9c ⅌ lb.

Wool's receipts 91 hhds, against 639 for the corresponding week last year.

Total receipts since 1st of September 1025 hhds, against 4527 to the same date last year.

Molasses—Is few trifling lots of the old crop have been received and sold at 30@32c ⅌ gallon for ordinary and inferior qualities. Of new crop 12 bbls choice arrived on Tuesday and sold at 45c, and 40 half bbls prime, yesterday, which we take at 42½c ⅌ gallon.

Wool's receipts 95 bbls, against 529 for the corresponding week last year.

Total receipts since 1st of September 730 bbls, against 1983 to same date last year.—N. O. Pic.
