REMARKS

OF

James F. Shunk, Esq.,

OF YORK,

At the Monster Mass Meeting in Independence Square, Philadelphia, on the 17th of September.

Mr. Shunk said that it was eminently proper that the Democracy of Pennsylvania should assemble at this time and on this spot. The time was the anniversary of the adoption of the Constitution of the United States; the spot was the birthplace of that great law. Here, it anywhere, in these days of disaster and oppression, when the charter of our liberties has been supplanted by a "higher law," interpreted and discerned by Abolition seers—when the mere will of the President avails to strip the citizen of the securities for which his fathers paid the best blood of the world--*here* is the *place, this* is the *day* in which to assert once more the ancient liberties of this Republic. The Democratic party have always been the party of the Constitution and the Union. They have held fast to them in season and out of season—in time of war as well as in time of peace. Through all the long period in which they held control of this government, and were the masters of its power and patronage, the rights of no State were invaded—the liberty of no citizen was abridged—the press and the rostrum were free—the forts which frown along our coast were a terror to every foreign foe, but not prisons for the free born citizens of our own land. In those days of peace and prosperity the people were taught by our leaders that this government was founded upon concession and compromise—that by the matchless wisdom of the great men who framed our Constitution, separate and sovereign political communities, scattered over half a continent, differing not more widely in climate, than in institutions, laws and habits of thought—were united under one Government—a Government holding only a few great powers, and having relation to only a few large objects--but strong enough to maintain our honor and dignity abroad and peace at home—potent to assert the rights of all these States, without infringing upon the liberties of any one of them. As long as the teachings of our statesmen were respected, as long as the compacts of the Constitution were honored, as long as State kept frith with State, we continued to grow great, and three years ago we stood, if not foremost, side by side with the master powers of the world. We have now been taught by the saddest experience through which any nation ever passed, the wisdom of that policy which kept us together so long. The lesson which, in our madness, we refused to listen to from the tongues of grave and reverend statesmen, we read now in letters of blood. They are burned into our souls by the fire of gunpowder, sounded in our ears by the roar of artillery. We *feel* now what in beetter days we scorned to *fear*. The industry of the land, instead of being employed in the cultivation of the soil and of those peaceful arts which contributed to the wealth and comfort of the whole nation, is now diverted to the manufacture of tools for slaughter—to the forging of bayonets and the moulding of guns—to the invention of the new and Satanic methods by which brother may shed brother's blood. The fields which in Democratic days were yellow with harvests are, in this Abolition millenium, red and soaked with the blood of the reapers. The policy of our party saved the Union while it lasted—that policy only can restore it. We were called "Union Savers" and sneered at by the wretches who now hold power, because we sought to maintain the integrity of the Republic. We are called "Copperheads" and "traitors" by the same people now because we are bending our might to restore it.

Mr. Shunk then adverted to the base slanders of the Abolitionists concerning the character and opinions of Judge Woodward. "They tell us," said he, "that he is a secessionist—that in case of his election he will carry Pennsylvania into the Southern Confederacy." Fellow citizens, the man who makes this assertion is either a consummate knave or an incorrigible ass—he is moreover a traitor, giving to the enemy the very aid and comfort which he wants. If Judge Woodward, a son of Pennsylvania—born upon our soil, and habituated to its honors—the chosen chief of a great party—without an acre of land or a drop of kindred blood within the whole area of the South—is bent upon allying this Commonwealth with the Southern Confederacy, and the leaders of the rebellion can be made to believe it, will it not put fresh strength into their armies? Will it not nerve them for a longer struggle and for battles more desperate than any which they have yet fought? They believe no such thing—they know better. But this is not the fault of the Abolitionists. They have steadily represented since the beginning of this war, that the Democratic party was in alliance with the rebel States. They have reiterated this miserable slander in the face of the fact that a majority of our armies are Democrats—that the greatest General the war has produced—the idol of the people—the best beloved of the soldier—the hero of Antietam, and the savior of the Capitol—George B. McClellan, is a Democrat. [Loud and continued cheers.] From such hardy falsifiers, it would be too much to ask justice for Woodward. Fellow citizens, while there is no danger that Judge Woodward contemplates any such folly as his slanderers impute to him, there really is great danger that, under the management of Governor Curtin, the lines of Jeff. Davis will be extended over our borders. Twice have rebel armies entered our State. The first time Curtin politely allowed them to leave unmolested. The second time he spent the precious hours which should have been given to preparations for defence in begging and pleading with the powers at Washington for leave to call out his own militia. Meantime, by the blessing of God, there were two Governors, belonging to the despised and disloyal "Copperheads," who knew their rights—exercised them without going on their knees to Mr. Stanton for permission to act—and sent the cohorts of Democratic New York and New Jersey to defend the soil of Pennsylvania, while her own imbecile and "loyal" Executive was trembling on his marrow-bones before the throne at Washington. You could expect nothing better from him. The man who has suffered free citizens of Pennsylvania to be kidnapped by the Federal Government and carried out of this Commonwealth is not the person to keep rebels from coming into it.

A new day will dawn on us when Woodward takes his seat. He helped to make our free Constitution—for many years he has righteously expounded our laws. He will take care when he comes to be our Governor that that Constitution and those laws shall be respected by ruffians high and low--in office as well as out of office—by people in Washington as well as by people everywhere else. No deputy kidnapper armed with a dispatch from the War Department—no rebel general, armed with instructions from Jeff Davis, will then dare to cross our borders, or pollute with his tread the sanctity of our homes. Should invasion threaten our homes, our militia, instead of being palsied, as they were under Curtin by contradictory orders, or dragged away as a body guard for the trembling imbeciles at Washington, will look to their lawful and chosen chief for the word of command, and march, with cheerful hearts and united front to hurl back the invader.

Mr. Shunk then expressed the most perfect confidence in our successes—a confidence founded on letters and conversations with prominent men in communication with the Central Committee, from every section of the State. He believed that every vote cast for the party at the coming election was a vote for the return of peace and the re establishment of the Union under the Constitution, and of liberty within the bounds of law.

AWARDED TO THE

WHEELER & WILSON

Sewing Machines,

BY THE

LONDON AND PARIS EXHIBITIONS.

THE SALE OF THESE MACHINES is equal to the sale of all others combined, arising from its adaptability to all kinds of Sewing. Actual proof read the following from Douglass & Sherwood, the well known Shirt Manufacturers:

We have used the Wheeler & Wilson Sewing Machine in our Shirt Manufactory since January 20th, 1863. *It has indeed created our business.* After testing the principal machines before the public we selected yours. We commenced with one, and are now runing one hundred and seventy two of them. We are running one hund ed of your machines in one room, and yet such is the quietness, that conversation can be carried on in an ordinary tone of voice. They are adapted to every portion of our work; sewing equally well upon the lightest muslin and our heaviest work, consisting of nine thicknesses, five of them being of hair cloth, two of common cotton cloth, and two of stretched tape. Its speed is unexampled. With one, a person can accomplish as much as twelve persons without it, and twice as much as by any other machine, one thousand yards of straight seam, ten stitches to the inch, is an ordinary day's work of ten hours. We have run it as high as one hundred and fifty yard per hour. The fatigue is so slight that our employees work the year round in good health and spirits. We cannot too highly recommend Wheeler & Wilson's Machines, and our opinions are shared by all Manufacturers of experience and judgement, with whom we come in contact."

Also, from the *United Presbyterian* of Sept. 10: "After more than one years experience, we can cordially recommend to our friends Wheeler & Wilson's Sewing Machines as one of the most useful pieces of household furniture with which any house can be supplied. It is the last thing in any domestic institution that we would part with.

And will positively prevent Yellow Fever, Bilious Fever, &c.

THEY CONTAIN

NO ALCOHOL OR BAD WHISKY

They will cure the above diseases in ninety-nine cases out of a hundred.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable) hosts of ignorant quacks and unscrupulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs and christened Tonics, Stomachics and Bitters.

Beware of the innumerable array of alcoholic preparations in plethoric bottles, and big-bellied kegs, under the modest appellation of Bitters; which, instead of curing only aggravates diseases and leaves the disappointed sufferers in despair.

HOOFLAND'S GERMAN BITTERS Are not a new and untried article, but have stood the test of fifteen years trial by the American public, and their reputation and sale, are not rivalled by any similar preparation.

The proprietors have thousands of Letters from the most eminent

Clergymen, Lawyers, Physicians and Citizens.

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

DO YOU WANT SOMETHING to STRENGTHEN YOU?
DO YOU WANT A GOOD APPETITE?
DO YOU WANT TO BUILD UP YOUR CONSTITUTION?
DO YOU WANT TO FEEL WELL?
DO YOU WANT TO GET RID OF NERVOUSNESS?
DO YOU WANT ENERGY?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?

If you do, use

HOOFLAND'S GERMAN BITTERS.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the results are the horrors attendant upon a drunkard's life and death.

For those who desire and will have a Liquor Bitters, we publish the following receipt. Get One Bottle Hoofland's German Bitters, and mix with Three Quarts of Good Brandy or Whisky, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor, at a much less price than these inferior preparations will cost you.

ATTENTION SOLDIERS,

AND THE FRIENDS OF SOLDIERS

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if those Bitters were freely used among our soldiers hundreds of lives might be saved, that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of our nation's heroes, whose life, to use his own strong language "has been saved by the Bitters!"

PHILADELPHIA, August 22d, 1862.

Messrs. Jones & Evans.—Well, gentlemen, your Hoofland's German Bitters has saved my life, there is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer "State of Maine," from time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did it was a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances, and, accordingly the physicians who had been working so faithfully, though unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbron, of 60th below Arch Street, advised me as a forlorn hope, to try your Bitters and kindly procured a bottle. From the time I commenced taking them the shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained 10 pounds, and feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentleman, I am a loyal Virginian, 13 miles in the vicinity of Front Royal. To your invaluable Bitters I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.

Very truly, yours, ISAAC MALONE.

We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.

SURGEON GENERAL HAMMOND, by ordering calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the substitution of Brandreth's Pills in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically

THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. Brandreth's Pills should be in every military hospital. These Pills cure Bilious Diarrhea, Chronic Diarrhea, Chronic Dysentery, and all Fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. Brandreth's Pills in these cases should be taken night and morning. Read Directions and get new style.

CASE OF ROSCOE K. WATSON.

Dr. B. Brandreth,—New York,

Sir: I was a private in Co. F, 17th Regiment New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious disease. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send you this letter, which if necessary, the entire company would sign.
