U. S. CIRCUIT COURT.—Judges Grier and McCandless on the Bench.

Judge Grier charged the jury in the morning in the case of Richardson vs. The Borough of McKeesport. The charge was a short one occupying but about 15 minutes. A verdict for plaintiff in $222 77, was found by the jury.

Exceptions were taken by Messrs. Penney and Williams, defendants counsel, so the matter will now go to the Supreme Court of the United States and the validity of the subscription be tested.

SUPREME COURT.—Chief Justice Lowrie and Judges Woodward, Thompson, Read and Strong on the Bench.

Wednesday, Nov. 14.—Court opened at 9 a. m. Henry vs. Henry; error to Venango. Non pros.

Lacy vs. Halls; error to Venango. Argument continued by Johnson & Scofield for defendants in error, and by Maynard contra.

Woods vs. Wilson et al; error to Beaver. Submitted by Cunningham for plaintiff in error and by Roberts and Taylor contra.

Tarentum & Saxonburg Road; error to Butler. Submitted by Purviance & Coffey for plaintiff in error, and by Blakely, Marshall and Brown contra.

B. W. Lacy, of Warren, on motion of Hon. J. W. Maynard, was admitted to practice in this court.

Halls vs. Lacy; error to Venango. Motion to dismiss the writ. Argued by Lacy for the motion and by McGuffin for appellant.

COURT OF QUARTER SESSIONS—Before Judges M'Clure, Adams and Parke.

Wednesday, Nov 14th—Court met at 9 o'clock. The first case taken up was the

Com. vs. Sarah Connor, indicted for receiving stolen goods. The defendant is the mother of the notorious Rufus Conner, a promising youngster whose debut as a "cracksman" last spring caused him to be arrested and tried for burglary. His extreme youth alone saved him from being sent to the Penitentiary, Judge McClure remarking at the time that he would sentence the prisoner to the House of Refuge, in the hope that he would reform and become a useful and respectable citizen, but if he was ever convicted again he would not be so leniently dealt with. The boy was arrested by officer Pender, who in searching after him in his mother's home, came across a lot of goods concealed in such a manner as to lead him to suppose, as it was afterwards proved, that they were stolen. An information was made before Ald. Rogers by the officer, and she was committed to jail to answer a charge of receiving stolen goods.

The Commonwealth not being able to prove that Mrs. Connor was aware the goods were stolen, or indeed in the house, the jury rendered a verdict of not guilty.

Com. vs. Gotlieb Fass, a German beer hall keeper on Centre avenue, indicted for selling liquor on Sunday. The defendant entered a plea of not guilty, but subsequently withdrew it and entered one of guilty. He was released from custody on giving bail to appear Saturday for sentence.

Commonwealth vs. Conrad Everhard, a German, indicted for selling liquor on Sunday. The defendant plead guilty, and was released on bail to appear in Court on Saturday to receive his sentence. The defendant is the keeper of a lager beer saloon in the Seventh ward.

Commonwealth vs. Abe alias Edward Jones, indicted for passing counterfeit money. The defendant plead guilty. Indeed it would have been nonsense to put in any other plea, as he was clearly guilty. Judge McClure then sentenced him to one year's imprisonment in the Western Penitentiary.

Commonwealth vs. James Mackrell, indicted for the larceny of a lot of silver ware, comprising a card basket, a vase, and some other things, from the residence of Henry S. Ringwalt, Esq., on Penn street. The crime being clearly proven the jury returned a verdict of guilty. The prisoner was remanded to jail until Saturday, to await his sentence.

Commonwealth vs. Jacob News, indicted for the larceny of 10,000 strawberry plants, the property of a German farmer in Robinson township. This case was tried at the last term of Court, but the jury finding a verdict of guilty in direct opposition to the evidence, a new trial was granted, so the case came up again yesterday. A verdict of not guilty was rendered.

Commonwealth vs. Marshall Dotcher, indicted for the larceny of a shawl belonging to a negro waiter at the Scott House. A verdict of guilty was rendered by the jury, and the Court sentenced the prisoner to one year's imprisonment in the penitentiary.

METHODIST PROTESTANT CHURCH CONVENTION.—This body, composed of ministers and lay delegates from Annual Conferences of the Methodist Church in the North and West, convened in the First M. P. Church, Fifth street, yesterday morning, at about ten o'clock. The Convention was organized by calling Rev. George Brown, D. D., of the Pittsburgh Conference, to the Chair, and appointing Rev. J. J. White, of the Ohio Conference, Secretary. The proceedings were then opened with appropriate religious exercises by Rev. Joel Dalbey, of the Iowa Conference. The Roll being called, about thirty delegates responded. Over sixty regular delegates are elected by the respective Annual Conferences. [Quite a number of delegates arrived since roll call.]

The following Committees were ordered:—*To prepare business for the Convention:* Revs. C. Clancey, W. Reeves, J. Whetstone, committee. *To prepare Rules of Order:* Revs. J. Thrap and C Gray, committee. *Public Worship:* Revs. J. D Herr, J. Cowl, J. W. Rutledge, committee.

The Convention then proceeded to elect officers for permanent organization, which resulted in the election of Rev George Brown, D. D., President; Rev. J. J. White, Secretary, and Rev. H. Oassel, of Muskingum Conference, Assistant Secretary.

The privileges of the convention were extended to all ministers of the Methodist Protestant Church, and also ministers of other Evangelical denominations properly introduced.

After the transaction of some unimportant business, the convention adjourned to meet at nine o'clock this morning.

THE Central Board of Education met last Tuesday, 13th inst. Present, Messrs. Hunter, Kelly, Marshall, McAuley, Sergeant, Varnum, and President Negley.

The minutes of the last meeting were read and approved.

The monthly reports of the Principals of the High and Colored schools were received and filed.

The Secretary's report was read and ordered to be filed.

Mr. Kelly presented a communication from the Sixth Ward School Board asking an additional teacher. Received and filed.

On motion of Mr. Kelly, the Sixth Ward was granted an additional teacher in the Primary department.

A warrant was ordered in favor of the *True Press* for $1,50 for advertising.

On motion, adjourned.

TAX COLLECTORS.—The City Treasurer has appointed the following persons collectors of the unpaid City Taxes and Water Rents:

1st and 4th wards—Jacob Glosser, Allen Cordell.
2d ward—Miles Tindle.
3d " —George Rogers.
5th " —Joseph Irwin.
6th " —Joseph A. Butler.
7th " —Alex. McCreary.
8th " —J. A. Newman.
9th " —Hugh Hammond.

GRAND LARCENY.—A laborer named David Cook, came before Mayor Wilson yesterday and made an information against one of the employees of the steamboat St. Clair, named James Henry, charging him with the larceny of a beaver coat, worth six dollars. The prosecutor alleges that Henry took the coat, which had been laid on the railing while he (prosecutor) was working in the hold of the boat, and had carried it off and hid it. A warrant was issued for the arrest of the defendant.

OBSTRUCTING THE STREET.—A man named John F. Perry was arrested by the Mayor's police yesterday, at the instance of Capt. Cooper, of the Sixth ward, who charged him with obstructing Wylie street at its junction with Congress street, with a quantity of lumber and brick. The defendant is building a block of houses at the corner of the above streets, and has for a long time occupied the greater part of the corner with his material, to the great inconvenience of teams passing on the street. He will have a hearing this morning at 10 o'clock.

HEARING.—"Wash" Freeze, the individual who was arrested for having burglars "tools" in his possession, had a hearing yesterday before Alderman Rodgers, which resulted in his being committed for trial. He was but recently discharged from the Western Penitentiary, where he spent two years for burglary. His "moll" Lizzy Smith, was sent to the penitentiary for setting fire to the House of Refuge, and has been but a short time out of that institution.

VANDENHOFF.—This eminent reader has consented to give another reading in this city, and has fixed on this as the evening for it. Concert Hall was filled to its utmost capacity both Monday and Tuesday evenings to hear him. His subject this evening will be "A Budget of Fun with Sprinklings of Pathos."

FALSE PRETENCES CASE.—On the 12th day of May, 1859, a man named James Mullen succeeded in buying a bill of groceries, consisting of sugar, tobacco and whisky, amounting to ninety-eight dollars, from Messrs. R. & A. C. Duncan, a wholesale house on Liberty street, in this city, by representing that he was about to commence business with his brother-in-law, a wealthy German named H. Brookerhauff. Shortly afterwards the firm discovered that Mullen had swindled them, but were unable to discover his whereabouts. In the meantime the firm had dissolved, but one of its members learned that Mullen was employed as a clerk in a little country store in Bellefonte, Centre county. A description of him was given to Officer James H. Riddle, of the Mayor's police, who started after the swindler. He succeeded in his mission and returned to this city yesterday morning, bringing Mullen with him. The latter had a preliminary examination before the Mayor in the afternoon, which resulted in his being committed for a further hearing this afternoon.

CORONER'S INQUEST.—Yesterday morning Coroner Bostwick held an inquest on the remains of a woman named Maria Kerr, who died very suddenly at No. 18 St. Clair street. From the evidence of several witnesses who were examined before the jury, it appears that the deceased, who was about 80 years of age, had occupied a room in the 3rd story of the building, and had lived a solitary sort of life for a number of years past. Owning some stocks in one or two of our Banking and Insurance Companies, she supported herself by the dividends she received therefrom. For several days previous to her death she had been unwell, and had complained of being very weak. Wednesday morning one of the tenants of the house knocked at her door, and receiving no answer he broke the door open and discovered her lying dead on the floor. In view of the circumstances, the jury returned a verdict of "died from natural causes."

PAYING OFF.—On Tuesday the County Commissioners lifted two coupon bonds, (temporary loans) of $1000 each, one of $500, and one of $800. The present Commissioners have paid off this year $18,000 of the same kind. They estimate that with the ten mill tax they will be able to pay the current expenses of the county and about $120,000 of its debt, leaving the amount still owing (except Railroad obligations) about $80,000.

"THE GREATEST PLAGUE OF LIFE." By a Lady who has been almost "worried to death." A novel with the above title has been sent to us by W. A. Gildenfenny, Fifth street. The whimsical title of this new series gives some indication of its character, and it will doubtless be interesting to the ladies.

THEATRE.—We see "Our American Cousin" is once more posted for this evening. Lord Dundreary's (Mr. Sothern) inimitable reading of his Brother Sam's letter is worth going a mile to see.

THE cheapest and the best—the Pittsburgh Almanac, published by Hunt & Miner. A large 72 page book, calculated and edited by Sanford C. Hill, Esq., is sold at five cents a copy by all enterprising dealers everywhere.

DIARIES of all kinds for 1861. The cheapest and best ever offered for sale in this city can be seen at Hunt & Miner's. Come and see them. Dealers will be supplied at extremely low prices.

BOILER EXPLOSION—*Great Destruction of Property.*—On Tuesday last about 4 o'clock, P. M., whilst Mr. Jesse Hook's steam grist mill below town was in operation, one of the boilers collapsed and in an instant the large distillery in which the engine worked was a perfect wreck. The boiler was torn in two, one end going through the building in one direction and the other end in another, both landing in the creek, tearing down the large and substantial stone stack in their way. Happily, all the operatives were, at the moment of the explosion, outside the building, and no one was hurt. The large brick grist mill to which the distillery was attached, escaped without material damage. That part of the distillery connected with the engine house fell in with a crash, to the very roof—and broke the engine badly—to what extent we do not know. The damage to Mr. Hook's property is variously estimated at from $2,000 to $3,000. No cause assigned but a defect in the boiler which has been in use for many years. No censure rests on any of the operatives that we know of.—*Waynesburgh Republican.*

CHILD BURNED TO DEATH.—On Thursday afternoon last, a little girl, named Margaret Smith, aged nine years, was shockingly burned at the residence of John Wilson, in Canton township. She had been left temporarily at Mr. Wilson's by her father, Charles Smith, of Amwell township, who had been employed there a day or two previously, and while the members of the family were absent, she approached so close to the grate that her clothing caught fire; and although every possible exertion was made, the flames could not be smothered until she was fatally burned. The lower part of the body, from the middle of the stomach to the feet, was rendered perfectly raw. Mr. Wilson, in his efforts to save the child, had his hands badly injured by the flames. She lingered until some time on Friday, when death kindly put an end to her sufferings.—*Wash Examiner.*

FROM THE OIL REGIONS.—On Friday evening, while the workmen were drilling in Kissick and Dryson's well, the gas rushed up, throwing water all around! The workmen had to leave, and after the first rush, one of them was going back with a lighted candle to see the extent of the damages. As soon as the candle was put inside of the door, the gas caught fire and set everything of wood work ablaze, and was extinguished with great difficulty.—*Newcastle Chron.*

FATAL ACCIDENT.—A son of Mr. Eleazer Smith, of Jefferson township, aged about five years, on Saturday a week ago, accidentally fell, receiving an injury on one of his knees, from the effect of which he died on the Monday following.—*Wash. Examiner.*

RECOVERING.—James S. Lashart, whose attempt to commit suicide we mentioned last week, was not, we are pleased to learn, so seriously injured as was at first supposed. He is able to go about.—*Wash. Examiner.*

SHINGLES.—The shingle market is very dull just now, and prices have a declining tendency. This decline is attributed by a great many to the supply being more than equal to the demand, but the real cause may be found in the fact that the demand is not so great as in former years, shingle roofs not being thought of when "Groggon's celebrated Asphalt Roofing Felt" can be obtained. The agent for this excellent material can be found at his office, Laughlin's building, Canal bank, near the city Water Works.

☞ We call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is *Food for the Blood* already prepared for absorption; pleasant to the taste and natural in action, and what one gains, he retains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world renowned DR. EATON'S INFANTILE CORDIAL, which every mother should have. It contains no paregoric or opiate of any kind whatever, and of course must be invaluable for all infantile complaints. It will allay all pain, and soften the gums in process of teething, and at the same time regulate the bowels. Coughs and Colds! Coughs and Colds!

SEASONABLE ADVICE.

Let no one neglect a cold or a slight cough. Thousands, doing so, have had one cold added to another, until the mucous membrane, lining the air passages, has become excessively irritated, and even permanently thickened, and soon chronic cough, chronic pneumonia, and consumption, successively gallop along. The best time to cure all this is when it begins. If you are so fortunate as to possess a case of HUMPHREYS' SPECIFIC HOMEOPATHIC REMEDIES, and if you do not, you ought to at once take a COUGH PILL and then two or three pills per day, with care as to renewed exposure, will bring you all right in a day or two.

If your cough has got further along, then more care and more patience is necessary for a cure, though it lies in the same direction. Our advice is to keep the feet warm, the head cool, and take Humphrey's Homeopathic COUGH PILLS.

Price, 25 cents per box, with directions. Six boxes, $1.

N. B.—A full set of HUMPHREY'S HOMEOPATHIC SPECIFICS, with Book of Directions, and twenty different Remedies, in large vials, morocco case, $5; ditto, in plain case, $4; case of fifteen boxes, and Book, $2. Single boxes, 25 cents and 50 cents.

These Remedies, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price. Address. Dr. F. HUMPHREYS & CO., No. 562 Broadway, New York.

THE LATEST NEWS.

BY TELEGRAPH.

RECEIVED AT THE DAILY GAZETTE OFFICE.

WASHINGTON CITY, Nov. 14.—Many of the prevalent reports and conjectures concerning the action of the government, are untrue and most of them exaggerated. The course of the administration will afford no just cause for increasing the present excitement either South or North, as it will endeavor firmly and impartially to perform its duty as the cases for its action may arise, always keeping the constitution and the law in full view. The remark attributed to the Hon. Mr. Keitt that the President is pledged to secession, has been received here with much astonishment. His friends do not believe that he is correctly reported. It is well known that the President has never made such a pledge in any public paper and his most intimate friends have never heard anything from his lips which would lead to the belief that he entertains any sentiment which is not warmly in favor of preserving the constitution in all its integrity.

The postmaster at Orangeburg, Mr. Keitt's residence, has forwarded his resignation as postmaster, to take effect on the 1st of January, unless, he says, his much abused and beloved State, South Carolina, shall sooner secede. The resignation has been accepted, and he is requested to designate some person as his successor, who will give the proper bonds for the discharge of all the duties required by the laws and regulations of the Post Office Department. In the event of no such person being found to fill the office, it must be discontinued.

Lieut. Gardener has, in the ordinary routine of business, been relieved of the command of Fort Moultrie, and will be succeeded by Maj. Anderson, who is next to him in rank, in the 1st Regiment of Artillery.

TRENTON, Nov. 14.—The official vote of New Jersey is now in. The following persons are chosen electors: Wm. Cook, Dem., Joel Parker, Dem., T. Runyan, Dem., Joseph C. Hornblower, Rep., Chas. Elener, Rep., Edward W. Irvine, Rep., Isaac W. Sanddar, Rep. The three Douglas Democrats are elected by between 3000 and 4000 maj. The straight Douglas ticket carried just enough votes from Broom, Wurts, Condit and Brewer to defeat them. Brewer and Wurts are defeated by some 1500, while the others lose from 100 to 800. In some parts of the State the people voted as though the news of the fusion had never reached them. All the votes taken together, there is a majority of from 3000 to 4000 majority against Lincoln.

COLUMBUS, Nov. 13.—Hon. L. M. Keitt, member of Congress of this district, was serenaded at midnight, last night. He made an exciting speech, urging prompt action on the part of the South. He said that Mr. Buchanan was pledged to secession, and that he would be held to it.—South Carolina should shatter the accursed Union. He said if she could not otherwise accomplish her purpose, she would throw her arms around the pillars of the Constitution, and involve all the States in a common ruin.

RICHMOND, Va., Nov. 14.—The Enquirer urges that a State Convention be called at an early day which might settle peaceably the dangerous question. It says it was with a view of concentrating public opinion upon such a Convention, as well as to prepare the people for any unseen emergency, that Ex-Governor Wise inaugurated the Minute Men, and that he contemplated his raid on the Federal Government.

AUGUSTA, Nov. 14.—The popular vote of Georgia exhibits the fact that there was a majority of 2000 votes cast against Breckinridge.

It is reported here that a dispatch was received yesterday from Milledgeville that Mr. Douglas was exceedingly ill at some place in Mississippi.

BOSTON, Nov. 14.—Wm. G. Wood arrived here to-day, as a passenger by the steamer South Carolina, having been civilly requested to leave the State of South Carolina. His passage was paid. Mr. Wood had gone south to fulfil an engagement as school teacher in the Barnwell district.

COLUMBIA, Nov. 14.—The South Carolina Legislature adjourned this morning. Nothing of interest transpired during to-day's session. The members are returning to their homes.

RICHMOND, Nov. 14.—The latest accounts from the State are unexpectedly favorable to Bell. The full official returns may be necessary.

NASHVILLE, Nov. 14.—Georgia and South Carolina bank notes are taken by the brokers of the city at five per cent. discount.

CINCINNATI, Nov. 14.—Elstner & Fisher, flour dealers, failed; they made an assignment. Their liabilities are not stated.

LOUISVILLE, Nov. 14.—The river is rising slowly with 9 feet 4 inches water in the channel.

2378 head.

Of cows and calves the receipts and sales reach about 140 head at from $25 to $60 each as to condition.

About 3000 Hogs were received and sold at full prices, including 2123 head at Imhoff's Union Yard, at from $7,50 to $8,75; 800 head by James H. Reynolds (his own shipment), at the Avenue Yard, at $8@8,75, and a superior lot at $9 the 100 lbs net. The market was brisk, and all sold.

Some 6,000 Sheep were disposed of at 7½@9c ₧ lb net.

There seems to be a little change in the money market. We do not think there is any serious disquietude among bank officers, at least such of them as we had occasion to speak with, seem to regard the present aspect of affairs as likely to be of only temporary duration. In the street there is an indisposition to operate and the rates are irregular, ranging from 7 to 12 ₧ cent with very little paper that will go at the latter rate, and some large sales of prime names are reported at 9 ₧ cent.

There is more currency for foreign exchange this morning, and we hear of some business doing. Some sales of Bank of Charleston and other strong South Carolina Bank bills have been made at 106¼@107 while New York City bankers are selling at 107@107½.

There seems to be no demand for Southern bank notes and there are very few of them offering, except the larger purchases of uncurrent money.—[N. Y. Com.

The drain of gold to the South continues, and we hear of $300,000 sent forward to day to various points, making an aggregate of over three and a half millions sent in the last ten days. The money market to-day is in the same condition as we described on Saturday, but there is more activity in demand loans, and borrowers find less difficulty in supplying their wants. The banks are generally declining to lend, and accommodate their dealers as specially as possible.—[N. Y. Trib.]

The Bank statement of weekly averages is unfavorable, showing an increase of loans with a decrease of nearly a million of specie, and $650,000 of deposits. The increase in loans is doubtless mainly accommodation extended to Southern correspondents. The bank vaults contain to day less than $20,000,000 of specie; in the day the Sub Treasury last week, instead of being a million, was over three millions, of which $1,800,000 went to New Orleans, and $500,000 to Charleston. The decrease is caused in part by the withdrawal of specie of Southern balances—the statement is as follows:

	Nov. 3.	Nov. 10.		
Loans	$123,264,334	$124,628,715	Inc.	$1412 181
Specie	21,181,262	20,128,622	Dec.	953,643

RIVER NEWS.

The river was receding slowly yesterday and last evening there was 10 feet by the pier mark—having fell some 12 or 14 inches during the past twenty-four hours. The weather was extremely cloudy and foggy—so much so as to render it necessary to burn gas the entire day.

The arrivals were the Moses McLellan from Cincinnati; Leclaire from Walnut Bend, and S C Baker from Wheeling. The departures were the Linden for Louisville, McLellan for Cincinnati, Leclaire for Oil Creek, and Baker for Wheeling. The Linden was loaded to the guards with freight and crowded with passengers.

For NEW ORLEANS—The popular steamer Iowa under the command of Capt. W. A. Moore is announced to leave for New Orleans on Saturday. Capt. D Moore has charge of the office.

CINCINNATI.—The following is from the Commercial of Tuesday:

The Moderator, from Pittsburgh, passed down for St. Louis, full of freight, and few passengers .... The Bay City from the same port, cleared for Louisville, after discharging a portion of her cargo there .... The Tycoon from Pittsburg; Cheeseman from St. Louis; Lady Jackson from Memphis; and Aurora from New Orleans arrived with fair trips .... The Goody Friends, from Memphis, passed up for Pittsburgh, with 1,022 bales of cotton .... The Clara Dean and Reliance for Pittsburgh; and Fannie McBurnie, for Marietta, with fair trips, constitute the departures .... The Argonaut and J. H. Ford, from Pittsburgh; Cricket No. 2 from Marietta; Decatur from St. Louis, Clipper and Sunny side from Memphis; and Silver Wave and Tigress from New Orleans are due to-day and to-morrow .... J R Griffith is the name of the engineer of the Switzerland, who has one of his legs and an arm broken, Sunday morning by the collision with the Conestoga. He resides at Bethel, Ohio .... Capt J P Schenck came here yesterday for the purpose of securing another steamer to go down to Langhery Creek, and take the Switzerland's cargo to New Orleans, in order to avoid delay—a portion of her freight being vegetables, apples, &c, and of a perishable nature. We understand, however, that the Underwriters, after deliberation, objected to this course, and instructed Capt. Schenck to have the Switzerland towed back here, and the cargo placed in store until the necessary repairs are made to the boat, when the cargo is to be placed on board again, and delivered to the consignees at New Orleans, under "general average." The shippers, however, are permitted to receive their merchandise here, providing they pay the through freight on the same. Whether Capt. Schenck will obey the instructions of the Underwriters remains to be seen. There are over one hundred consignees for the Switzerland's cargo, and a number of the shippers have already drawn on New Orleans for the value of their produce .... Capt. Evans, of the Aurora, leaves for Pittsburg in a day or two, to superintend the completion of his new side wheel "Union Line" packet Westmoreland. She will be down there within two or three weeks .... The Marengo arrived at St. Louis on Saturday morning.

DR. SCHENCK, of Philadelphia, will be in Pittsburgh to examine patients afflicted with

DISEASES OF THE
LUNGS,
Liver and Stomach,
ON
MONDAY AND TUESDAY,

Nov. 5th and 6th, at the Drug Store of his agent, DR. GEO. H. KEYSER, No. 140 Wood street.

DR. SCHENCK'S MEDICINES.

ANOTHER CERTIFICATE.

ZANESVILLE, Ohio, March 3d, 1860.

DR. KEYSER:—I write these lines to inform you that I was in Pittsburgh on February 16th, and bought a bottle of Dr. Schenck's Seaweed Tonic, and when I arrived in Zanesville I commenced using the medicine according to directions, and it has improved my health more than I expected it would in so short a time. I am so well pleased with the "Seaweed Tonic" and "Pulmonic Syrup," that I want you to send me two bottles of "Seaweed Tonic" and one bottle of "Pulmonic Syrup" by express, and I will settle for the carriage of it at the office in Zanesville.

W. ROBERTS, Zanesville, O.

DR. GEO. H. KEYSER, 140 Wood street, sole agent for Pittsburgh.

ANOTHER CURE BY DR. SCHENCK.

I took last August—now nearly a year ago—a violent attack of cold, which I contracted by lying on the damp ground on a hunting excursion. I had a dreadful cough and constant pain in my breast, and I expectorated a great deal of tough matter from my lungs and bronchial tubes. I thought I had consumption. I judged it the disease from the fact that I had such a hard cough and night-sweats very bad. I suffered a great deal with pain and tightness in my breast. I called on Dr. Schenck in October last, and he examined my lungs with his respirometer. He told me my bronchial tubes were very much affected, and he prescribed for me his Mandrake Pills, Pulmonic Syrup and Seaweed Tonic. I took one box of the Pills and two of the Tonic, and four bottles of the Pulmonic Syrup. At this time I am entirely well, and weigh more and am stronger than I was before I took the disease.

JAMES D. WILSON,
At Singer, Nimick & Co's, Steel Works.
West Pittsburgh, May 30, 1860.

ANOTHER GREAT CURE—CASE OF NICHOLAS RITZ OF ALLEGHENY CITY.

On the 8th day of last July I took sick with spitting blood and a bad cough; I did not mind it till I spit two or three times; I spit about a teacup full of blood. A week afterwards it returned and I got alarmed, and went to my physician and got medicine from him, which did not do me any good. I then went to another, who told me my lung was diseased, but did not give me much satisfaction about the spitting blood. I heard of Dr. Schenck being in the city on the 23d of July, and was advised to call on him, I called on him at Dr. Keyser's drug store, and he examined my lungs and told me that my right lung was affected, and that the bleeding or spitting of blood came from the lower part of the right lung. Dr Schenck told me to take his Pulmonic Syrup and Mandrake Pills, which I did until I had taken seven bottles of Pulmonic Syrup and one box of Mandrake Pills. I am now well and can attend to my regular business, trunk making. I work at 104 Wood street, and live on East street, between First and Ohio streets, Allegheny City. I give this certificate in order that other persons afflicted may receive the same benefit that I have. You may publish this if you wish. NICHOLAS RITZ.

Pittsburgh, August 28th, 1860.

Such has been the demand for my Syrup, that I have been compelled to resort to the most perfect steam machinery for the displacing of the herbs and boiling down the Syrup, by which the substance can be more readily and perfectly extracted. This process gives a different color to it, rendering it lighter, but stronger in substance. The difference in color may cause many to doubt its genuineness; but my signature always accompanies each bottle, and my agents are publicly announced which renders imposition impossible.

Mrs. Winslow,

An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

MRS. WINSLOW'S SOOTHING SYRUP.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.
