AYER'S PILLS—Are you Sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the precursors of serious illness. Some 50 of sickness's by use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors; purify the blood, and let the floods move on unobstructed in body into vigorous activity, purify the system from the obstructions which make disease. A cool settled state of the stomach, and changes in the bowels themselves and the secretionary organs, produce general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how dire only they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous disorders. The same obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ such a Healthy Aid to Nature's Own Efforts, when they feel Loss of Appetite, Lowness, Indigestion, Dyspepsia, Biliousness, Jaundice, Costiveness, Constipation, Heartburn, Headache, Foul Stomach, Dysentery, Rheumatism, Dropsy, Worms, Gravel, Nervous Complaints, Irregularities, Fever and Ague, Fever and Chills, Pain and Soreness in the Side, Back and Limbs, and Suppression, which taken in large doses.

CITY AND NEIGHBORHOOD.

(ADDITIONAL ON FIRST PAGE.)

An Oratorical Display.

That portion of Webster street lying between Tunnel and Seventh was the theatre of quite an amusing scene yesterday morning. The chief actor on the occasion was a woman named Ellen Chately, who, infused with the spirit of a Miss Dickinson, stood in the middle of the street and delivered herself of an impromptu oration that had for its object the utter annihilation of a certain clique or party existing in that neighborhood, the recognized leader of whom is Bridget Carmen, who the speaker denounced as her bitter enemy for some cause she could not explain. The immediate cause of this oratorical outburst was, as Ellen alleged, the killing of a huge cat, the property of the former, by Bridget. The injured owner of Ellen's husband on the ground that he positively contracted his better half into the house, put an end to the entertainment, much to the disgust of her auditors, who in point of numbers were very respectable.

Military	$190,541 19
	5,612 59—196,153 78
Decrease	$ 22,431 55
Decrease in regular traffic	17,305 32

Tour to the West.—The Vigilant Fire Company of Philadelphia, are making arrangements for a grand tour to the west, next month. The Company will start June 17th, turn to Buffalo and Niagara Falls, thence to Albany, return to New York, and wind up with a visit to Jersey City. The cars will not take their hose carriage, as the tunnels and bridges will prevent the transportation of it over the entire line of railway. It is proposed upon a truck its smoke stack would stand fully fifteen feet from the ground.

Fire on Centre Avenue.—Yesterday morning at five o'clock fire was discovered issuing from the windows of a small tenement house on Centre avenue, Seventh ward, owned and occupied by Andrew Green.

With the aid of several buckets of water the flames were extinguished before doing any damage, save the marring of a house full score of people. The fire originated by a candle falling from the window-sill into the bed, which immediately ignited.

The Good Intent House.—The project of erecting a new engine house for the Good Intent Company, on the vacant space at the foot of Webster street having been given up, it has been determined to raise the building now occupied by the company, on Webster street near Logan, and erect upon its foundation a large hall, and present to the building now occupied by the company, which are completed, and proposals have been invited by the Committee on City Property.

On a Visit of Inspection.—The Philadelphia Press says: Mr. A. S. Ogden, a member of the Philadelphia City Council, and Mr. John H. Hart, chief Engineer of the Pittsburgh Fire Department, arrived in this city yesterday afternoon. Their object is to inspect our system of police and fire alarm telegraph. They will visit the different offices, and Mr. Hart, in company with Mr. D. B. Walker, assistant superintendent of the department in this city.

New Bank.—It is not the free banking law a number of capitalists have organized a new banking institution for the accommodation of merchants and others residing in the Fifth and Ninth wards. An organization was effected at a meeting held in the Third ward last evening, and on Wednesday evening, and operations will shortly be commenced. The institution will be located on Penn street, in the Ninth ward.

Buckley's Serenaders.—This troup of minstrels—reorganized in Boston, 1854—will appear at Masonic Hall this evening, and give the first of a series of eight entertainments. Buckley's, as first class performers, is well entitled to a share of public patronage, and he is highly favored in their visits to Pittsburgh, the present occasion not proves an exception.

Mayor's Office.—Alderman I. S. Morrow is officiating as chief magistrate, Mr. Honor, Mayor, being laid up from a severe injury received while attending the shipment of ammunition to Mexico. Four common cases were disposed of, three discharged, and Charlotte Barker and Lizzie Hampton were committed for one day—each, at the request of the prosecutrix, for vagrancy. The balance of the business transacted at the Mayor's office yesterday.

United States Circuit Court.—Hon. William Mc Candless presiding.

No. 67.—The case of the Union Petroleum Company vs. George King and others, for an injunction to restrain the defendants from using the plaintiff's patent for oil territory in Venango county, was argued and concluded. Judge Lowrie and J. Heydrick, Esq., will make their arguments to the jury on Friday.

The Revolution at St. Domingo.

New York, May 17.—Advices from St. Domingo state that on the 3d of April, the insurgents defeated the government troops occupying Neiba and Azua, killing one hundred and thirty prisoners and most of their guns. The revolution, there can be no doubt, is backed by the entire population, which supplies them with money, guns, powder and provisions. The commander of the government troops is waiting for reinforcements. Timoteal had been proclaimed President, and the insurgents were on their march to the capital.

Fenians and Sacrapants

New York, May 17.—Mr. Stephens received a number of military gentlemen yesterday. He is still engaged in consulting financial matters, and is constantly receiving letters and visits from all quarters. The Fenian Senate is in session, and rumors of hostile action are regarded by some as ominous. They ignore Stephens' authority altogether.

THE REVENUE BILL.

Bank Failure Investigated.

ARREST OF COL. PAULDING.

Franklin and Venango National Banks.

GEN. SPINNER TO RESIGN.

COLORADO, &c., &c.

New York, May 17.—Of the Washington special dispatches to the morning papers the following is a summary:

The House has made good progress in the consideration of the Revenue bill, and nearly finished all the part of the bill referring to licenses. The action of the House in regard to the tobacco tax is looked forward to with a good deal of interest by manufacturers, who are represented here by several delegates from New York and the west. A sharp fight will be made on the amendments proposed by Mr. Schenck, when make the duty on cigars ad valorem, instead of specific as at present. Mr. Schenck's amendments are in opposition to the views of the Ways and Means Committee, and also of the Revenue Office, but will be undoubtedly sustained by a considerable portion of the Western delegation.

The investigation of the Merchants' National Bank affairs shows that interest at the rate of four per cent. per annum has been paid on the balance of some of the disbursing officers and agents, who kept their accounts in that bank. This interest was drawn by an outside party, who claims it as compensation from the bank for securing to the institution their deposits, but who, it is believed, was a common agent for them. The sum total thus to be drawn is $42,000. Col. Paulding has been put under arrest, the evidence taken by the military board complicating him to a very serious extent in the improper deposit of over $600,000 in the broken bank.

A notice has been issued from the Comptroller of the Currency this evening to the noteholders of the Venango National Bank, of Franklin, Pa., and Washington, D. C., to forward the bills of these institutions for redemption.

The following gentlemen have been appointed Examining Surgeons to the Pension Office: Dr. James E. Sutton, Indiana, Michigan; Dr. Wm. J. Hendley, Danville, Maryland; and Dr. Samuel H. Wolfe, Georgetown, Delaware.

Gen. Spinner thinks of resigning the office of U. S. Treasurer, and accepting the Presidency of a New York Insurance Company.

It is said that the indictment under which Jeff Davis will be tried, has been drawn to meet the provisions of the act to punish treason, passed July 17, 1862, the second section of which provides that any person who shall hereafter set on foot, or engage in, any rebellion against the authority of the United States shall be imprisoned; and if any person who shall be found guilty of the crime of treason, or be convicted of the crime of treason, shall be forever disqualified to hold any office of trust or profit under the United States, he shall be imprisoned, and be fined not exceeding $10,000 and the liberation of his slaves. It is also held that Judge Field, of the Supreme Court, has expressed the opinion that this section repeals all previous provisions of law for the punishment of treason.

Attorney General Speed has returned to Washington, and is urging upon the members of Congress speedy action on a bill to authorize a temporary Court of Claims to sit at Richmond, in June. It has passed both Houses of Congress, and it seems the Senate added an amendment which the House today have concurred in, and asked a committee of conference. This course is all sure to defeat the passage of the bill.

The *Herald's* special says the impression exists that the President will pass over the veto, and the Senator's return to that territory will soon leave for their western homes sadder but wiser men.

LATE MEXICAN NEWS.

Money for Maximilian.

ARMS FOR THE IMPERALISTS.

Austrian Troops for Mexico.

New York, May 17.—We have Mexican dates to May 3, by which we learn it was reported credibly that Maximilian had negotiated a loan in Europe. The correspondence with our minister has not published recently, regarding the shipment of munitions to Maximilian, was causing considerable discussion. A large quantity of arms, shipped from New York, had arrived at Vera Cruz, for the use of the Imperialists. Indecisive skirmishes were taking place frequently throughout all parts of the country.

Gen. Sickles, on the 1st, assembled at Washington from Europe, the Austrian troops. Two thousand Austrian troops have been shipped to Mexico, and the rebellion in Texas will cease, when the French troops was made public. The opinion was from the state of the shipment, that the protest created, and the inquiry already been made to the Austrian government.
