DR. J. WESTON'S *Vegetable Head-Ache Pills.*—They are remarkably good in various kinds of Female Complaints, cases of Costiveness, Indigestion, Cold Stomach, Head-Ache and Dizziness.
The valuable properties of these Pills, in purging the head and stomach from the foul humours that occasion violent pain in the head and face, is well known and highly recommended, particularly in cases when a violent cold has settled in the head, causing severe pain through the face and teeth, they never fail in giving relief in the most violent cases, even when bleeding and tooth drawing have been tried in vain. They act as a gentle purge and will not prevent the patient from attending to business.

U. S. PORTABLE BOAT LINE.
For the Transportation of Merchandize to and from Pittsburgh, Baltimore, Philadelphia, New York, and Boston. Through in the shortest time.
THE United States Portable Boat Line, is composed of Boats built in four sections, each section capable of containing seven tons, and susceptible of being separate or detached and transferred from Canal to Rail Road; thus, as it were, forming a complete train of Cars, or presenting the novel appearance of a Boat sailing on land and thereby avoiding the great delay occasioned by reshipping at the several junctions and terminations of Canals and Rail Roads, the expense of transhipment and the damage the goods sustain by frequent handling; and rendering it impossible to separate lots of goods on the way—owing to the peculiar construction of the Boat having *four separate apartments* in which goods are stowed, renders them less liable to damage goods by water or otherwise than by any other mode of transportation.
The system of Transportation, as recommended by the Canal Commissioners and lately adopted by the State, refers particularly to this class of Boats. The Boats of this Line are owned by responsible captains that run them, and is the only Line now in operation free from monopolies or combination.
Goods consigned to the undersigned agents will be received free of commission and shipped without delay at the lowest rates. All charges paid and every instruction promptly attended to. C. A. M'NULTY & Co. Agts.

THORN'S TEA-BERRY TOOTH WASH—*A New Invaluable Remedy.*—The extreme beauty of the Teeth, their indispensable use, and the frequency of their decay, has led to many inventions for their preservation; yet how to preserve them in a state of health in pristine beauty, to the latest periods of existence, was entirely unknown until the discovery of the above invaluable preparation. It forms a pure tincture composed of vegetable ingredients, and is possessed of the most delicious odor. It eradicates tartar from the teeth, removes spots of incipient decay, polishes and preserves the enamel, to which it gives a pearl like whiteness, and, from its disinfecting properties, possesses the virtue of giving sweetness to the breath.
As an *Anti-Scorbutic*, the Gums so share in its transcendent powers; Scurvey is eradicated from them, a healthy action and redness is induced, which offers to the notice of the medical practitioner indubitable evidence of their healthful state. It has been examined and used by several of the best physicians of this city, who have no hesitation in recommending it as an excellent wash for the Teeth, Gums, etc.
Among the recommendations to the above are the following:
"Having tried Dr. "Thorn's Tea Berry Tooth Wash," and become acquainted with the ingredients of its composition, I cheerfully say, I consider it one of the safest, as it is one of the most pleasant Tooth Washes now in use.
Pittsburgh Sep. 15, 1842 DAVID BUNT, Dentist.
"I take pleasure in stating, having made use of "Thorn's Tea Berry Tooth Wash," that it is one of the best dentifrices in use. Being in a liquid form, it combines neatness with convenience. While it cleanses the enamel and removes the tartar from the teeth, its perfume yields a fragrance peculiarly desirable. J. P. TIBBETTS, M. D.
"The undersigned have used "Thorn's Compound Tea Berry Tooth Wash," and have found it to be an extremely pleasant dentifrice, exercising a most salutary influence upon the Teeth and Gums, preserving those indispensable members from premature decay, preventing the accumulation of Tartar, and purifying the Breath. Having thoroughly tested its virtues, we take pleasure in recommending it to the public, believing it to be the best article of the kind now in use.

PIANO FORTES.—[illegible] from the manufactory of the subscriber, [illegible] Pittsburgh, Pa. [illegible] Medicine, I may be permitted to say, that he has taken to the list of his few patrons to have enjoyed so liberal or large a share of unbiassed patronage as my own has been for the last 30 or 40 years.
The experience of that long period of active life, and the fact of my having been twice, since 1830, associated with Dr. R. A. Wilson, in the practice of medicine, (in both a period of five years,) enables me to judge fully of the merits of his pills.
So convenient, so efficient, and yet so safe did I esteem these pills, that for the last five years in my practice for the cure of chronic diseases, of whatever name, and those of females in particular, I have used more of them than all other medicines.
Like every other medicine, this must fail in some instances, but in my hands there has been less disappointment and more satisfaction in the administration of this one remedy than of all others; its good effects sometimes quite astonishing me.
If my patient required a safe aperient medicine either before or after parturition, the Wilson's pills were just the thing I wanted.
If a dyspeptic acid condition of the stomach, combined with costiveness or inactivity of the liver constituted the disease of my patient, the pills were just the thing I wanted.
If I treated a case requiring an emmenagogue, the Wilson's pills were just the thing I wanted.
If palpitation, headache, flushed countenance, or other difficulties, indicating a disturbance of the circulatory and secretory systems, annoyed my patient at the "turn of life," the Wilson's pills were just the thing I wanted.
Thus, without respect to the name, a disease might happen to wear at the time I have had it under treatment, particular indications or symptons arising, were always most promptly and most happily met by the Wilson's pills.
That so great a number of diseases, and sometimes apparently opposite ones, in which I have used these pills, should be cured more readily by them than by any other remedy, may at first seem strange and contradictory, but why it is so is as clear to my mind as that a great many persons should become thirsty from as many different causes and yet all require that common and greatest of all blessings, water to quench their thirst.
In conclusion, it is due the reputation of the medicine and the public, to say decidedly and unconditionally, that the Wilson's pills are the only combination I have ever met with in my long course of practice, that really possesses anything curative or specific for sick headache.
Yours &c., DR. MILO ADAMS.
The above Pills, designed particularly for the sick Head-Ache, Dyspepsia, Constipation of the Bowels &c., prepared by the proprietor Dr. R. A. Wilson, and for sale, wholesale and retail, at his dwelling in Penn street, below Market.

DR. JOHN WESTON'S Indian Specific. A certain cure for Dysentery, Bloody Flux, Cholera Morbus, Summer Complaint, and all disorders of the bowels. Performing a perfect cure in one or two days. Millions have died with the dysentery, Summer Complaints, and other disorders of the bowels, from the wrong treatment and improper medicines made use of by Physicians and others in attempting to cure. The articles this medicine is composed of, were used in the first place among the Indians, and has never failed in a single instance, in effecting a cure for any disorder of the bowels, in young or old. As it exceeds any thing ever discovered, every mother should have it constantly by her, and should extend the knowledge of it as far as lays in her power, and by this means save the lives of thousands, who would otherwise die if they knew not of this medicine.
It is a positive cure for any disorder of the bowels even in the youngest child it is perfectly safe, and very pleasant and never fails in curing the Cholera Infantum or Summer Complaint, which carries off so many children in infancy.
CERTIFICATES OF CURES.—Miss Ann Patterson, East Whiteland Chester Co., got a bottle of the Indian Specific for her youngest child, that had suffered severely with a complaint in the bowels for nearly a year. It commenced when the child was only two weeks old, and after that its stools were always bad, being very much griped and slimy until it was nearly a year old; all the medicines they made use of, did the child no good, until they got the Specific, and this cured her in a very short time, bringing away several worms.
Jane Warple, West Town, used Dr. J. Weston's Indian Specific on two of her children that had a severe attack of the Dysentery, when this complaint was raging at West Town, so much so that the scholars had to leave the institution) it cured her children immediately; also another child in the farm house belonging to the school, with a number of others, both adults and children around the neighborhood.
Our youngest child was born with the dysentery, having the complaint from its mother who was attacked with the complaint a short time before confinement, but was cured in one day by taking the specific) it passed a large quantity of slime and blood, and was violently griped, at two days old we commenced and gave it the specific which cured it in a very few days.—J. WESTON.
