DAILY MORNING POST.

JUNE 8, 1843.

☞ The friends of the late C. H. Eaton should bear in mind that the entertainments at the Theatre this evening are for the benefit of his widow and orphan children, who are now in Cincinnati; and in need of the aid of the philanthropic.

☞ Whoever is "up to *snuff*," and *chews* to *smoke*, can find every article in the Tobacco line, of first quality, at the store of Mr Fullerton, 146 Wood street. See his advertisement.

☞ We are pleased to learn that the Marshall Literary Institute, one of the best societies in this city, take up the question of Fourierism next Tuesday evening.—We hope the members who intend participating in the debate will be well prepared, as we expect much from both sides.

MRS. EATON'S BENEFIT.

The public are informed that the performances for this evening are to be appropriated to the Benefit of the family of the late Mr. C. H. EATON.

On Thursday evening, June 8th, will be presented

THE SOLDIER'S DAUGHTER.

After which the highly amusing piece, of

CHARLES II.

For the Post.

J. S. CHARLES, esq. of this Theatre, left here on Saturday last for Philadelphia, his loss will be regretted by all who have been in the habit of witnessing his performances this season.

He had become an universal favorite among all the patrons of the Drama, he was ever ready and perfect in all the various characters assigned to him, his style, delivery, appearance, in fact every thing he done, was to the satisfaction of all.

In private life, Mr Charles, by his gentlemanly and unassuming deportment, won him the esteem and friendship of all with whom he became acquainted, he bears with him the good wishes of his friends, (and there are plenty who are eager to claim that title) for his prosperity, and his speedy return to the *Iron City*. H.

FROM CAMPEACHY.—*A Naval Fight.*—By the Rosario, Capt. Ducey, from Campeachy, the New Orleans Tropic and Picayune have full particulars of the second naval engagement between Com. Moore and the Mexican Squadron. The following is a letter from Com. Moore, which we find in the Tropic of the 27th:

Texas Sloop-of War Austin,
Off Campeachy, May 19, 1843.

Messrs EDITORS:—I wrote you on the 5th inst., enclosing you a copy of the minutes of the action of the 30th April.

I herewith enclose you a copy of the minutes of the action of the 16th inst.—The wind was so light, that at no time were we nearer than a *mile and three quarters*. The advantage of steam and heavy guns is tremendous, particularly in the Gulf of Mexico, in the summer, where there is so much light weather. The whole fire of both steamers was directed at this ship; not a shot struck the brig. We fired over *five hundred* cartridges, and the long gun from the Wharton, (obtained since we arrived here,) was fired *sixty five times*, and repeatedly with great effect. When the sea breeze came in, the brig was caught aback, and before she got round on the same tack, we were some distance ahead, because we could not heave to, as we would have run the risk of being raked; she however made sail, and soon got within gun shot again. I forgot to mention that I have obtained, since my arrival, two long 18 pounders, which have been of great service.

Our crew behaved nobly! a finer set of men were never on board ship; and as to the officers under my command, it would be impossible for me to express to you my admiration of their conduct and bearing.

The Guadaloupe was very much crippled, and when we wore; to stand in for our anchorage, she did not move her wheels for over *forty* minutes; she was however to windward, and we could not get up to her; one of the shell shot struck abaft the wheel, which must have done her considerable injury. I have fired but a very few of them, owing to the distance they have always kept from us; I am reserving them for close quarters.

On the 17th and 18th there was brisk firing kept up on both sides on shore, and the gun boats took a hand—the Mexicans having taken a position in the suburb of San Roman, which they were compelled to evacuate this morning. I was on the walls yesterday morning for about an hour, and the musket balls were whizzing a small few, and many were injured on either side. I imagine they were not less than *five or six hundred* yards apart.

Those 68 pound balls are tremendous missiles, and the way they did whistle or rather hum over our heads was a caution, I tell you. They fired a great many over the poop where I was standing, and several were disposed to be *rather too intimate*.

I will be ready to give them another chance in a few days, but I will wait for a strong breeze, and if I *can get* near enough to use our shell shot, I feel confident that they will tell a big tale in a few minutes.

A fisherman came in this afternoon, and said he had been alongside of the Guadaloupe to-day, and that she had forty-seven men killed and thirty wounded; he also said that nearly all the men were on board the Guadaloupe for the purpose of boarding this ship; which, by the way, they had a fair chance of doing, for, during the four hours fight, we chased them not less than twelve or fourteen miles. Yours, truly,

E. W. MOORE.

Still at Work.—On the day of his death, in his eightieth year, 'the apostle of the Indians,' was found teaching the alphabet to an Indian child at his bedside. 'Why not rest from your labors now?' said a friend. 'Because,' said the venerable man, 'I have prayed to God to render me useful in my sphere; and he has heard my prayer, he gives me what I can no longer preach, he leaves me strength enough to teach this poor child his alphabet.'

TO the Honorable the Judges of the Court of General Quarter Sessions of the Peace in and for Allegheny county.

The petition of Bartemus Aker of the Township of Pitt, aforesaid, humbly sheweth, That your petitioner had provided himself with materials for the accommodation of travelers and others, at his dwelling house in the ward aforesaid and prays that your honors will be pleased to grant him a license to keep a public house of entertainment. And your petitioner as in duty bound, will pray. BARTEMUS AKER.

We, the subscribers, citizens of Pitt township, do certify, that the above petitioner is of good repute for honesty and temperance, and is well provided with house room and conveniencies for the accommodation and lodging of strangers and travelers, and that said tavern is necessary.

TO THE GENTLEMEN OF PITTSBURGH.

THE subscriber most respectfully informs the gentlemen of this city and vicinity that he has commenced the BOOT and SHOE making business in Fourth street, opposite the Mayors office. Having been foreman in some of the most fashionable Boot Shops in the Eastern cities; and having furnished himself with the best French and American Calf Skins, he hopes by his attention to business to merit a share of public patronage. To those gentlemen who have kindly patronized him he returns his sincere thanks and can with confidence appeal for the goodness of his work and knowledge of his business.

TO THE PUBLIC.

This is to certify that the subscriber has been for some time afflicted with the Rheumatism very severely, from which he could get no relief, until, being advised to procure some of Dr. Pitch's INDIAN VEGETABLE ELIXIR, which he accordingly did, and from which after a few doses, he was entirely relieved.

Columbia, April 6, 1752. SAM'L PEARSE.

Near Rice Creek Springs,
Richland District, S. C., April 30, 1838.

I certify, that my son, Thomas Mitchel, Jr., aged 15 years, has been troubled for eight years last past with the Rheumatism, and for the last three years has been unable to help himself; his pain was very severe, so that he could not be moved without great agony; his limbs were magnified and drawn up, and he presented an object hopeless to all who knew him. I resorted to several Physicians for relief for him, without effect. Having heard of Dr. A. Pitch's Indian Vegetable Elixir, I procured the same for my son. On taking it he was much relieved, and by continuing it to the fourth bottle, has entirely removed the pain, his flesh is restored and he is now enjoying good health. I would, in a case of Rheumatism, earnestly recommend it to those who are affected with this external ting pain. THOS. MITCHELL

W being neighbors and acquaintances of Mr Thomas Mitchell, and having often seen the situation of his son, fully corroborate the above case, and, as we believe has been cured by the Indian Vegetable Elixir.

INFORMATION WANTED.

ON the 26th day of November last, a son of the subscriber named JAMES KELLY, then about 9 years of age, left his house; he was seen a few days after in Shippsburgh. He has a fair complexion and fair hair mouth, his brother, a boy then aged about ten years, also went away. His name is EDWARD KELLY: he has red hair and dark eyes. It is probable that both the boys may deny their true names and assume others. Any information concerning them will be gratefully received by their afflicted parents. JOHN KELLY,

PORTABLE

Hot Water, Slipper, Shower and Steam

BATHING TUB:

THE subscriber would respectfully announce to his fellow citizens, that he has lately invented a NEW BATHING TUB, which for beauty, neatness and durability, cannot be surpassed. This apparatus combines in itself the Hot Water, Slipper, Shower and Steam Bathing Tub. Each one can be used separately, when required, and all in so compact a form, as to be strictly portable, and exceedingly easy to manage. The inventor has had one in use upwards of twelve months. He finds by exact observation that a body of water standing at the freezing point, say from 100 to 150 gallons, can be elevated to ninety degrees Farrah, in twenty minutes with a consumption of about two cents worth of charcoal.

In presenting this valuable invention to the public, the inventor would most respectfully say, that he thinks that an apparatus, such as the above described, cannot fail to attract the attention of the public, as it is certainly a desideratum long and ardently sought for by those who have the least regard for health, comfort and cleanliness, especially where it is inconvenient to erect more permanent bathing fixtures. To ascertain the good that accrues from the frequent use of the Hot Water Bath, it is only necessary to give a trial, or to consult the best medical practitioners of our city, and writers of Human Physiology.

Andrew Comb, M. D., in his admirable work on the principles of Physiology, applied to the preservation of health, speaks of the daily use of the bath tub, in the strongest terms. After describing the cutaneous and nervous system, &c., the learned Doctor goes on to say,

When the saline and animal elements left by the perspiration are not duly removed by washing or bathing, they at least obstruct the pores and irritate the skin; and it is apparently for this reason, that in the Eastern and warmer countries, where perspiration is very copious, ablution and bathing have assumed the rank and importance of religious observances.—*Page* 83.

It will be the aim of the inventor to manufacture and sell his *Bathing Apparatus, at the lowest price.* It can now be seen at his establishment, No. 26 Market street

JOHN DUNLAP.

The subscriber still continues to manufacture and keep constantly on hand, a full and complete assortment of TIN, COPPER AND JAPAN WARE. He has, also lately received a choice selection of *Britannia Ware*—all of which he offers for sale at reduced prices,
