PITTSBURGH, July 18th, 1843.

AT a meeting of the Tailors and Tailoresses of the city of Pittsburgh, as previously advertised, at Temperance Hall, on Monday, the 17th, which was numerously attended. The object of the meeting being stated by the president, Mr. D. Wearis, which was for the purpose of the Ladies taking into consideration the necessity of a small advance in their wages; their present prices being too low to sustain nature, or at the least to eke out a miserable existence, laboring from 16 to 18 hours each day to attain that object. It was unanimously voted by the Ladies assembled, that they form themselves into a Committee to wait on the ladies known to work at the Tailoring business in this place, stating their object, and asking their assistance; and that there be a mass meeting of the ladies and gentlemen working at the tailoring business, at Temperance Hall, on Friday, 21st inst., at 3 o'clock, for the purpose of going into regulations that the above object may be attained. jy 19-3t

CHOLERA MORBUS AND SUMMER COMPLAINT.

THE undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. D. Jaynes' Carminative Balsam. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain was perceived, and the pain was thereby prevented. We continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From this experience, therefore, he can confidently recommend Dr. D. Jaynes' Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels.

REMEDY FOR THE INFLUENZA.

THE Influenza, which is now an almost universal epidemic, exceeding the inventors of patent medicines to increased exertions in the puffing line, but owing to the general distrust entertained for the generality of such drugs, people fear taking them. The following, however, from a distinguished physician in New York, Dr Nelson, we think may be relied on:
"The object of the present communication is to recommend a single remedy, cheap and of easy access to the poor, and to caution them against an injurious one in this disease, namely, bleeding, either general or by leeches. In all those cases in which the first class of symptoms prevail, let the patient smell frequently at a common salts bottle, (*Sims' Aromatic Volatile Salts* are preferred) and by putting the vial to the mouth, to draw a few deep inspirations of volatile matter into the lungs. Let this process be repeated two or three times in an hour, and it will give more speedy and greater relief, in all slight cases of the first class than any other remedy, and will be sufficient for a cure. It will also be essentially useful in the severe cases; and in those of the class of prostration, a few drops of ammonia, or hartshorn, ought to be taken internally. A neat way of doing so is to take an old fashioned mixture called lac ammoniac. However, it is as a local remedy, to act on the disordered surface, that its use is advised. The principle will be recognized by all physicians versed in molecular organization, and those who are deficient in that knowledge may do in this instance as they do in all others—act upon the faith they imbibe." These salts are for sale and within the reach of all classes, at WM. THORN'S, 53 Market street, Pittsburgh. jy 17.

COUNTY COMMISSIONER.

At the solicitation of a number of friends of all political parties, I respectfully offer myself to the consideration of my fellow-citizens for the office of County Commissioner. That my sentiments may not be misunderstood, either as to political or private affairs, I make free to say that I have been all my life a consistent Republican, in the true sense of the word. As the county is somewhat embarrassed in its financial affairs, and the reduction of salaries of public officers has received the approbation of large majorities of the people, the undersigned would not should he be so fortunate as to be elected, in any manner attempt to resist this salutary reform; should it reach the office of County Commissioner.

may 25, 1843—1y.e PITTSBURGH, PENNA.

AS USUAL.

NO sooner does one of Dr. Leidy' preparations become popular, in consequence of its success and efficacy, than it is counterfeited or imitated.
To prevent imposition, Dr Leidy has now procured moulded bottles for his celebrated Tetter and Itch Ointment, with the words "Dr Leidy's Tetter and Itch Ointment," blown in the glass, besides containing his written signature on a yellow label outside.
Dr Leidy's Tetter and Itch Ointment, has proved more efficacious than any other preparation for Tetter, Itch, Dry and Watery Pimples or Pustules, and diseases of the skin generally.
It has been employed in schools, factories, and on board vessels carrying passengers, where children, as well as grown persons, contract diseases of the skin from their contagious nature, with the most unexampled success; certificates and recommendations have been heretofore published from them, and numerous others might be obtained for publication, but for the objections most persons have, to having their names published in connection with such disagreeable and loathsome affections.
In no single instance has it ever been known to fail.
It has been used upon infants and by persons of all ages. It is perfectly safe, contains no mercury in its composition, and may be used under all circumstances.
Price Twenty-five cents a bottle. Prepared and sold at Dr Leidy's Health Emporium, (sign of the Golden Eagle and Serpents,) and by B. A. FAHNESTOCK & CO. corner of Wood and Sixth streets, Agents for Pittsburgh.
July 12.
