FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, April 4, 1867.

The New York stock quotations to-day, as received by Mr. J. R. Mertz, were as follows: Gold, 135¾@136; Eighty-one bonds, 105¼; Five Twenties, old, 105¼; Five Twenties, '64, 107¾; do, '65, 105¾; do, new, 107¼; Ten Forties, 98¾; Seven Thirties, 105¾; Michigan Southern Railroad, 79¾; Cleveland and Pittsburgh, 75¾; Pittsburgh, Fort Wayne & Chicago, 92¼@92¾; Erie, 51¾; Chicago and Northwestern, 83¾; do preferred, 82; New York Central, 102¾; Chicago and Rock Island, 89¾; Reading, 100¾.

The money market is very close, and stocks have declined from 1 to 1½ per cent, under a pressure to sell. Gold declined about ¾ per cent, but rallied again this afternoon. The demand for cash gold is increasing, and holders of large lots of Government bonds try to realize on their gold interest falling due in May, lest they might have to accept lower rates then. Lower rates on gold are conceded, even by those who predicted a rise something like fifty per cent before the first of May; the large sales and daily receipts of the government have had the effect of keeping down rates as well as the limited credit of operators in Wall street.

—The bank statements are now calculated to encourage the hopes of easy money or cheap money, except for balances at call without notice. Leading banks which score the markets to make call loans upon the last dollar of their balances, publish their reports in a form which makes it certain that they are doing a dangerous business, which will not bear the test of the new form of report. What they state as legal tender is largely made up of demand notes, and they are plainly in no condition to see Mr. Mccullloch reduce the greenbacks or compounds. Like the stock brokers, who now have time to give daily concerts in the "ring room," in this season of business, too many young and desperate bank officers are keeping every sail they can spread to a breeze which at any moment may increase to a gale in which they will inundate.—*N. Y. Tribune.*

—Mr. A. Louis, an extensive liquor merchant of this city, failed today, with liabilities estimated at $500,000. The failure is a bad one, we understand. The Government seized the establishment on Monday, to secure $10,000 due and unpaid, for taxes. Mr. Louis had an branch house at Nashville and two at Memphis, and, as may be inferred, had an extensive business at the south. His house in this city was probably last year, the not gain being $20,000. This, and the bulk of the capital, seem to have been swallowed up at the South.—*Cin. Gazette.*

—Our city banks have for the most part done a good business during the last six months. These national banks which are supposed to be an exception to this remark, seemed determined to put a good face upon the matter, and so it as usual on dividends. This may in some instances be a species of bravado which will by no means raise them in the estimation of the community. The movement in this direction is too strong the National Bank Commissioner will be likely to call their attention to the fact, and the sections of the national bank act. Of national bank which started and ended in a neighboring State, ran through a singular career. It began with a nominal capital of $50,000. The president held $45,000 of the stock, for which of course he never paid, and drew other persons owned the balance. The Government securities deposited with the Comptroller were borrowed, and finally paid for with the currency received from the Comptroller. It received deposits to the amount of $52,000, and loaned almost half of the same in speculations of $5,000 was, therefore, all the capital this bank ever had. How many other national banks were started in the same way?—*Phila. Press.*

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 4, 1867.

There was a fair business done in the produce markets today, the transactions in Grain especially, being larger than usual, and for most of the leading commodities, prices are tending upward. Flour still further advanced, while Provisions and Groceries are firm but unchanged.

GRAIN—Wheat is in light supply and firm; sales of 2 cars fair Ohio Red Winter at $2.35. Corn is in demand and higher. Sale of 560 bush Shelled at 86; 4 cars do, on private terms, and 50 sacks at 85. Rye is in demand and firm but unchanged; sales of 4 cars at $1.45. Barley is in demand, with sales of 2 cars common at 85, and 2 cars prime Spring at $1.15. Oats—Sales of 2 cars at 57, delivered—may be quoted at 60, in store.

FLOUR—Is firm and somewhat excited, with an upward tendency. We now quote at $13.25 to $13.50 for Spring Wheat; $14.50 to $16.00 for Winter Wheat, and $17 to $18 for fancy brands. Rye Flour is firm, and tending upward; may be quoted at $9 to $9.50.

PROVISIONS—Bacon is firm, with sales at 10 to 10½ for Shoulders; 11½ to 12 for Ribbed Sides; 12 for Clear Sides, and 15 for Sugar Cured Hams. Lard is selling at 13 to 13½ for prime kettle; tierces. Mess Pork, $22.50 to $23.75.

SEEDS—There is a very good demand for Clovers—may be quoted at $9½ to the trade, and $10 in small lots. Timothy Seed is quiet at $3. Flaxseed has declined considerably in the east, and crushers are asking for concessions here.

BUTTER—Prime Roll Butter is in demand with sales at 30 to 32—and choice, in small packages, at 40. Common Butter is plenty and dull.

EGGS—The demand was rather better to-day, and sales were quick at 21—receipts limited of slightly.

HAY—Prime Timothy Hay is in fair demand, with sales on trucks at $24 to $25 per ton. Inferior and common very dull.

DRIED FRUIT—Is dull; we are cognizant of one dealer who is offering Peaches to the trade at 12c for quarters, and 15 for halves. Apples may be quoted at $10@.

GREEN APPLES—Prime Apples, in good condition, are scarce and higher, with sales reported today at $5@6 per bbl.

POTATOES—Quiet but steady with regular sales of prime Peach Blows at 85 to 90 cts per bushel.

OIL—Land Oil is quoted firm at 60 for No. 2, and 41@50 for No. 1.

BEANS—Steady with regular sales of prime small white at $2.75 per bushel.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 4, 1867.

CRUDE—The market for Crude was more active today, and apparently a shade firmer, though prices are not quotably higher. The transactions in the aggregate, reached nearly eleven thousand barrels, as follows: 2500 for April delivery, seller's option, at 1½; 1200 on the spot, at 2; 2000 do for April, seller's option, at 1; 2000 do for April, seller's option, at 1; and 100 on spot, at 1¼, packages included. From the above, it will be seen that quotations may be fairly given at 1¼ to 1, in bulk and barrels returned; and 1½ to 2, packages included. The receipts were unusually large to-day, reaching nearly twenty thousand barrels.

REFINED—But a single sale reported today, 2500 bbls prime light straw to white, for January delivery, on private terms. There are orders from Philadelphia to buy, but the trouble is to find parties willing to sell at the prices named, and to this may be attributed the comparatively light transactions. Prime light straw to white, for immediate delivery in Philadelphia, may be quoted at 23½, and standard white at 20½ to 23½. Free oil is quiet and unchanged—40 cts for fifty or one hundred barrel lots, and 41 to 42 in a small way.

ARRIVALS—The following arrivals of oil were reported to-day:

D. Bushnell.....	200	Fisher & Bro.....	600
Jas. Wilkins.....	500	A. V. Gallagher,	2000
J. Gallagher.....	250

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, April 4, 1867.

CATTLE.

The market was again quiet this week, the reported sales only reaching about 225 head in the aggregate, while so far as prices are concerned, there has been no essential change. Prime to extra cattle may be quoted at 7½ to 8¼ gross—one drove of extra fed at 8½ gross, averaging 1600 lbs, could have been sold at nine cents. Smith & Mooney have offered that figure for the entire drove, which was refused. Stockers are in fair demand, and may be quoted at 5½ to 6¼ gross, according to quality and condition, and these may be regarded as the extremes of the market. There were some two or three Philadelphia buyers in attendance, but so far as we could learn, they bought nothing, being unable to get the grade of cattle suitable for that market at what they considered fair prices—indeed, the supply was so small that there was but very little chance to make selections. In regard to feed, his between here and Chicago there is nothing new to be said, though it is reasonable to suppose that the reduction from 55 to 25 cents per cwt, will have a tendency to increase materially the arrivals of stock.

SHEEP.

There was a fair business done in Sheep this week, but under the influence of supplies

creased arrivals, the market was a shade weaker, and compared with last week, prices are a shade lower. The total sales reported reached 3112 head at prices ranging all the way from 6¾ to 8, gross—one drove of extra sold this forenoon at 8¼, but this is an out-side price. There was also a sale of 140 head at 8, and five dollars pressed for more. As already intimated, there was a limit. As already intimated, there was a fair demand, but in consequence of increased receipts, the market yesterday and to-day was a little "sellish."

HOGS.

The transactions were fair, reaching in the aggregate, 3358 head, at prices ranging from 6¾ to 8¾, gross. Compared with last week, prices are lower, which is in consequence of unfavorable advices from the east. Philadelphia Hogs, which last week sold clear up to 8.60 and 8.70 did not command above 8¾ this week, and there were but few sold above ¾. New York Hogs sold at from 7 to 7¾, against 7¾ to 7¾ last week.

EXTENSIVE SALES OF CATTLE.

Hahn to McArdle, 11 head, weighing 13,200 at 7¾; same to same 10, at 7¼; same to same, 10 at 7½; same to same, 19 at 7½; Lafferty to Hathaway & Co. 47 head, at 7¾. Gardner to Maynes & Co. 71 head at 7¾@7¾. Ault & Co. to Shumberg, 21 head at 8. Robinson to Wernz, 17 head at 7¾. Todd to same buyer 3 at 8. Herwig to Lowrey, 4, weighing 5025, at 8¼. Hickwood to Young, 8head, weighing 10,975, at 8.

MARKETS BY TELEGRAPH.

New York Financial Matters.

NEW YORK, April 4.—The money market is stringent and active, and the trouble is ascribed to the large and sudden drafts on the National Banks by the Government. Those institutions are said to have to pay into the Treasury two and a half millions, and only first class borrowers got supplied at call at seven per cent. The weaker class of brokers and operators either paid seven per cent. and a commission, or legal sale in gold. There was, however, a more cheerful feeling just previous to the close of bank hours, and money was offered at seven and accepted. The high rates of interest is already attracting counter-balances.

Gold steady all forenoon, at 135¾@135¾, but declined slightly in the afternoon, but closing steadily, however, at 135¾. Government sales to-day amounted to $1,870,000 at 105¼ for 64's, and 105¾@105¾ for 65's, and 105¾@105¾ for prime 67's, and 105¾@105¾ for prime 68's, slight improvement following off under the belief that gold must decline. Railway shares generally in the long room with a panicky feeling, and with a renewed disposition to press sales on all the leading speculative shares; there were further sharper declines and lower prices made for the general depression setting in. New York Central declined to 102; Erie to 51¾; Reading 100¾; Michigan Southern, 79¾; Pittsburgh, 92; Rock Island, 89¾; North Western, common, 83; do preferred, 82; Fort Wayne, 92.

William Heath & Co. report the following prices: Coupons of 1881 (old) 111¾; Ohio certificates 92¾; Canton 73¾@74¾; Cumberland, 34; Quicksilver 31@31¼; Mariposa, 17¾@18; preferred 32¾@33; Western Union Telegraph 35¾@35¾; New York Central 102¾@103; Erie 51¾@52¾; Hudson 109@109¾; Reading 101; Michigan Southern 79¾@79¾; Illinois Central 112@113; Toledo 101¾@102; Rock Island 89¾@89¾; Northwestern 83¾@83¾; preferred 82¾@82¾; Fort Wayne 92¾@92¾; Pacific Mail 210¾@212; Atlantic 60¾@61.

Government opened dull and lower, and closed steadily though quiet; registered '81, 106¾@106¾; coupons '81, 106¾@106¾; 5-20 coupons '62, 105¾@105¾; 5-20 coupons '64, 105¾@105¾; 5-20 coupons '65, 105¾@105¾; 5-20 coupons January and July 105¾@105¾; 10-40 registered, 97¾@98; 10-40 coupons, 97¾@98; August 1864 105¾; June 7-30's, 105¾@105¾. Some unusually heavy sales of bonds were made by the Government within the past few days.

Border State bonds are inactive. Missouri 6's, do Hannibal and St. Jos; Mississippi sixes are heavy and lower. Coal stocks are heavy and lower. The Mining share market was more active. Gregory opened at ask, and fell off to 51¾, but recovered to 53¾. Corton advanced to 46@46¾, and was in good demand. Colombia was firmer at 20¾. Almonds is steady and in request at 80. Quarry Hill declined to 25, and closed firm at 26@26¾. The business in other shares is light, and the fluctuations were unimportant.

RIVER NEWS.

The river continues to recede slowly at this point with nine feet three inches in the channel by the Allegheny marks last evening. A telegram from Oil City in the early part of the day reported fifty inches in the channel at that point. The weather yesterday was cloudy and close, and towards evening there was every appearance of rain.

The Ingomar, from Matamoras, and Bayard, from Parkersburg, were the only arrivals from below. The Robt. Moore, from Portsmouth, was due last night, and will be found in port this morning.

The Kolton, for New Orleans, with a fair trip, was the only transient departure. Robt. Wasson and Crate Rono were her pilots.

Capt. J. W. Porter, an old steamboatman, but who for some years past has been engaged in the oil business, has gone into the commission business for the sale of pig metal and blooms. We wish him success in his new vocation. Capt. Ed. Evans, of the Westmoreland, is on a visit to his family. He left the boat at Cincinnati in charge of the clerk, Mr. James Vandergrift, formerly of the Pittsburgh Custom House. Capt. Evans expects to commence to load for New Orleans again next week.

The Bellevernon, Capt. Darragh, will positively leave for St. Louis to-day. The Lorena, Capt. Shuman, is next in turn after the Bellevernon.

Capt. Marsh Hays and Tom Morris are the "star gazers" on the Bellevernon. The Minnie, from St. Louis, was due last night, and will doubtless be found at the wharf this morning.

The Maggie Hays having been delayed at Cincinnati, will not be here to go out on Saturday, and the Ezra Porter, therefore, will be the regular packet for that day. The Porter is a plendid passenger steamer, and persons going on her will be well treated every particular.

The Dubuque, Capt. Parker, will positively leave for the Upper Mississippi on Saturday. She is a brand new boat, and in point of safety, comfort and beauty, has but few equals in the western country. The Columbia, Capt. Rook, is also loading for the Upper Mississippi.

The Glendale left Cincinnati for Pittsburgh on Tuesday, and the Maggie Hays was advertised to follow on Wednesday. The New York, en route from St. Louis to Pittsburgh, was at Evansville on Tuesday, and the Lucia arrived at Cincinnati the same day, on her to the gold regions.

The Leonidas has gone up the Wabash river to load for New Orleans. The towboat Tigress arrived at Louisville on Tuesday, and the Glasgow passed Evansville the same day on her way to St. Louis.

The Arabian, from St. Louis, and the Emma, on a trip from New Orleans, arrived at Cincinnati on Tuesday, and the Belvidere left Cincinnati for New Orleans on Monday. The Emma made the round trip to New Orleans and back in nineteen days. The Emma was advertised to leave Cincinnati for Pittsburgh on Wednesday.

The Memphis papers are in extacies over the Great Republic. The *Avalanche* says: "The arrival of the Great Republic created great excitement. The long expected and much talked of Great Republic arrived yesterday afternoon, and landed at the city wharf. Her arrival was the signal for that portion of the levee to be thronged with people, many of whom had been on the levee from the great Pittsburgh steamer, and in a short time those portions of the city adjacent to the landing and the public were crowded. Owing to the large number of passengers which she had on board, a proportion of whom were ladies—mainly from Pittsburgh, the crowd overflowed and thronged the river front, thrown open to the inspection of the "open sesame." We are informed by the officers of the boat that her return from New Orleans she will be here and from there she will be found ready for "going through. The Great Republic cost $320,000, and is a magnificent specimen of marine architecture, far exceeding our expectations.

The Bulletin: The event of the day was the arrival of the mammoth Great Republic at the city wharfboat. Her appearance brought thousands to the landing. The most sanguine anticipations of her appearance were exceeded, and upon all sides it was agreed that there had never been seen upon our waters any thing that will bear comparison to this new triumph of western enterprise. The Great Republic "stared of Blind Alley" brought forth his tens and thousands most eloquent music in praise of the great steamer and her officers. He could not well do either praise or music too strong and prevailed.

Chas. Schultz, well known among river men, left for Cincinnati on Tuesday morning. He was till only a few hours, being called to Cincinnati by a telegram from supervising inspector for the Fourth District. Mr. Schultz, we learn, has resigned Wytzig, entered upon the duties of his office on Saturday. Exit Wytzig.

The Kingmond rose a trial trip on Monday last, and if we can place any reliance on what we hear, she will be here as her cabinery worked well.

The Yorktown left St. Louis for the mountains on Saturday last. The *Democrat* of Monday, says:

We learn from boatmen desiring loads for the mountains that rates are dropping for the present and continue. The men referred to want no freight at less than ten cents per ton, and they believe there will be no profit in the rate of eight cents, and a decided loss in rates at 7 cents. The Yorktown is to the mountains. The departures Saturday and Sunday include the Yorktown, the Ben Lewis, and the Ruth, with tugs that will, it is thought, average to take a good deal of coal. Some of the boats but can safely say it will not be over $40,000.
