HORRID INDIAN MURDER.

A most horrid murder, or murders, was committed on the morning of the 26th of February last, in one of the settlements of Fannin county, Texas. It appears that three Indians stopped and stayed all night at the camp of Mr Monsey, on Rowlet's Creek. Their conduct was such as to excite suspicion during the night, and Mr Monsey spoke of it to some of his neighbors who resided at the settlement near him. The Indians, however, departed on Sunday morning and the family was lulled into a fatal security. Early in the night of the 25th, Mr Lee, living about a mile from the camp of Mr Monsey, heard the report of guns in the direction of his camp, and several other sounds of unusual character, but his suspicions were not excited to such a degree as to excite alarm. He, however, early next morning, concluded to visit the camp of his neighbors, to ascertain the cause of the noise of the previous night; on reaching the camp, the sight presented to his view was too appalling for description Mr. Monsey and Mr. Jamison, an intimate of the family, lay dead in the camp, both having been first shot, then tomahawked and scalped; and a short distance from the camp lay the mutilated corps of Mrs. Monsey, mangled in a most shocking manner—the skin and flesh almost entirely stripped from the body—one limb torn off—the upper part of the scull broken off—the brains taken out, and not a particle of the flesh of the face remaining. The two sons of Mr. Monsey, who were also at the camp, are missing; and although diligent search has been made, they cannot be found. One was about sixteen years old, and the other about twelve; whether murdered—scaped and bewildered in the prairies—or carried away captives, is yet uncertain. There were, obviously, but three concerned in the murder, and those doubtless the same who had previously been at Mr. Monsey's camp.

☞ THE STATE OF PENNSYLVANIA is in such bad odor with the British, that they even refuse to purchase our *oysters!* A large quantity was lately exported there, and before they could be disposed of, it was necessary to pretend that they were caught at New York. Think of that gentlemen representatives at Harrisburgh! An English paper went so far as to give utterance to its indignation in the following strain:

American oysters! they'll never be bought.
Their name in the market will load them with doubt;
Even oysters if near Pennsylvania caught,
It can't be expected will ever *shell out*.

TO INVALIDS.

☞ Important if true. Cheap and convenient, without loss of time with BRANDRETH'S PILLS. They mildly but surely remove all impurities of the blood, and in case of sickness can effect the human frame, far more than any other medicine can do. Do not believe so much of that these celebrated pills do for relief as the medicine can do. Colds and coughs are more benefitted by the Brandreth pills, than by lozenges and cantdies. Very well perhaps, as palliatives, but worth nothing as eradicators of diseases from the human system. The *Brandreth Pills* are, they do not merely relieve, they cure diseases, whether chronic or recent, infectious or otherwise, will certainly be cured by the use of these all sufficient pills.

CURE OF A CANCEROUS SORE.

SING SING, January 31, 1843.

Dr. Benjamin Brandreth—Honored Sir, owing to you a debt of gratitude that money cannot pay, I am induced to make a public acknowledgment of the benefit my wife has derived from your invaluable pills.—About three years this winter she was taken with a pain in her ankle, which soon became very much inflamed and swollen, so much so, that we became alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first commencement it became a running sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months; and she received no benefit whatever, the pain growing worse and the sore larger all the while. He said it was healed up it would be her death, but he appeared to be at a loss how to proceed, and poor wife still continued to suffer the most terrible tortures. We therefore sought other aid in a Botanical doctor, who said when he first saw it that he could soon cure the sore, and give her ease at once. To our surprise he gave her no relief, and acknowledged that it baffled all his skill.

Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly falling to the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects.—To my wife's great comfort the first few doses afforded great relief to the pain. Within one week, to the astonishment of ourselves and every one who knew the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortably, and air, after six weeks use she was able to go through the house, and again attend to the management of her family, which she had not done for 14 months. In a little over two months from the time she first commenced the use of your invaluable pills, her ankle was quite sound, and her health better than it had been in quite a number of years before. I send you this statement after two years test of the cure, considering it only an act of justice to you and the public at large.

We are, with much gratitude,
Very respectfully,
TIMOTHY AND ELIZA LITTLE.

P. S. The Botanical Doctor pronounced the sore cancerous, and finally said no good could be done, unless the whole of the flesh was cut off, and the bone scraped. Thank o kind Providence this made us resort to your pills, which saved us from all further misery, and for which we hope to be thankful.

Then try this great tooth wash,
The Teaberry tooth wash,
And see if this tooth wash of Thorn's is not fine.

Having tried Dr. "Thorn's Tea Berry Tooth Wash," and become acquainted with the ingredients of its composition, I cheerfully say, I consider it one of the safest, as it is one of the most pleasant tooth washes now in use. DAVID HUNT, Dentist.

Pittsburgh, Sept. 15, 1842.

I take pleasure in stating, having made use of "Thorn's Tea Berry Tooth Wash," that it is one of the best dentrifices in use. Being in a liquid form it combines neatness with convenience. While it cleanses the enamel and removes the tartar from the teeth, its perfume yields a fragrance peculiarly desirable.

J. P. TIBBETTS, M. D.

The undersigned have used "Thorn's Compound Tea Berry Tooth Wash," and have found it to be an extremely pleasant dentrifice, exercising a most salutary influence over the Teeth and Gums; preserving those indispensable members from premature decay, preventing the accumulation of Tartar, and purifying the Breath. Having thoroughly tested its virtues, we take pleasure in recommending it to the public, believing it to be the best article of the kind now in use.

BARON VON HUTTCHELER HERB PILLS

These Pills are composed of herbs, which exert a specific action upon the heart, give impulse or strength to the arterial system: the blood is quickened and equalized in its circulation through all the vessels, whether of the skin, the parts situated internally, or the extremities; and as all the secretions of the body are drawn from the blood, there is a consequent increase of every secretion, and a quickened action of the absorbent and exhalent or discharging vessels. Any morbid action which may have taken place is corrected, all obstructions are removed, the blood is purified, and the body resumes a healthful state. TO THOSE WHOSE OCCUPATIONS TEND TO PRODUCE OR AGGRAVATE DISEASE.—This class of individuals is very numerous. They are those who work in an unhealthy atmosphere. Printers, workmen in foundries, stone cutters, bakers, white lead manufacturers, are all more or less subject to disease according to the strength of their constitution. The only method to prevent disease, is the occasional use of medicine which will strain from the circulator, all deleterious humors, and expels them by the bowels. Took a in any form are injurious, as they only put off the evil day to make it more fatal. The use of Brandreth's Pills will insure health, because they take all impure matter out of the blood; and the body is not weakened but strengthened by their operation, for these valuable Pills do not force, but they assist nature, and act co-operant but harmonize with her.

CERTIFICATES.—Letter from the Hon. Ab'm M'Clellan, Sullivan County, East Tennessee, Member of Congress.

WASHINGTON, July 3d, 1843.

Sir—Since I have been in this city I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Carden, of Cocke county, Tennessee, wrote to me to send him some, which I did, and he has employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent, in this place, thinks you would probably like an agent in Tennessee. If so, I would recommend Dr. A Carden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston, Tazwell, East Tennessee. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of medicine would be sold. I am going to take some of it home for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan County, East Tennessee; I can get some of the merchants
