RIVER NEWS.

The river was about at a stand last evening with five and a half feet in the channel. Weather continues mild and pleasant, and all that could be desired for out door business.

No arrivals aside from the regular packets. The Kenton from Portsmouth was due last night, and will doubtless be found in port this morning. The St. Charles from Cincinnati and Bellevernon, from Evansville, are among the first boats due.

The Grey Eagle, Capt. C. L. Brennan, is the regular packet for Parkersburg to-day, leaving promptly at noon.

The Silver Cloud No. 2, Capt. John B. Conway, is announced to depart for St. Louis this evening, without fail. The Cloud is in all respects an excellent boat, and offers superior accommodations to passengers.

The R. C. Gray, Capt. Isaac Whittaker, is announced for Memphis and New Orleans.

The Tom Farrow and Barges, Capt. Chas. Mathews, is announced to leave for St. Louis this evening, and shippers should bear this in mind.

The Savanna and Armenia, were loading at St. Louis, on Monday, for Pittsburgh.

The Kate Putnam, Capt. Reed, will follow the Silver Cloud to St. Louis.

The Great Republic is avertised to be sold at public auction, at St. Louis, on Friday.

—The Peoria City passed Vicksburg on the 17th for New Orleans, loaded to the guards.

—The sternweeler Montana is reported sunk, eighty miles above Demopolis, on the Warrior river.

—There is a scarcity of fuel below Lake Providence. Pauline Carroll, on her last down trip, was compelled to buy a rail fence a short distance above Vicksburgh to make steam.

—The Ruth, for New Orleans, arrived at Vicksburg on the 17th with about 2,500 bales of cotton, and 500 tons of miscellaneous freight. The Kilgour shipped what freight she had on the Ruth, at Memphis.

—The Magenta arrived at New Orleans on Tuesday night with 3,500 bales of cotton, 4,000 sacks cotton seed, 1,000 sacks of corn, and a large lot of pound freight. The *Crescent* says she had the largest freight trip of the season.

—The Mississippi left Memphis for New Orleans on Wednesday with 1,250 bales of cotton, 3,000 sacks of corn and 250 tons pound freight. She had also over one hundred cabin passengers, with her engagements in the bends. She will go into New Orleans with one of the best trips of the season.

—A steamboat twenty-two feet in length, and carrying eighteen persons, has been built on Washoe Lake, Nevada. It has a brass engine, weighing seventy-five pounds. It is intended for a pleasure boat, and it is proposed by a party to take the boat by wagon and railroad to Wadsworth, thence by Truckee to Pyramid Lake, the many wonders of which will be thoroughly explored.

—The Decatur (Albama) *Rebublican*, of Wednesday says: Yesterday was a proud day for Decatur; the first steamboat since the war was launched from the shipyard, the Ida. Well may our citizens be proud of the enterprising spirit that prompted our worthy townsman, Captain Mat. Todd, to such an undertaking. The Ida—named complimentary to a beautiful and accomplished young lady, Miss Ida Harris, of Limestone county—is one of the handsomest and stanchest boats that ever floated on the blue waters of the Tennessee.

—The Cincinnati *Gazette* says: We have been informed that five steamboat collisions have taken place in the vicinity of the late disaster to the J. N. McCullough, four of which we can call to mind: The collision of the C. E. Hillman and Nannie Byers; that of the Leonora No. 2, and Lady Grace; that of the Lady Franklin and Jane Franklin; and that of the Tiger and J. N. McCullough. It has been jocularly suggested that the J. N. McCullough be left there, and that there be a bright light placed on her as a warning signal to passing steamboats.

—The Nashville *Banner*, of Friday, says: Competition of a lively nature is springing up between the railroads and the steamboats. The Louisville & Nashville Railroad yesterdy re-established the rate of $1,75 per bale on cotton to Cincinnati. On the other hand, the R. Moore, which leaves for that port at four P. M. to-day, has already received 175 bales, and will get 150 more to-day, at, we are informed, $1 per bale. She has also engaged 200 barrels of flour for Baltimore, and a large lot of peanuts for Pittsburgh. With 175 tuns of pig and bloom iron which awaits her below, she will have as much as she can well swim with out of the river.

River and Weather.

[By Telegraph to the Pittsburgh Gazette.]

LOUISVILLE, November 24.—River rising, with five feet eleven inches in the canal. Weather cloudy and warm. Barometer falling.

OFFICE OF CITY ENGINEER AND SURVEYOR. Pittsburgh, November 24th, 1868.

NOTICE—The assessment for Grading, Paving and Curbing LIBERTY STREET, from Twenty-Fifth street to Twenty-Ninth street is now ready for examination, and can be seen at this office until FRIDAY, December 4th, 1868, when it will be returned to the City Treasurer's office for collection.

It is understood that the day of departure shall be strictly obeyed on the part of said boats, and the hour not later than sundown. And that time of arrival at all points or landings between Pittsburgh and St. Louis shall be settled upon as will best serve the patrons of the line, to give dispatch to business and regularity, which we think will be of great advantage to our business men and the general travel on our rivers; besides save much expense to our boats, while loading under the line regulations in three days instead of six or eight, as under the old rule of loading three or four boats at one time. If our object should be properly appreciated, we will endeavor to make the line work to the advantage of all concerned.

Through receipts will be given to all points where connections can be made with other good lines.

We most earnestly solicit the assistance of our business community. Very truly yours,

JOHN L. RHODES,
WILLIAM DEAN,
EMMITT McCLURE,
JAMES REES,
Managers.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be, and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out of the animal economy all effete and used up material. Dr. K. says that he has known the most distressing and harassing coughs, whose vibrations would threaten to shake the whole constitution to pieces, removed in the course of a few days. In long standing cases of consumption, or of other sometimes fatal, but always troublesome and annoying maladies, known as catarrh, chronic bronchitis, trachitis or pharyngitis, it is a wonderful alleviating medicine in the former and a sure cure in the latter disease.

DR. KEYSER'S LUNG CURE IS ENRICHED BY SOME OF THE MOST VALUABLE PLANTS AND HERBS KNOWN TO BE USEFUL AND CURATIVE IN ALL DETERIORATED STATES OF THE HUMAN BLOOD, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, hopelessly incurable and so most surely fatal.

Sold by the gross, dozen or single bottle, at

Dr. Keyser's Great Medicine Store, 140 Wood Street.
