The Daily Morning Post.

PITTSBURGH, PA.

THURSDAY MORNING, AUGUST 22, 1844

☞ On our outside form will be found a number of interesting articles.

☞ We invite attention to a notice in our paper this morning, for a political discussion this evening.

CLAYTON & BARTLETT'S CIRCUS.—This Company of accomplished Equestrians, leave our city this morning for a tour through Ohio and the Western States. They will travel by the way of Steubenville, Zanesville, &c. Wherever they go, they cannot fail to give great satisfaction to all who will patronize their exhibitions.

IRON VESSELS.—Messrs FREEMAN, KNAPP, & Co., have an Iron vessel nearly ready to launch, and Mr. JONATHAN SON has another almost finished—he has commenced a third, which will probably be ready for the water by next spring. But what is the use of building those vessels here, if Mr CLAY speaks truly when he says that our rivers are "frozen up one half the year and dry the other half." It is said that Messrs Freeman & Co. are only waiting for a rise of water to launch their ship. If the Great Embodiment tells the truth, what is the use in their waiting? According to his statement, before the river rises, it will be frozen over again!

LIBERTY CONVENTION.—A Convention of Liberty men met at Broadhurst's in this city, yesterday. It was well attended, and many distinguished friends of the cause from other parts, were present. Among the number we noticed LEICESTER KING of Ohio, the Liberty candidate for Governor in that State, and F. J. LEMOYNE, the Gubernatorial candidate of the same party in Pennsylvania. Several addresses were delivered through the course of the day, none of which we have heard, however, except a portion of Mr King's speech in the afternoon.

Pittsburgh Infirmary,

For the Removal of Deformities of the Human Frame and of Diseases of the Eye.

THE subscriber has returned to the city and intends to establish an INFIRMARY for the reception and treatment of deformed members, such as *Club or Reeled feet, contracted joints, wry-neck and Strabismus or Squinting*, and of *Diseases of the Eye.*

There is no Institution of this kind as yet in this country, though much needed.

Patients from a distance would find it to their advantage to be operated on and to be attended to in an establishment exclusively devoted to the restoration of the above named deformities and diseases.

The easy access to Pittsburgh, one of the healthiest spots in the country, by river and canal, almost at any season of the year, would offer great facilities for those desirous of being relieved.

His ample experience and well known success give sufficient guarantee that the welfare of those entrusted to his care will be greatly promoted.

Star Candles.

'ONE cent saved is two cents earned,' so said Benjamin Franklin, and so will all who make trial of J. S. Gwynne's STAR CANDLES. They will find on trial, that the price at which the subscriber sells them, makes them come as cheap as tallow candles. While in cleanliness and beauty, they are equal to spermaceti: at the same time, they remain perfectly hard at a temperature of 140 degrees, being much warmer than the summer's sun.

Splendid Paintings for Sale.

A PORTRAIT of the Hon. JAMES ROSS, and one of the Hon. WILLIAM WILKINS, painted by that favorite and distinguished artist, the late JAMES BOWMAN, Esq., are offered for sale.

These pictures are not only valuable as being perfect likenesses of the gentlemen for whom they were taken, but possess surpassing merit, as specimens of art—they have been pronounced by connoisseurs to be splendid paintings, and among the most successful works of the eminent painter from whose hand they come.

They may be seen at the Looking Glass Store of W. C. WALL, in Fourth street, between Wood and Market.

Attention is especially invited to these portraits, as no other opportunity will, perhaps, ever occur to obtain portraits from the pencil of the gifted BOWMAN, at a price so cheap as these are offered.

Bureau of Construction, Equipment and Repairs,

July 18, 1844.

TO carry into effect that part of the act of Congress, making appropriations for the naval service for the fiscal year, ending June 30, 1845, which relates to the purchase of American water-rotted Hemp—

Proposals will be received at this Bureau, until 3 o'clock, P M, of the 29th day of August next, for delivering at the Navy Yard, Charlestown, Mass., two hundred tons of American water-rotted Hemp.

This Hemp must be equal in quality to the Riga Rein Hemp heretofore purchased for the Navy, samples of which are now in the said navy yard—must be delivered free of all expense to the United States, and be subject to the inspection and approval of persons who will be appointed by, and act under, instructions from the Navy Department.

Persons making offers must state the price asked per ton of 2240 pounds, delivered at the Navy Yard, and must forward with them the offers of persons of sufficient property to become sureties in one third the amount of the contract, for its performance, if the offer should be accepted.

Separate proposals will be received for quantities of not less than thirty tons, nor more than two hundred tons. To diminish the hazard to contractors of forwarding hemp from the Western States, which may not be of proper quality or sufficiently well prepared, the Secretary of the Navy has appointed two agents, who will, when requested, inspect that which may be prepared to fulfil contracts to be made under this advertisement. One of these agents will inspect the Hemp that may be sent to Louisville, Kentucky, and the other that which may be sent to St Louis, in Missouri. These agents will be furnished with samples of Riga Rein Hemp, and with the means of testing Hemp, and will be ready to give all information in their power, to enable contractors to have their hemp properly prepared, and to ascertain the strength and character of it, before the expense of sending it to the navy yard is incurred. It must be distinctly understood, however, that the inspection and opinion of these agents is merely to diminish the risk to contractors, by furnishing useful information. The only inspection by which the hemp can finally be received and paid for, will be that at the navy yard where it is to be delivered.

The whole quantity of the hemp embraced in any contract must be delivered at the navy yard Charlestown, Mass, on or before the first day of August, 1845.

In addition to the bonds which will be required for the faithful performance of contracts, ten per centum will be deducted from all bills for deliveries, and retained, until the completion of the contract; as additional security for its performance. The remaining ninety per centum will be paid within thirty days after the bills, duly approved, shall be presented to the Navy Agent at Boston.

NEW YORK AND BOSTON.

THE PROPRIETORS

RESPECTFULLY inform their friends and shippers generally, that they have changed the name of their Transportation Line, from the United States Portable Boat Line, to the American Portable Boat Line.

This line is composed of twenty-five new Four Section Portable Boats, one of which will depart daily from Pittsburgh, Philadelphia and Baltimore.

The superiority and advantages of the Portable Boat over every other mode of transportation are too well known to shippers generally to require comment; suffice it to say, that the detention, loss, separation and damage to Goods, invariably attending three, and shipments between Pittsburgh and Philadelphia, are by the Portable Boats most effectually removed.

To give undoubted security to owners and shippers of all goods and produce shipped by this line will be insured in a responsible office in Philadelphia, without any additional charge to the owners.

Merchandise shipped by this line in any of the eastern cities, and consigned to H Devine & Co, will be forwarded immediately on arrival at Pittsburgh to any part of the west, free of commissions.

H. Devine will receive produce consigned to him, pay steamboat freight and charges, and forward the same to any of the eastern cities, and charge no commissions for storage, advancing or forwarding. UNITED STATES

PORTABLE BOAT LINE

For the transportation of Merchandize to and from PITTSBURGH, BALTIMORE, PHILADELPHIA, NEW YORK AND BOSTON.

THE success this line has met with, since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the number of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Baltimore every day (except Sundays) during the season, and make the trip through in six days.

The superiority and advantages of the Portable Boat System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any comment.

Shippers can rely on having their produce, merchandize, or goods of any kind that may be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receiving or advancing charges, &c.
