It shall moreover be a condition in the privilege granted that the party for whose use the attachment with the sewer is made shall have all down spouts, conductors or openings from buildings that discharge water or liquids upon the foot walks of the streets connected with the private drain, and the water or liquids carried underground to the sewer.

SEC. 15. No drain from any building shall be connected with a public sewer otherwise than by a drain pipe, which shall be six inches in diameter, except it be authorized by the Sewer Commission.
SEC. 16. Notice must be left at the office of the City Engineer by the person who shall make the connection with any sewer or drain when such work will be ready for inspection previous to making any connection. The notice must be in writing and left between the hours of 8 A. M. and 5 P. M.
