PITTSBURGH MARKET.

OFFICE OF PITTSBURGH GAZETTE, SATURDAY, April 30, 1870.

The markets for all of the leading staples is much stronger, and flour, groceries and provisions tending upward. The improved character of the foreign advices, together with the fact that the funding bill is virtually considered dead, has revived speculation and every thing appears to be on the rise. The advance in prices seems to be chiefly speculative, and even if it were not, it is too rapid to continue without a reaction soon. The general "bullish" feeling, however, indicates that the season of low prices is past, and render it probable that for the next month or two a higher range of prices than the average of March and April is likely to be maintained. In our market there is no excitement as yet, but under the influence of the advices from abroad there is a much stronger feeling, and there is not, so much competition for trade as there has been and not the same disposition to realize, as our merchants are not so anxious to reduce their stocks when there is a probability that they may have to be replaced at a higher cost.

ASHES—Firmer but not quotably higher. Common Soda Ash refined do. 4¾; Pearls, 9 @9¼; Pots, 7¾.

APPLES—In steady demand and with continued light arrivals and a limited supply, prices are fully sustained, $4@5 per bbl.

BEANS—In good supply and dull but unchanged, $1.50@2 per bushel.

BROOMS—Store prices: Fancy, $3.50; No. 1, $4; No. 2, $4½; No. 3, $5½; Common, $3@3½.

CRANBERRIES—Season about over and market almost bare.

CEMENT—Sales of Louisville cement at $3@3½ per bbl.

CANDLES OIL—Is firmer, but the jobbing demand, as is always the case at this season of the year, is light. Standard brands may be quoted at 23@23½.

DRIED FRUIT—Demand rather better but prices are unchanged: apples 6@7 cts; Peaches, 8@8 for quarters, and 8½@9 for halves; Salt of no bids apples, good quality, to 6@6½ (Chicago, at 6¼); Blackberries, 12@13; pitted Cherries, 28@28; paired Peaches, 17@18.

EGGS—The demand is fair and the arrivals appear to be falling off slightly. Fifteen cts. may be regarded as the ruling quotation.

FEATHERS—Quiet and unchanged; sales to the trade at 62@65c.

FLOUR—The market, as already intimated, is decidedly stronger, particularly in the west, and another advance seems almost certain. There has been considerable sold for export within the last few days, and it is firmer with east and west. We continue to quote at $6¾ for spring wheat, $5½@6 for winter wheat, and $7@8 for fancy brands. Rye flour, $5.

GRAIN—There is a steady milling demand for wheat and but little offering, though the mills are getting in considerable from the west. Fair to strictly prime Red may be quoted at $1.15@1.18. Oats quiet and unchanged. The advices from the east continue unfavorable, and dealers cannot pay present prices here for shipment to Philadelphia. We continue quote at 47@48 in first hands; 50 on wharf and track, and 52@55 in store. Corn is quiet and a little dull, not withstanding the market is by no means glutted: car 69@55, and shelled, 66@70. Sales of Rye at 90@95, east and $1, time. Barley is quiet and unchanged—but little offering and not much wanted. Fair to prime spring, $2@2.

GROCERIES—Market continues fairly active, and prices are well sustained—Coffees are higher in sympathy with gold. Sugars—Prime New Orleans, 11c; choice do 11½; Cuba, 10@11; Porto Rico, 10½@11½. Havana in boxes, 11½; "A" Coffee, 12, 13, 13½; "Extra C," 12½. Crushed, 13¾. Coffee—choice: Rio, 23; prime, 22¾. New New Orleans molasses, scarce and firm, at 60@65. Syrups, Perfection Drips, (H. & E.) 85. Loverings, 65; Silver Drips, 65.

HAY—Is dull, and under the influence of increased offerings, prices are lower: wagon hay cannot be quoted above $18@21.

PEA NUTS—Dull: prime Tennessee still quoted at $2@2 cts.

Shoulders, 12@12½ for Plain; and 13¾@14 for Sugar Cured; Hams, 19@19 for Plain Sugar Cured, and 19@19½ for Canvassed. Sides, 16¼@16¾ for Ribbed; and 17¾ for Clear. Lard, 12¾ in tcs and 13@13½ in kegs and buckets. Dried Beef, 10½@9¾. Mess Pork, $20.

SEEDS—There is no improvement to note in the demand for Clover or Timothy seed, and the market is dull and drooping; we now quote the former at $9@9¼, and the latter at $6@4¼. Flaxseed $2.15—a round lot would probably bring $2.20.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, SATURDAY, April 30, 1870.

REVIEW FOR THE WEEK.

The oil market has been very firm and somewhat excited during the week which has just closed, and compared with last week, both crude and refined have advanced materially, and the sales have been unusually large. This upward turn, which was not entirely unexpected, may be attributed to the advance in gold, together with the improved character of the advices from Europe, and, as always is the case, with an advancing market, there fined was a little offish and a shade lower, and Thursday and Friday, but this may have been owing, partially, if not at least, to the fact that a delivery day, and operators, particularly in the east, were engaged in making deliveries little attention to buying or selling. Crude, however, is as strong as ever, which, as noted heavy short interest in the oil regions, and prices are relatively higher there than here. There is one consolation, our refiners, or at least a number of them, have a pretty good supply of low priced crude, and, consequently, they are now able to take advantage of the advance in refined. There are those who look upon the present "flurry" as a speculative movement, and that it is likely to be of short duration; while others again, equally as well posted, regard it as healthy and legitimate, and that the average prices for the next two or three months will be higher than those of the past month or two.

Receipts Crude this week, 25,805 bbls; last week, 36,555; January 1st to date, 884,975; same time last year 228,459. Exports of refined this week, 17,619; last week, 11,262; January 1st to date, 143,025; same time last year, 111,569. Sales this week, 21,000 bbls crude, 17,500 refined; last week, 15,500 bbls Crude, 11,000 refined.

CRUDE.

Market continues strong, notwithstanding refined is weaker, and compared with yesterday, still further advance has been established. Sale 1,000 bbls to be delivered next week at 12; and 1,500 same delivery and price, seller June, quoted at 12@12¼ and buyer all year 10¾@11¾.

REFINED.

Sale 1,000 each, May and June at 27. Spot quoted at 26½; May, 27; June, 27½@27¾; July, 27¾; August to October 28½; November to December 29¾; July to December, 28¾; buyer all year, 30@30½. As already intimated, market weak, and compared with yesterday, a fraction lower.

—We clip the following from a late New Orleans paper: The Great Republic, in coming into port, yesterday, was, by the force of the wind, driven into the levee, and, in addition to some trouble with the importer's wheel, besides driving the Cotton Press upon the wharf, there was, however, but little damage done to the vessel. Hence it is necessary to strengthen the appetite of the patient and improve the digestion. Proper nourishment is required together with such means as will make the food easily digestible. The articles most suitable for the diet of Consumptive patients are designated in Dr. Schenck's Almanac, which is distributed gratuitously. In general, the most highly nutritious articles are to be preferred, but the digestive organs must be strengthened in order to make either food or medicine available. This is the mission of the Seaweed Tonic, and for this purpose it was prepared.

When the digestive powers are put in good order, the Tonic Pills will take effect; the system of the patient is invigorated and the lungs begin to exert their functions in a natural and healthy manner. Then the healing powers of Pulmonic Syrup will take effect.

Pulmonary Consumption is almost always complicated with Dyspepsia and Liver Complaint. Schenck's Mandrake Pills are intended to remove obstructions from the liver and restore a healthy action. They have all the efficacy which is ascribed to Blue Pills, and are mild, safe, and warranted not to contain a particle of any mineral poison. These Pills are the most obstinate cathartic for Sick Headache, piles, bilious affections, and all other diseases which arise from a torpid or obstructed condition of the Liver. One dose of these pills will prove the efficacy of the Mandrake.

Consumption the Seaweed Tonic and Mandrake Pills are invaluable auxiliary medicines. They relieve the sufferings of the patient and assist the Pulmonic Syrup in effecting a cure. They have been found useful in advanced stages of Consumption, when all other remedies had failed.
