The Sunbury American,

H. B. MASSER, Editor & Proprietor.
E. WILVERT, Publisher.

SUNBURY, PA.

SATURDAY, SEPTEMBER 23, 1865.

☞ Col. Wm. H. Telford, of the 50th Pennsylvania regiment, has been cashiered and fined five hundred dollars for defrauding the government in appropriating, and sending to his home, in Bradford county, a horse and one mule, the property of the United States.

The Three Cent Pieces.—During the months of May, June, July and August, five million five hundred thousand three cent pieces were coined at the United States Mint in Philadelphia. Where are they? The people are anxious for gold and silver, but if the precious metals cannot be brought into circulation, they are willing that nickel and copper shall be substituted.

The Oyster Crop.—Lovers of oysters will be glad to learn that the quality this year is said to be unusually good, and that they are to be very plentiful this season. Along the shores of Virginia are vast beds of the bivalves that have lain undisturbed during the last four years, with nothing else to do but to grow large and get fat.

☞ "Her mirror may satisfy a lady that her dress is faultless—that all that can fascinate the eye is combined in her costume—but yet she will not consider herself irresistible until she has added the crowning charm to her attractions, by sprinkling Phalon's "Night-Blooming Cereus" on her lace handkerchief. Sold everywhere.

Local Affairs.

☞ We would invite those of our readers desiring Fancy Furs to read John Farlera's advertisement in this issue and then call upon him.

☞ Whole Suits, Coat, Pants and Vest, at the Continental for $15.

☞ Pianos and Melodeons published in this paper by E. M. Bruce, No. 18 North 7th street, Philadelphia. Those of our readers desiring articles in his line, will do well to give him a call.

☞ The new steamboat building by Mr. Ira T. Clement of this place, is progressing, and will be launched in six or eight weeks. The keel is ninety feet long. It will be a substantial boat with two engines 30 horse power each.

Smash.—A freight train south, on Wednesday afternoon ran off the track, several miles above Northumberland, smashing several cars and detained the mail train north, at Northumberland, five or six hours.

☞ The work of the new Court House, did not progress much this week owing to the scarcity of laborers, especially hod carriers, some of whom have struck. Three or four weeks more will bring up the walls ready for the roof.

☞ Boots and Shoes.—We refer our readers to the advertisement of Wm. H. Miller who has opened the largest lot of Boots and Shoes ever brought to this place, for any establishment. Mr. Miller is determined to suit everybody. He will keep the best assortment of Fancy, Plain and durable shoes and none will be deceived with a paper article.

☞ Watch and Jewelry Store.—Mr. T. E. Savage has opened a new Watch and Jewelry store in Simpson's building Market Square, where he will execute to order any work in his line of business having had experience in one of the largest wholesale establishments in Philadelphia, he hopes to give satisfaction to all who may favor him with a call. Advertisement next week.

☞ Excursion tickets will be issued at the Ticket office in this place for the State Fair at Williamsport, which will commence on the 26th inst.

☞ We regret to see so few of the new buildings in this place, constructed of brick. If some means could be devised, by which brick could be made cheaper, they would be in most cases preferred to lumber, which is also higher than it should be.

☞ Bogus Advertisers.—The number of swindlers in New York and other cities, who advertise drums and other matters intended to gull the gullible and swindle greenhorns, are increasing. Editors are often imposed upon themselves. We never knowingly insert a swindling advertisement but sometimes it is difficult to define the true character of an advertisement. We reject advertisements most every issue, but with all our care we are occasionally imposed upon.

☞ A New Train.—We understand another train will be started shortly, running from Philadelphia to Erie. It will be a fast train, making but a few stops. We have heard it said that it will run up the Susquehanna road to Tyrone, and across to the Philadelphia & Erie road at Lock Haven—which is no doubt, as Tyrone is some 10 miles further from Pittsburg by this route than by the route through this place, thus increasing the distance some 60 miles, the whole length of the Tyrone road. The train will leave Philadelphia later than the mail, and go ahead of the mail at Harrisburg.

☞ The late rains have caused a sudden change in the weather, which is now cool and bracing. Coals are in requisition and coal in demand with a upward tendency.

Lord.—Late on Thursday afternoon, as a coal train was coming down the road between town and Duke Fiddler Colliery, one of the brakesmen, W. Farrow, fell between the cars, and was instantaneously killed to death. It appears that he was fastening a break on a gondola, when his foot slipped and he was precipitated upon the track in a diagonal position, so that the moving cars passed over the lower part of his body, completely mashing him. The sight of his mangled body was shocking. The deceased has been four years in the army, under Capt. Caldwell, in the 46th Pa. Vols., and had passed through all the hard fought battles and campaigns in which that gallant regiment was engaged, and come out unscathed. He was from Shamokin township, and was buried on Saturday, at Snyder's church, by some of his former companions in arms, with the honors of war. His parents are both dead; he was unmarried, and the oldest of six children, ranging from 8 to 21 years, and much esteemed by all who knew him.—*Shamokin Herald.*

A Villainous Operation.—From the Pittsburg *Dispatch* of Monday last we make the following extract:

In the *Dispatch* of Friday last we mentioned the visit of a man named Hall, representing himself to be a returned soldier, stopping at the Scott House in this city, with a young woman whom he claimed to be his wife; also of his departure for the East telling parties that he would return promptly after settling the business which required his absence, whether of the receipt of a few days subsequent, a so-called reputed wife, of a letter signed by "Edward Wilkes," and dated "New York," and post marked "Danville," purporting to convey the very sad intelligence that her husband had been murdered in a concert saloon in Broadway New York. Received telegrams of the Mayor of New York and Chief of Police did not confirm the murder story. It was ascertained that Hall's place of residence was Danville, in Iowa, a despatch was forwarded there for information concerning him. The reply was: "Hall is here, alive and well, he has no wife." The telegram from Pittsville stated that Hall had been married. What we supposed when first advised of the affair has proven true. Hall is a heartless villain. He secured the confidence of the young woman he left at the Scott House, his design after the east on business was a sham to conceal his design of deserting her, and the letter which he received from Edward Abbott was doubtless written with a view to further deceive her. It is a case of villains go unhung.

THE INDIAN COUNCIL.

The Treaty Submitted to the Tribes.

Fort Smith, Ark., Sept. 13.

The treaty of general amity and peace was submitted to the Indians to-day, and until to-morrow was given them to examine it. Governor Colbert, of Arkansas, has arrived here and reports large numbers from different tribes on the route here. The Seminoles presented papers showing their relation with the rebellion.

ANOTHER ACCOUNT.

Chicago, Sept. 14.—A special dispatch to the *Republican*, dated, Fort Smith, 13th, says: The Council was opened at one o'clock by Cooley, who asked if the different tribes were ready to sign the treaty of peace. The agents of the Seminoles and Cherokees said their people had read it and would sign it to-morrow.

The treaty was read. It is between the Commissioners designated by the President and the representatives of the Cherokees, Creeks, Choctaws, Chickasaws, Osages, Senecas, Seminoles, Shawnees and Onapaws.

It is to the effect that they entered into treaties with the so-called Confederate States and forfeited all their rights, but the Government would exercise clemency and re-establish order among the different tribes, as they had become satisfied that it was for the good of their people to unite and establish the relations with the Government which had formerly existed between them, and hereafter recognize it as exercising exclusive jurisdiction over them, and not enter into alliance with any other State, nation, power or sovereignty. In accordance with the above stipulations, the Government will afford protection and security to the persons and property of the respective tribes.

A message was received from the delegates at Armstrong's Academy to the effect that the rebels are desirous of coming to make peace with their loyal brethren.

The Council adjourned until 10 o'clock to morrow.

THE LAST MOMENTS OF GOV. BROUGH.

A TOUCHING DEATH BED SCENE.

The late Governor Brough was informed by Surgeon General Barr last Monday evening that his death was near. An eye-witness describes what followed:

"The Governor was greatly shocked at this announcement, and looking General Barr in the face, desired him to repeat what he had said. General Barr again stated that he had not forty-eight hours; that all except his family and General Barr should leave the room. After this had been done, he conversed calmly and rationally with his family affairs.

"Turning to General Barr, and apparently addressing his remarks more particularly to him, the Governor proceeded to speak of religious views and hopes. He said, in substance, that he was no theologian, and had never made any profession of religion. But though he acknowledged he had been a great sinner in the sight of God, he stated that every act of his in discharging his duties as Governor had been performed with the strictest conscientiousness, and with prayerful regard to his responsibility, not only to the country, but to God. He also stated that he had never gone to bed at night for twenty years without first praying to God for forgiveness and protection. As he spoke, the Governor raised his eyes, and, as though death lent supernatural keenness to them, exclaimed that he saw the Mediator standing on the right hand of the Father making intercession for his sins. He concluded with the emphatic declaration, several times repeated: 'I die happily and gloriously.' The scene was deeply affecting and at the close of it, the Governor put his arms around the neck of General Barr, and with deep emotion thanked him for his care and attention, expressing perfect satisfaction with his medical treatment. He then took his farewell of his family. About midnight he relapsed into insensibility, which continued without intermission until his death."

WHAT DOES IT MEAN?

What is the meaning of the sudden gathering of the rebel leaders at Montreal? Mason is there; Breckinridge is there; Benjamin is there; Helm is there; and many others of lesser note. What business calls them there?

Breckinridge and several other of these rebel leaders, escaped to Europe for the purpose of finding a home there. It seems, as if that they have abandoned Europe to settle in the congenial climate of Canada, nor could it happen that all of them should be attracted at one and the same time to Montreal. Their gathering there has some other purpose; and that purpose, we may safely guess, does not proceed from any new born zeal on behalf of the American Union.

It is now well known that Jacob Thompson, with an abundant supply of funds, operated from Montreal last year, to promote the election of McClellan, and as the Rebels are therefore not above taking part in our elections, they may be stirred up to risk their money, this time on the game of "restoration." Doubtless they long to get back to the land from which they have fled; and "restoration" is far more promising to their hopes than it is to those of the loyal men of the country.

Henry Ward Beecher and Autographs.—A correspondent of the New York *Citizen* says:

In the summer of 1863 I solicited the autographs of several eminent Americans, and in most instances my request was responded to in the shape of their varied chirography. Among those whose autographs I sought to obtain was Henry Ward Beecher. What was my surprise and chagrin when, in a few days, I received a note running something as follows:

"New York, ——, 1863.

"Dear Sir: Your favor of recent date is at hand. I take pleasure in granting your request.

"Very respectfully,
"HENRY WARD BEECHER,
"Per Fred B. Perkins, his Attorney."

Mr. Perkins, in a note, stated that Mr. Beecher had left for Europe in the last steamer, and as he was Mr. B.'s attorney, I, as a law student, would at once see the propriety of his signing his name to all business papers. But I "couldn't see it," and concluded that autograph hunting was not the most satisfactory I could engage in.

Citizenship Forfeited—Deserters.—By the act of Congress, approved March, 3, 1865, and by proclamation of President Lincoln issued in pursuance thereof, certain persons are declared to have forfeited their rights of citizenship. They are.—

1. Deserters from the military or naval service, who did not report for duty on or before the 10th day of May, 1865;

2. Deserters from the military or naval service since the 10th day of May, 1865.

3. All persons who, having been duly enrolled, departed the jurisdiction of the district in which they were enrolled, or have gone beyond the limits of the United States, to avoid any draft into the military or naval service of the United States.

RHEUMATICS.

DR. LELAND'S Anti Rheumatic BAND

PERMANENTLY CURES
RHEUMATISM!
In all its Various Forms.

Acute or Inflammatory; Chronic, Lumbago, Sciatica, Pleurodyne, &c.

Stiffness of the Joints and Cramps—Gout, Neuralgia and all Nervous Affections—Erysipelas, Salt Rheum and Scrofulous Eruptions of the body—Neutralizes the impurities of the Blood and Fluids of the whole system, and equalizes their circulation; and effectually counteracts Mercurial and other poisonous influences.

ANTI-RHEUMATIC BAND.

It is a conveniently arranged Belt, containing a Medicated Compound, to be worn around the body, about the waist, Equally Effecting all Parts, wherever the disease may be. It can be worn without injury to the most delicate person, and no change in the proper habit of living is required. It entirely removes the disease from the system, without the use of powerful internal medicines, which weaken the constitution and give temporary relief only by stupifying the system, and deadening in vitality. By this treatment, the medicinal properties contained in the BAND, being of a highly aromatic and volatile nature, and capable of being readily absorbed, through the pores of the skin, come into direct contact with the Blood and general circulation, without first having to pass through the stomach, which would tend not only to detract from their curative powers, but to impair the internal organs and derange the digestion also, thus avoiding the injurious effects, confirm the result of internal remedies, and effecting a perfect cure by purifying and equalizing the circulation of the vital fluids and restoring the parts affected to healthy condition. This Band is also most powerful "Anti-Mercurial Agent"—Calomel being the primary cause of a large part of the Stiffness, Neuralgic Pains and Rheumatics, so prevalent—and will entirely relieve the system from its pernicious effects—removing all blotches and pimples from the body and beautifying the complexion.

ANTI-RHEUMATIC BAND.

Moderate cases are cured in a few days, and we are constantly receiving undoubted testimonials—to which we invite inspection at our office—of their efficacy in aggravated cases of long standing.

PRICE FIVE DOLLARS. May be had of Druggists, or will be sent by mail upon receipt of $5 25, or by express everywhere, with all necessary instructions from the principal office of

NEW SKIRT FOR 1865-6.

THE GREAT INVENTION OF THE AGE IN HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

This Invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the lightest, most flexible, elastic and durable springs ever used. They seldom bend or break like the single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A Lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread and will wear twice as long as the single yarn covering which is used in all single Steel Hoop Skirts. The three bottom rods on every Skirt are double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant coiled Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most desirable, comfortable and economical skirt ever made.

Weare Bradley & Cary, Proprietors of the Invention, and sole Manufacturers, 97 Chambers, and 76 & 81 Reade streets, New-York.

For sale in all first-class stores in this city, and throughout the United States and Canada, Havana de Cuba, Mexico, South America, and the West Indies.

THE PHŒNIX PECTORAL

Will Cure Your Cough.

THE PHŒNIX PECTORAL

Or compound Syrup of Wild Cherry and Root, will cure the Diseases of the THROAT AND LUNGS. Such as Colds, Coughs, Croup, Asthma, Bronchitis, Catarrh, Sore Throat, Hoarseness, Whooping Cough, &c. Its timely use will prevent Pulmonary Consumption, and even where this fearful disease has taken hold it will afford greater relief than any other medicine.

This Pectoral is made from Wild Cherry Bark and Seneka Snake Root.

Its Composition is a sufficient guarantee of its value

Dr. Geo. R. Wood, Professor of the Practice of Medicine in the University of Pennsylvania, Physician to the Pennsylvania Hospital and one of the authors of the United States Dispensatory, says of Wild Cherry Bark—"It is among the most valuable of our indigenous remedies, uniting with a tonic power the property of claiming irritation and diminishing nervous excitability."

The same distinguished physician and authors says in the same work, "Seneka Snake Root is a stimulating expectorant. Its action is especially directed to the lungs. It is peculiarly useful in chronic catarrh affections and the secondary stages of croup."

For want of space we cannot publish all the testimonials in our possession, but we give two:

Phœnixville, April 1st, 1864.

This is to certify that I have sold hundreds of bottles of Dr. Oberholtzer's Phœnix Pectoral or Compound Syrup of Wild Cherry and Seneka Snake Root and I have yet to find a single individual who has used it, who does not bear testimony of its wonderful effects in curing coughs. Signed, Jacob Powers.

Hall St. Phœnixville, Jan. 11, 1864.

I most cheerfully bear testimony to the value of the "Phœnix Pectoral or Compound Syrup of Wild Cherry and Seneka Snake Root." Before using it I had been suffering with a tickling in my throat and tight cough, for more than two years, and had taken various other medicines with no relief. As soon as I began to use Dr Oberholtzer's medicine the irritation in my throat was allayed and in a few weeks I was entirely cured.

I have also given it to my little girl, for a croupy cough, with the happiest effects.

Signed, Joseph Lukens.

Pottstown, Jan. 3d, 1865.

This certifies that I have used the Phœnix Pectoral in my family, and I recommend it to the public as the very best remedy for Cough and Colds that I have ever tried. One of my children was taken with a cold accompanied with a Croupy cough; so bad indeed that it could not talk and scarcely breathe. Having heard so much said about the Phœnix Pectoral I procured a bottle of it. The first dose relieved the difficulty of breathing and before the child had taken one-fourth of the bottle it was entirely well. Every family should have it in the house. Signed, D. P. Crosby.

The proprietor of this medicine has so much confidence in its curative powers, from the testimony of hundreds who have used it, that the money will be refunded to any purchaser who is not satisfied with its effects.

It is so pleasant to take that children cry for it.

It costs only Thirty-five Cents.

It is intended for only one class of diseases, namely those of the Throat and Lungs.
