I. O. O. F.—The officers of Somerset Encampment No. 113, were installed into office by special D. G. P., J. H. Uhl, on Friday last. C. P., Josiah Keller; S. W., A. Smith; J. W., G. M. Holderbaum; Scribe, Josiah Pile; F. Jacob Fleck. This division was organized one week before the 1st of May 9th, 1872, and is now the higher branch of Odd-Fellowship in the order numbers about 90,000 in Pennsylvania, and is doing much good.

BARS BLOWN DOWN.—We learn that on Saturday night, during the high winds prevailed, a stone and bank barn near Springs, the property of Mr. Hoke, was blown down. Mr. Anderson, living on the farm, had a cow and a horse totally killed by the falling timbers. There was no other destruction of property in the neighborhood, for the storm was one of great fury, but we have not heard of it. *Democrat.*

On last Friday two men met with a serious accident at the Steel works. While Mr. John Rinard and Mr. Edward Ling were working on a temporary scaffold at one of the cupolas, making some repairs, the scaffold suddenly gave way, precipitating them down a distance of about twenty feet. Mr. Ling's leg was broken below the knee and Mr. Rinard had his ankle badly sprained and bruised. They were conveyed to their homes, and are doing as well as can be expected.—*Johnstown Democrat.*

DURING the storm of high wind which prevailed in this county on Sunday last, the roofs of the barns of John M'Allen and Jerry Wireman, near Fannettsburg, were blown off. A roof was also blown off of a private dwelling in Burnt Cabins, and off of the hotel stable in that place.—The road leading from Burnt Cabins to Fannettsburg was very much obstructed by pieces of timber which the wind had blown there during Saturday night.—*Repository.*

A PONDEROUS MACHINE.—The Baltimore and Ohio Railroad Company have recently purchased and sent to Piedmont a "Mogul" locomotive engine to be used in pulling heavy loads of freight up the seventeen-mile grade from Piedmont to Altamont. The engine, which is numbered 425, is the largest piece of locomotive machinery we have ever seen, the ordinary "camel backs," etc., looking like pretty pigmies beside it. With its tender, it weighs forty-nine tons. It was manufactured by the Danforth Locomotive and Machine Company of Paterson, New Jersey.

THE 425 will commence its trips up the grade this morning, and is expected to pull twelve or fourteen loaded freight cars.—The road men are sanguine of its entire success.—*Cumberland News.*

No. 6 MAMMOTH Block.

GOOD NEWS.—Silver and copper, this long hidden treasure, has finally been unearthed in York county, on the farm of Geo. W. Noedle, in North Codorus township, on the Northern Central Railroad.—Mr. N. dug a shaft a few weeks since, and was rejoiced to find several pieces of silver, the size of a marble, and a few lumps of copper about the size of a walnut. The specimens have been pronounced good.—This farm was offered for sale last year, and might have been purchased at a low figure. —*True Democrat.*

MR. JOHN CHORPENING, a young man who recently came to this city and obtained work at the Steel Works, met with a terrible accident last week, in the following manner: The bottom of the cupola about which he was working suddenly dropped out, and let down a large amount of melted iron, some of which fell upon him, entirely burning the clothes off of him and also severely burning his eyes and head. He was taken to his boarding house in Conemaugh borough, where he still lingers suffering excruciating pains. His recovery is doubtful.—*Johnstown Democrat.*

A great many gentlemen labor under the delusion that we keep nothing but ladies goods. We pretend to keep the best line of Gents' Fine Furnishing Goods in Somerset. We may be mistaken, call and find out—We especially call the attention of gentlemen to the large stock of Fine White Shirts, Emtroidered Shirt Bosoms (new here) Linen Collars, and Cuffs on hand, and to be received early next week.

MRS. JAS. B. TREDWELL,
No. 6 MAMMOTH Block.

No sooner is an evil developed in Boston than some citizen devises and proposes a remedy. They has some trouble there at the last municipal election, and there was something more than suspicion of ballot box stuffing; but now, *Presto!* a Bostonian has devised a patent, improved, anti-swindling ballot-box. By a mechanical contrivance, the number of times a box is opened for the reception of ballots is marked.—The register shows at all times the whole number of votes deposited, and as it records one every time the box is opened, undetected stuffing is simply impossible.

A YOUNG man, named George W. B. Shaffer, originally from Somerset County, and for some time employed in the Cambria Iron Company's feed store, but more recently a resident of New Florence, died in the latter place yesterday morning. A young lady from Somerset County, to whom he was engaged to be married, arrived here yesterday on her way to see him, but, missing the morning train, she failed to reach New Florence previous to his demise. His remains will be taken to Somerset County to-day for interment.—*Johnstown Daily Tribune.*

WE would call the especial attention of our country Merchants, Shoe Dealers, and readers to the advertisement of J. H. Borland, 53 and 55 Wood street Pittsburgh which appears in our paper. He is receiving the largest stock of Boots, Shoes, Gaiters, Balmorals, Brogans, Slippers, ever brought to the city. He manufactures women's, misses' and children's goods. Buying his stock for cash, he offers to duplicate any Eastern bills. He has also opened up a Family Retail Store, 98 Market. Give him a call when in the city, and examine his stock and prices.

ACKNOWLEDGEMENT.—At the exhibition given on the 14th inst. by the Union Schools of this Borough, a very small admittance was charged for the purpose of defraying the necessary expenses, but the attendance being so much larger than was expected, thirty dollars was realized, over and above all expenses, this sum Mr. L. C. Colborn, the principal of the Union School has paid to the Sunday Schools of Somerset, giving to each Six Dollars. Mr. Colborn and his co-teachers will accept the many thanks of the Sunday Schools which they have so kindly remembered and benefited.

Latrobe.

EDITOR HERALD:—In taking a jaunt through the country, looking at the improvement and general advancement of business, we alighted at the well-known and flourishing town of Latrobe. This place is situated forty-one miles east of Pittsburgh, on the banks of the Loyalhannah Creek, and on the line of the great Pennsylvania Railroad. There is also a new railroad in course of construction from this town to Ligonier, a village some ten miles up the creek. This road will be finished in a few months, thus opening up some of the richest ore beds in this part of the state, and affording Latrobe the best possible chance for profitable enterprise in the way of rolling mills, blast furnaces and steel manufactories. In that event, Johnstown will be eclipsed by the shadow of superior enterprise.

The coal of this county is immense in quantity, and excellent in quality. Its development has commenced in earnest. One shaft has recently been sunk, near this place, to the bottom of a great basin, and the "black diamonds" are now brought up from a vein one hundred and thirty feet beneath the surface. This work is being done by the Loyalhannah Coal and Coke Company. Wesley Wilson is the President, and Capt. Plum the gentlemanly Superintendent. They have already erected one hundred ovens, as a pledge that there will be something more than smoke in the undertaking. One mile west of this place there has been a similar enterprise inaugurated. Morgan & Co. have put down a slope, and are now erecting ovens. They are also erecting houses for their employees. Other companies are making times lively and money plenty by the purchase of coal land in the vicinity.

The Chambers' farm, lately purchased by Lloyd, Huff & Co., is now being laid out into lots, and will soon be in the market. Latrobe has a bright future.

An act was recently passed by the Legislature, incorporating the Latrobe Steel and Iron Company.

ORDERS taken for gentlemen's Shirts; in any style, made by the best eastern makers; warranted to fit, and furnished on a week's notice, at Fashion Bazar.

No. 6 "MAMMOTH Block."

The Reading *Times and Dispatch* makes a table of the cost of the county printing in some of the eastern counties of the State from which we learn that last year Dauphin county paid for advertising, blanks, &c., $4,649.54; Montgomery, $4,199.52; Lehigh, $3,077.08; Bucks, $2,724.31; Lancaster, $5,292.84. We also find that Franklin county paid upwards of 3,000 last year, Bedford paid $2,134.07, including an unusual expenditure for advertising for the new Poor House. The amount of printing done is about the same in all these counties, with the exception of Dauphin, Lancaster and Berks. Last year's printing was heavier than usual on account of the Presidential election occurring, which involved the publication of a lengthy proclamation and the printing of additional election blanks, &c.—*Bedford Gazette.*

From the above it will be seen that the printing of this county costs several hundred dollars less than any of the counties mentioned.

WE publish the following letter from Mr. Wuichet, dated February 3d, 1873, thanking our people for the kindness shown to Mr. Wren, the man who was killed from a fall from Mr. Baer's building. The letter has been travelling around the country and only reached here a few days ago. The firm of Gebhart & Co., of which Mr. Wuichet is a member, paid all the funeral expenses &c., and the money raised for that purpose by our citizens was given to Mrs. Wren.

LETTER FROM CHAS. WUICHET.

DAYTON, O., Feb. 3d, 1873.

MR. ADAM FERGUSON, Somerset, Pa.,

Sir:—Your kind favor was duly received containing draft for $43 in favor of Mrs. Wren, which draft was delivered to her this morning. Please assure the kind people of Somerset, that their offering was very acceptable to her, and that it was a charity bestowed on a worthy object.—Though the affliction to her was so recent, when the writer delivered the letter this morning, he found Mrs. Wren hard at work, striving to earn a living for herself and three very small children by washing and ironing. She begged me to convey to you and the other gentlemen who have so kindly remembered her, her most sincere thanks, not only for the money received, but also the kindness and attention you showed to Mr. Wren previous to his death. Also convey her thanks to Mr. & Mrs. Flick for their many attentions.

Yours truly,
CHAS. WUICHET.

THE second exhibition was given by the scholars of our high school on Wednesday evening last. Quite a large number of people were present and seemed greatly pleased with the entertainment. The one great objection was the length of the performance. Every one was wearied long before the close. Four hours at a stretch is too long to sit and listen, even if it is to hear a good thing.

The exhibition was a success, but it was not near so well conducted as the last. The boys, as if each one was possessed with at least seven devils, did their best at making all kinds of horrid and outrageous noises to the great annoyance of all the ladies and gentlemen present.

The essays were all well read, well written, and but for the honest looks of the young Misses, one would have thought that they had been written by wiser and older heads.

The dialogues were well delivered and the characters throughout were well sustained. Miss Hattie Kimmell played the character of a Maiden Aunt to perfection.

The song "As I had nothing else to do," was admirably rendered by Mr. John Kimble and sang in fine style. His costume was elegant. Miss Carrie Baer sang "Coming through the Rye," with much sweetness. Miss Amelia Pile was loudly called for and most roundly applauded. We did not think she sang so well as on a former occasion. Mr. Allie Patton sang "Driven from Home," with great effect; his clear, sweet voice taking the whole audience by surprise. He was *encored* again and again. The audience was not satisfied until he made a second appearance. Both Mr. Patton and Miss Pile belong to Mr. Colborn's school.

Most of the tableaux were beautiful, but the one "Coolness between Friends," with a few others of the same stamp did not take well.

Miss Stutzman is deserving of great praise for giving so good an entertainment. It is really marvellous that she met with so great success when it followed the other one so soon with an entire change of programme.

JOHN CHRISTANZ, Esq., of East Conemaugh, committed suicide last Friday, by hanging himself in the attic of his shoemaker shop. In the morning he stated that he was going to this city to secure a workman to help him in his shop, and was not seen afterwards during the day nor the following night. His wife in the evening became very uneasy on account of his absence, and went to the shop, where she found the door locked. She then rapped on the door several times but received no answer. After spending a restless night, on Saturday morning she came to Johnstown, in search of him, but could hear no tidings of him. She returned again to East Conemaugh and calling on Mr. Pearson, requested him to go to the shop and see if any signs of him could be found.—Mr. P. found the door locked, but by removing a pane of glass, raised the sash and got in through the window, and from the inside unfastened and opened the door. He in company with Mrs. Christanz examined the room and found no unusual appearance in it. The attic was entered through a trap door, at the top of a pair of stairs, which was found carefully closed. Mr. P. went up the stairs, raised the door, and the terrible sight of Mr. Christanz hanging by the neck, dead, met his view. There was a bedstead in the room from which the suicide had taken the cord, and probably standing on the bedstead had fastened the strong cord around a rafter near the ridge of the roof, and tying a slip noose around his neck, he probably took his leap into eternity from off the bedstead. His feet barely reached the floor. His features were quite natural. It was a painful and tragic sight to behold.

Mr. Christanz was born in Geldenhouen, Germany, and was 45 years of age. He was a good and brave soldier during the war, and bore the character of an upright citizen. The cause that urged him on to this fearful consummation of his earthly existence no one knows. Some attribute it to financial difficulties. The sorrows and perplexities and blasted hopes that hedged his pathway through life's fearful journey we shall never know. Let the mantle of charity cover over this that seems to be so sad and unaccountable a mistake, and learn to trust our own weakness and be prepared to abide whatever fate has in store for us.—*Johnstown Democrat.*

THE GREAT SOUTH AMERICAN JURUBEBA BLOOD PURIFIER is unequalled by any known remedy. It will eradicate, extirpate and thoroughly destroy all poisonous substances in the Blood, and will effectually expel all predisposition to bilious derangement. *Is there want of action in your Liver and Spleen?* Unless relieved at once, the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, Blotches, Pshora, Pustules, Canker, Pimples, &c., &c. *Have you a Dyspeptic Stomach?* Unless digestion is promptly aided, the system is debilitated with poverty of the Blood, Dropsical Tendency, General weakness and inertia. *Have you weakness of the Intestines?* You are in danger of Chronic Diarrhœa, or Inflammation of the Bowels. *Have you weakness of the Uterine or Urinary Organs?* You are exposed to suffering in its most aggravated form. *Are you dejected*, drowsy, dull, sluggish or depressed in spirits, with head ache, back ache, coated tongue and bad tasting mouth? For a certain remedy for all of these diseases, weaknesses and troubles; for cleansing and purifying the vitiated blood and imparting vigor to all the vital forces; for building up and restoring the weakened constitution use JURUBEBA, which is pronounced by the leading medical authorities of London and Paris "the most powerful tonic and alterative known to the medical world." This is no new and untried discovery but has been long used by the leading physicians of other countries with wonderful remedial results. Don't weaken and impair the digestive organs by cathartics and physics, they give only temporary relief—Indigestion, Costiveness and Dyspepsia with piles and kindred diseases are sure to follow their use. Keep the blood pure and health is assured. JOHN Q. KELLOGG, 18 Platt St., New York Sole Agent for the United States. Price, One Dollar per Bottle. Send for Circular.
