OFFICE OF THE
Allegheny Co. Mutual Insurance Company,

FIRST ANNUAL REPORT.

THE fiscal year of this Institution ends on the third Tuesday of March, having been in operation about ten months. The Board of Directors for the past year, submit to the members the following report:

The success of the Company so far, is highly flattering. Those insuring houses of Brick or Stone have paid ¼ of 1 per cent.—whereas, in a Stock Company they would have paid ⅜ of 1 per cent.; on buildings of Wood and exposed, the cost of Insurance has been ½ of 1 per cent., in a Stock Company, it would have been ¾ to 1 per cent. The manufacturer and property hazardous has paid ½ pr. ct., in a Stock Company would have been from 1¼ to 2 per cent.

The aggregate saving to the members of the Company has been at least $6000 in premiums for Insurance.

The ability of the company to pay all losses that can reasonably be expected, is no longer problematical, and while the capital of Stock Companies remains stationary, the capital of this company increases in proportion to its liabilities. In a company of this kind, which is mutually so pay each other's losses by fire, and at such trifling expense to each individual, the directors feel confident that owners of property will no longer leave themselves without Insurance, but unite in giving their support to an Institution for mutual benefit.
