WE are obliged to omit an opinion of His Honor, Judge Hall, on the duties of jurors, this week, for want of space. It will appear in our next.

THE signers of the Murphy pledge at this place have done nobly thus far, but one or two of the large number of signers having broken their pledge.

SOME of our citizens are commencing to clean up in front of their residences; then said Burgess Welfley unto them, "I would that not only thou but all who read my proclamation were to do this thing."

IT wasn't fair of you Casper, when Somerset sent you such an array of her eloquent young men to address the people of Johnstown on the question of temperance, not to report their speeches in full.

ONE pint of cement, two of lime, two of sawdust, being first well mixed, dry with the cement and sand, is said to make an excellent mortar that will not crack, as readily as mortar in which hair is used. The experiment might be worth trying.

ON Wednesday evening last the Somerset Silver Cornet band favored us with a serenade. It is the first time that the boys have been out this spring and the manner in which they play is a sure indication that they have profited greatly by their winters practice. Thanks gentlemen.

WE hope our patrons who have accounts on our books will call and settle at once. We need what is due us badly. Don't wait to be called on.

ONE day of last week Mr. Isaac Jones of this place had his hand caught in the plane in his planing machine, crushing the hand in such a frightful manner that the bone of the first finger and thumb had to be extracted. The hand is very painful but is mending rapidly.

THE champion turkey of the county is to be seen at the Somerset House. It won't weigh exactly a ton, but we are willing to wager two to one, nickles, that the Bedford *Inquirer* man has the only one in the State that is larger.

IT is said that horse-radish will cure neuralgia, and now let medical science continue in its forward march until a remedy is discovered that will cure horse-radish when it crawls up your nose and howls with the cramp colic until your eyes shed big tears of sympathy.

THE following licenses granted by Court at April Term 1877, have not been lifted:

ON Sunday night, April 22nd, the house on the old John Grave property, owned by George and Samuel Wilt, and situated at The City, was destroyed by fire. On Monday night the barn on the same property was burned. Both buildings were insured. There is nothing known in regard to the origin of the fires.

MEASURES are on foot in some of our neighboring towns looking toward the celebration of Decoration day. Had not the matter better be taken into consideration here; the ceremonies last year were well enough, but they can be greatly improved, if a committee of energetic persons were to take the thing in charge.

SATURDAY night a week ago, the barn on the farm of Mr. John Wagner, of Shade township, was struck by lightning. Mr. W. was in the barn at the time attending to his stock, and was rendered unconscious by the shock, but very fortunately, help arrived in time to rescue him from the burning building. A considerable quantity of hay, grain, &c., was destroyed.

Hill's Hair and Whisker Dye, black or brown, 50 cents.

EVERY SOLDIER.—Every soldier, widow, orphan, father, mother, brother and sister, should send a three-cent stamp to Col. G. L. Eberhart, New Brighton, Beaver Co., Pa., for a copy of his Soldier's Bulletin, which contains information of importance to almost all soldiers who survive the war for the Union, and to the relatives of those who died in the army and navy.

A SOMERSET man, according to the Harrisburg *Patriot*, visited the capital of the State last Wednesday, and stopped at the Jones House, but instead of turning off the gas when retiring, he blew it out, and would have undoubtedly suffocated had it not been for one of the watchmen on his rounds opening the door and windows, and arousing the man, who was more dead than alive. He was lionized next morning.

AT a recent election the Republicans of Blair county voted by a small majority to adopt the Crawford county system of nominating candidates. Already six aspirants for Treasurer, seven for Register and Recorder and four for District Attorney have announced that they will button-hole and bore the dear people. In order to avoid the usual sorehedness, (shadow of Lindlay Murray) they have pledged themselves each and every one to support the entire ticket when nominated.

ANOTHER SWINDLING DODGE.—Complaints have reached us from many sections that persons who have sent off money for cheap visiting cards so freely advertised by a manufacturer of Eastern Birdie, cannot hear from their cards of their money. The plan seems to have been to fill the first order sent from a locality, and then, by extraordinary inducements to agents a large list is secured and the money sent on, and that is the last of it. The printed cards are offered by these arms at less prices than any legitimate establishment can furnish them for, and the *American Agriculturist* says it has been discovered that the object is to secure lists of names to be used in mailing circulars for obscene books, lotteries, &c. Parents who have allowed their children to send for cards, should keep a supervision over the mail matter received by them, and if they must have cards, patronize your home office, where a good job will be done at as low prices as can be afforded.

SNOW the first of May.

CORNER LOAFERS.—Many young men stop to talk through thoughtlessness, and thus form a nucleus around which an impassible crowd rapidly collects and great annoyance is given to pedestrians, more especially ladies. Others as well, it cannot be denied, loaf on the corners in a spirit of bravado and have no hesitation in making insulting remarks upon ladies passing, and in using language and actions disgraceful in any community. To prevent this state of affairs is the duty and privilege of our police force, and all good citizens will view any actions on their part having this end in view, with hearty approval, and they generally manage to cause a scatteration.

GOOD ADVICE.—Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that cough* to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggist, G. W. Benford.

AN Italian miner from Millwood, Westmoreland county, visited this city last Saturday, and on returning late that night in a house in Cambria borough, placed a part of a cigar he had been smoking on a chair and piled his clothes on top of it. During the night he was awakened and thought he smelled fire in the room when he gave the alarm and aroused the household. He was right; there was fire, and it had consumed his clothing and $345 in greenbacks, all the money he had save but a few cents. The treacherous cigar ignited his clothes and burned them and his money.—*Johnstown Democrat.*

ELEGANT HAIR is woman's crowning beauty. When it fades, she fades as well. While it is kept bright, her personal attractions are still maintained. By preserving the hair fresh and vigorous a youthful appearance is continued through many years. Those who grieve over their fading hair turning gray too early should know that Ayer's Hair Vigor prevents it, and restores gray or faded hair to its natural color. It is a clear and healthful preparation, containing neither oil, dye, nor anything deleterious, and imparts to the scalp what is most needed—a sense of pleasant and delightful freedom from scurf or dandruff.—*New Berne (N. C.) Times.*

BOYS READ THIS.—The following short history of the road to crime and ruin might be read with profit by some of the youth of our community: George F. Carr, was the name of a bright Massachusetts boy, who at 7 years of age struck his mother; at 10 stood around on the sidewalks smoking cigars and learning to swear, while his mother split kindling wood; at 15, spent his nights in saloons and gambling houses; at 16, made companions of roughs and thieves; at 18, was sentenced to five years' imprisonment, and at 19, which was last Sunday a week, died in the State Prison of his native State.

HAVE YOU A COUGH?—That dry, hacking cough is the herald of approaching consumption. To check the swift progress of the destroyer, prompt and decisive measures must be resorted to. A dose of Dr. Morris' Syrup of Tar, Wild Cherry and Horehound, taken when the coughing spells come on, will afford immediate relief, and eventually effect thorough cure. It will be found equally beneficial in all forms of throat and lung disorders. In cases of croup it is of inestimable value.

For sale by G. W. Benford.

Also Agents for Prof. Parker's Pleasant Worm Syrup, which never fails. Pleasant to take, and requires no physic. Price 25 cents.

HORACE GREELEY'S advice was "young man go west." In the language of the departed philosopher we will say "young man" when you want anything in the line of Furnishing Goods go to Paul G. Nowag's cheap Boot, Shoe, Hat, and Furnishing Store, Main street, Berlin, Pa. The west offers no greater inducements than Mr. Nowag is offering in Boots, Shoes, Caps, Shirts, Hosiery, Suspenders, Collars, Neck Ties, Gloves, Jewelry, &c. There is "no wag" about him, he means business.

"Short profits and quick sales," is his motto.

BERLIN, Pa., April 30, 1877.

Mr. Isaac Overholt has introduced at his mines the use of dynamite in mining coal. He informs us that it works like a charm and that he has greatly reduced the expense of mining by its use. He enters the mine in the evening and by the use of a few ounces of the article is able to knock down enough coal to keep his works running for twenty-four hours. It will be remembered that Mr. O. employs Italians and pays them by the day, and by the use of dynamite has been able to reduce his expenses far below what they were some time ago. Mr. Overholt is a live and energetic young man, ever on the alert to take advantage of the latest and most approved methods of operating his works.—*Mt Pleasant Dawn.*

ON Wednesday evening last Mr. John Young, our whilom butcher boy, Mr. Ed. Baer, an employee of the HERALD, Mr. J. K. Coffroth, one of the proprietors and Mr. William Coffroth, Jr., an employee of the *Democrat* office, started to walk to Friedensburg to a temperance meeting. Reaching that point they were so well pleased with their lightness of foot (lightness achers would be better, as they raise corn on numbers 7, 8, 9, and 8½ respectively) they concluded to continue their march to Johnstown. Arriving at the little village at 9 the next morning they called at the *Tribune* office and imposed on the good-natured credulity of the local with the above story. Being tramps, it is to be supposed that they were given a "bit," and allowed to "set up" enough "Em's," to earn the wherewithal, to pay their passage back to Somerset on the Great Northern Hack Line.

THE *Burlington Hawkeye* tells the following truthful story in illustration of the blue glass remedy: "The other day we watched a sickly looking house fly crawling across a pane of blue glass in a south window. It crawled very slowly and by the time it had gone two inches it was as big as a blue bottle. It developed into a bumble-bee in less time than it takes to li—to write about it; when it got to the middle of the pane it was as large as a robin, and when it reached the sash, it flew on the centre table, laid a big double yolk egg, cackled wildly for a second, and then with a wild scream dashed through the window, seized a Brahma rooster in its terrible talons and scaringaloft, disappearing mote on the broad disc of the sun, was soon lost to view. Hail, glorious emblem of our country; proud bird of American freedom; thy glory—(paragraph suspended to await the arrival of the afidavit clerk.)

TEMPERANCE MEETINGS.—During the past week quite a number of temperance meetings were held and were addressed by gentlemen from this place and some local speakers. Below we append a list of the meetings and the time, place, and by whom addressed, as reported to us viz:

Monday evening—Confluence, H. F. Schell, Val. Hay; Friedens, A. J. Colborn, W. H. Ruppie.

Tuesday evening—Centreville, H. F. Schell, D. W. Will; Jennertown, E. M. Schrock, Ed. Baer; Salisbury, A. J. Colborn.

Wednesday evening—Mineral Point, W. J. Baer; Moods Church, A. J. Colborn, H. F. Schell; Jennertown, Val. Hay, Rev. Spangler.

Thursday evening—Writers Church, E. M. Schrock, G. Kreppner; Barrett, A. J. Colborn, Val. Hay; Jenner X Roads, W. H. Ruppie, V. Hay.

Friday evening—St. James Church, Val. Hay, Rev. Spangler, Jos. Carpenter; Friedens, Rev. A. M. Whetstone, E. M. Schrock.

Saturday evening—Jenner X Roads, A. H. Coffroth; Roads Church, O. Kreppner, Val. Hay V. McCoy; Stoystown, Rev. Taylor, E. M. Schrock, W. H. Ruppie; Somerset, Rev. Whetstone, A. J. Colborn, Silas Rotrock, D. S. Hay.

Sunday afternoon—Friedens, W. J. Baer, A. H. Coffroth, Rev. Whetstone; Wellers Church, Val. Hay.

The above meetings were generally attended and the number of signers to the pledge quite large. The number of signers now in the county is about 4,000.

THOSE who were so fortunate as to be awake at half-past eleven o'clock on Saturday night, might have had the pleasure of seeing that rare phenomenon in this climate, a lunar rainbow, had they observed the heavens. The moon, which had been nest hiding behind a bank of clouds, came out at the period indicated with such a vivid blush o'er mantling her face that instantaneously there sprang as it from out the earth a bow of promise; not so brilliant or sharply beautiful as that which greets the lordly sun, but with a harmonious blending of all the colors, formed by the refraction and reflection of the rays of the queen of night. The appearance of the lunar rainbow is such an unusual occurrence that to our inquiries of a large number of persons all were compelled to answer that they had never seen anything of the kind.

TO THE PUBLIC.—Anything worth receiving is worth asking for. Through the medium of the press, I return thanks to the public for the liberal patronage of the past two years and respectfully solicit a continuance of the same.

Encouraged by past success, I have added a full line of Ladies and Gents Jewelry, Gloves, &c., to my other stock, and now offer for sale at my store room, Main street, Berlin, Pa., the largest assortment, as well as the best and cheapest stock of Boots, Shoes, Hats, Caps, Ladies and Gents Jewelry, Furnishing Goods, Leather, Shoe Findings, &c., to be found in the county.

BERLIN, Pa., April 27, 1877.

SOME one writing to the Mt. Pleasant *Dawn* over the signature of SAX A. A., has this to say:

The villages along this route are in keeping with their surroundings, somewhat antiquated, but not void of the beauty that usually characterize mountain towns, if we except the one which some individuals having more respect for the truth than fear for man, christened "Miserable Point," which is certainly as reasonable as to call it Mineral Point.

Somerset is nine or ten miles from this place and for beauty and freshness is scarcely equaled anywhere in Pennsylvania. The two fires within the last five years have virtually destroyed the old Somerset and as it is seen to-day, is a new town, of a fine type of architectural beauty, and indicative of individual wealth. The Murphyites have taken Somerset by storm, ninety persons are all that can be mustered who refuse to join the army against King Alcohol. There is one thing we think Somerset can take the palm on. The polite persistence with which the livery stable keepers ply their vocation. We had about nineteen invitations to take a drive with their teams, but we declined all of them, although one was prescribed for our health. We replied that ours was a different case.

Meyersdale is a town of some pretensions on the B. & O. R. R., eleven miles from Mineral Point. It used to be called Myers' Mills, but the people became proud and called it by its present name. Some of the citizens were so incensed at the change that they moved their beds to other pastures. A series of temperance meetings have been in operation in this place for some time, and a goodly number of names have been added to the army of sober men. The meetings are held in the M. E. Church and are of an interesting and earnest character. Rev. Castle, the pastor in charge, has closely devoted his time and energy to the work and is ably assisted by J. K. Creighton, of Pittsburg, and such able home talent as Gen. Coffroth and A. J. Colborn were with them when the writer was in town. Among those who furnished the music, that was of no inferior character, were Jas. B. Gaither, Esq., Dr. Merrer, Mr. Hocking, Misses B. and Ida Myers, Maggie Groff, and Sadie Hocking, who presided at the organ, and Mrs. Nick Hocking.

DIED.
