The fact that there were 1,668 more boys than girls born in Ohio last year would seemingly indicate that they intend to keep up the supply of office holders.

The weather has been exceedingly fair for the past two weeks, but the nights have been cold enough for frosts, and vegetation has made slow progress.

A chicken was taken to Chambersburg a short day, from Letterkenny township, that has no forehead, which had one head, two bills, four wings and four legs.

An act has been introduced in the Legislature, making sixty scholars the maximum number allowed to be taught by any one teacher in the public schools.

On the 16th day of April, 1843, the average depth of the snow on the Allegheny Mountains was eighteen inches from the accumulations of snow that fell during the three months, and on the 19th and 20th days of May, 1857, they were white with snow, and in the valleys no blossoms had yet appeared.

We were made the recipient, a few days ago, of a handsome specie purse. This is a sort of refined cruelty that we didn't think any of our friends would be guilty of—presenting us with a receptacle for something we don't carry.

Don't allow your onions to interfere with your nicety. No, we mean tother way. With this sudden change of weather from 0 to 85 Farenheit, the onion is your best friend. As the dutchman said "He smells strong, but he makes strong."

We received last week a copy of the Chicago Daily *Inter-Ocean* containing 196 pages, 7 columns in width, which if pasted together would measure 294 feet in length and weighs 3¾ pounds. This is probably the largest paper ever published.

The County Commissioners last week purchased for the Treasurer's office a large sized burglar proof safe. It is one of Hall's; manufactured at Cincinnati, and cost $1060. We are told that it was bought on time, and two hundred dollars below the regular list price.

A fire has been raging for the past few days with unabated fury on Chestnut Ridge and Laurel Hill, laying waste acres of the finest timber and destroying sheep, cattle, deer and small game, the charred remains of which have been found in large numbers. The origin of the fire is not positively known.

At a meeting in Company D's armory last Friday evening committees were appointed to collect flowers, make bouquets, and wreaths, and make all other arrangements for the proper observance of Decoration. The Sergeant neglected to give us the names of the committees appointed; hence, we are unable to publish them.

At a late meeting of the Faculty of the Philadelphia Dental College, Dr. A. P. Brubaker was unanimously elected to a Lectureship on the Minute Anatomy and Physiology of the head. This is a position of considerable importance, and the Doctor's many friends in this place will be pleased to hear of his good fortune in being chosen to fill it.

The Commissioners have had Judge Miller at work cementing and straightening up the stone steps in front of the Court House. The Judge has done the job in a workmanlike manner, and it adds greatly to the appearance of the building. A contract has been made for furnishing a stone twenty-two by seven feet to lay between the gate and the entrance.

Many of the orchards throughout this neighborhood now present a beautiful appearance. The trees are in full bloom, and as one approaches an orchard or views it from a distance the varied hues and bright colors of the blossoms present a picture far surpassing anything ever produced by the artist's brush. From all accounts there is every prospect for a heavy crop this year.

Jacob Garey, of this county, who was arrested, tried and convicted in the U. S. District Court at Pittsburgh, of illicit distilling, was on Saturday last sentenced to confinement in the jail of Somerset, for the term of fifteen months.

Garey, it will be remembered, was last summer arrested by Collector Davis, of Pittsburgh, at a small distillery erected on Laurel Hill on the land of Val Hay Esq., near the Fayette county line. His coparceners in crime have so far avoided arrest.

At half past one o'clock Monday afternoon the dwelling house of Mr. William Cromm, on Turkeyfoot street, was discovered to be on fire. The alarm was given and in a short time a large crowd of men, women, and children had collected, who succeeded after considerable difficulty in finding the whereabouts of the fire and extinguishing it before a great deal of damage was done. The house had been unoccupied for some time. Mr. James Ford who had rented the house, this morning put women to work scrubbing it preparatory to moving into it. There was a large fire in the cooking stove and it is supposed that the fire originated from a defective flue. When first discovered it was between the ceiling of the first and second floor; from thence it burned up the garret stairway to the roof. The house and furniture although not much damaged by fire, both suffered severely from water and rough handling.

The crops throughout the county are just now the subject of much speculation by business men and anxiety by the farmers. We have had no rain for over two weeks, and the high winds and warm suns which have prevailed have intensified fears for the result. The grass, especially the clover, is very short, though the ground is well covered, and, unless rain comes soon, must give a small yield of hay. The oats is very backward and short, in many places not over two inches above ground.—Rye is heading, but thin on the ground and short in the straw. Of the wheat crop it may be said with truth that there is a good average stand, and in the lower lands, and especially the limestone, it has made fair growth.—On the higher lands and in some parts of the slate land the crop has suffered from freezing out and is past redemption. With timely rains much of the damage anticipated may be averted and a good harvest gathered.

HYMENEAL.—On Thursday morning, May 15th, 1879, at 9 o'clock, in the Disciples church, Somerset, Pa., one of Somerset's fairest daughters, Miss Hattie P. Kimmel, became Mrs. Charles W. Gebhart. The groom is the eldest son of Mr. Josiah Gebhart, formerly of this place, but now of Dayton, Ohio. Mr. Gebhart is a fine business man, as well as a genial, pleasant gentleman, and has made a host of warm friends during his frequent visits to this place within the past few years. Rev. Joseph King, pastor of the First Christian Church, of Allegheny City, assisted by Rev. A. M. Whetstone, of this place, performed the ceremony, and used the formula prescribed by the Disciples church. Mr. Gebhart, of Dayton, brother of the groom, Mr. Rupert Kimmel, of Pittsburg, brother of the bride, Harry S. Endsley, Esq. and Ed. H. Baer, of Somerset, acted in the capacity of ushers. After the marriage ceremony a wedding breakfast was served at the house of Mr. Charles Kimmel, and the happy young couple took their departure on the 11:10 train, intending to take an extended wedding tour to the eastern cities before going to their home in Dayton. Quite a number of the friends of the bride accompanied the bridal party to the depot, and all were sincere in their wishes for her future happiness and welfare, and in their expressions of regret and sorrow at her departure. Mrs. Gebhart will be much missed from the social circle in which she moved, as she was greatly loved and adored by all who knew her. May life's joys be unnumbered and life's sorrows few for her.

HEADQUARTERS, GRAND ARMY OF THE REPUBLIC, DEPARTMENT OF PENNSYLVANIA. No. 1037 CHESTNUT STREET, PHILADELPHIA, PA., MAY 6, 1879.

GENERAL ORDERS NO. 5.—

I. In compliance with the Rules and Regulations of the Grand army, and General Orders No. 5, from National Headquarters, as well as in accordance with national custom, Friday, May, 30th, will be observed as Memorial Day, when we will assemble to decorate the graves of our dead comrades and honor with fitting and appropriate ceremonies their memories, when we will not only lay upon their graves fragrant flowers and wreaths of laurel, but plant above them the flag which represents the National Unity in whose cause they died.

II. As year by year Decoration Day is more generally observed, the ceremonies become more elaborate. It is our duty, however, to see that the original purpose of the day be not forgotten, and that the ceremony be preserved in all its beauty and simplicity as far as possible, and to discountenance and oppose everything that tends to detract from the solemn significance of the day and its proper observance.

The associations of the day are too sad and its memories too sacred to permit it to be made a day of sport or festivities. It is requested that flags hoisted upon that day be at half mast.

III. As we gather at the graves of those who are buried among kindred and friends, let us be reminded of the thousands who sleep their last sleep in unknown, unmarked and unguarded graves as they fell in the terrible battle's track. And as we think of the sufferings of these, our dead comrades, and the sad and sorrowing homes throughout the land, let us renew our pledges "to care for those whom the dead have left to our care and protection." And may the memory of all these sacrifices incite us to a still purer and loftier patriotism, and to a more determined and earnest devotion to the institutions whose perpetuity was secured at such a cost, so that Peace, good will and prosperity may forever prevail in our country.

IV. It is suggested that each Post prepare a record of all soldiers buried within its limits, giving name, age, rank, company, regiment, date, and cause of death of each, and that this record be preserved in some appropriate manner, and that the ceremonies of Decoration be made more impressive by the reading of it. Each year additional names will be added until the last veteran has been mustered out, when it can be handed down to posterity and be prized, it may be, as the roll of honor by the town or village to which it belongs. In this way the record of even the humblest comrade may be at least partially perpetuated, and his patriotic devotion and heroic deeds forever remembered.

V. The Reverend Clergy, Churches, Schools and Societies are requested to participate in a proper celebration of the day. Where there are Posts of the Grand Army located, it is expected that not a comrade's grave, no matter how secluded, will be undecorated, and where there are no representatives of our Order, it is trusted that others will kindly and tenderly perform these beautiful and touching rites to the memory of our country's dead.

GEO. LAWRENCE BROWN,
J. M. VANDERSLICE, Dep't. Com.
Asst. Adj't. Gen.

Insulting messages will be less frequent on postal cards when it is learned that a New York jury has awarded an aggrieved receiver of such a card the sum of three hundred dollars.

OLD BONNETS.—A lady, with Leamon's Dyes, made by Wells, Richardson & Co., Burlington, Vt., can so change the color and character of her old ribbons and bonnets that they will be a marvel of freshness and beauty. Not much labor required either.

LAND PLASTER.—Farmers, enrich your lands. Land Plaster will do it, and will increase your crops 50 per cent. We have in stock a large quantity, which we offer at low figures. Call and see goods and learn prices.

COOK & BEERITS.

To raise good tomatoes, says an excellent authority, take away a wheelbarrow of earth from where each vine is to stand, fill with half soil and half coal ashes and therein set out the plant. Plants thus treated will bear nearly double the fruit of others, and much smoother and larger in this soil, though in case of drought they will require water sooner and more of it, than those growing in common soil.

The Lancaster *New Era* raises an interesting question relative to fish propagation. It says that John Rice, a noted fisherman residing at Mount Nebo, informs the Editor that he cannot discover any evidence that the black bass produces its young by means of eggs. He says he has caught quantities of them in the Susquehanna, and never in a single instance did he find any evidence of eggs in the body of the fish.

NOTICE.—The County Commissioners will sell, on the premises, the repairing of the bridge across Quemahoning creek, at the point where the public highway leading from Stoystown to Johnstown crosses said stream, near the house of Daniel Weaver, in Conemaugh township, on Saturday, the 24th day of May, 1879, at half past 9 o'clock, a. m.

WM. M. SCHROCK,
Clerk.

The post office at Geistown, Cambria County, has been discontinued. Mr. Bernard Nees recently tendered his resignation to the Department, and the emoluments of the office being very small great difficulty was experienced in getting a suitable successor, on which account it has been closed, the order from the Department having arrived yesterday. People who have heretofore received their mail at Geistown will now get it through the Johnstown office until they order otherwise.

SPRING AT LAST.—The real new styles of Millinery only came out late in the season. Knowing this fact, I have just received a large invoice that includes everything that is new in Ladies' Misses' and Children's Hats, Bonnets, Frames, Feathers, Flowers, Ribbons, Buckles, &c.

Now is the time to call and give your orders for Summer Goods, confident that you are getting what is latest and most stylish. In addition to the above, I wish to say that my prices are below competition. Respectfully,

M. B. CUNNINGHAM.

UNIONTOWN, PA., May 12, 1879.

EDITOR HERALD,:—I see by late issues of your paper that there are preparations being made to have a "grand old time" at the Reunion of the 10th Reserves. Hoping it may be a success, I would suggest that the 54th Pa. Vols., go and do likewise, or at least that portion of it that belongs to Somerset county. I for one would be glad to see a move in that direction. Comrades, why cannot we have a permanent organization, and hold regular yearly meetings? It would be both pleasant and profitable, I think. Let us hear from some of you.

EX MEMAER OF Co. C, 54TH REG.

ADVICE TO TROUT FISHERMEN.—For the benefit of amateur sportsmen, the following good advice is given by Seth Green, a man who probably knows more about fish and their habits than any other man in country:

"The fact is that almost everything in successful trout fishing depends upon these points: If flies are tied on coarse gut, without any regard to color, the fish will see the fraud and will not take the fly. Many a fisherman has put his bait right in front of a trout's nose, and the trout has decided to take it. Let a man get his tackle so fine and colorless that the fish cannot see the fraud, and they will take his line just as readily as they will take their natural food."

CYCLOPÆDIA OF LITERATURE.—It will be welcome news to all lovers of good literature that the new, beautiful and marvelously cheap ACME edition of CHAMBER'S CYCLOPÆDIA OF ENGLISH LITERATURE is to be completed on June 1. Volume IV. is just issued, and the remaining four volumes are to be issued and delivered at one time on the date stated. The work richly deserves the sale it has obtained of nearly 100,000 volumes already, and ought to attain, as it probably will, to a round million. The price, which has varied at different times, increasing as the publication has progressed, has now been permanently fixed at $2.00 for the paper (8 vols. complete, nearly 3,500 pages), $3 00 for cloth, $4 75 for half morocco, gilt top, and $5 75 for the 4 vol. edition in half morocco, gilt top binding. A discount of 10 per cent. from these prices is allowed to those whose orders are received before June 1, and a further discount of 10 per cent. to those ordering in clubs of five or more sets at one time. Postage, if by mail, 48 cents extra. Orders will be filled in the order of receipt. Specimen pages and full particulars will be sent free on request. AMERICAN BOOK EXCHANGE, 55 Beekman street, New York, Publishers. Sold only direct to the purchasers, and not through dealers or agents.

A specimen copy in cloth can be seen at the office of this paper, and those who desire can add their names to a list which will soon be forwarded.

THE NEW TOBACCO LAW.—The new tobacco law took effect on Thursday, May 1st. By the new law the tax on manufactured tobacco and snuff is fixed at 16 cents a pound. Every package of cigarettes must be stamped. The rate of tax on cigars, cheroots and cigarettes are unchanged. The registration of cigar makers is not required. Coupon cigar stamps are not adopted. Cigar manufacturers may leave their names off of caution notices if they desire to do so. Tobacco and snuff manufacturers must continue to print their names on caution notices. Tenement cigar manufacturers are not prohibited. Leaf tobacco may be sold by licensed persons to persons that are licensed in quantities less than original package; in other words, it is again made lawful to sell leaf tobacco at retail.

A communication from Hooversville arrived too late for publication this week; will appear in our next.

A REMARKABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 bottles were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all druggists in America.

TO THE PUBLIC.—The undersigned are prepared with one of the leading Lightning Rods of the day, pure copper, which are pronounced by all the scientific men of the day to be the cheapest and best as a conductor, which we offer very low and on good terms. All work done in the best manner and satisfaction guaranteed or no pay. Send in your orders. Repairing promptly attended to.

BIGHAM BROS.

SUFFICIENT JUSTIFICATION.—The almost universal practice among dairymen of coloring all winter-made butter intended for market, sufficiently justifies the farmer in using the best color he can get. The Perfected Butter Color of Wells, Richardson & Co., Burlington, Vt., is the purest and best; at the World's Dairy Fair it received the International Diploma. Druggists keep it.

SHREWDNESS AND ABILITY.—Hop Bitters so freely advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop plant, and the proprietors of these Bitters have shown great shrewdness and ability in compounding a Bitters, whose virtues are so palpable to every one's observation.—*Exchange.*

WANTED.—100 Barrels of Maple Sugar.
1,000 Bushels of Potatoes.
1,000 Bushels of Wheat.
For cash, or in exchange for goods.

DIED.

FORQUER.—On the 9th inst., Willie Hanna Forquer, aged 1 year and 6 days.

FORQUER.—On the 14th inst., at her residence, near Ursina, Mrs. Mary A. B. Forquer, aged 39 years, 8 months and 29 days.

Mrs. Forquer, when quite young, was received into the fellowship of the Regular Baptist church, of which she continued a zealous and faithful member until the day of her death. Of her it may be truly said that, her hand was ready to every good work. In all matters of church enterprise she manifested an earnestness and devotion worthy of the imitation of all who have taken upon them the name of Christian. Her death has cast a shadow over the entire community in which she lived, and the genuine sorrow felt by all who knew her was attested by the large number of people who came together on the day of the funeral, to perform the last duty that the living may minister to the dead. She leaves a husband, a mother, and three children (one a babe) who in this afflictive providence have the sympathy of many warm-hearted friends.

C.

BARNHART.—In Upper Yoder Twp., at 7 o'clock Wednesday morning, Mrs. Elizabeth, wife of Michael Barnhart, in the 66th year of her age.

We are pained to announce her death, which sad event occurred after a long and painful illness; but she bore her suffering with Christian resignation. Mrs. Barnhart was a daughter of Mr. John Sell, and was one of thirteen children, twelve of whom are still living. She was born in Quemahoning township, Somerset county, about the year 1813, and lived on the farm on which she died for twenty-seven years. She was a communicant in the Methodist Episcopal Church for twenty-five years, and was respected and loved by a large circle of acquaintances and friends. Her husband and seven children survive her, and to them our heartfelt sympathy is extended in the affliction they have been called upon to bear.
