The Somerset Herald.

EDWARD SCULL, Editor and Proprietor.

WEDNESDAY.....Nov. 15, 1893.

Who struck Billy Patterson?

How do you like the change?

TALK about landslides; it was an earthquake!

WHAT'S the matter with McKinley? Why, he's all right.

THE Democratic chickens came home to roost on Tuesday evening.

THE old, old inquiry is again pertinent: Did you hear anything drap?"

WHY, the Democratic candidates that supposed they were running in this State, hardly struck a trot.

LAST week's elections show that the veterans are after Hoke Smith with bayonets on their crutches.

It was only a fight of pickets on the skirmish line, but didn't the boys in blue drive them beautifully?

THE official Republican majority in the city of Philadelphia is only 52,231—"This, and nothing more."

THE more Republicans think of it, the better they'll like it. "Oh what a fall was there, my countrymen!?"

IS Democratic nomenclature it was anything but the tariff that did it. "None are so blind as those who will not see."

NOT a Democratic rooster to be seen. They are all in the soup, to feed the sufferers from the threatened free trade policy of their party.

SOMEHOW the Democratic idea of a tariff reform that will "stop the robbery of the many for the benefit of the few" is not appreciated by the people.

McKINLEY and McKinleyism are dead as a door nail, said the Democrats before the elections. How now, brethren? Second thoughts are said to be best.

One hundred and thirty-eight thousand majority in Pennsylvania, and more to come. Rather appetizing sauce with a Republican thanksgiving turkey.

OUT of the thirteen States that voted on Tuesday last the Democrats saved three—Kentucky, Virginia and Maryland. Just enough for a Democratic thankegiving.

IT was an object lesson. The idle workmen of the country had time to think, and they made good use of their time. They not only thought, but acted.

IT wasn't the tax on the workman's tin dinner pail, which gave our Democratic friends so much grief in 1892, that did it; it was the empty pail that is responsible.

THE comments and excuses of our Democratic contemporaries on the result of the late election are highly diverting. They all know why the dog didn't catch the rabbit.

IT is beginning to be suspected that the Democrats of Massachusetts, New York, Ohio, Iowa and Pennsylvania didn't know that an election was held on Tuesday last.

AND meantime we beg to inquire what has become of genial "Tom" Johnson, late of Cleveland and Moxham. "Larry" Neal was the apostle of free trade in Ohio, and genial "Tom" was its prophet.

IT was a victory of the people, by the people, and for the people. Can't humbug and political liars had to take back seats. You can fool some people sometimes, but you can't fool all the people all the time.

THE way Democratic majorities are obtained in Kentucky is evidenced by the returns in one ward in the city of Covington, where the ballots in the box exceeded the total registration by over 100. In other wards it was almost as bad.

THE Administration, that pulled down the stars and stripes in Honolulu, now proposes to restore the deposed queen to the throne. Think of it! The great American Republic aiding to restore a monarchy which the people have overthrown. If bloodshed follows, and it undoubtedly will, this government will be responsible for it.

AMONG the congratulatory dispatches received by Governor McKinley was the following from Mrs. Lucretia Garfield, widow of the late President.

"I must send my congratulations to you over your famous victory. It is more gratifying, not only the news from our own State, but from New York, Massachusetts and Iowa. Not only shall you be governor again, but three years from this time may the nation give to you the highest place. Mrs. Windom is with me, and joins in this congratulatory note, and we both send kindest remembrances to Mrs. McKinley."

THE fear of "tariff revision" or free trade had nothing to do with it. Oh no, not at all. Here was McKinley, the embodiment of Protection, on one side, and there was "Larry" Neal, the author of the free trade plank in the Chicago platform, on the other. Tariff was the sole issue discussed from every stump in Ohio. The people turned out by thousands and thousands and listened to the candidates, and McKinley's majority was only eighty-two thousand. Oh no, the tariff question had nothing to do with it. McKinley was only having a little fun with Neal.

THE Democratic journals in the heat of their passion, or the soreness of their defeat, are insisting that it is the duty of the Administration to go right on with the enactment of a new tariff law. Yes, yes gentlemen, go right on, you will prove your spunk if not your discretion. The tremendous majority for McKinley in Ohio, the avalanche in Pennsylvania, the clean sweep in Massachusetts, the whirl-wind in New York, the cyclone in Iowa and throughout the West don't mean anything. Like Rip's last drink, "that don't count." Go right along—There's nothing like grit.

Now let the "tariff smashers" fire away. The Democratic press is howling in concert to the Ways and Means Committee to "stand by its guns," to "die in the last ditch," &c., &c. This of course was to be expected. The free trade plank in the Chicago platform is but a rehash of that part of the Confederate Constitution and the "last ditch" heroes are now in control of the National government.

Your true Bourbon never learns. History is nothing to him. He is a veritable bull on the railroad track. With him it is *aut Cæsar, aut nullus*. The quicker the "smashing" is done, the sooner will follow retribution. The people now fully appreciate the Spanish adage—"If a man fool me once, shame on him. If he fool me twice, shame on me."

VICTORY

THE RESULT IN THE STATES.

Late Election Returns Show Even Greater Gains Than at First Supposed.

THE REPUBLICAN STATES.

	Majorities
Pennsylvania	138 000
New Jersey	20 000
Massachusetts	35 000
Ohio	84 000
New York	90 000
Iowa	40 000
South Dakota	5 000
Nebraska	5 000
Total of Rep. Maj	417 000

THE DEMOCRATIC STATES.

	Majorities.
Maryland	10 000
Virginia	40 000
Kentucky	25 000
Total of Dem. Maj	72 000

The results of Tuesday's election in the various states indicate an overwhelming change of popular sentiment as compared with that expressed at the polls a in recent contest. New Jersey, Massachusetts, New York and Iowa have come back into the Republican column after eight months of Democratic administration of national affairs and Pensylvania again takes first rank among the commonwealths declaring for Republicanism and protection to American industry. In Democratic Maryland Republican gains are apparent, and Nebraska, South Dakota and Kansas forsake Populist vagaries for Republican principles. In New Jersey, Kentucky, Michigan, Kansas and Illinois no state tickets were in the field, and the figures in the above tables of states and their majorities are based upon the estimated majorities for legislative and other county and local district candidates.

The most triumphant result was achieved in Ohio, where Governor McKinley's plurality will probably reach the 84,000 mark and where his party secured the largest majority in the Legislature within the history of the party organization in the state.

In New York the Republicans won beyond their wildest dreams, the Hill-Sheehan machine being fully routed, and Maynard, the discredited tool of the leaders, being defeated for the Court of Appeals by Bartlett by the extraordinary plurality of nearly 90,000.

As the returns from the various States in which elections were held approach nearer to the official figures, the Republican gains increase. They have gone far beyond what even the most hopeful expected. The following is a brief summary of the result:

New York buries Maynard and elects Bartlett to the Court of Appeals by a plurality of more than 100,000; elects the whole Republican State ticket by pluralities exceeding 50,000; sends a Republican majority of 22 to the Assembly, and of 6 to the Senate, and gives secure control of the Constitutional Convention to the Republicans. Kings County recorded an astonishing Republican victory. Schieren defeated Boody for Mayor by a plurality of more than 30,000, and Gaynor was elected Supreme Court Judge by about the same vote. The McLaughlin ring is utterly smashed.

The New Jersey race track gamblers' ring was routed. The Legislature is Republican by one vote in the Senate and at least twenty votes in the Assembly.

Governor McKinley was re-elected in Ohio by a plurality of colossal proportions, which grows steadily beyond 80,000 and may reach 90,000. The Legislature is overwhelming Republican in both branches.

Pennsylvania elected a Treasurer and Supreme Court Judge by a plurality of 138,000, with three counties to hear from, which will not materially change the figures, thus beating Grant's plurality in 1872, which was 135,000.

Massachusetts triumphantly elected the whole Republican State ticket—Greenhalge for Governor by a plurality of 30,000, and Wolcott, Lieutenant Governor, by 3,000 more. The Legislature is strongly Republican, and Repubcan gains throughout the State were enormous.

Iowa returns wholly to the Republican column, electing Jackson Governor, to replace Boies, by 35,000 plurality.

South Dakota elected all its Republican candidates for Judicial offices.

In Nebraska the Republicans have elected their candidates for Regents of the University; a fusion plurality of Republicans and Populists probably elected the Supreme Court Judge.

Kansas Republicans have carried 80 out of 105 county elections.

In Maryland the Republicans gained several Legislative districts.

Detroit Republicans elect a Mayor by 5,000 plurality. The First Michigan District sends Griffen (Dem.) to Congress by 1,600 to 1,500 plurality.

Judge Gary, who tried the Chicago Anarchists, is re-elected, defeating all the elements of disorder by 15,000.

Virginia Democrats badly defeated the Populists.

Missouri and Kentucky and the Utah Legislature are Democratic.

Neighboring Counties.

Bedford County gives the Republican State ticket a plurality of 794: R. C. Haldeman R., is re-elected prothonotary by a majority of 775, while Judge John Wright is re-elected by a majority of over 1,000; John Weller, R., for district attorney has about 900 majority. The balance of the Republican county ticket was elected. The magnificent victory of Judge Wright is noteworthy on account of the vigorous battle waged against him by the Bedford *Gazette*.

REPUBLICAN NOW AND HEREAFTER.

Cambria county swung entirely away from her Democratic moorings and can be relied upon hereafter as a Republican county. The whole Republican county ticket was elected by majorities ranging from 1,727 for Becker for county treasurer to 1,237 for Best for Poor House Director. The State ticket has a plurality of 1,494 for Jackson.

FAYETTE COUNTY REPUBLICAN.

The entire Republican ticket in Fayette county is elected by pluralities ranging from 150 to 1000. The Democrats get one commissioner and one auditor. Mestrezat for Judge carried the county by over 3800 and has a plurality in the district of over 2000.

THE STAR OF THE WEST, TOO.

Westmoreland county went Republican by 2,500. Col. J. R. Gurzler, of Latrobe, is elected Register and Recorder over Major Laird, of the *Argus*, by 2,000. The Republican county ticket throughout has over 2,500 majority. The county was a political standoff last fall.

BLAIR COUNTY.

The Republican State and county ticket swept Blair county by a majority of 2500. The chief feature of the campaign in Blair was the contest for the office of president judge between ex district attorney Martin Bell and Judge Augustus Landis, who was Governor Pattison's appointee to the bench to succeed Judge Dean, when the latter was elected a a Justice of the Supreme Court. Bell won by the unprecedented majority of 2,800.

ALLEGHENY COUNTY.

All interest in Allegheny county centered in the fight made against the regular Republican county ticket by the Democrats and ring-wump Republicans. The straight-vote won by majorities ranging from 7,000 to 18,800. The Republican State ticket had about 28,000 majority in the county.

NOTES FROM OTHER COUNTIES.

Over in Clearfield county Judge Krebs D., was defeated for re-election by Gordon, R., by a majority of 311.

For the first time in forty-five years York county elected a Republican Sheriff.

In Lehigh the Republicans elected a treasurer, a proceeding never before known. Reading surprised everybody by going Republican.

Philadelphia's 93,000 is the biggest Republican majority ever cast by any city in the country.

Judge Storm in the Carbon-Monroe district was defeated for re-election, ex Senator Craig slipping in by 13 majority. Both are Democrats. Craig's majority is exactly the same as Judge Baer's over Judge Hall in the Somerset Bedford district twelve years ago.

Gov. M'Kinley Explains.

In reply to an inquiry as to the causes for the result in Ohio, Gov. McKinley said that Lawrence T. Neal, the Democratic candidate for Govenor, was recognized as much as a free trader as he (McKinley) was an advocate of protection. At the Chicago National convention last year that nominated Cleveland for President, Neal was the author of the anti-tariff plank, and had it inserted in the platform in place of the plank reported by Cleveland's friends of the committee on resolutions.

In his opening speech in this campaign at Newark, O., Mr. Neal not only said his campaign would be fought on the lines of the Chicago platform, but also defined his position as a free trader.

"The next day after Neal's speech at Newark," said Governor McKinley, "I accepted his interpretation of the issue as represented by us respectively, and we fought it out on that line in over 100 public meetings of each candidate that followed and were invariably addressed in accordance with the challenge at Newark and its prompt acceptance."

Governor McKinley said the returns would speak more forcibly than he was able to do, and he knew of nothing that he could add except to say that heretofore the campaigns have been conducted with complications of issues, but that this time the fight was centered on protection with the leader of free trade clearly defined in his position and the tariff issue fully presented at every meeting of all parties in the canvass.

Either a Liar or Fool.

ST. LOUIS, MO., NOV. 9—General Morton L. Hawkins, editor of the St. Louis Chronicle, to-day received the following letter from Congressman Oates, of Alabama:

House of Representatives, U. S., Washington, D. C., Nov. 6, 1893.—To the Editor of the Chronicle, St. Louis, Mo.—Sir:—I have just read your editorial on me headed "Use for Blood-Hounds." It is predicated upon a clause in the bankruptcy bill, of which I have charge, which simply provides, like unto a writ of ne exiat at the common law, that a bankrupt who undertakes to leave the jurisdiction in which his case is pending, when his presence or testimony is shown to be necessary to the proceedings of the Court, may be arrested and detained, but not imprisoned, until the testimony is obtained or the judicial proceeding in which he is needed has been passed upon.

That is in nowise a harsh provision, nor is it imprisonment for debt in any sense. Any man who has ever read the bill and noticed the provision you speak of, and will then read your article, will readily decide that you are either a liar or a fool. If you know what you are writing about, then I tell you you are an infamous liar, if you don't know what you are writing about, then I put you down as a cussed fool, and will take no further notice of you.

I regard you as a jackass, but still, if you are offended at these remarks, come to see me and I will give you satisfaction.

WILLIAM C. OATES.

The letter is printed in to-day's Chronicle.

To do Away With Sugar Bounty.

WASHINGTON, Nov. 9.—The Democratic members of the Ways and Means Committee of the House had a conference with Secretary Carlisle this morning on the construction of the new tariff bill.

Messrs McMillin, Turner, Breckinridge of Arkansas, Bynum and Montgomery were present. It is generally understood that no material changes will be made in the internal revenue schedule, except to increase the duty on whisky, put a duty on crude and refined sugar and do away entirely with the bounty on sugar, which this year foots up nearly $10,000,000. In fact, that last item will be omitted, it is said, from the estimates sent to Congress by Secretary Carlisle.

Good Reading for Democratic Times

A year ago, the *N. Y. Tribune* announced that in the four years of trial, of new experiment, discussion of great national topics, and observation of the effects of Democratic supremacy before the country, the *Tribune* would lead in the presentation of the Republican view. The friends of the splendid record of the Republican party were asked to aid the final triumph of Republican principles by seeing that the people read the Republican side of the story. Evidently, the friends of the party have responded. The *Tribune* claims the largest weekly circulation of any paper in the United States, and challenges the country to prove to the contrary. The *Tribune* has gained by making its paper almost a Statesman's Manual and a most admirable one. It takes the deepest interest in public questions. Roswell G. Horr's articles are especially valuable. Mr. Horr came out ahead in his great debate with Senator Stewart of Nevada on the Silver question in the *Tribune*. He always states the Republican view with frankness, points out the probable consequences of a change in the tariff and silver policy of the country, and evades no issue and conceals no fact bearing upon the subjects discussed. His thorough treatment of fundamental principles will aid every reader to a better understanding of profound and important issues. Friendly to the old soldiers, devoting much space to Agriculture, and printing every week superb and absolutely unequalled Market Reports, editorially able and entertaining, the *Tribune* is a great paper and worthy a place in every home. It illustrates the news of the day profusely. Thousands of Democrats take it for its articles on public affairs and its purity, decency and freedom from smut. The *Tribune* stands like a rock against the reactionary policies of the Democratic party. Every Republican should have it. An illustrated Premium catalogue and specimen copies are sent free to applicants. This year, the *Tribune* includes a valuable historical picture in its List, painted expressly on the order of that paper. See prospectus in another column. Every one of our readers can receive the *Tribune* in combination with his own local paper if he desires, on reasonable terms.

The Turkey Cost $1000.

LEBANON, PA., NOV. 11—A $1000 turkey will be served at dinner to-morrow by Hiram L. Light and a number of friends will help devour the expensive bird.

About a year ago a turkey strayed away from the farm of John K. Light, of Swatara township. A few days later it was found in the possession of Ezra H. Light. A lawsuit followed to determine the ownership, and before it ended the parties to the suit were out over $1000. To-day the bird was purchased by Hiram L. Light.

November Days.

November is a month of rainy, disagreeable days. The damp, cold air penetrates everywhere and chills the blood, laying the system open to the danger of colds, pneumonia and kindred complaints. There is but one remedy that stimulates the system and fortifies it against such attacks, and that is whiskey. Not such a whiskey as is generally palmed off on the public, but a whiskey of known purity and quality. Such a whiskey is Klein's Silver Age, Duquesne or Bear Creek Rye. These whiskies have been before the public for many years and find favor wherever purity is required. Physicians prescribe them; hospitals use them, and every reputable dealer sells them.

Back to Her Throne.

WASHINGTON, NOV. 10.—It would have been supposed that after the protest entered last Tuesday against Democratic policies, the Administration would have hesitated making any further departure from that which is American and patriotic, but on the heels of the warning comes the practical announcement that this Government, as represented by a Democratic Administration, repudiates Republican principles.

The correspondence on the Hawaiian matter made public this evening is a practical notice that President Cleveland intends to aid in putting an incompetent, not to use a stronger term, woman on a throne in Hawaii, and repudiate the declaration of republican principles made by the provisional government.

With Queen Lilioukalani once more in power, the Canadians and English control the islands, and the United States meanly sneaks to the rear. Such an exhibition of unpatriotic obstinacy and jealousy of a former Administration was never shown.

Far and Wide.

Not on this broad continent alone, but in malarial breeding tropical regions, in Guatemala, Mexico, South America, the Isthmus of Panama and elsewhere, Hostetter's Stomach Bitters affords to inhabitants and sojourners protection against malaria. The miner, the freshly arrived immigrant, the tiller of the virgin soil newly robbed of its forests by the axe of the pioneer, find in the superb antifebrific specific a preserver against the poisonous miasma which in vast districts rich in natural resources, is yet fertile in disease. It annihilates disorders of the stomach, liver, and bowels, fortifies those who use it against rheumatic ailments bred and fostered by outdoor exposure; infuses genial warmth into a frame chilled by a rigorous temperature, and robs of their power to harm morning and evening mists and vapors laden with hurtfulness; strengthens the weak and conquers incipient kidney trouble.

THE COLUMBIAN ALBUM.

Magnificent Souvenir of the World's Fair Placed Within the Reach of All.

The Pittsburgh *Times*, which has a reputation for enterprise and liberality which is equaled only by its excellence as a newspaper, caps the climax with an announcement which is certain to be universally commended. It proposes to distribute among its readers, and all who will become readers of the Pittsburg *Times*, the "Columbian Album," a splendid collection of photographic views of buildings and points of interest about the grounds of the World's Columbian Exposition. There will be ten parts each containing 15 large photographs reproduced on fine paper and accompanied by clear descriptions. The whole will form a magnificent and enduring souvenir of the great Fair, which is at once the pride and wonder of the century. Beginning Monday, November 13th, the *Times* will print in each issue a coupon. Upon receipt of six of these coupons, from different issues of the paper, and five two cent postage stamps, or their equivalent in cash, the *Times* will send to any address one part of the "Columbian Album." All the parts can be obtained in the same way, so that at the end of ten weeks everybody who reads the *Times* can have the complete album. The work will give its possessor who were unable to go to Chicago almost as much pleasure as a trip to the Fair, and to those who did walk up and down the streets of the White City, it will be an invaluable souvenir. Look out for the Pittsburgh *Times* next Monday and every succeeding day. It will give you all the news for one cent a day, and will also give you an opportunity to obtain the "Columbian Album." Awful Crime of Two Boys.

WAUSAU, WIS., Nov. 13.—William Hebeck's mysterious disappearance from his home, near Edgar, has been cleared up by the neighbors finding his body about 80 rods from his home in the woods, in a newly made grave with a tree fallen across it and the brush piled over it. His son Herman, aged 19, confessed to killing him with an ax and was assisted by his brother Otto, aged 17, in secreting the body. Both were arrested and brought to this city.

Colonel J. B. R. Streator, who ordered Private Isms to be suspended by the thumbs during the Homestead encampment, arrived in Wheeling Friday morning. He at once began loading up with booze. At the Buffet saloon he took the spoon from a hot drink he had ordered and pocketed it. Still later he managed to purloin another solid silver stirring stick at the bar of the Hotel Windsor. The proprietor of the Buffet sent an officer after him, and, when arrested and searched, three spoons were found on him, all of them marked to show their ownership. He was locked up. He was afterwards discharged the proprietor of the saloon refusing to prosecute.

Saved Her Life.

Mrs. C. J. Woodruff, of Worthan, Texas, saved the life of her child by the use of **Ayer's Cherry Pectoral.**

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicine given, I resolved to try such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and instantly visible results. From the moment the Pectoral was given the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
