HARRISBURG, PA.

Monday Evening, December 1, 1862.

TOWN AND COUNTRY.

THE DRAFTED MEN in Camp Franklin, near York borough, on Wednesday last, indulged in a mutiny, during which, shots were exchanged between the guard and themselves, but no one on either side was injured. They had all better reserve their fire for the traitor foe.

A STATED MEETING of the Friendship Fire company will be held in their Hall on this evening, at the usual hour. Every member is requested to be present, as important business will be brought before the company, and nomination of officers for the ensuing year.

MOVEMENTS OF THE DRAFTED MEN.—A full regiment of Infantry and part of a Cavalry regiment marched from Camps Curtin and McClellan yesterday, and were sent over the Northern Central Railroad, bound for a point of which of course we are ignorant. The drafted men will soon all be marched from this vicinity, and placed on duty elsewhere.

IF YOU WANT Pills, take Ayer's Pill. Nothing has ever appeared in this market that can compare with this new invention for chasing out the distempers that fasten and grow upon us. They are the Philosopher's elixir of life, that bids defiance to disease, and will leave us no alternative but to die of old age.

Reader, if you want a mild purgative for children, or one powerful for adults, take Ayer's Pills. They are sugar coated and pleasant to use and are well enough known to be good, without our recommendation.

DEATH OF A HARRISBURGER.—We learn by a private telegraphic dispatch received in this city last evening, that Second Lieutenant Harry H. Lutz, Capt. Davis' company, 7th Pennsylvania Cavalry, died at Nashville, Tenn., yesterday. Lieut. Lutz had been ill for a day or two, and was in the discharge of very arduous duty at the time, which tended to aggravate the disease which has proven so fatal. Lieut. Lutz was well known and highly esteemed in this city, as well for his personal virtues as for those personal traits of manly characser which win and retain the respect of mankind. The memory of Lieut. Lutz will be among the bright recollections of those who loved and will mourn his death.

P. S.—By a dispatch received last evening by the Mayor, we learn that Capt. C. C. Davis, left Nashville yesterday morning in charge of the body of Lieut. Lutz, and will arrive here to-morrow.

DIRECTORY OF THE HOSPITALS.—The Sanitary Commission of Washington City have issued a circular, announcing that they have established an office of information in regard to patients in the Hospitals of the District of Columbia, and of Frederick City, Maryland. By a reference to books, which are corrected daily, an answer can, under ordinary circumstances, be given by return mail to the following questions:

1st. Is —— —— [giving name and regiment] at present in the hospitals of the District or of Frederick City?

2d. If so, what is his proper address?

3d. What is the name of the Surgeon or Chaplain of the hospital?

4th. If not in hospital at present, has he recently been in hospital?

5th. If so, did he die in hospital, and at what date?

6th. If recently discharged from hospital, was he discharged from service?

7th. If not, what were his orders on leaving?

The Commission is prepared also to furnish more specific information as to the condition of any patient in the District hospitals, within twenty four hours after a request to do so, from an officer of any of its corresponding societies. The office of the Directory will be open daily from 8 o'clock, A. M., to 8 o'clock, P. M., and accessible in urgent cases at any hour of the night. The number of patients in these hospitals is about 25,000. If found to be practicable, the duty here undertaken locally by the Commission will be extended to include all the general hospitals in the country.

Persons seeking information can address *Fred. Law Olmstead, General Secretary,* (whose name appears with this circular,) *Adams House, 244 F Street, Washington, D. C.*

ARREST OF DESERTERS.—The business of arresting deserters from the ranks of the drafted men, has of late become a profitable business with the Provost Guard. The plan of the drafted men who desire to escape the service, is to leave the city, seek some of the near stations on the Pennsylvania or Northern Central railroad, and there take the trains for whatever locality they desire to reach in order to cheat the government out of the service they owe. This has been carried on to such an extent, and the service suffered so severly in men, that the most stringent measures have been adopted to frustrate the designs of the drafted men and arrest all who are detected in the act of deserting. The stations of Dauphin and Rockville, on the Pennsylvania and Northern Central railroads are favorite points for the congregation of deserters. These deserters walk from this city to these points, because the depot in Harrisburg is patrolled by the Provost Guard, making it impossible for a soldier to enter a car without a pass. Lately, however, the Provost Guard have been detailed for service beyond this city and put on duty at the different stations alluded to, and the result has been the arrest of large numbers of the drafted men when deserting. On Thanksgiving Day sixty were taken at Rockville and Dauphin. Yesterday fifty more were arrested in the same vicinity. The arrests at the stations east of this city are also numerous, so that the Provost Guard have been driving a very useful as well as profitable business.

IN THE NAME of the sick and wounded of the Cotton Factory Hospital, those in charge desire cordially to thank the many friends who have so zealously and successfully labored to make Thanksgiving Day what it was designed to be—a day of enjoyment as well as of religious worship. The thoughtful men and women who have suggested and carried out the idea of giving to those for the time deprived of their home, as many of its pleasures as possible, will not be willingly forgotten. The ladies who loaded our tables with good things to eat, but who would shrink from public mention, even could the long list be here inserted; the gentlemen who addressed us in the day and evening; Weber's orchestra and the choir of one of the churches, for their excellent music, and the bright faces and busy little hands for their presence and ready assistance, will always be gratefully remembered by those who have so largely experienced their considerate benevolence. "Inasmuch as ye have done it unto," etc.

SPECIAL NOTICES.

EBY & KUNKEL'S CHECKS will be paid at the State Capital, Mechanicsburg, Lebanon Deposit and Middletown banks; also, at the counting house of E. C. Eby & Co., No. 522 Market street, Philadelphia. no25-2w*

OUR JACOB SAYS SO.—Caroline is a young lady of more than ordinary attractions and good sense, blest with pious parents who instilled her youthful mind with correct principles. She has grown up a model of amiableness, and can be seen discharging the domestic portion of her daily duties with cheerfulness, blended with that conception of good order that has a place for everything and everything in its place. She is the life of social society, and as confirmation of her entire good sense, purchases her dry goods at the Cheap Store of Urich & Bowman. d1d2t

STERLING'S AMBROSIA FOR THE HAIR.

A HANDSOME HEAD OF HAIR is a crown of glory. With proper care and culture it will last as a protection to the head as long as the nails do to the fingers, or the eyelashes to the eyes. STERLING'S AMBROSIA is the only article yet discovered that will bring about the desired results. It is a preparation the result of science and experiment; the science pointing out what was needed, and experiment finding the required properties in certain roots, barks, and herbs. It has consumed a long time in its preparation, has been tested by persons of most undoubted reliability in this city, and is by them pronounced perfect, and the only satisfactory article, and is now offered to the public. The proprietors, determined to give it the most thorough tests, practical and chemical, and now certain that it will make the hair grow luxuriantly on Bald Heads, Preventing Grayness and Baldness, Reinvigorating and Beautifying the Hair, rendering it soft and glossy.

DR. STERLING'S AMBROSIA is a stimulating, oily extract of roots, barks, and herbs, and, aside from its neatness, permanency, and gloss, it is medically adapted to preserve and add to the beauty of the hair. *The only article yet discovered that will Cure the Disease of the Scalp, and cause the Hair to Grow.*

CERTIFICATES.

This is to certify that about eighteen months ago, I commenced using STERLING'S AMBROSIA. My hair was short, thin and rapidly falling out. I had tried many Hair Tonics, Invigorators, &c., without receiving any benefit. Soon after using the Ambrosia, my hair ceased falling out, and commenced growing so rapidly as to astonish me. Now my hair is thick, soft, and glossy, and is five feet four inches in length—when let down, reaching to the floor. This wonderful result I attribute solely to the use of STERLING'S AMBROSIA, as since I commenced using it I have applied nothing else to my hair.
