FRIDAY MORNING, OCTOBER 3, 1845.

PITTSBURGH BOARD OF TRADE.

COMMITTEE FOR OCTOBER.

George Ogden, W. Barker W. J. Howard.

CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views are expressed are editorially remarked upon and approved.

To-night Mrs. Lewis takes a benefit, and plays Romeo, in "Romeo and Juliet," and the "French Spy." *La petite Bertha* gives a popular dance, and Mr Edwards sings an original song—about matters and things in Pittsburgh. We trust Mrs. L. will have a full house, and a real benefit. She deserves it, and the pieces selected are among her best performances.

Assault and Robbery.—About 11 o'clock last evening, a man whose name we could not learn, came to the Theatre, nearly exhausted, having been terribly beaten, and robbed at a rummery on the Hill above 7th st. He was taken to Dr Thom's, where his wounds were dressed, and the Police were put on the scent of the ruffians. The injured man was in a critical state at 12 o'clock last night.

BY LAST NIGHT'S MAIL.

From the New Orleans Picayune, September 24

SIXTEEN DAYS LATER FROM MEXICO.

WITHDRAWAL OF THE FRENCH MINISTER.

The U. S steam frigate Princeton arrived at Pensacola on the morning of the 20th instant, having sailed from Vera Cruz on the evening of the 14th. Our previous dates were brought by the Mexican schooner Geraldo, which left Vera Cruz on the 27th of August. By the arrival of the Princeton we did not receive our regular files, and gather the following items of information from our correspondence and some chance papers.

The French minister, Baron Alleye de Cipey, having been again refused the reparation he demanded for the personal indignities offered him some months since, has demanded and received his passports. He was expected to leave in the next packet from Vera Cruz. The *Siglo Diez y Nueve* makes an elaborate defence of the action of the Mexican Government, insisting upon it that the demands of the Baron were beyond reason, and could not be granted without trampling upon the inviolability of the powers of the judiciary and the social guarantees which repose thereupon.

By the papers received at Vera Cruz on the 14th from Mexico it appears that a despatch had arrived at the capital, stating that 3000 regular troops of the United States and 1500 Texans were on the march for Matamoras.

By the returns Herrera has received 110 out of 130 votes. Only one Department remains to be heard from.

Tabasco was still in possession of the Federalists; and as yet the Government have been unable to despatch any troops to put down the revolt. The revolution at Tobasco is repudiated by the Federalists of Mexico.

Paredes was at San Luis Potosi within force of 10,000 men. He was assiduously making preparations to march for the northern frontier; but his designs are suspected, and he has been accused in Mexico of aiming at a military dictatorship. A division under his command have pronounced against the present Government and in favor of a military system. Paredes has written that he has succeeded in restoring order, and professes to be favorably disposed to the present Government; these professions are distrusted.

The order for establishing the Defensores has been unsuccessful in most of the Departments. In some Departments they had not enlisted a single person. The terms of the enlistment have in consequence been modified. The system of voluntary enlistment has been regarded by the supporters of the army with jealousy and was determined as intended to supplant and disband the regular troops for political purposes.

The Santa Anna party are in favor of postponing the declaration of war against the U States to a more propitious time, in view of the present distracted and unprepared condition of the country. The Siglo XIX and contends, as it did in the outset, that as the war with the U States is a war solely, the object of which is to recover a personal territory which has been wrested from Mexico, that an express declaration or announcement of war is not necessary; that the previous protests and solemn declarations of Mexico cover the whole ground.

The Government is so low with difficulties and embarrassed in its resources, and the country is in so disturbed a state that it is believed that an revolution is inevitable, and the time may occur at any moment.

Military Movements.—Lt Grundom Graham arrived at Pensacola on the 14th inst on from Charleston, with two companies of U S Artillery on board, attached to the Bay of Mexico.

☞ The Cincinnati Advocate of Sept 11th, gives an account of the murder of Mr Bingham, in Fine District. He was pursued by four or five female, and murdered in the most brutal manner, with tomahawks. The object was money, of which they got $400.

☞ The foreman of the "Hunter-ess" office, Washington, was found in the public streets of that city by a respectable citizen, whose name he had publicly stated.

☞ The foot race between Jackson and Barlow, at the Beacon course, N. York, on Monday, was won by Barlow. Time—1st mile 4m 50s; second mile 4m. 54 1-2s.

☞ The hands on board the canal boat Nonfield, from Toledo to Cincinnati, a few days since, when the Master was sick, and the houses and some merchandise, amounting to $100, and fled. Not yet taken.

Evacuation of Warsaw.—The Due Vesne, arrived yesterday, brought information of the evacuation of the Mountains from Warsaw, and report that the men called out by Gov Fund, were on their way to that place. It is now probable that peace will soon be restored.—*St Louis Rep, Sept 29.*

Ferry, Salt Works and Building Lots,

FOR SALE.

THE subscribers offer at private sale, all that valuable real estate situate in Lower St. Clair township, at the mouth of Saw Mill Run, on the Ohio River.

To suit the convenience of those desiring to make a profitable investment, they will sell separately.

THE SALT WORKS,

including a lot of about three acres of ground, lying on the Steubenville Turnpike Road. These works are in operation and good order, and from their location and proximity to the city, offer peculiar inducements to persons wishing to engage in that business. They will also sell separately.
