THE Sin of Ignorance is easily forgiven. Many of the "*nostrums*" of the present day are put out by persons who have no knowledge of the science of medicine in theory or practice, and in order to hide their ignorance cry out loudly against the "*Ignorant Pretenders*," and bribe others to boast for them, which oft times has gulled the unsuspecting, and for want of a proper knowledge of the diseases they pretend to cure, no doubt think they cure when they do not, therefore they are to be pitied, but not half so much as those who take their "*miserable compounds*," but they not only lose their money, but miss the advantage of that necessary advice which the real practical physician, is always able to give. We look to the tailor for an improvement in the mode of dress; to the medical man for an improvement in the science of medicine—and this accounts for the great superiority of *Dr Swayne's Compound Syrup of Wild Cherry* over all other medicines ever offered to the public for the cure of all diseases of the Lungs and Breast, Coughs, Colds, *Consumption*, Asthma, Spitting Blood, Liver Complaint, Pain in the Side and Breast, Broken Constitution, &c. Remember always to inquire for the name of *Dr Swayne*, as spurious imitations which have the name of *Wild Cherry* attached were stolen from the great *original preparation*. The *genuine* is only prepared by *Dr Swayne*, corner of Eighth and Race streets, Philadelphia For sale by
WM. THORN, Agent.

Fashionable Tailoring.
BEING convinced that both branches of our trade could not be carried on to the mutual advantage of *customers and proprietors*, we were induced to dispose of our ready made stock; and abandon sale work entirely. The result has been a GREAT INCREASE IN OUR BUSINESS, and a corresponding one in our abilities to execute orders to the entire satisfaction of our customers. We would again beg leave to say to those who wish to get
FASHIONABLE WORK WELL MADE,
That our attention shall be directed to the HIGHEST GRADE OF CUSTOM WORK; and being now prepared with every facility to adapt ourselves to the various tastes in the community; we can furnish any style of garment which fancy may dictate, always aiming in point of style to be
IN ADVANCE OF EVERY OTHER ESTABLISHMENT.
Being at all times supplied with materials of every description, we are prepared to turn out at the shortest notice, as genteel a garment as can be had in the State; our aim shall be to make a good article at a moderate price. (jy 7) ALGEO, McGUIRE & Co

THE firm of Constable, Burke & Co, was dissolved, by mutual consent, on the 11th inst.

EXTENSION OF PITTSBURGH.
Rare Chance for good Investments!
THE subscriber has laid out, and now offers for sale at reasonable prices and on accommodating terms, *One hundred and ten building Lots*, on that handsome level ground between Braddock street and the Monongahela river. They are about one-third of a mile from the city line, and are situated in that part of the first city district which will probably soon be annexed to the city as the Seventh Ward. No property in the suburbs possesses superior advantages, nor has any heretofore been laid out with so liberal an allowance of wide streets; Braddock is from one hundred and twenty to about one hundred and ninety feet wide, and Beelen, Commerce, Brady, Columbus and Water streets all wide avenues. Most of the lots have *two fronts*, and as they are of various sizes, and will be sold, one lot, with the privilege of four or five; early applicants can be accommodated to suit their own views of improvement. Persons who desire to build or to make secure investments in property that is sure to advance in value, and particularly those who intend to erect manufactories, would do well to view these Lots, and examine the draft, before purchasing elsewhere. The survey for the Baltimore and Ohio Rail Road and the rail road survey by the State of Pennsylvania were both made alongside of this property, and it is generally considered that Braddock street, or the ground immediately alongside of it, affords the only eligible route for a Rail Road from Pittsburgh to the East. Coal can be delivered on this property at a much less cost than on the *Allegheny* river, and there is always deep water at this part of the river.
