LOCAL NEWS.

THE DAILY PATRIOT AND UNION may be had at Jack's Book Store, corner of Third and Market streets.

THE BLACK GUARDS.—What has become of the Hannibal Guards? Can any of our readers inform us?

MORE SMOKE.—A new organization of the Wide Awakes has been effected in this city, called the Capital City Guard. Look out for the sky-rockets.

APPLE BUTTER.—Girls, prepare yourselves with your best "bib and tucker," the time has come when apple butter "biling" commences.

HUSKING CORN.—Our farmers have had a "high old time" for some days husking corn. The crop is large, the corn good, and the farmers are happy.

IF you want a good paper, subscribes for the WEEKLY PATRIOT AND UNION—the cheapest and best paper in the State.

A. M. STODDARD will open, on Thursday, November 1st, an assortment of Fall and Winter Millinery. 3t.

Excursion tickets, at reduced rates, will be issued by the Northern Central Railroad Company to the Maryland Institute Fair and the Maryland State Fair, now in progress at Baltimore.

THE LOCK-UP.—There has been no lodgers in the lock-up for two nights. Our city is either becoming very moral, or the accommodations are not suitable to the taste of the bummers.

PAY UP.—The past year having been one of extraordinary prosperity to the farmers, they can well afford to make a display of their small change and pay the printer.

TO KEEP HAMS NICE FOR SUMMER USE.—Tie them securely in paper, cover closely with ashes. This keeps them sweet, and protects from all insects.

THE COURT HOUSE.—Slowly but surely the Court House is progressing. The cupalo is up, and the smiths are busily engaged in covering it with tin.

PLAYED OUT.—The evening markets, which were heretofore a great institution for the juveniles, have played out, and the market houses, at present, show but an empty appearance and deserted stalls

A letter from Washington states that the Postmaster-General has adopted and ordered a one-cent self-sealing envelope, which will soon be supplied to post-offices throughout the country.

ELECTION DAY.—The election of President takes place on Tuesday, the sixth of November. Democrats, devote one day to the service of your country. See that every Democratic voter is brought to the polls, and don't let any man falter.

THE WHITE HALL.—Ex-Sheriff Hoffman, formerly of the Farmers' Inn, has purchased the good will, fixtures, &c., of the White Hall Hotel, and will take possession of it on the 1st of January next.

THE WEEKLY PATRIOT AND UNION.—One of the best numbers of the campaign will be issued on Thursday, put up in wrappers, ready for mailing. To be had at the office. Send a copy to your friends in the country.

PORTER'S FURNACE.—We understand that the large furnace, lately occupied by ex-Governor Porter, will be put in operation next week. This will give an impetus to business, and employment to a number of hands.

THE BASIN has been put in complete repair, and the water is now being pumped up by means of the new engine. It is said that the novel manner in which this is accomplished, is worthy of a visit—not only to the reservoir, but the water house.

THE EINTRACHT.—The celebration of the Eintracht Singing Society took place at their hall, on Monday evening last. The affair ended with a misunderstanding between the parties, and we are informed that a general fight ensued, after which the ball broke up.

SAUER KRAUT.—The season for making kraut is at hand, and many of our citizens are now engaged in putting up that delightful winter luxury. Sauer kraut and spec is considered "some" among the people of Pennsylvania, and all who have ever tasted it, will admit that it is not bad to take.

RESIGNED.—We learn that the Chief of Police, Col. Geo. H. Morgan, has resigned his position, as Chief of the Police of the city of Harrisburg. The cause of the resignation we are unable to state, and the name of his successor will not be made known until to-day.

THE WASHINGTON MONUMENT.—We trust that some of our patriotic citizens will procure the necessary boxes, according to the suggestion of the ladies, and have them placed in a prominent place on the day of election, for the purpose of receiving contributions for the Washington Monument.

THE STATE CAPITAL BAND are now effectually organized. They have procured a new uniform, consisting of black frock coats, black pants and cloth cap, all of which has been gotten up with taste and judgment. The next move on the part of the band will be to procure a new set of instruments.

DUCK SHOOTING.—Our sporting men have a gay time of it now. Ducks have made their appearance in abundance on the Susquehanna, and many of them are killed or maimed daily. Duck feed is not bad to take at any time, but as we have not time to go, a pair of them would not be unacceptable.

TURNING CORNERS.—Some of the fast youths of our city, who are fond of fast driving, are in the habit of turning the corners of the streets at a very rapid rate, as though they had no respect for the limbs or lives of our citizens. We like to see a fast horse and a good driver, but when they want to show themselves, they should pay a visit to the race course.

THE STEAM FIRE ENGINE.—The members of the Friendship Fire Company are very industrious in their efforts to obtain money enough to purchase a new steam fire engine. The pic-nic given a few weeks since, and the ball last week, has netted a handsome sum, and with some little more assistance from our citizens, we may soon expect to see a steam squirt in the city of Harrisburg.

THE SOUTH STREET SEWER.—On Monday last the workmen broke ground, and commenced digging the street up, for the purpose of laying down the new sewer, in South street. The contract for constructing the sewer was awarded to James Lewis, and is under the superintendence of Henry Radabaugh. It will extend from Third street to the river, and will be a great convenience to the citizens residing on that street.

JUVENILE WIDE AWAKES.—This party of pigmies had a grand parade on Monday evening last. Their equipments were the same as the ancient order, and the show was quite respectable in appearance. When passing along Market street in the neighborhood of Third, some of the boys with Democratic proclivities, not relishing the smell of coal oil, made some remarks which led to a fight, in which a number on both sides participated.

QUALIFICATIONS OF VOTERS.—The law requires a person who claims the right to vote, to have been a citizen of this Commonwealth "at least *one year*, and in the election district at least *ten days* immediately preceding such election, and within *two years* to have paid a *State and County tax*, which shall have been *assessed* at least *ten days before the election*. But a citizen of the United States, who has previously been a qualified voter of the State, and removed therefrom and returned, and who shall have resided in the election district, and paid taxes aforesaid, shall be entitled to vote after residing in this State *six months*. But citizens of the United States, between the ages of twenty-one and twenty-two years, who have resided in the election district *ten days*, as aforesaid, shall be entitled to vote, although they shall not have paid taxes." The election takes place on Tuesday, the 6th of November, and we hope our Democratic friends will endeavor to bring out all the qualified voters of the county.

CURE FOR A COLD.—Our amiable, philosophical and discreet neighbor of the *Telegraph*, who has for a long period of years made use of the receipt, and knowing the efficacy of the medicine, has at last been liberal enough to publish the same, as he clipped it from *Punch*. We have not the least doubt but what the editor knows all about the curative powers of the last three lines of the article:

CURE FOR COLD.—*Punch* gives the following excellent cure for a cold in the head:

"Put your feet in hot water,
As high as your thighs;
Wrap your head round with flannel,
As low as your eyes;
Have a bowl of hot gruel
And brandy or gin;"

and repeat the dose as often as may be convenient.

THE WIDE AWAKES.—Our citizens will no doubt be gratified with the intelligence that the "Wide Awakes" will appear and splurge some night this week. In the cause of humanity, and with feelings of respect to the poor, we now appeal to them, as well as others, not to display their pyrotechnic powers. Poor men's houses are not to be burned down with impunity, for the amusement of a lot of hobgoblins and goslins, who wish to display their shape under a curtain cape. Tote your flour barrels on a pole—call it a maul—light up your lamps—wade through the mud with your transparencies—let the bands play the "Hiawatha," or "Dixey's Land"—but don't spend your money for Roman candles, blue lights and chasers. Keep that for electioneering purposes, for you will want it all.

CARRYING UMBRELLAS.—While passing along Market street yesterday, we noticed a young man, who had an umbrella under his arm, placed in a position, which looked as though it was his intention to poke out the eyes of some unfortunate creature who might possibly run against it. The owner of the umbrella, (if it was not borrowed,) soon had the gratification of poking it into the eye of a little school girl who was passing along, and no doubt felt much gratified, when he found that he had accomplished his object and injured a poor child. We are not opposed to people carrying umbrellas, but think they should never be made use of as battering rams against other people's heads.

THEY DID.—A party of our German friends started on a grand hunt a few days ago in search of ducks. After traversing the everglades of Shad Island; getting up to their knees on Little Bushey; bitten almost to death by mosquitoes on Bailey's, and almott drowned on the flats, they concluded to visit the Cumberland shore, and see what could be done there. One of the party, by chance, succeeded in capturing a "few barn pheasants," but met with a terrible mishap. Getting over the fence and trying to meet his friends, he heard something rip in the region of his coat tail, and the consequence was, that he was compelled to wait till dark before he could return home. Let this be a warning to others. Never go for ducks and steal chickens.

NEW TIME TABLE.—Railroad Conventions are assuming as much interest and importance as the great political conventions. A Railroad Time-table Convention was held at Cincinnati on Friday, at which twenty-seven roads and over $350,000,000 capital were represented. The convention decided the eastern trains will leave Cincinnati at 9.30 a. m., and 10.30 p. m.; the new regulation to take effect on the 19th of November. At the same time a new schedule will go into operation on the Pennsylvania Central road, when some new and important local changes will be made. Among others, one or more passenger trains that will stop for meals at Lancaster.

PERFUME.—The Wide Awakes intend perfuming the city on next Monday evening, on which occasion it is to be expected that the "red tops" will be about in their glory. The Glee Club will be on hand, and sing that favorite song:

We rode him on a rail,
We rode him on a rail,
We rode him on a rail,
But found it will not do.

After which they will quietly disperse, and let the people say who is to be the next President of the United States.

THE CITY.—Within the last few days there has been a number of arrivals of the new members of the Legislature, all no doubt anxious to get the best seat. Whether the incoming administration will have any effect on the amount of the gas bill or not, we are unable to say. But as they will have no further use for their coal oil torches, we would most respectfully suggest the idea, that they illuminate the hall with coal oil and torches, and then pass an act to pay the Wide Awakes for the use of the same.

M. D.'s.—For several days past quite a number of droves of mules and horses have passed through our city on their way east—while the Pennsylvania Railroad Company are daily transporting large numbers of horses and cattle over their road. This style of conveying stock to market is much more congenial to the "phelinks" of the drover, than to take up the rear of a herd of cattle and tote your body along a macdamized road for hundreds of miles before you get the spondulix.

BAD BOYS.—A party of the juvenile specimens of humanity are in the habit of congregating daily in Market Square for the purpose of exercising their limbs by playing ball, and their lungs by profane swearing. We are not opposed to the first exercise, but are decidedly down on the youngsters who cannot play without cursing and swearing.—The residents on Market Square have resolved to put a stop to it. So, boys, look out for the police.

THE WEATHER.—Yesterdry was most delightful; the rain, the chill air and the wet feet, were well calculated to make a man feel like a "bold soldier boy." Tramping from street to street in search of items without a mackintosh, and with a scurvy umbrella, we found the business anything but agreeable, but as the ground must have sustenance, as well as man, we concluded to "grin and bear it," like every martyr of the Republican corps,

THANKSGIVING DAY.—The Governor of Pennsylvania has appointed Thursday, the 29th of November, as a day of Thanksgiving—and of course some of our friends will give us a fine fat turkey in time for dinner. We must admit that we are able to buy one, but then it tastes so much better when sent as a present from some of our "country cousins."

FISH CULTURE.—The breeding of fish is likely to become a business in this country which will prove to be of great importance and value. Nothing in animated nature, says the *Sunday Dispatch*, can be more prolific than a healthy fish, and no creature is subject to more casualties or has a greater number of enemies. With assistance from mankind, the fish family may increase immensely; without such aid, they will decrease until some species are extinct. We may mention as a fish that is rapidly being extirpated, the *shad*, which is decreasing every year in our rivers; and unless it is given time to recuperate, must soon exist only in name. The habits of the shad are well known. Its increase, when not interfered with, is rapid, and the means of renewing the stock are within the knowledge of naturalists. It simply consists in letting the shad alone for a period of three or four years. In that time they would increase immensely, and our waters would teem with an abundance of these fine fishes. The only method of insuring such an armistice between the fishers and the fish would be by legislative interposition.—The passage of a law by the States of Pennsylvania, New Jersey and Delaware, forbidding the prosecution of the shad fisheries for a specified time, would be a measure of wisdom which, whilst it might prove a present inconvenience, would really be an important and beneficial regulation.

The precedents for such statute may be easily found in the laws for the protection of game in the various States. In New Jersey, a few years ago, a law was passed forbidding the destruction of deer within a certain time. The animal was nearly extinct in the State; but from the time of the passage of the new law until the period of protection had gone by, it was allowed to breed and increase, and the result is represented to be that venison is more plentiful in New Jersey now than it has been since the colonial days. The buck and the doe roam the pine forests, and the leap of the fawn startles the young "Spaniard" as he hunts huckleberries amid the undergrowth, or picks cranberries in the swamps.

Beside the protection of the breed of fish by salutary guardianship, the assistance of the various species by judicious care may be the means of increasing the stock. The French are the first people who have clearly demonstrated the practicability of breeding fish by protection of the spawn, and by placing such assistance in the way of the small fry as it can avail itself of. Much attention has been paid to the subject, and the demonstrations made are attracting the notice of the world.

In this country the attention of scientific men has been turned to the subject, not merely as a matter of speculation, but for useful purposes.—The late Henry W. Herbert labored earnestly to convince the people of New Jersey and Pennsylvania that it was possible to introduce the salmon into the Raritan and Delaware. R. L. Pell is doing much toward disseminating a proper knowledge of the habits of fishes. E. C. Kellogg, of Hartford, Conn., is now in France studying the method of fish breeding carried on under the patronage of the Government. Mr. Kellogg has already attempted to do something in the way of increasing the number of fish, by planting trout in ponds and streams where they had not previously existed. He has a thousand trout in one small stream near his residence. In a short time the stock has increased immensely. It is impossible to imagine how great an increase can be insured in the wealth of our fresh water streams by this means. Fish can be cultivated to an extent that can scarcely be imagined at this time. The stomachs of millions yet unborn will bless the care and kindness which have induced the study of the proper means to compass so much good.

NEW LIVERY STABLE.—George Locher has opened a new livery stable in the rear of the Morgan House, at the corner of Second and Pine sts. He has good blooded stock, and his vehicles are all new. He will receive several more nags this week, when we will speak further on the subject.

WATER PIPES.—Arrangements are now being made to lay water pipes along Filbert street, commencing at State street and running out Pennsylvania avenue as far as the Round House, recently built by the Pennsylvania Railroad Company. The work of digging the ditch and laying the pipe has been awarded to Mr. Wm. Willis, and will be commenced immediately.

THE ROUND HOUSE.—The engine house erected by the Pennsylvania Railroad Company, as a depot for their locomotives, is nearly completed; all that is now required is the finishing touch of the painter. A number of engines have already been located in the building, and no doubt if they could express themselves, they would say they were highly delighted with the accommodations.

MEDICAL APPOINTMENT.—We clip the following from the Baltimore *Sun* of Tuesday:

Dr. Ferdinand J. S. Gorgas has been appointed to the chair of practice of dental surgery in the Baltimore Dental College, made vacant by the death of the late Prof. Chapin A. Harris. Prof. Gorgas has been connected with the institution for some time as one of its demonstrators, and his practice has fitted him for his advanced position.

Dr. G. is a resident of this city, and it affords us pleasure to chronicle this tribute to his professional ability.

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS. Depend upon it mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

I beg leave to call the attention of the citizens of the United States to the above WINES and LIQUORS, imported by UDOLPHO WOLFE, of New York, whose name is familiar in every part of this country for the purity of his celebrated SCHIEDAM SCHAPPS. Mr. WOLFE, in his letter to me, speaking of the purity of his WINES and LIQUORS, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the BRANDY and WINES which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. Read the following from the New York *Courier*:

ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit UDOLPHO WOLFE'S extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wines, &c., in casks, under Custom-House key, ready for bottling. Mr. WOLFE'S sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. WOLFE, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with WOLFE'S pure WINES and LIQUORS.

We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

SANFORD'S
LIVER INVIGORATOR,
NEVER DEBILITATES.

IT is compounded entirely from Gums, and has become an established fact, a Standard Medicine, known and approved by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

LIVER INVIGORATOR.

It has cured thousands within the last two years who had given up all hopes of relief, as the numerous unsolicited certificates in my possession show.

The dose must be adapted to the temperament of the individual taking it, and used in such quantities as to act gently on the bowels.

Let the dictates of your judgment guide you in the use of the LIVER INVIGORATOR, and it will cure Liver Complaints, Billi us Attacks, Dyspepsia, Chronic Diarrhoea, Summer Complaints, Dysentery, Dropsy, Sour Stomach, Habitual Costiveness, Cholic, Cholera, Cholera Morbus, Cholera Infantum, Flatulence, Jaundice, Female Weaknesses, and may be used successfully as an Ordinary Family Medicine. It will cure SICK HEADACHE, (as thousands can testify,) in twenty minutes, if two or three Teaspoonfuls are taken at commencement of attack.

All who use it are giving their testimony in its favor.

MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

Price One Dollar per Bottle.

CATHARTIC PILLS.

The Family Cathartic PILL is a gentle but active Cathartic, which the proprietor has used in his practice more than twenty years.

The constantly increasing demand from those who have long used the PILLS, and the satisfaction which all express in regard to their use, has induced me to place them within the reach of all.

The Profession well know that different Cathartics act on different portions of the bowels.

The FAMILY CATHARTIC PILL has, with due reference to this well established fact, been compounded from a variety of the purest Vegetable Extracts, which act alike on every part of the alimentary canal, and are good and safe in all cases where a Cathartic is needed, such as Derangements of the Stomach, Sleepiness, Pains in the Back and Loins, Costiveness, Pain and Soreness over the whole body, from sudden cold, which frequently, if neglected, end in a long course of Fever, Loss of Appetite, a Creeping Sensation of Cold over the body, Restlessness, HEADACHE, or WEIGHT IN THE HEAD, all INFLAMMATORY DISEASES, Worms in Children or Adults, Rheumatism, a great PURIFIER of the BLOOD and many diseases to which flesh is heir, too numerous to mention in this advertisement. Dose, 1 to 3.

Price Three Dimes.

The Liver Invigorator and Family Cathartic Pills are retailed by Druggists generally, and sold wholesale by the Trade in all the large towns.
