A CURE FOR CONSUMPTION.
SEVEN THOUSAND CASES
Of obstinate Pulmonary Complaints cured in ONE YEAR.
WISTAR'S BALSAM OF WILD CHERRY, the great American Remedy for complaints and affections of the Respiratory Organs.
We do not wish to traffic with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hopes to suffering humanity which facts will not warrant.
We ask the attention of the candid to the following considerations.
Nature in every part of her woras, has left indelible marks of adaptation and design.
The constitution of the animals and vegetables of the torrid, is such that they could not endure the cold of the frigid zone, and vice versa.
In regard to disease and its cure, the adaptation is more or less striking.
The Moss of Iceland, the Wild Cherry and Pines of all Northern latitudes, (and Dr. Wistar's Balsam is a compound and chemical extract from these,) have long been celebrated for complaints prevalent only in cold climates. Indeed the most distinguished medical men have averred that nature furnishes in every country medicines for its peculiar diseases.
Consumption in its confirmed and incipient stages, Coughs, Asthma, Croup, and Liver complaint, form by far the most fatal class of diseases known to our land. Yet even these may be cured, by means of the simple yet powerful remedies, named above, and which are scattered, by a beneficient Providence, wherever those maladies prevail.
WISTAR'S BALSAM OF WILD CHERRY!
Will miracles never cease? More evidence of its surpassing health Restorative Virtues!!

From Dr. Baker, Springfield, Washington co., Ky.
SPRINGFIELD, KY., May 14, 1845.
Messrs Sanford & Park—Gents—I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wistar's Balsam of Wild Cherry.
In the year of 1840 I was taken with an inflammation of the bowels which I labored under for 6 weeks when I gradually recovered. In the fall of 1841 I was attacked with a severe chill, which seated itself upon my lungs; and for the space of three years I was confined to my bed. Tried all kinds of medicines, and every kind of medical and without benefit, and thus I wearied along until the winter of 1844, until I heard of Wistar's Balsam of Wild Cherry.
My friends persuaded me to give it a trial, though I had given up all hopes of recovery and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry. The effect was truly astonishing. After five years of affliction, pain and suffering; and after having spent four or five hundred dollars to no purpose and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry.
I am now enjoying good health and such is my altered appearance that I am no longer known when I meet my former acquaintances.
I have gained rapidly in weight, and my flesh is firm and solid. I can now eat as much as any person, and my food seems to agree with me. I have eaten more during the last six months than I had eaten five years before.
Considering my case almost a miracle, I deem it necessary for the good of the afflicted, and a duty I owe to the proprietors and my fellow men (who should know where relief may be had) to make this statement public.
May the blessing of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Cherry. Yours, respectfully,
WM. H. BAKER.

☞ The following letter from Dr Ritchey, of Franklin, Ind., who stands high in his profession, and ranks among the first politicians of the state, shall speak for itself in commendation of the "Genuine Wistar's Balsam of Wild Cherry."

Franklin, Ind., April 14, 1845.
Messrs Sandford & Park—I have but a few bottles of Wistar's balsam of wild cherry remaining on hand of the last lot furnished me by you. I hereto fore wanted until I had sold out and had obtained the money for one lot before I ordered another. But such is the demand for the article that I do not wish to be without it, and am therefore led to anticipate a little. The money for the last shall be forthcoming by the time the lot is disposed of, which from the sales I have made lately, I think will be but a short time. The effects of the balsam are in many cases strikingly beneficial. ☞ It improves upon acquaintance more than any other Patent Medicine I have ever known. ☞ Almost all others fail upon trial, and not being able to bear the test of experience, soon sink into disuse. This, however, seems to be most highly valued by those who have tested its virtues, and experienced its healing efficacy in their own cases. Yours very respectfully. JAMES RITCHEY.

COUNTERFEITS.
☞ *Those who Counterfeit* a good medicine for the purpose of selling a few dollars to their pockets, are far worse than the manufacturers of spurious coin.
For while the later only robs us of our property, the former take property and life away.—Dr. WISTAR'S *Balsam of Wild Cherry* is admitted by thousands of disinterested witnesses, to have effected the most extraordinary cures in cases of a pulmonary and asthmatic character ever before recorded in the history of medicine.
The young, and beautiful, the good, all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country.
Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get *Wistar's Balsam of Wild Cherry*, and refuse with scorn counterfeits, and every other article proferred to them as a substitute, so long will *cures—positive cures*—cheer the fireside of a depairing family.
☞ The true and genuine "Wistar's Balsam of Wild Cherry" is sold at established agencies in all parts of the United States.
Sold in Cincinnati, on the corner of Fourth and Walnut street, by SANDFORD & PARK.
Gen'l Agents for the Western States.
Also, sold wholesale and retail, by L. Wilcox and B A Fahnestock, Pittsburgh, Pa. and by appointed agents in every important Borough in Western Pennsylvania. oct 14-1y.

Pittsb'gh, Aug. 18, 1845-aug28

Phœnix Safes and Vaults.
THE undersigned invite attention to the following certificate:
CERTIFICATE.
The undersigned having been requested by Messrs. Constable & Strickler, to be present and superintend a test, by fire, of one of their recently invented Phœnix Fire Proof safes, and deeming the subject one of very great public importance, have carefully scrutinized the progress of a test, to which one of said chests was subjected. The chest was supported at each corner, at an elevation of 10 to 12 inches from the ground and a fire of Bituminous coal and fire wa made over and around and kept actively burning 5½ consecutive hours. The fuel consumed was about 80 bushels of coal, and one cord of wood; the heat all the while being quite intense, and in the opinion of the undersigned much greater than a safe is likely to sustain in any ordinary house burning.
On the removal of the fire, at their request the chest was opened, and greatly to the astonishment of the undersigned and the large number of citizens present, a Blank Book with Sunday Bank notes within its folds; a piece of Dry pine Wood and the inner lining of the safe, which is of Wood, were found warm indeed, but not in the Slightest degree charred or injured, some manuscript on the Book as legible as before the test. The undersigned are unanimous in the conviction that a fire proof chest is practicable; and that the ingenious and enterprising manufacturers, whose efforts for some months past in producing this desideratum, have proved so entirely successful, deserve the public confidence and patronage.
JOHN ANDERSON,
L. R. LIVINGSTON
JOSIAH KING,
WARRICK MARTIN,
EDWARD HEAZELTON,
JAMES PARK, Jr.

In the character of the above named gentlemen, the public have a guarantee against deception, in the test which was made of our Phœnix Safes, and we therefore feel the utmost confidence in recommending them as a reliable protection against fire, under any ordinary circumstance. We would assure those interested, that there is no wood about these Safes, but what is necessarily connected with the shelves and drawers.
We make Vault Doors in the same manner and upon the same plan. One of these can be seen at Reese C. Townsend & Co's new building.
For the workmanship of our Vaults, they can be seen at the following places: Lyon, Shorb & Co., Church & Carothers, Wm Larimer, King & Holmes, J. D. Davis, P. M'Cormick, and W. Martin.
☞ Manufactory on 2d street, between Wood and Smithfield.
CONSTABLE & STRICKLER.
Pittsburgh, October 15, 1845-3m

Mails to Galveston.
PROPOSALS to carry the mails of the United States, from the 1st of March, 1846, to the 28th of February, 1850, with right to the department to extend to the 30th of June, 1850, from *New Orleans, in Louisiana, to Galveston, in Texas*, 450 miles, and back, will be received at the Contract Office of the Post Office Department, until the 25th day of January, 1846, to be decided by the 31st day of said January.
Leave New Orleans every Saturday at 10 a. m., arrive at Galveston every Monday by 10 a. m.
Leave Galveston every Tuesday at 10 a. m., arrive at New Orleans every Thursday by 10 a. m.
The proposals should specify the mode of conveyance, whether by steam-ship or sailing packet, and set forth the size, rate, and description of the vessel, with such particulars to enable the decision to be made, on the advice of the proper officers of the naval service, whether the same is or is not convertible into a ship-of-war. And special notice is hereby given, that, agreeably to the provisions of an act of Congress, approved March 3d, 1845, those proposals (being acceptable in other respects) will be preferred which shall propose to carry the mail in a steam ship or ships, and shall stipulate to deliver said ship or ships to the United States, at a their proper officer, on demand made, for the purpose of being converted into a war vessel or vessels of war; the United States being bound on their part to pay the fair full value thereof at the time of delivery, to be ascertained by four appraisers—appointed, two by the President of the United States, and two by the owner or owners, with an umpire in case of disagreement, to be appointed by the President of the United States.
The bidder may propose a different schedule of days and hours than the one above specified. He may ask for an annual sum of compensation, or in lieu thereof, a certain proportion of the postages accruing on the mail matter conveyed over the route, and he may offer to carry the mail more frequently than once a week.
Articles of contract are to be executed by the accepted bidder and his sureties, by or before the 1st day of March next. The contract is to provide among other things, that the pay of the trip is to be forfeited when the trip is not performed, and a due proportion when a grade of service is rendered inferior to that specified in the contract; and that fines may be imposed, unless the delinquency be satisfactorily explained in due time, for failing to take from or to deliver into the post office at the point of landing, the mail belonging thereto, or any part of it, and mail, for suffering the mail, or any part of it, to be wet, injured, lost, or destroyed; for conveying it in a place or manner that exposes it to depredation, loss or injury, for refusing, after demand made, to convey a mail by any additional steamship or vessel run by the contractor on the route, over and above the specified number of trips in the contract, and for not arriving at the time set; also for transmitting intelligence, or furnishing the means of transmitting intelligence in advance of the mail.—The Postmaster General may annul the contract for repeated failures; for violating the post office laws; for disobeying the instructions of the department; for refusing to discharge a carrier when required by the department; for assigning the contract without the consent of the Postmaster General; or for setting up or running an express as aforesaid.
The Postmaster General may alter the contract, and alter the schedule, he allowing a *pro rata* increase of compensation, within the resources imposed by law, for the additional service required, or for the increased speed, if the employment of additional stock or carriers is rendered necessary; but the contractor may, in such case, relinquish the contract, on timely notice, if he prefers it to the change. The Postmaster General may also discontinue or curtail the service, he allowing one month's extra pay on the amount dispensed with; and the contract may at any time be terminated by joint resolution of the two houses of Congress."
The route, the service, the yearly pay, the bidder's name and residence, and the name of each member of the firm where a company offers, should be distinctly stated in the proposals.
The following is the form of the guarantee, which should be filled the first blank with the name of the guarantor; the second with that of the bidder; and the third and fourth with the beginning and terminating points of the route; and, after being dated, should be signed by the guarantor, who must be shown, by the written certificate of a postmaster, or other equally satisfactory testimonial, to be a man of property, and able to make good his guarantee. This guarantee, so certified, should accompany each bid:
"The undersigned ——, guarantees that ——, if his bid for carrying the mail from —— to —— be accepted by the Postmaster General, —— shall enter into an obligation prior to the 1st day of March next, with good and sufficient securities, to perform the service proposed.
"Dated ——."
The bid should be sent under seal to the First Assistant Postmaster General, and the words "Mail proposals—Galveston mail," written on the face of the letter, and should be despatched in time to be received by or before the 25th day of January next, which will be the last day for receiving proposals under this advertisement.
C. JOHNON.
Postmaster General.
POST OFFICE DEPARTMENT.
oct 20 Washington, October 11, 1845-law12t.
P. S. If the bidder shall not consider himself able or prepared to commence service as early as the 1st of March next, he will specify in his proposals, the day on which he will put the service in operation.
C. J.
